JOHN HASSALL

The Life and Art of the Poster King

Our Highest Recommendation. By Lucinda Gosling. Foreword by film director Mike Leigh. A biography of British commercial illustrator **John Hassall** (1868-1948), "The Poster King," who was also a prolific book illustrator and cover designer, with one hundred color illustrations. In the early twentieth century, he was one of Britain's best-known, highest-profile artists, as well known as Cheret, Mucha and Toulouse Letrec were in France for *their* poster art! Though he worked across a variety of disciplines, it was his commercial art for travel companies, political causes, and well-known brands that made him a household name. With bold lines, flat colors, and an engaging, cheery style, Hassall created some of the most famous and influential designs of the era. Unicorn, 2021.

News & Notes

I hope you are having a good summer. On one level it's been a bit grim here in Northern California. First we had a heat wave, now we have another nasty fire season. My house was on the very edge of the evacuation zone for the River Fire. It made the national news and was just a few miles from here. It burned along a river that we kayak on and know very well. The town of Colfax was evacuated, which is where we turn off Highway 80 to come to our house, not many miles as the crow flies. We were out of town (see below) so it was all beyond our control!

But they got the fire under control very quickly, using 737 air tankers and the air attack base which is at our local airport just up the street from our warehouse (which was never threatened). So we have much to be thankful for, in the end.

And on the other level, we've been dealing with two collections of older books that belonged to two very good friends of ours, both of whom sadly passed away. We're buried in outstanding out-of-print books, as we sort things out and try to start getting them priced and online, for Rare Books here and for shows, when they start up again.

Both of my friends were long time customers, so they had a great number of the best books that we've handled over the last 40 years or so. Signed limited editions, unusual French imports, every book about comics imaginable. My one friend, Richard Dix from Portland, also had a wonderful collection of vintage illustrated books...very much like I collect myself. So I found things for myself, I upgraded other book to earlier editions or copies with jackets, and yet there's so much left. Anne had dozens of boxes of children's picture books to deal with, including a huge number of signed books. Richard had met many of the illustrators.

ALPENGLUHN

New revised and enlarged softcover edition. Recommended.

The term alpenglow refers to the purple light that can often be seen on the tops of mountains, a spectacularly beautiful natural phenomenon. But in this magnificent volume of photographs, it's not only the Alps that are glowing in warm translucent light, but the girls too. These strikingly pretty creatures have climbed up steep hills and hiked through meadows only

to cast off their dirndls with enthusiastic aplomb. **Stefan Soell** knows exactly how to turn such fantasies into reality.

MODERN URBAN GIRLS

New revised and enlarged edition, now in softcover. Recommended.

"No more romance," said the renowned erotic photographer **Stefan Soell**, after enjoying great success with his two lavish photographic volumes entitled "Alpengluhn" and "Volcanic Girls." A completely new, modern style of portraying the nude was required. He searched for the right type of woman. Oozing beauty, of course, fantastically built, with a confident, cheeky appearance, and unashamedly flaunting their sex appeal. Soell has discovered over 33 mostly new, never-seen-before faces, and managed to fit all their glorious nudity into the unprecedented environment of finest, ultra-modern, minimalist architecture. News & Notes continued from pg 2

My other buddy, Steve Adamovich who was also Cobblestone Books in Sacramento, he was very good a finding fun books on early cartooning and comic strip artists. He also got lots of things signed at San Diego Comic-Con. He exhibited there just one row over from our location. We used to compare notes on our latest acquisitions during the show.

It's amazing how much we all (and that is probably including you, reading this)...how much we all have in common. It's almost scary. Signed sketchbooks, monographs on great illustrators, graphic novels by Eisner, Kubert, and others, EC Comics, Golden Age and Silver Age Marvel, DC and Charlton, Little Nemo, Terry and the Pirates. So many basic comics icons that we all have grown up with.

Our hobby has such a rich history. No matter how deeply we each explore it, there always seems to be things we've missed or couldn't afford or just have never seen before.

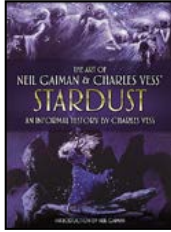

Yet there's always new things I haven't seen before, and that is the treasure hunt aspect of collecting that I do love

~Bud.

OUT OF THE BLUE The Complete Series

Highly Recommended. By Garth Ennis. Art by Keith Burns. Both volumes of the WWII aerial combat classic now in one complete deluxe size hardcover edition, and roughly \$10 less. As I said with the individual books, this is not only exciting reading, and good history made real, but it's very, very accurately drawn. A war is a difficult thing to kill. WWII is almost over, but no one seems to have told the Germans, as Royal Air Force pilot Jamie McKenzie finds out when he's assigned flying Mosquito fighter-bombers into deadly shipping strikes along the enemy coast. Boix finds himself the confidant of an SS officer who documents prisoner deaths. Dead Reckoning, 2020.

Highly Recommended. Edited by Ed Hulse. Introduction by Richard A. Lupoff. From 1940 to 1970, paperbacks eclipsed cheap pulp magazines and expensive cloth bound books as the most popular delivery vehicle for escapist fiction. And it was all about the cover art. To catch the eyes of potential buyers they were adorned with covers that were invariably vibrant, frequently garish, and often lurid. Hulse writes chapter introductions and the captions, while a team of genre specialists and art aficionados contribute the special features included in each chapter—the focus on important authors, artists, publishers, and sub-genres. Illustrated with more than 500 memorable covers and original cover paintings. IDW, 2021. **Due: Sep.**
