Top Green County Herds Recognized for Quality Milk in 2015

The herds listed below had the lowest Somatic Cell Linear Scores for Green County herds on DHI testing in 2015. These herds will be recognized at the Green County DHI Annual Membership Luncheon on March 2nd. The top herd in each group will receive an aluminum sign to put up at their dairy and all of the herds will receive certificates, compliments of the Green County Milk Quality Council. Herds must have a minimum of 40 cows and tested a minimum of 10 times during the past year to qualify for these awards. Somatic Cell Count data from split herds is combined to determined final placings. Congratulations to all the winners!
