

*Feel beautiful,
Be Natural*

Our cosmetics are made of true natural minerals, natural organic, certified organic and vegan ingredients

Nancy Bizzintino

Natural Mineral Cosmetics
& Natural Skincare

Welcome

Nancy Bizzantino Natural Mineral Cosmetics and Skincare was founded in Western Australia by Nancy Bizzantino in 2008.

A trained Beauty Therapist and Make-up Artist, Nancy has spent 25 years in the cosmetic industry and is still a highly sought after freelance make-up artist, during which time she collated ideas from customers, models and stylists about the types of beauty products they wished for.

Many of Nancy's customers have been more concerned about what they put on their skin and how this affects their health, which gave Nancy the inspiration to steer away from conventional cosmetics and to find a way to create a cosmetics and skincare range that contains all natural, organic, certified organic and vegan ingredients, whilst still offering an exciting colour range to be able to create great fashion looks.

"My goal is to make a difference by educating women about the benefits of using natural, safe cosmetics and skincare and helping women to make the most of their natural beauty"

Nancy Bizzantino

Why our customers love Nancy Bizzantino Natural Cosmetics and Skincare

- 100% natural, free of synthetic chemicals, parabens, bismuth oxychloride, sodium lauryl sulfate, fillers, talc and other harmful chemicals or ingredients which means they are safe to use and are actually good for your health.
- Our products are made of 100% true natural minerals, natural, organic, certified organic and vegan ingredients or a mixture of these.
- Safe to use on even the most sensitive skin types or post facial surgical procedures.
- Mineral cosmetics are anti-inflammatory, do not clog pores, have natural SPF properties and are water resistant.
- A high salon grade quality mineral range which is processed several times to produce a silk-like powder which is weightless and light on the skin making it feel like you're not wearing any make-up.
- Long wearing and long lasting. And even though the makeup stays where you put it (all day, no less), it allows the skin to breathe.
- An extensive and exciting range of colours that lend themselves to natural looks or high fashion glamour.
- Great value for money – our products are competitively priced and long lasting.
- We are environmentally responsible with our products containing minimal packaging and made of recyclable materials.
- No product is tested on animals.
- Proudly Australian made and owned.
