Insist on Genuine Husqvarna parts and accessories.

No detail is too small.

Whisper Line – Titanium Force

This "Cutting edge" technology, features a patented dimpled surface commercial grade co-polymer trimmer-line that reduces wind resistance, runs quieter and last longer. Level flight characteristics and faster acceleration even reduce fuel consumption. The "split" spool design keeps the line from tangling and welding.

Tap n' Go

Our exclusively developed T35 Trimmer Head is lightweight and assists in reducing power consumption. It is easy to load and holds up to 28' of trimmerline.

Husqvarna Trio Balance Brushcutter / Trimmer Harness

The Trio-Balance allows you to trim and cut comfortably by providing optimal weight distribution between the shoulder, hips, chest and back. Quick equipment release function.

\$249.99
MSRP \$299.99

X-TORQ®

Environment.

Fuel-efficient engines provide significantly lower emissions. With our X-Torq® engine technology, fuel consumption is reduced by up to 20 % and emissions by up to 60 % while increasing power.

Air Injection™

Performance.

Air Injection™ removes up to 97% of dust and debris particles before reaching the air filter. This improves performance, reduces maintenance intervals and extends engine life.

LOWVIB™

Ergonomics.

The LOW VIB anti vibration system is combined with an angled front handle, a slim saw body design, low weight and high center of gravity that minimizes fatigue and ensures an unsurpassed operator experience.

SMART START™

Efficiency.

Over the years our engines have become easier to start. An integrated one-touch choke/stop control and air purge pump enable our machines to start quickly with minimum effort.

Industry leading technology and innovation.

Husqvarna®

Husqvarna 445

A little more power for those tougher jobs
