

FIRST-CLASS RESULTS

QUICK & CONVENIENT

HUSQVARNA LAWN MOWERS

ALL-WHEEL DRIVE MOWERS

Tackle tough terrain with all-wheel drive.

Husqvarna all wheel-drive (AWD) mowers provide users with balance and power to all four wheels on hills, uneven terrain and other tough mowing conditions. Featuring 22" heavy-duty steel decks, powerful engines and a 3-in-1 cutting system so you can bag, mulch and side discharge grass clippings. Revolutionary cutting height adjustment, a water hose connector for easy cleaning of the deck and comfort grip control bail are just some of the reasons why Husqvarna AWD mowers take lawn care to a whole new level.

- Powerful Engines
- Revolutionary Height Adjusters
- Large Dust Blocking Bag
- Aggressive Tread Wheels
- Convenient Folding Handle
- 3 Year Limited Warranty

**THREE YEAR
LIMITED
WARRANTY**
on all Husqvarna walk mowers

HU775AWD

HUSQVARNA ALL-WHEEL DRIVE MOWERS ARE ENGINEERED TO OUTPERFORM AND THIS IS WHERE WE START.

PREMIUM HONDA ENGINES

Honda GCV engines deliver superior results for domestic and commercial applications. They feature excellent fuel efficiency, high power output, quiet performance and set the standard for reliable, hard-working engines.

EXCLUSIVE ENDURANCE SERIES ENGINES

Husqvarna's 725exi and 775ex Endurance Series engines provide more durability and lower emissions. These engines give you the power needed for high-performance mowing and feature ReadyStart®. No priming. No choking. Just pull for power.

725exi and 775ex Features:

- Radial Seal Air Cleaner
- Platinum Spark Plug
- Fuel Filter
- ReadyStart® featuring "Starting Promise"
- No oil changes required*
- Extra wide opening for fuel fill*

725exi
MID TO HEAVY-DUTY
APPLICATIONS

775ex
HEAVY-DUTY
APPLICATIONS

INNOVATIVE ALL-WHEEL DRIVE

Increases and secures handling on uneven, difficult terrain, making tough jobs easier with sure-footed All-Wheel Drive.

BLADE BRAKE CLUTCH

Makes it possible to stop the cutting blade while the engine is still running. A very convenient feature when emptying the collector or crossing a gravel path.

CONVENIENT 3-IN-1 CUTTING SYSTEM

Choose the cutting mode that best fits you and your lawn needs. Collection for a tidy lawn, mulching for lawn fertilization or discharge for less frequently cut areas.

WATER HOSE CONNECTION

Facilitates cleaning of the cutting deck. Attach the hose, turn on the water and start the engine and you will get a cleaner deck. For optimum results, clean the mower directly after use.

*exi model only. All features mentioned are not applicable for all models.

HUSQVARNA AWD MOWERS TAKE LAWN CARE TO A WHOLE NEW LEVEL

CHOOSE FROM SEVEN AWD MOWERS FOR 2015

HU625AWD

LAWN MOWERS

Enjoy impressive results with Air Flow cutting technology.

Whether you want a push mower or self propelled, Husqvarna has a wide range of options to choose from. What they all have in common is a durable design and advanced air flow cutting technology that helps fill the collector bag to the optimum level, for a cleaner result. They're also equipped with a heavy-duty steel deck, powerful engine and blade stop, which allows you to empty the bag while the engine is running. Ideal for homeowners and professionals, there's a Husqvarna mower that suits you and your property perfectly.

5521P

- Powerful Engines
- Rear or Side Discharge
- Air Flow Cutting Technology
- 3-in-1 Cutting System

**THREE YEAR
LIMITED
WARRANTY**

on all Husqvarna walk mowers

HU700F

**PRECISION-CUTTING
MADE SIMPLE**

A single-point height adjuster changes the cut height for all four wheels with one handle.

**SUPERIOR
MANEUVERABILITY**

High rear wheels provide better maneuverability on hilly or rough terrain (select models only).

7021P

NOVACUT
64

**Simple, effective
& environmentally
friendly**

- Sturdy, durable wheels are easy to roll.
- Extra-hardened reel blade and bedknife for excellent cutting performance and maximum durability.
- Maneuverability allows you to unlock the rear wheels for full-steering to create unique, curved bed shapes, or lock the rear wheels to ensure a straight edge every time.

Variable Drive Speed Control

Convenient Folding Handle

Easy-Starting Honda GCV engine

Extra-Large Collection Bag

Ball-Bearing Wheels

Single-Point Cutting Height Adjustment

*All engine values are rated by the manufacturer. The power rating of the engines indicated is the average net power output (at specified RPM) of a typical production engine for the engine model measured to SAE standard J1349/ISO1585. Mass production engines may differ from this value. Actual power output for the engine installed in the final machine will depend on the operating speed, environmental conditions and other variables.
