None of our menu items contain MSG.

BJ's uses a diverse and wide variety of menu items that contain one or more of the eight major food allergens: eggs, fish, milk, peanuts, crustacean shellfish, soybeans, tree nuts and wheat. BJ's menu items may also contain gluten. BJ's utilizes a variety of food manufacturers and suppliers who provide information to BJ's as to the use of food allergens in their products. Ingredients and preparation methods implemented by BJ's suppliers may change without notice.

While BJ's emphasizes food safety, we cannot guarantee that a menu item will be completely allergen free. Our kitchen operations are dynamic and involve shared preparation areas, utensils and cooking equipment, including common fryer oil and cooking surfaces, and menu items, including items from our Allergen Menu, may come into contact with food allergens.

Please notify your server if you have a food allergy or sensitivity.
