## LOCUSTS

**ALL PLANTS  
REDUCED TO 2**

*Locust swarms can eat millions of pounds of plant mass every day. Will anyone think of the gnus?*

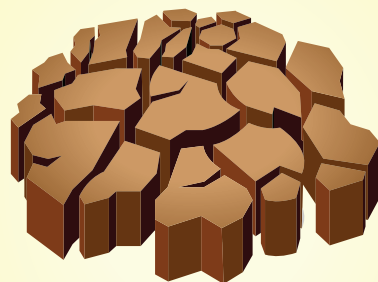

## VIRUS

**ALL RUMINANTS  
REDUCED BY 4**

*Germs spread quickly among herding animals. That's what they get for being conformists.*

## DROUGHT

**EVERY SPECIES  
DECREASED BY 5**

*In tropical savannas, there are two seasons: wet and dry. When the wet season is disrupted, all life suffers.*

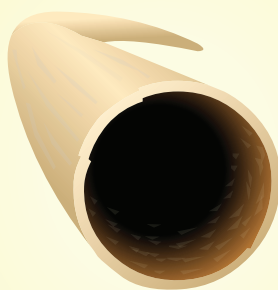

## FIRE

**GRASSES AND BUSHES  
REDUCED TO 1**

*In the long run, wildfires return nutrients to the soil, rejuvenating the savanna. In the short run, they kill everything.*

## HORN POACHERS

**ELEPHANT & RHINO  
REDUCED BY 4**

*Poachers hunt elephants and rhinos for their tusks and horns. Say no to ivory, and yes to beige plastic!*

## FUR TRAPPERS

**LION, LEOPARD,  
& CHEETAH  
REDUCED BY 4**

*Poachers target big cats for their distinctive skins. Let's face it, humans are weird.*

## FEATHER TRADERS

**EAGLE AND  
GRASS OWL  
REDUCED BY 4**

*Go ahead and poach those eagle and grass owl feathers. After all, the birds just need them TO FLY.*

## NATURE PRESERVE

**ELEPHANT & RHINO  
INCREASED BY 2**

*The good news: we're giving you a protected habitat. The bad news: we're tagging your ear.*

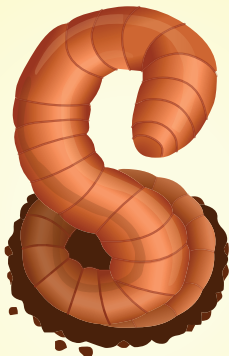

## FUNGI

**ALL PLANTS  
INCREASED BY 2**

*Fungi help plants absorb nutrients from the soil.*

## EARTHWORMS

**ALL PLANTS  
INCREASED BY 3**

*Earthworm tunnels help air get into the soil. So if a plant ever calls you a "little worm," just take the compliment.*

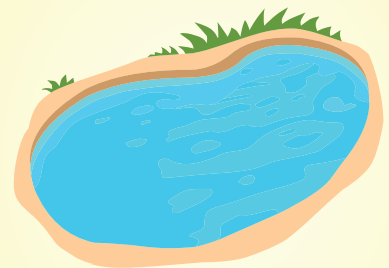

## RAIN

**ALL PLANTS  
INCREASED BY 2**

*On the savanna, rain is usually confined to the rainy season. So on behalf of the trees, thank you.*

## WATERING HOLE

**ALL VERTEBRATES  
INCREASED BY 2**

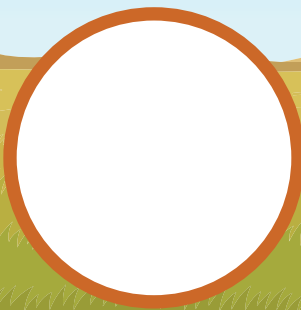

*"The plains were dry, the sun hot. We thought all was lost. But then... salvation." - Gnu*

# LEATHER TRADERS

## CROCODILE & PYTHON REDUCED BY 4

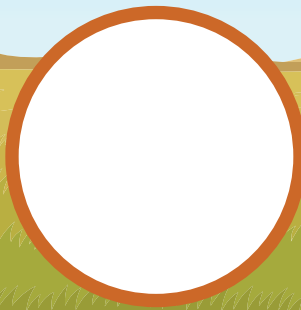

*Reptile skin garments: prized by  
fashion victims the world over.*
