Complete Nutrition & Antioxidant Powerhouse

This Kyäni Sunrise pack comes in 1 - 30 oz. bottle. OR This Kyäni Sunrise pack comes in 30 - 1 ounce pouches.

If we could feed our bodies the most remarkable, natural foods from around the globe to ensure our highest level of nutrition, we would choose the Wild Alaskan Blueberry (The King of Fruits) and the sixteen additional Superfoods found in Kyäni Sunrise. With 5 times more antioxidants than cultivated blueberries, research has confirmed that blueberry consumption boosts serum antioxidant levels to protect against damage to cells and may reduce the risk of many chronic degenerative diseases.

Superfoods including Pomegranate, Red Raspberry, Amla Berry, Panax Gingseng and many others provide Kyäni Sunrise with an amazing spectrum of rich-colored, vitalizing nutrients that provide incomparable health benefits.

Taken in the morning to provide maximum bioavailability, Kyäni Sunrise will help you

All-Natural Lipid Nutrition

Comes with one bottle containing 90 soft gels.

Researchers have long known that one of the secrets to healthy skin and hair is Vitamin E and Omega-3s. Kyäni Sunset is a proprietary combination of tocotrienols (the most potent form of Vitamin E), Omega-3s derived from Wild Alaskan Salmon (the purest source in the world), Beta Carotene (a natural source of Vitamin A), and the essential Vitamin D. These amazing elements offer unparalleled nutritional support to the body's vital systems including cell health, the cardiovascular system, and the immune system.

Comprised of only lipid-soluble nutrients, Sunset is intended for evening use to maximize bioavailability and absorption.

The Molecule of Life

This Kyäni Nitro FX comes in a 56 ml bottle.

Kyäni Nitro FX contains potent nitrates which the body uses to make Nitric Oxide. Proven to be the most important signaling molecule in the body, it affects a wide range of physiological functions including circulation, inflammation, learning, digestion and oxygen release in your tissues from red blood cells.

With today's fast paced lifestyles, poor diets and lack of exercise, the need for supplementation to support Nitric Oxide production is even more critical.
