PICK OF THE HERD

When Jim and I began discussing what female he wished to consign this year to the Royal Collection a lot of options were weighed, but we couldn't choose just one! So Northwest Missouri State University has again opened their doors, without restriction, to the entire 100+ head cowherd. NWMSU's guiding philosophy is that cattle need to be functional, low maintenance, performance directed, and they need to be eye appealing. With those principles in mind, they have built this set of females that are among the best in the nation!

Currently the herd is sitting with 62% of the females in the top 25% for TSI and BW, 54% for Marb, 44% for YW, and 43% for WW. No matter what you are in search of, a foundation donor, bred heifer, or fancy open heifer, this distinguished cowherd has what you are looking for.

On a stage like the Royal Collection everyone always wants to offer their very best and that is what Satterfield, Reinhart, and Bowen have done here! She ranks in the top 20% for WW, YW, Milk, 15% for MTL, TSI, and top 3% for Marb for a total of 12 traits in the top 30% of the breed! There is consistency to be found here, too, evidenced by her dam's first calf, RCR New Man in Town 8213, currently standing stud for Select Sires. Jeff, Angela, and the girls always bring a good one and Jyn & Tonic 106 is no different. A daughter of the \$105,000 LT Patriot and the JAB Gin 712 who was campaigned very successfully by the Bunker Family.
