

Fulfill Your ILNA Renewal Requirements *With ONS Programming*

ONS Provides What You Need for CNE and Certification Renewal

Beginning in 2016, you will use the Individual Learning Needs Assessment (ILNA) method to renew your oncology certification credentials.

Start mapping out your learning plan now to ensure you've fulfilled all of your requirements.

www.ons.org/education/course-articles

Got Your ILNA Learning Plan?

Let's Fulfill Your Needs.

Find the categories that you need and match them up with the recommended ONS online course that offers ILNA points in those categories. It's as easy as that.

Here's How ILNA Works

If you passed a certification test in 2012 or later, your test score report identifies the points you'll need for renewal, and if those points need to be in specific subject areas.

If you've renewed your certification by ONC-PRO since January 1, 2012, you'll need to take your Individual Learning Needs Assessment. Your assessment results will identify how many points you'll need for your next renewal, and if those points need to be in specific subject areas.

Detailed information about ILNA can be found by visiting www.oncc.org.

Find the Latest CNE Programs to Meet Your ILNA Needs

Take your search online to find CNE amounts and full ILNA category breakdowns for each ONS offering. Visit www.ons.org/education/courses-articles and search by ILNA category. ILNA categories are also listed on all ONS completion certificates to make tracking easier.

The screenshot shows the ONS website interface. At the top, there's a navigation bar with 'About ONS', 'Newroom', 'ONS Store', 'Contact Us', and 'Join / Renew'. Below that is a search bar and a 'Log In | Cart (0)' link. The main content area is titled 'Browse Courses and Articles' and includes a search bar with a 'SEARCH' button and a 'RESET' button. A dropdown menu is open, showing a list of ILNA categories. A red arrow points to the 'Search by ILNA Category' dropdown menu.

ONS is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

ONS is approved as a provider of continuing education by the California Board of Registered Nursing, Provider #2850.

Accreditation as an American Nurses Credentialing Center's Commission refers only to its continuing nursing education activities and does not imply ANCC Commission on Accreditation endorsement of any commercial products.

The contact hours earned from this educational opportunity may qualify for initial oncology nursing certification and renewal via ONC-PRO and ILNA. Visit www.oncc.org for complete details on oncology nursing certification.
