Bulloch County To Get 35,071 Acres Of Cotton In 1939

Bulloch county's cotton acreage allotment for 1939 is 35,071 acres, it was officially announced in Athens by Homer S. Durden, state administrative officer of the Agricultural Adjustment Administration.

Other allotments of local interest include: Montgomery with 12,872 acres, Treutlen with 12,454 acres, Tattnall with 10,136 acres and Emanuel with 40,231.

These allotments represent the county's share of the 2,124,242 cotton acres allotted to Georgia for 1939 under the federal farm program.

The largest county allotment went to Burke, which received 60,304 acres. The smallest allotment, 11 acres, went to McIntosh, a coastal county that grows very little short staple cotton.

Under the new law changes the method of expressing formulas of fertilizers in order to conform to laws of other southern states.

"The most important phase of the amendment," Mr. Dyer said, "changed the method of expressing nitrogen as an ammonia basis to a nitrogen basis. About four-fifths of ammonia is actual nitrogen. The nitrogen, according to the new law, now must be expressed in whole numbers."

Rites For W. W. DeLoach Last Thursday

Wiley W. DeLoach, aged 69, tax collector of Bulloch county for the last five years, died at his home last Wednesday afternoon following a stroke which he suffered the Sunday before.

Mr. DeLoach was one of the county's most beloved citizens. He was born and reared in this county. He has been in public life for the past five years in the office of the tax collector.

Funeral services were held at 3:30 o'clock Thursday afternoon at the Baptist church and were conducted by the pastor, Dr. C. M. Conner. Interment was in East Side cemetery.

"When you export your soil fertility you are exporting part of your farm's capital. Can you afford to send your soil and labor abroad for practically nothing? Can you afford to plow up your hillsides and sell your labor for cents an hour when the ultimate end is destruction?"—Secretary of Agriculture Wallace.

Forty years ago there was no federal meat inspection.

no allotment is to be less than 50 per cent of the 1937 planted and diverted cotton acreage on the farm, unless an increase to 50 per cent might cause the allotment to exceed 40 per cent of the farm's tilled land.

A small reserve acreage is available in each State for allotment to farms producing cotton in 1939 but which did not produce any cotton in 1938.

For farms on which the highest planted and diverted cotton acreage during the past 3 years is 5 acres or less, the farm's allotment is the highest cotton acreage planted and diverted during the 3 year period.

For farms on which the highest cotton acreage planted and diverted during the previous 3 years is more than 5 acres, the farm's allotment is based on a fixed percentage of the farm's cropland excluding the acres normally devoted to the commercial production of sugar cane for sugar, wheat, tobacco and rice. This fixed percentage will be the same for all farms within a county or administrative area.

Both small and large families are finding lockers in community cold storage plants satisfactory for daily use in preserving out of season meat and vegetables.

S.G.T.C. Blue Tide Seeking Revenge Against Erskine Here Thursday In Thanksgiving Tilt

TWO TEAMS ARE EVENLY MATCHED TO GIVE OUTSTANDING GAME FOR FANS; TEACHERS ARE IN GOOD CONDITION

The Flying Fleet from Erskine College, Due West, S. C. will be the foe of the South Georgia Teachers College Blue Devils in the annual home-coming game here Thursday afternoon at 3 o'clock on the new athletic field.

Information from Due West indicates that the fans will be treated to one of the best games of the season. The two teams are evenly matched as any two teams could be.

For the first time this season all of the Teachers will be in good condition. The team has been hampered all the year by injuries and sickness. The Devils have shown more spirit in scrimmages all last week and are anxious to win this game in order to make a more favorable balance in the win column. The element of revenge will also enter the picture. The Seedeers soundly trounced the Blue Tide last year at the beginning of the season. The Teachers will be out to change that picture.

The Tide has a better record than the Erskine gridders, winning three and losing three against teams in their class. The Flying Fleet has won only one game all season. The Seedeers have somewhat light but fast team whose chief weapon is a passing attack with a combination of Burris to Edwards.

The Teachers will depend upon the usual inspired game of every man on the team.

A written lease, covering the usual rental agreements for the protection of both tenant and landlord, must now be signed by tenants securing aid from the Farm Security Administration.

Statesboro Blue Devils Defeat Millen Raiders In Mud Battle 14 - 6

Playing heads up football throughout the entire mudfest with the Millen Raiders last Friday night, Coach B. A. "Snag" Johnson's Blue Devils defeated them 14-6 to advance within one game to the First District championship crown.

The Blue Devils put the ball game on the ice in the third quarter when the Millen safety man fumbled a Blue Devil punt right on the goal line and Purvis covered it on the Millen five yard line. Smith made four yards on the first play and carried it over on the next try. Tillman went around right end for the extra point.

At the end of the third quarter the Blue Devils blocked a Millen punt and recovered the ball on the Millen one yard strip and in two plays, with Groover carrying the ball on the first and Smith carrying it on the second, failed to gain anything. On the third down Nathan Jones was pulled out of the guard position to try a field goal which fell short and was incomplete.

Millen's score came in the second half as a result of a pass ruled complete because of interference by a Blue Devil secondary man. The ruling put the ball on Statesboro's two yard line and in two plays the Red Raiders scored.

Millen tried several long passes late in the game in a desperate attempt to overcome the Blue Devils lead but were unable to do so and the final score was Statesboro 14, Millen 6. Approximately 1500 fans braved the rain to watch the game.

Bridge Celebration

(Continued from Front Page)

Senator George followed Senator Byrnes. He praised those who had dreamed the bridge and brought to a realization that dream. He pointed out that the route would drop on down through one of the richest sections in the country to the county bordering on the state of Florida.

He said that the South must face and solve two problems, the railroad freight rates and reasonable interest rates for financial business and industry.

He declared that the discriminatory freight rates against the South could not be adjusted by individual bills, but through the Interstate Commerce Commission. He pointed out that he had asked the Administration to appoint a man from the South to the Commission. But none was placed on it.

Real progress starts at home Senator George continued, "and we must tackle the problem by building health and educating and training our youth both morally and spiritually." "In that way we could do more than in 'radicalizing from our boundaries those that have no sympathy with the concepts of our government and those principals that have built America.'"

"Our country is nothing like a grown nation and although it is a broad land, it is not nearly wide enough for a yellow or a red flag, Communism or any other 'ism' other than Americanism."

In referring to the recent primary in Georgia he stated that he held no bitterness toward anyone. "It was a real campaign and we all know that there had been a primary in Georgia," he added.

Mr. Nix praised the people of South Carolina and Georgia for the fine cooperation they had displayed in the building of the bridge. He emphasized the part education plays in making a real government, suggesting that parents take time off each day and instruct their children in what goes on in government. He advocated a course in government in schools, not a course in dates and historical events but "an intensive study of the principles of government upon which the United States was built."

Georgia and South Carolina State officials cooperated in handling the crowds which drove from the four extremes of the two states to witness the dedication. A large field was cleared for a parking ground. Five airplanes circled overhead during the exercises and an ox-cart drawn by a huge ox was being ambled down the old Burton's Ferry road.

Sect. Wallace

(Continued from Front Page)

"Stick with the national farm program," he said. "It took twelve years for the farmers of the south and the farmers of the west to join forces and get a program that would work. You didn't get the program without effort. You had to fight to get it. You will have to fight to keep it!"

LIVESTOCK MARKET CONTINUES GOOD AT THIS WEEK'S SALES

The Bulloch Stock Yards report another good run of hogs and cattle at the sale yesterday, according to O. L. McLemore. Mr. McLemore advises the farmers to bring their stock to the sales early so that they may return home before dark. Sales start at 1 o'clock.

Top hogs brought 6.35 to 6.50 with most of the number 1's selling for 6.40 to 6.50; Heavy hogs brought 6.25 to 6.45; No. 2's 5.90 to 6.10; No. 3's 5.60 to 5.85; No. 4's 5.75 to 6.50; Barbecue pigs, 5.75 to 6.50; extra good small feeder pigs 7.00 to 8.00, with a good demand for sows and pigs.

The cattle market was stronger and the demand was stronger this week with best selling for 6.00 to 6.40 Fat bulls brought 4.00 to 5.50; fat cows 3.75 to 4.75, according to the quality; canners 3.00 to 3.50.

Potolmen cooperated in handling the crowds which drove from the four extremes of the two states to witness the dedication. A large field was cleared for a parking ground.

Five airplanes circled overhead during the exercises and an ox-cart drawn by a huge ox was being ambled down the old Burton's Ferry road.

Forty hogs and one billie goat were barbecued to feed the throngs present. Gallons of Brunswick stew, and hundreds of loaves of bread and barrels of pickles, together with a beautiful fall day added to the exercises to make it a real Georgia-South Carolina celebration.

More than a thousand cars waited in three lines for Mrs. James M. Patterson of Allendale to cut the ribbon to open the bridge.

HOWELL CONE AT IVANHOE CLUB ANNUAL CELEBRATION

At Thanksgiving Celebration At Club House Nov. 24

Ivanhoe community club members observed Thanksgiving with their annual dinner at the club house.

Howell Cone, Collector of Port, Savannah, discussed some of the things the members of the club and people in the county had to be thankful for. One of the major items discussed by Dr. Cone was the type of people found in the county.

Mr. Cone said, "This causes people over the state to regard Bulloch one of the leading counties."

One point that Bulloch has been foremost in and been able to achieve distinguished recognition over the state is the consolidation of the some 75 rural schools into about 12 good ones. Mr. Cone stated that this work started some 12 to 15 years ago.

Mr. Cone further pointed out that there was no fear of war or economic upheaval, all of which the group would be thankful for.

A basket dinner that carried turkey, baked hen, barbecue, cakes, pies and all the trimmings any Thanksgiving dinner should have was served to the some 150 people present.

For the first time in a number of years the interest in a city election is running high. There are three candidates in the mayor's race, J. L. Renfro, the incumbent, Dr. R. L. Cone and Homer C. Parker. Dr. J. C. Lane who announced his candidacy in the race withdrew last week.

In the councilman's race are Harry Smith, Roger Holland, Dr. H. L. Hook and Lannie F. Simmons.

Last week the Herald mailed to each of the candidates a questionnaire in an attempt to learn upon what grounds each candidate sought election. Answers were received from Mr. Renfro and Mr. Parker, candidates for mayor. None of the candidates in the council race returned the questionnaire.

As stated in last week's issue of the Herald we give the following statement prepared by J. L. Renfro and Homer C. Parker.

What is your platform? A. "I do not believe in lifetime tenure in office for any man or any set of men. I want for myself one term of two years only. I believe in elective officials who will not be afraid to work for the people as a whole. Those who hope to remain in office indefinitely, are usually away from the desires of certain groups, especially those who control the money votes in an election year. I believe in progress all the time. I am more interested in our schools than anything else. Sanitation comes second."

Q. Do you propose to vote for or against additional taxes? A. "I am against additional taxes. A. "I am against additional taxes."

Q. Do you think that the efficiency of the police department could be improved? If so, how? A. "I certainly do. Some of our policemen are much too temperamental. There should not be too free use of fire arms, clubs and bluffs, even on prisoners."
