

German Offshore Equipment Directory

Alexandra Dreyer
 VDMA - Mechanical Engineering Industry Association
 Marine Equipment and Systems
 mes.vdma.org

This directory presents the full range of German companies offering equipment and services for the global offshore market. German offshore solutions are among the world's leading technologies in many specialised areas. More detailed information on companies or products is provided on the rele-

vant websites or in online directories (e.g. www.german-marine-equipment.de or www.marine-technology.eu).

The respective industrial associations in Germany will gladly provide information and support for firms wanting to contact specific German offshore technology suppliers.
