1) Principal's Message

Welcome to the academic year 2019 - 2020 at Global Indian International School. This Student Handbook is for parents, guardians and students from Kindergarten to Class 12.

The school provides a holistic learning environment and facilitates communication and interaction between teachers, students and parents. This manual offers a guideline and a time-specific framework for students. The school aims to focus on preparing the students to best meet the challenges in a proactive manner.

This handbook is intended to provide a brief, concise and understandable overview of some of the most important opportunities and expectations that anchor our programme. It thus serves as a guide for parents and students to the policies and procedures to be followed during the school year. As with any guide, it only serves as a framework for activities planned.

Campus specific details will be available from the respective campus office.

Please review this handbook with your child and feel free to contact the Principal, Vice-Principal, Academic Supervisors, Coordinators, Teachers, or Staff, through telephone, e-mail or school diary, if you have any questions about our programmes, rules or policies. We will do our best to address your concerns.

Regards,
Principal

10) General Introduction

Initial school education reflects the growth of society and the foundation for this is laid in primary years of education. These are the formative years during which children pick up habits, develop concepts and skills that last them throughout their lives.

- **GIIS SMART Campus** offers Global Montessori Plus programme for Kindergarten, Central Board of Secondary Education(CBSE) curriculum option for classes 1 to 12, IB Primary Programme (IB PYP) curriculum option for classes 1-5, CLSP(Cambridge Lower Secondary Programme) curriculum option for classes 6-8, International General Certificate of Secondary Education (IGCSE) curriculum option for classes 9 & 10 and IB Diploma Programme curriculum option for classes 11 and 12.
- **GIIS East Coast Campus** offers Central Board of Secondary Education (CBSE) curriculum option for classes 1 to 7, Global International Primary Programme (GIPP) curriculum option for classes 1-5, CLSP(Cambridge Lower Secondary Programme) curriculum option for classes 6&7.

At GIIS, the student-centered pedagogy meets a digitally powered learning environment to create a whole new educational experience. Here, the latest teaching tools will make learning a fun and interactive affair for the students to help achieve higher educational outcomes

Teachers will

- Educate students on expected academic performance, discipline and attitude standards. They will keep the Coordinator / Vice-Principal / Principal informed. If absolutely required, parents will be contacted.
- Assign regular homework in all the subjects, as part of continual learning programme.
- To strengthen the child/ward's academic and general performance, parents are requested and required to
- Check the intranet mails regularly for general as well as specific, information regarding their child
- Acknowledge the information sent and take appropriate action.
- Enquire from the child about any assigned homework and ensure prompt submission.
- Enquire from the child about any project work, practical assignment, activity and ensure prompt submission.
- Discuss issues of concern with prior appointment with the teacher concerned and/or Coordinator.

Our School Day

- Regular school timings Monday – Friday
 - Nursery and Kindergarten: 9.00 am to 12.15 pm
 - Classes 1 and above: 9.00 am to 3.40 pm

- Students should reach school before 9.00 am and should not be on the school premises after 4.00 pm, unless they are authorised and are under the supervision of a teacher/coach.
- Students' free activities during break and lunch are restricted to designated areas. Playing in the bus bay is strictly prohibited.
- Morning Assembly
 - Morning assembly is held on assigned weekdays.
 - Students are required to reach the auditorium as soon as they arrive at school on the day of the scheduled assembly.
 - Students get an opportunity, on class-wise rotational basis to address their school mates. It gives every child the opportunity to be in the spotlight and to be celebrated as an individual.

Attendance

- Academic achievement improves when attendance is consistent; therefore it is important to be in class each day. The Principal, upon receipt of a written statement from the parent or guardian explaining the reason for the absence, will excuse absences of students in certain cases.
- Students who reach school late must sign in at the Security Desk / Reception upon arrival. Students who leave school early must sign out at the Security Desk / Reception before leaving school. Students will be allowed to leave early only on approval from the Level Coordinator / Class Teacher.
- Students who need pre-planned leave of more than two days require prior approval from the Principal.
- Students taking medical leave should submit their medical certificate, when they start attending school after illness.
- Students are advised not to come to school if unwell, during their exams.
- Students on medical leave during an assessment will be given grades based on their continual Assessments.

Parent Teacher Meeting (PTM):

- Parent Teacher Meetings are regularly arranged by school to communicate progress of the child.
- Parents can also initiate a meeting with any teacher by appointment through mygiis or the student's school diary.

Feedback and Suggestions:

- The school recognises that there may be conditions in the school campus that are in need of improvement. Feedback can be given online at mygiis.org, mails, telephone calls and meetings.
- The escalation level for any parent regarding feedback or area for improvement is the Campus Principal

Enrolment-related Clarifications:

For the purpose of seeking timely and fair resolution of disputes or complaints that relate to student's enrolment, the contact persons are as given below.

- **Level 1** – Admissions Manager - response time 48 hours.

- **Level 2** – Finance Controller - response time 24 hours.

Health & Safety:

There is a sick bay with a trained nurse on duty during the school working hours, to attend to minor injuries / illness of the students. In case the child is having high fever, the nurse will call up the parents and ask them to take the child home for further medical assistance. If the child is suffering from any infectious disease, he/she should not be sent to school till the time he/she is medically fit.

Fire safety drill will be conducted to train students and teachers to follow the fire safety plan and familiarize with fire exits and routes to follow, in case of fire.

11) Guidelines on Usage of Intranet Portal

User Login ID and Password will be given by the Admissions Department upon a student's enrolment in our school. The parents can use this to login to www.mygiis.org and access various features online which will be very helpful and are user friendly.

Feature	Usage
Calendar	Allows you to view the year and term calendar for your wards.
Exam & Results	Allows viewing of your ward's test marks online.
Fees History	Gives the payment history and outstanding fees for your wards.
GIIS Directory	Gives the contact details for the teacher handling your ward's class and campus contact details.
Messaging	This is the main communication channel which can be used for mailing teachers, staff and technical support and view mails from school.
Parent-Teacher Meet	Access is given for a period of time when registration opens for PTM scheduled.
Profile Update	This feature has to be updated immediately for any changes in your and/or your ward's immigration status, address, and contact details.
School Bus	Allows you to put a request for start/stop of your child's bus service.
Syllabus	Allows viewing the syllabus for all the subjects for your child's class test wise.

Timetable	The timetable of your child can be viewed here.
Worksheets	This feature allows you to download the worksheets done in your child's class for all subjects.
Edit Login Info	Allows you to edit your username and/or password given by school at the time of admission. It is mandatory that this first time password given at the time of admission is changed as per preference of the parent. It is important that this password is not shared with others.

Updates on Intranet Portal – www.myGIIS.org

The student and parent particulars, as provided by the parent, appear on the MyGIIS student profile. It is the parent's responsibility to ensure that these records are correct and updated at all times. In case of a change in any of the following particulars, you are requested to update the changes in your child's profile and inform your child's class teacher immediately.

- Passport details of child and/or both parents
- Immigration status of the child and/or of both parents
- Change in contact details, including current address, international home address for student pass holders, all contact phone numbers and email ID of both parents
- In case Singapore citizenship is acquired by the student, the school needs to be informed immediately

Apart from the assessments, on a regular basis project work, interactive learning methods and enrichment activities are used to enhance learning. We place emphasis on improving students' research, inference, analytical, reading, writing, speaking and listening skills.

Awards

- Academic Excellence
- Sports Excellence
- Co-curricular Excellence

Academic Support Activities

- Field trips / Overseas Service Learning Trip – To strengthen opportunities to learn beyond the confines of the classroom and explore new areas of learning, regular field trips are arranged for all levels.
- External Examinations – School works in conjunction with eminent national and international bodies such as International Maths Olympiad, National Science Olympiad, ICAS (UNSW) to facilitate student participation in various exams as per their choice and interest.
- HEY MATH! - A world-class e-learning programme for Mathematics, HeyMath! (www.heyath.com) helps students to hone logical thinking and problem solving skills. It primarily focuses on self-learning mechanisms for students through the e-learning module, e-worksheets for additional reinforcement and e-assessments for diagnostic testing and identifying students' learning outcomes and gaps.
- Detailed Assessment (DA)-An online tool for assessing topics in Science, Mathematics and English. A topic-wise diagnostic tool, DA aims to assess the level of comprehension of a topic among students and provide immediate feedback to teachers in order to proactively improve student performance.
- Debates – School regularly participates in debate programs conducted by local schools and debating championship held by Julia Gabriel group and others.
- Project exhibition – Students are assigned different topics and specific projects for each level during school holidays and they are given opportunities to exhibit their projects and learn from those of others.

- Language week – School organises language week for all levels to improve oral/conversational skills of students in the second language. Some of the activities conducted during second language period are drama, skit and poem recitation.
- Book week – School also organises a book week for all levels to promote reading habits. Various activities are planned and organised to bring book characters alive, for example, children dress up as book characters.
- Intra-school and Inter-school Events: Students at all levels are encouraged to participate in all school events. We believe that no child should be left behind and hence offer opportunities for participation in Annual Day celebrations, Sports day, Literary Week, Science Night Out and similar programmes, along with weekly House activities.

Inter-school events

In order to encourage, promote and provide a platform to showcase their individual talents, the school organises intra and inter-school competitions and events throughout the academic year. Some of them include:

- GIIS Spell-O-Well: Inter-school spelling competition
- GIIS HiQ Quiz: Inter-school science and math based quiz competition
- GIIS Weave a Tale: Inter-school story-telling presentation (kindergarten) / competition
- GIIS Real World Challenges Convention

14) Policy on External Competitions and Events

GIIS encourages its students to participate in various events and competitions being organised within and outside GIIS. The inter-house competitions within the school are governed by the school Inter-House Competitions policy. The conduct of external school events and competitions shall be governed by following guidelines:

Inter-school competitions

- Students shall be selected based on set criteria and at the discretion of the teachers-in-charge. Equal opportunity shall be provided to eligible students to compete and get selected for representing the school in various events/competitions.
- A consent form for external competitions/events shall be sent by the respective office for parents to provide their consent for their child/children's participation in external school events. Students, who do not submit the consent form to the office/teacher-in-charge by the due date, shall not be included for the event.
- School shall, on best case basis, arrange transport for students for these events. However, in cases where such transport cannot be arranged, parents shall drop their child/children to the venue and pick them up at the stipulated time. Prior intimation regarding this will be sent.
- Students may be required to stay overtime or come to school on holidays as a part of rehearsals and preparations for inter-school events. Parents shall make appropriate arrangement for dropping and receiving their child/children on such occasions.
- All students shall abide by the student code of conduct and instructions of the accompanying school teacher/staff member while representing school in various competitions/events.

15) Social and Cultural Activities

House system

All the students are allocated one of the four Houses and weekly activities and competitions are organised to bring out the best in our students and this also helps in building up the team spirit amongst them. Points are allocated to the House for each activity and the cumulative results are the basis on which winner is declared.

CCA, ECA and Work Experience (WE)

These are some additional activities that contribute to the enhancement of a student's all-round abilities. Students can choose from a wide variety of activities. Many of these activities are conducted by external professionals.

16) Policy on Discipline

Advisory: Principal

Members

1. Discipline Committee Members (Teachers)
2. Discipline Committee Members (Student Council)
3. In consultation with Parents Support Group

Statement

The Global Indian International School Discipline Policy aims to encourage the development and maintenance of positive relationships between all members of the school community as an integral part of all aspects of school life.

Beliefs

At Global Indian International School, we believe that:

- All individuals are to be valued and treated with respect;
- All individuals have rights and responsibilities with regards to their behaviour;
- Self esteem is crucial to the positive development of all individuals;
- Positive relationships create a safe, harmonious and cooperative working environment;
- Behaviour management is the responsibility of the entire school community.

Aims

At Global Indian International School, we aim to:

- Encourage all individuals to accept and act upon their responsibilities;
- Enhance the self esteem of all individuals through positive action;
- Support all individuals when required;
- Encourage and maintain positive relationships between all members of our school community;
- Ensure that the preferred behaviour management practices are meaningful and consistent throughout the committee.

Proactive Approach

Global Indian International School supports a proactive rather than reactive approach to Behaviour Management by putting the following procedures in place.

Preferred Behaviour Management Practices

The objective of this policy is to achieve the stated aims by providing the procedures to ensure good practices in the areas of Prevention, Correction and Support. These three areas are cyclical and are covered by three factors – consistency, clear rules and fair treatment.

Preferred Practices

- All teachers will clarify the common rights, rules and responsibilities
- The school's rights-responsibilities-rules-routine code forms the basis for all behaviour management
- The school community will actively promote, teach and support positive behaviour
- Use positive corrective practice wherever possible
- Keep the focus on primary behaviour
- Invite, model and expect respect
- Build, promote and utilise a united approach to behaviour management

Prevention involves building positive and avoiding negative behaviour through the understanding of rights, responsibilities and the establishment of rules and routines.

Support involves supporting staff, students and parents through feedback as well as repairing and rebuilding relationships.

Correction involves dealing with negative behaviours by applying corrective action both immediate and deferred.

Rights-Responsibilities-Rules-Routine

Through the development of rights and responsibilities of the members of our school community together with the establishment of whole school rules and routines there exists a consistent and clear approach to manage behaviour within school as a whole.

Rights: A right is something an individual is entitled to. At Global Indian International School every individual has rights and is thereby entitled to:

- Feel safe at school
- Teach/learn to the best of his/her ability
- Be treated with respect
- Feel comfortable at the school

Responsibilities: A responsibility is something for which one is responsible – legally or morally obliged to take care of something or to carry out a duty. At Global Indian International School everybody has responsibilities. The responsibilities of students, staff and parents as a part of school community is to respect the rights of others.

Rules: A rule is a statement of what can, must or should be done in a certain set of circumstances. To protect the rights and to encourage responsibility, there are rules for everyone. At Global Indian International School it is expected that everyone follows the rules as stated in the school policy.

17) Code of Conduct

Part A

Expected Behaviour from the Students

- Teacher Direction
 - Follow teachers' instructions.
 - Approach teacher to clear doubts.
- Communication Rule

 - Approach a teacher when faced with conflicts.
- Property rule
 - Ensure that the school property is used appropriately.
 - Respect the property of others.
- Play rules
 - Play within the specified boundaries.
 - Follow the instructions given by the teachers.

Corrective Measures

At Global Indian International School, we promote that behaviour is a choice, a choice made by individuals. Choosing a positive behaviour is encouraged. A logical corrective measure must be taken to avoid choosing negative behaviour. The corrective measures taken under each category of violation may be one or more of those listed. A student may be asked to fill in the Student Incident Slip at the discretion of the Coordinator/Vice Principal.

Any student found to be in the possession of, taking or using any narcotics, e cigarettes, inhalants, stimulants, barbiturates, suppressants, hallucinogenic drugs, or marijuana and or alcohol is subject to suspension/expulsion from school. As part of the guidelines on substance abuse, the school can conduct a random bag, locker or body checks for any of the banned substances or investigate based on complaint or rumour of misconduct. All reasonable care will be taken to protect the student's legal rights and to ensure that his/her parents/legal/ local guardians are informed as soon as reasonably practicable after it becomes clear that the student may face formal disciplinary action, and also to make arrangements for the student to be accompanied and assisted by a parent, legal or local guardian.

Refusal of the student to permit a check by designated personnel appointed by the Principal, will be construed as an indication that the student is in possession or has used the banned Substance.

Breach of any of the above Unacceptable Behaviour by a student may lead to exercise of discipline powers by the School under the Suspension and Expulsion Policy.

18) Policy on Vandalism

Defining Vandalism

Any act involving wilful, deliberate or malicious damage, destruction and demolition in any manner to any property associated with the school, which includes tangible, intangible, intellectual property and any property of students, school teachers, staff members and anybody concerned with the school is termed as vandalism. Specific examples include glass breakage, any kind of destruction to the school buildings and grounds, destruction to property like chairs and desks, garbage bins, electrical and electronic equipment, plants, windows, etc. It also involves graffiti on walls, chairs and/or tables, windows etc. Vandalism is strictly against the school rules and regulations and the applicable Government laws.

Responsibility of the student

Students shall at all times, refrain from indulging in destruction of personal, school and other people's property. Any act of vandalism observed and/or noticed by a student must be immediately reported to school authorities.

Responsibility of the management

The teacher will educate students about taking care of own and school property. The teacher will assign responsibilities to students to care of the property and build a reward system to strengthen positive behaviour. The teacher will conduct a full investigation in case of any damage, loss and act of vandalism. When a student is found guilty of committing vandalism, corrective action will be taken against the student. Depending upon the severity of vandalism and frequency of the violation, and at the discretion of the Principal in consultation with the Country Director and/ or School management, the case of vandalism may be handed over to the police.

Corrective Measures

The following one or more corrective measure will be taken to reinforce positive behaviour. The student will be asked to complete the Student Incident Slip, at the discretion of the Coordinator/ Vice-Principal.

Primary Students (Classes 1-5)

- The student will receive formal counselling.
- Certain privileges or responsibilities will be temporarily suspended.
- The student will be fined for an amount more than the cost of repair or replacement of the property damaged.

Secondary Students (Classes 6-12)

- First-time violation will lead to imposition of a fine amounting to more than the cost of repair or replacement of the property damaged. In addition a warning will be issued. The warning will be recorded in the Class Teacher's file.
- Second-time violation will lead to imposition of a fine amounting to more than the cost of repair or replacement of the property damaged. In addition, a two-day in-school suspension will be enforced. A notification will be sent to the parent. This will be recorded in the Class Teacher's file.

- Third-time violation will lead to imposition of a fine amounting to more than the cost of repair or replacement of the property damaged. An out-of-school suspension will be enforced. This will be recorded in the Class Teacher's file.
- If the student's unacceptable behaviour continues, action will be taken by the Discipline Committee, in consultation with the Principal, which could also lead to expulsion from school.

The School reserves the right to take any action under the Suspension and Expulsion Policy, in case a student is found to be in violation of this Policy.

19) Courses, Subjects Offered, Assessment and Examination Guidelines

The scope of evaluation at Global Indian International School extends to almost all areas of the student's personality development. It includes both scholastic and co-scholastic areas, and is comprehensive in nature.

Evaluation is continuous and reveals the strengths and areas of improvement of the students frequently, so that the learners have a better opportunity to understand and improve themselves. It also provides feedback to the teachers for modifying their teaching strategies according to individual student needs. In view of getting a complete picture of the child's learning, assessment focuses on the learner's ability to:

- Learn and acquire desired skills related to different subject areas
- Acquire a level of achievement in different subject areas in the requisite measure
- Develop child's individual skills, interests, attitudes and motivation
- Monitor the changes taking place in child's learning, behaviour and progress over a period of time
- Respond to different situations and opportunities both in and out of school
- Apply what is learnt in a variety of environment, circumstances and situations
- Work independently, collaboratively and harmoniously
- Analyse and evaluate
- Be aware of social and environmental issues
- Participate in social and environmental projects
- Retain what is learned over a period of time

The assessments are done with the purpose to achieve the following objectives:

- To help develop cognitive, psychomotor and affective skills
- To lay emphasis on thought process and de-emphasise memorisation
- To make evaluation an integral part of teaching-learning process
- To use evaluation for improvement of students achievement and teaching-learning strategies on the basis of regular diagnosis followed by remedial instructions
- To use evaluation as a quality control device to maintain desired standard of performance
- To determine social utility, desirability or effectiveness of a programme and take appropriate decisions about the learner, the process of learning and the learning environment

- To make the process of teaching and learning a learner-centred activity

Assessments are done on a regular basis through journals, written work, portfolios, project work, classroom interactions, peer and /or self-assessments, cyclic tests along with many other learning tasks. There are two summative assessments at the end of each of the two semesters.

IB ASSESSMENT POLICY

Philosophy of Assessment

Assessment is an important part of the instructional cycle. It provides information about student learning and development, as well as a framework for planning, collaboration, and self-reflection.

Assessment is a term used to cover all the various methods by which student achievement can be evaluated. Assessment instruments may include tests, examinations, extended practical work, projects, portfolios and oral work, some carried out over a prolonged period and sometimes marked by the student's teacher.

A distinction is often made between *summative* assessment, aimed at determining the level of achievement of a student generally at the end of a course of study, and *formative* assessment, aimed at identifying the learning needs of students and forming part of the learning process itself.

Formative and summative assessment

Formal assessment of the DP includes some multiple-choice tests for a few subjects and examination papers for most subjects, intended to be taken at the end of the two-year course, and a variety of other tasks (essays, research essays, written assignments, oral interviews, scientific and mathematical investigations, fieldwork projects and artistic performances) spread over different subjects and completed by students at various times under various conditions during their course.

This booklet is intended to explain the workings of the International Baccalaureate Diploma Programme assessment system and their underlying rationale.

The main purpose of the formative assessment is to provide detailed feedback to teachers and their students on the nature of students' strengths and weaknesses, and to help develop students' capabilities. Method of assessment involving direct interaction between teacher and student is particularly helpful here. The teacher is seen as a facilitator rather than a director of learning, and should make use of assessment tasks and instruments to help the students in improving skills and understanding rather than accurately measuring the level of each student's achievement.

Features of Formative Assessment

1. Is diagnostic and remedial
2. Makes provision for effective feedback
3. Provides a platform for the active involvement of students in their own learning
4. Enables teachers to adjust teaching to take account of the results of assessment
5. Recognizes the profound influence that assessment has on the motivation and self-esteem of students, both of which are crucial influences on learning
6. Recognizes the need for students to be able to assess themselves and understand how to improve
7. Builds on students' prior knowledge and experience in designing what is taught
8. Incorporates varied learning styles to decide how and what to teach
9. Encourages students to understand the criteria that will be used to judge their work
10. Offers an opportunity to students to improve their work after they get the feedback
11. Helps students to support their peer group and vice-versa
12. The various techniques used for formative assessments are
 - a. Examinations (cyclic tests)
 1. Assignments
 2. Quizzes and competitions
 3. Projects
 4. Debates
 5. Presentations
 6. Group discussions
 7. Club activities
 8. Experiments
 9. Research

Features of Summative Assessment

Summative assessment is used for quite different purposes, including the provision of information about student achievement, the certification and selection of students, an accountability mechanism to evaluate teachers and schools, and a driving force for curriculum reform.

Although the primary role of DP assessment is generally perceived to be that of certification of achievement, leading in most cases to a selection process for university admission, the other uses of summative assessment are also significant. DP assessment is also seen as a major tool for reinforcing

the teaching of the curricular goals of the programme—such assessment can only be valid if it adequately reflects these goals. Summative assessment methods are the most traditional way of evaluating student work – objective type, short answer, long answer etc.

Validity and reliability

According to the standard definition, the validity of an assessment is the extent to which it actually measures what it is stated to measure. The term reliability is used to define the accuracy of measurement resulting from an assessment, and how likely it is that the same result would be produced in slightly different circumstances. An assessment is reliable if a student would gain the same result were he/she to repeat the assessment on different occasions, and also give the same result if the assessment were marked by different markers. Validity and reliability are widely regarded as essential characteristics of any assessment system, particularly a high-stakes one where the outcome is of great importance to the student or the teacher.

In formative assessment, pre-eminence can be given to validity, while in summative assessment equal attention must be paid to both validity and reliability.

Diploma Programme assessment - aims and approaches

Assessment of the DP is high-stakes, criterion-related performance assessment. It is based on the following aims:

1. DP assessment should support the curricular and philosophical goals of the programme, through the encouragement of good classroom practice and appropriate student learning.
2. The published results of DP assessment (that is, subject grades) must have a sufficiently high level of reliability, appropriate to a high-stakes university entrance qualification.
3. DP assessment must reflect the international-mindedness of the programme wherever possible, must avoid cultural bias, and must make appropriate allowance for students working in their second language.
4. DP assessment must pay appropriate attention to the higher-order cognitive skills (synthesis, reflection, evaluation, critical thinking) as well as the more fundamental cognitive skills (knowledge, understanding and application)
5. Assessment for each subject must include a suitable range of tasks and instruments / components that ensure all objectives for the subject are assessed.

6. The principal means of assessing student achievement and determining subject grades should be the professional judgment of experienced senior examiners, supported by statistical information.

Range of assessment tasks and assessment instruments

A multiple-choice question, a short-response question, an extended-response question, an essay, a project, a single piece of work from a portfolio, and a research assignment are all examples of assessment tasks. An assessment instrument/component is made up of one or more tasks that are collected together, for the sake of thematic or content continuity, or for convenience. Examination papers, portfolio of work, project or research assignment are examples of assessment instruments, or components.

The construct being assessed for each subject is defined by the objectives given at the beginning of each subject guide. The nature of what is to be assessed is thus precisely defined for students, teachers, parents / carers and examiners. The majority of assessment components are examination papers, made up of a wide variety of question types to suit the requirements of the subject. Question types include multiple-choice questions (used in only a small number of papers), short-response questions, structured problem-solving questions, open-ended problem-solving questions, essay questions, data-analysis questions, case studies and commentaries on supplied texts. The examinations are taken under controlled conditions, with student responses being marked externally by independent examiners.

There are other tasks/components undertaken by students, with the guidance of their teachers, over an extended period, which are also externally marked by examiners. These include language A1 world literature assignments, language A2 written tasks, music investigations, theory of knowledge essays and extended essays. The assessment focus for all of these is on the quality of a finished written product, which makes them suitable for external assessment.

A third type of assessment component is internal assessment, that is, student work marked by the teacher subject to external moderation. Internal assessment can often provide individual students with the opportunity to select their own topic or issue, following a particular interest and giving students greater control over their own learning. This flexibility of approach makes internal assessment a valuable addition to students' education, improving the validity not only of the assessment process, but also of the learning experience as a whole.

Th

ere are some significant difficulties relating to internal assessment, such as ensuring reliability and authenticity, and preventing a too heavy workload.

IB Diploma Programme assessment policy

1. All assessment in Diploma Programme subjects should relate directly to the course of study and its objectives via a policy, as far as it is practical, of discrete testing within each assessment environment (written papers/internal assessment and so on). A full range of assessment techniques should be used that reflect the international breadth of the IBO. The same assessment methodology should apply to related subjects but any substantial difference in the nature of higher level and standard level in a subject should be mirrored in their respective assessment models.
2. Diploma Programme assessment and grading procedures should ensure parity of treatment for all candidates irrespective of school, subject, response language or examination session. All grading and assessment judgments should be based on evidence and should not be subject to any form of bias.
3. All courses should normally have either three or four separate assessment components. Where appropriate, these components will include internal (school based) assessment as well as external assessment. No individual assessment component should normally be worth less than 20% or more than 50% of the overall assessment, and internally assessed components should in total contribute no more than 50% of the overall assessment. The balance between internal and external assessment must be such as to ensure that all the objectives of the course are adequately and appropriately assessed.
4. The duration of written examinations must not exceed five hours in total at higher level and three hours at standard level. No single written examination paper should be longer than three hours. Wherever possible, examination paper durations should be less than the prescribed maximum, as long as the examinations still provide for valid and reliable assessment. This restriction on duration is particularly relevant in those subjects where internal assessment or other externally marked components form a significant part of the overall assessment model.
5. The marking of teachers and examiners will be moderated using a mark/re-mark model followed by a statistical comparison to generate a moderation equation. There will be no cross-component moderation. All such re-marking will be based on identical assessment

criteria to the original marking and will be based on sample work sent to an examiner acting as moderator.

6. Internal assessment should primarily address those skills and areas of understanding that are less appropriately addressed through external examination papers; it should not be treated as another means for candidates to demonstrate, in a different context, what they could also do in an examination. There should be no undue duplication of skills assessed in both internal assessment and external examination.
7. Internal assessment should not be used as a tool for monitoring syllabus coverage, but should be focused on assessing student learning of particular skills. Where necessary, breadth of syllabus coverage should be assessed within external examinations.
8. Internal assessment tasks should not duplicate the kind of work that is carried out for extended essays in the same subject.
9. Wherever possible, internal assessment tasks should become an integral part of normal classroom teaching (and/or homework) for that subject. They should not be “add-on” activities. The work carried out for internal assessment is meant to be part of each student’s learning experience.
10. For internal assessment marks to make a reliable contribution to a candidate’s subject grade, the work that contributes at least half of the total internal assessment mark must be susceptible to moderation. This is a minimum, it being preferable wherever possible for all of the work that gives rise to the internal assessment mark to be available for moderation.
11. Where different internally assessed tasks are carried out over a prolonged period within a Diploma Programme course (to make up a portfolio of work, for example) allowance must be made for student improvement over this period. Thus the final internal assessment mark should reflect a student’s best level of performance during the course and not be merely an average of performance over the whole course.
12. Although the internal assessment may contribute from 20% to 50% towards any single subject result, the higher values in this range should only be used where there are particular grounds for giving a high weighting to internally assessed work.
13. Internally assessed work must be produced under conditions that are well documented and common to all schools for each course. In particular, the role of collaborative work, the degree of assistance that teachers can provide, the extent to which students can use

external resources, and the permitted amount of redrafting of work, must be fully described.

14. The quantity of internally assessed work specified for a course must be no more than the minimum needed to satisfy its aims. Defined word limits should be given where possible for internally assessed tasks. The maximum word limit should be no more than is necessary to complete the task.

Extended Essay

The extended essay is an in-depth study of a focused topic chosen from the list of available Diploma Programme subjects for the session in question. The extended essay is a piece of independent research on a topic chosen by the student in consultation with a supervisor in the school. It is presented as a formal piece of sustained academic writing containing no more than 4,000 words accompanied by a reflection form of no more than 500 words. It is the result of approximately 40 hours of work by the student. Students are supported by a supervision process recommended to be 3–5 hours, which includes three mandatory reflection sessions.

The third and final mandatory reflection session is the viva voce, which is a concluding interview with the supervising teacher.

The IB Board Examinations

The examinations for each session take place over a period of approximately three weeks in May and November. Examinations are scheduled to avoid more than six hours of examining in a single day where possible, under normal circumstances. Friday afternoons are kept free from examinations as a means of extending at least some consideration to those schools whose working week is not Monday to Friday. The normal pattern for the examinations relating to a particular course is to schedule the two or three papers consecutively, starting one afternoon and finishing the next morning. The publication from IBO addressing the concerns of candidates with special assessment needs provides information to schools on how to put in place special assessment arrangements for candidates with individual needs, such as a specific learning difficulty, a behavioural difficulty, a physical, sensory or medical condition, or a mental health problem. GIIS is a May session school and hence students give their board examination in May. The students giving Tamil B SL finish their respective papers in November itself.

Publication of results

Diploma and certificate results are published to schools and university admission systems on 5 January and 5 July each year for the two examination sessions. The results are sent electronically, as are many other administrative processes relating to the examination system, such as candidate registration and most mark entry. Candidates are issued with a numeric grade from 1 to 7 for each subject entered and candidates following the full Diploma Programme will also receive letter grades for TOK and the extended essay, together with a total diploma points score.

In addition, candidates who have completed these conditions through multiple languages may be eligible for a bilingual diploma.

Learn more

A bilingual diploma will be awarded to a successful candidate who fulfills one or more of the following criteria.

- Completion of two languages selected from the studies in language and literature subject group with the award of a grade 3 or higher in both languages
- Completion of one of the subjects from the individuals and societies, or sciences subject groups in a language that is not the same as the candidate's nominated studies in language and literature language
- Attainment of a grade 3 or higher in both the studies in language and literature language and the subject from individuals and societies, or sciences subject groups

From the May 2015 session the following failing conditions are applicable

1. CAS requirements have not been met
2. Candidate's total points are fewer than 24
3. An N has been given for theory of knowledge, extended essay or for a contributing subject
4. A grade E has been awarded for one or both of theory of knowledge and the extended essay
5. There is a grade 1 awarded in a subject/level
6. Grade 2 has been awarded three or more times (HL or SL)
7. Grade 3 or below has been awarded four or more times (HL or SL)
8. Candidate has gained fewer than 12 points on HL subjects (for candidates who register for four HL subjects, the three highest grades count)
9. Candidate has gained fewer than 9 points on SL subjects (candidates who register for two SL subjects must gain at least 5 points at SL)
10. The matrix for TOK and EE is updated as follows

To/KEE	A	B	C	D	E
A	3	3	2	2	Failing condition
B	3	2	2	1	
C	2	2	1	0	
D	2	1	0	0

RESPONSIBILITY and AUTHORITY

The Overseeing Authority of the Assessment Process is the Examination Board and GIIS Campus Principal who is assisted by Academic Supervisors / Coordinators.

The responsibility to conduct, review & evaluation procedures is done at the Academic and Examination Board (A & E Board) & Top Management Meeting (TMM). The implementation and percolation of improvements will rest with Academic Supervisors / Level Coordinators.

Assessment Schedule

Following is the assessment schedule for Year I and Year II:

Class	Term	Type of Assessment	Month
IB Year 1	I	Formative Assessment I	July
		Cyclic Test I	August
		Semester I	November
	II	Formative Assessment II	January
		Cyclic Test II	February
		Semester II	May
IB Year 2	I	Formative Assessment I	July
		Semester I	September
	II	Pre Board Examination I	January
		Pre Board Examination II	March

Internal Grading Criteria

Following is the internal grading criteria used in the report card for both Year I and Year II:

Marks Range	Grade	Grading Scale
90% - 100%	7	Excellent
75% - 89%	6	Very Good
60% - 74%	5	Good
45% - 59%	4	Satisfactory (passing)
35% - 44%	3	Weak
20% - 34%	2	Poor
< 20%	1	Very Poor

Consolidation of Results

Year 1

The consolidated result is calculated as follows :

$$\text{SEM I} : 5\%(\text{FA I}) + 10\%(\text{CT I}) + 20\%(\text{SEM-I})$$

$$\text{SEM-II} : 5\%(\text{FA I}) + 10\%(\text{CT I}) + 5\%(\text{FA II}) + 10\%(\text{CT II}) + 20\%(\text{SEM-I}) + 50\%(\text{SEM-II})$$

Year 2

The consolidated result is calculated as follows :

$$\text{Sem I} : 10\%(\text{FA I}) + 90\%(\text{Sem I})$$

INTEGRITY OF ASSESSMENTS

To ensure and maintain the integrity of the procedure it is:

1. Invigilation and marking scheme is shared among all staff
2. Invigilators are provided guidelines on proper handling of exam papers and maintaining of confidentiality and security of answer scripts
3. All major or year-end answer scripts are stored for a period of five years
4. Students are made aware of the varied assessments through:
 - a. Student hand book
 - b. Parent Orientation at the start of the new Academic year
 - c. Annual Syllabus and worksheets uploaded on mygiis
 - d. Date Sheet on mygiis portal
5. Communication of Examination venue, Exam time table, Examination duration is done via MYGIIS and notice board displays.
6. The school upholds educational and pedagogical values and describes principles and practice for achieving educational goals relating to all aspects of assessment.

The school's assessment policy ensures:

1. Alignment with the requirements of IB usage of a range of innovative tools and strategies in the assessment process
2. Through regular PTM s and Benchmarking sessions the school provides feedback to improve the learning process of the students
3. The school provides a well-defined report card to record student progress aligned with the assessment philosophy of the programme
4. The assessment data is used to improve the teaching - learning process
5. Academic honesty, moral forthrightness and the spirit of true education is the goal each student strives for
6. Teachers follow detailed assessment practices, covering both formative and summative aspects. They have specific guidelines for grading/marking, recording and reporting and correcting home-work or projects or assignments
7. There exists a well-defined link between the school's admission policy and the assessment policy. The school seeks to deliver what it promises
8. Criterion related assessment. It judges the students' progress to identified levels of attainment

9. Accurately evaluate student performance, rather than just averaging attainment grades
10. Examines the comprehensibility of the course for the individual student and seeks to verify that the student is actually able to recall, adapt and verify the knowledge accumulated
11. Appropriate internal assessment time lines are provided at the beginning of each academic session to help the students and teachers to plan their lessons in realistically manageable loads
12. A well-designed time line helps reduce the stress on teachers and students and provides a symbiotic environment for the teaching-learning process

RECORDS

Maintenance and updating the records is a big part of the assessment policy

1. Minutes of Meeting of Academic and Examination Board are recorded
2. Mark sheets as entered in the mygiis portal
3. Consolidated mark list is prepared
4. Answer Scripts are handed over to the exam department
5. Printed Result Sheets prepared
6. Result Analysis Sheet prepared by class teachers
7. Parent Teacher Meet Feedback reports prepared and handed over to level coordinators

Connection to other policies

GIIS Assessment Policy is closely linked to Academic Honesty & Integrity Policy – Students will adhere to all requirements of the Academic Honesty & Integrity Policy while completing assignments, homework, formative assessments, summative assessments, and all IB Diploma requirements including Extended Essay, Theory of Knowledge, and CAS.

Language Policy – Student language needs will be considered when creating and implementing assessments.

Inclusion & Special Educational Needs Policy – Assessments will follow all requirements outlined by the Inclusion & Special Educational Needs Policy.

ACADEMIC HONESTY

Introduction

Academic honesty and personal integrity lie at the heart of GIS values. The school recognizes them as the most important components of a student’s growth, education and character development. GIS has adopted a holistic approach to education that underscores the need for personal integrity and rectitude. It believes that the onus of ensuring academic honesty in the institution lies equally with students, teachers and parents.

The school places a great deal of emphasis in supporting practices related to academic honesty and is guided by the IB publication, *Academic honesty: guidance for schools*. School policy in promoting academic honesty seeks to nurture global citizens and inculcate within them core values of Honesty, Integrity and Ethical Practices.

IB defines academic honesty as, “a set of values and skills that promote personal integrity and good practice in teaching, learning and assessment. It is influenced and shaped by a variety of factors including peer pressure, culture, parental expectations, and role modelling and taught skills.”

The school promotes good practices and provides assistance in understanding and following academic honesty.

Academic Honesty at GIIS

Basic Guidelines

The Diploma Programme at GIIS requires academic rigor and active involvement of students in all aspects of the curriculum. The students are expected to behave and learn in an ethical way and observe the following practices:

- Students know that the purpose of an assessment, summative or formative, is to show what they know, understand, and can do and must provide their own work
- If collaboration has not been specified as permissible, the assignment must be individual honest effort
- Students must understand what constitutes academic honesty and must also recognize that any behavior or activity that gives them unfair advantage goes against the school's and IB's philosophies
- Students must be aware that teachers have the right to refuse the work they do not believe in the authenticity of the work

Thus academic dishonesty or any form of malpractice refers to behaviour that results in, or may result in any other candidate gaining an unfair advantage in one or more assessment component. This includes:

- Plagiarism: this is defined as the representation of the ideas or work of another person as the candidate's own
- Collusion: this is defined as supporting malpractice by another candidate, as in allowing one's work to be copied or submitted for assessment by another
- Duplication of work: this is defined as the presentation of the same work for different assessment components and/or diploma requirements
- Any other behaviour that gains an unfair advantage for a candidate or that affects the results of another candidate (for example, taking unauthorized material into an examination room, misconduct during an examination, falsifying a CAS record)

Proactive Approach

The students know that the deliberate cheating is wrong in any circumstance, at the same time they are trained to use academic material appropriately, such as, use of quotations, downloading pages, or adapting material while working on major papers or projects.

School takes anticipatory measures by educating the students and parents the great value of the ethical qualities of personal integrity and academic honesty. Academic honesty is expected from all members of the school community - students, faculty, administration and parents.

The following proactive steps help the students understand and demonstrate Academic Honesty in their work

- In the orientation session conducted in the beginning of the IBDP Programme the DPC briefs the parents and students the importance of academic honesty at GISS
- Individual subject teachers explain the basic meaning and significance of academic integrity as a fundamental element at GISS and ensure that the students understand the importance of acknowledging the ideas and work of others
- A copy of the Citation and Referencing guidelines is given to students to educate them the appropriate referencing techniques
- Teachers demonstrate with exemplars what is expected in the task in relation to academic honesty and use of turnitin

Consequences of Violations of Academic Honesty

Internal Sanctions

When the investigating teacher identifies any deviation from academic honesty, the following consequences will follow -

- The first Unintentional transgression results in a verbal cautioning, and the subject teacher draws the student's attention to the need to adhere and respect the requirements of academic honesty
- The second time, if a teacher has reason to believe that part or the whole of a candidate's draft work is plagiarised, it may lead to suspension of the student from school for a limited period of time. The parents are informed and the work submitted by the student is not accepted
- If suspected plagiarism is detected before a candidate signs the coversheet the issue is resolved within the school and not brought to the attention of the IB

External Sanctions

- If the candidate is found guilty of malpractice in the production of one or several assignments required for a component the candidate is not eligible for a mark based on his or her performance in the remaining assignments for the component; no grades will be awarded for the subject.

Upholding academic honesty also helps to ensure that all students have an equal opportunity to demonstrate the knowledge and skills they acquire during their studies.

20) Assessment Appeal Policy

The assessment policy is relevant to periodic test /cyclic test/Assessments and semester exams.

For Nursery to Kindergarten 2

- Not Applicable

For Classes 1 to 5 IB PYP:

- Not Applicable

For Classes 1 to 5 CBSE:

All answer scripts for assessments 1, 2, 3, 4 & 5 are given to students. Students may appeal for a re-evaluation/correction within two (2) working days of receiving the answer scripts.

For Classes 6-8 CBSE :

All answer scripts of all assessments/ Periodic Tests/Half Yearly /Yearly are given to students.

For Classes 9 -12 CBSE:

All answer scripts of all exams are shown to the students but scripts are retained for the following classes as specified for a period of 5 years-

Class 9- Answer scripts of Annual Exams are retained for a period of 5 years

Class 10- Answer scripts of Pre Board Exam are retained for a period of 5 years

Class 11- Answer scripts of Semester 2 are retained for a period of 5 years

Class 12- Answer scripts of Pre Board 2 are retained for a period of 5 years

For classes 6-8 CLSP:

All answer scripts of all assessments/ Periodic Tests/Half Yearly /Yearly are given to students.

For Classes 9 & 10 IGCSE:

IGCSE Class 9- Answer scripts of Semester 2 are retained for a period of 5 years

IGCSE Class 10- Answer scripts of Pre Board Exam 2 are retained for a period of 5 years

For Classes IB Year 1 & 2:

IB Year 1- Answer scripts of Semester 2 are retained for a period of 5 years

IB Year 2 - Answer scripts of Pre Board Exam 2 are retained for a period of 5 years

Students will be allowed at least seven working days from the release of assessment results to submit an appeal for results/awards and the appeal results will be released within a reasonable time from the date of appeal.

The results of internal examinations and unit tests are released within one month of the conduct of the examination. The results of Graduating Class will be released by the examining body within 3 months of conduct of Examination.

Appeal Procedure for Students to seek clarifications on the Results(other than Board Classes 10 and 12)

- An email request by the parent is sent to the Level coordinator through mygiis. The request is then forwarded to the concerned teacher through HOD.
- The paper is re-evaluated, if need be the paper is shown to the candidate/parent. Modified marks may be re- entered if appropriate.
- The level coordinator sends a mail to the Parent with the final outcome after the appeal outcome is endorsed by the Examination Board.
- Appeal outcomes will be released within 4 weeks (for in-house courses) and not later than 8 weeks (for courses by external organisations) from the date of appeal.
- The CBSE Board has the policy of re-evaluation through “CBSE Rechecking, Revaluation and Verification of Marks Form”.
- The IBDP board has the policy of re-evaluation through “IBIS (International Baccalaureate Information System)- Coordinator’s website.
- The IGCSE Board has the policy of re-evaluation through CAIE (Cambridge Assessment International examinations) Direct website
-

NB: If students do not appeal within the stipulated time mentioned above, the results will be deemed accepted and final.

21) Promotion Policy

Scholastic Grades

For Kindergarten to Class 5

Schools are not permitted to retain students in these classes according to CBSE /IB PYP stipulations. However, if a student is found struggling with the curriculum and consistently does not show any improvement at all, it is advisable to hold personal meetings with the parents to counsel them about their child.

The sole objective of the first counselling session, which should take place after the first semester, is to give the child an opportunity to work harder to perform better.

After regular monitoring of the performance of such children, the counselling should be repeated in February. In case the child scores below D in more than half of the subjects, it is indicative of the fact that the child will not be able to cope with the rigors of the next class. The parents are expected to make a written request to the school to retain the child in the existing class.

For Classes 6 to 8

1. Promotion is granted on the basis of the performance of the pupil during the entire session
2. Every student is required to get a qualifying grade D or above in all the subjects in the Scholastic Area.
3. A student getting E grade in scholastic areas in one or more subjects will have to improve his/her performance in one subsequent attempt to obtain qualifying Grade D in these subjects.
4. 85% attendance (90% for Student Pass Holders) is imperative.

For Class 9

1. Every student is required to get a qualifying grade D or above in all the subjects in the Scholastic Area
2. A student getting E grade in scholastic areas in one or more subjects will have to improve his/her performance in one subsequent attempt to obtain qualifying Grade D in these subjects.
3. 85% attendance (90% for Student Pass Holders) is imperative.

For CLSP 6- 8 and IGCSE 9

1. Promotion is granted on the basis of the performance of the pupil during the entire session.
2. 85% attendance is imperative and the pupil must be present for all exams, otherwise s/he will not be eligible for any award.
3. A student must secure 40% in all the subjects in both the semesters for fulfilling the pass criteria.
4. In case the pupil has secured 35% in one subject and secured at least 40% in all the other subjects and has achieved a consolidated aggregate of at least 40 %, s/he may be considered for promotion to the next class in the 'weak pass' category.
5. Conditional promotion may be granted to a pupil whose score in any two subjects is 35% but has achieved a consolidated aggregate of 40%. However, s/he has to appear for and pass the Re-tests to be eligible for promotion to the next class.

II. Criteria for Fast Track Mathematics w/o coursework- Students opting for additional Mathematics must score an aggregate of 85% or more in Semester II and 88% and above in Mathematics in Semester II In class 8.

For CBSE Class 9

1. Every student is required to get a qualifying grade D or above in all the subjects in the Scholastic Area
2. A student getting E grade in scholastic areas in one or more subjects will have to improve his/her performance in one subsequent attempt to obtain qualifying Grade D in these subjects.
3. 85% attendance (90% for Student Pass Holders) is imperative.

For IB Year 1

Promotion to IB Year 2 is subject to:

1. Achieving a total of 24 points (with at least 4, 4, 4 in HL subjects and 4, 4, 4 in SL subjects) as the final consolidated grade in IB Year 1.
2. Completion of at least two-thirds of CAS requirements
3. Completion of 60% of required number of laboratory reports, commentaries and other assignments as specified by the subject teacher.
5. Selection of Extended Essay subject and topic and submission of first draft of EE.
6. 85% Attendance. If the student does not meet this requirement, the decision to promote the student will be at the discretion of the school based on the reason for absence.
7. If the student fails to meet the above requirements, at the discretion of the Principal, the student will:
 1. Be retained in IBY1 for one more year or
 2. Be registered as a certificate candidate for the IB board exam

For CBSE Class 11

1. Promotion is granted on the basis of the performance of the pupil during the entire session
2. 85% attendance (90% for Student Pass Holders) is imperative.
3. A student must secure at least 45% in all the subjects in both the semesters for fulfilling the pass criteria.
4. In case the pupil has secured 40% in one subject and secured 45% in all the other subjects and has achieved a consolidated aggregate of at least 45%, he/she may be considered for promotion in the 'weak pass' category.
5. Conditional promotion may be granted to a pupil whose score in any two subjects is 40% but s/he has achieved a consolidated aggregate of at least 45%. However, s/he has to appear for and pass the re-tests to be eligible for promotion to the next class.

Student must be present for all exams, otherwise s/ he will not be eligible for any award.

**** The policies are subject to change and will be intimated accordingly***

Co-Scholastic Grades: The grades obtained in different co-scholastics will be converted into grade points by using a conversion scale.

22) Student Attendance Policy

Student Attendance Requirement Guidelines

- The School encourages all its students to be regular and punctual for their daily classes. Please note the attendance requirement and leave application guidelines as mentioned below:
- All students on a 'Student Pass' (irrespective of the classes they are studying in) should have a minimum attendance of 90% per month.
- All non-Student Pass holders from Class 6 onwards should have a minimum attendance of 85% per semester.
- All non-Student Pass holders from Kindergarten up to Class 5 should have a minimum attendance of 75% per term (can be relaxed at the discretion of the Principal).
- Immigration and Checkpoints Authority of Singapore (ICA) will be notified by the school whenever a student on Student Pass is absent continuously for more than seven (7) days or if the monthly attendance is less than 90% without a valid reason.
- Students on a Student Pass must submit a valid medical certificate to their class teacher, whenever absent on medical grounds.

Guidelines regarding communication of leave of absence for the student:

- A leave request for the ward(s) giving details of reasons and the specific dates for which leave is sought, should be made by the parent to the class teacher over e-mail or by sending a handwritten letter. If the duration of leave exceeds two (2) days, the parent is required to e-mail the School Principal.
- Diary note for absence will not be accepted, as it cannot be filed with the leave records by the class teacher.
- Phone calls will not be accepted for leave requests.

Please note that as per regulatory requirements, failure to comply with 90% attendance prerequisite and continuous absence of seven (7) or more days without a valid reason by students on 'Student Pass' may lead to cancellation of their Student Pass by the ICA, as the school will be regularly reporting attendance details to ICA.

Application and Renewal of Student Pass

For those students who do not hold a Dependant Pass and are not Permanent Residents of Singapore, and wish to apply for a Student Pass, GIS will assist students in their application. The Student Pass is issued by the Immigration and Checkpoint Authority (ICA), Singapore.

Please note that it is the responsibility of the parent to contact the school prior to expiry of the Student Pass, in order to apply for a renewal. Parents are required to contact the Admissions Department to request for a renewal.

23) Student Suspension & Expulsion Policy

Suspension from School Policy

What is suspension?

Suspension is the temporary removal of a child from school for violation of school policies and or school rules. It is a warning sign of unacceptable behaviour that needs to be addressed immediately. School suspension must be taken seriously and here's what parents and students need to know:

Suspension is a serious disciplinary action in which a student is removed from the regular classroom for a day or longer. Only the Principal has the authority to suspend a student. When an incident report is raised by a teacher / staff to the Discipline Committee, it is brought to the notice of the Principal.

Reasons for suspension

The reasons include (but not limited to) the following acts by a student whether during the school hours or after and whether inside the school premises or outside. Please note that any breach listed in the 'GIS Code of Conduct' may also be deemed as a reason for suspension: (Please refer to the GIS Code of Conduct)

1. Physical assault on peers, teachers, staff
2. Possession of weapons, drugs, alcohol, cigarettes and /or any articles prohibited by the school or law
3. Smoking
4. Use of drugs or alcohol
5. Vandalism including graffiti
6. Public display of affection in school campus or when in school uniform
7. Theft
8. Defiance or disregard to teachers
9. Threats and/or use of words like kill, bomb and others that connote a threat
10. Use of abusive language
11. Sexual harassment
12. Cyber-crime like hacking or misuse of social media websites
13. Rioting
14. Misbehaviour
15. Bullying
16. Ragging
17. Harassments of all sorts
18. Breach of School's Code of Conduct and/or guidelines for students issued by the school from time-to-time
19. The student or his/her parent is convicted for an offence involving honour, honesty or public morals and order
20. Discouraging the public in seeking admissions or encouraging them in withdrawing admissions from the school
21. Defaming the school or its teachers or management in public or carrying out unlawful activity against the school or its teachers or disclosing incorrect information about the school so as to

- bring ill-repute to the school or its teachers or its present employees or the institution as a whole
22. The student or parent is discovered to have misled or cheated the school by way of submitting false or fake documents/certificates or made incorrect statements to the school
 23. Passing anti-national remarks or participating in any anti-national activities or involved in any unlawful activity
 24. Any other act or behaviour of a student and/or his/her parent which in the opinion of the Principal is likely to have an adverse effect on the reputation and/or goodwill of the School or the School Management.

Types of suspension

In-school Suspension (ISS)

ISS is usually for less serious acts. The decision taken is based on the nature, frequency of occurrence and severity of the act. [Students](#) serve the suspension in a special classroom, supervised by school staff. They are denied participation in school activities. The school will provide the student with suitable work to do which will be marked by a teacher. In-school suspension is recorded (ISS-R) in the student's data file in the case of students from Class 6 to 12 and is not recorded (ISS-N) in the case of primary students.

Out-of-school Suspension (OSS)

A student is not allowed in the campus during the suspension with the only exception of scheduled meetings with school officials. Suspension is for a given period of time. Out-of-school suspension can lead to expulsion depending on severity of the act and/or at the discretion of the Principal.

1. Procedure for OSS:

Once an incident report is considered for out-of-school suspension the following steps are taken:

1. Case of indiscipline reported to the Discipline Committee
2. The Principal calls for a meeting with the Discipline Committee
2. Issue of letter of suspension. The letter of suspension from the Principal's desk will clearly state the period and reason for the suspension
3. Conference with the parent(s)
 1. Parents to be provided with first-hand accounts of the student's violation of the code of conduct, reasons for suspension, details of the incident including statements made by school staff, the expected duration of the suspension and recommendations for helping the student
 2. The school counsellor to be present in the meeting
 3. The student concerned to be present at the meeting
 4. An opportunity to the student concerned to be provided for a hearing attended by the Principal and members of the Discipline Committee
 5. An initial suspension may be for a period up to five days. With the approval of the Country Director and the Management of the School, the Principal may extend the suspension at his / her discretion

Expulsion from School Policy

What is an expulsion?

Expulsion is permanent removal of a student from school for violation of school policies and or code of conduct. Expulsion generally follows, but is not limited to, an out-of-school suspension.

The school expels a student as a last resort after trying to improve the student's behaviour through other means. However, notwithstanding the aforesaid, the school may in case of exceptional circumstances decide / take action to expel a pupil for a 'one-off' act.

The decision to expel a student can only be taken by the Principal in consultation with the Discipline Committee and with the approval of the Country Director and/or the Management of the School.

Why expulsion?

Expulsion may be (but not necessarily) a last resort in case of serious act and/or a consequence of (but not limited to) the following acts by a student whether during the school hours or after and whether inside the school premises or outside:

1. Suspension
2. Breach of GIIS Code of Conduct (Please refer to the GIIS Code of Conduct)
3. Carrying weapons or firearms to school
4. Making a bomb threat to school, peers, teachers or community or nation
5. Deathly physical assaults
6. Use of abusive language, sexual harassment
7. Passing anti-national remarks or participating in any anti-national activities or involved in any unlawful activity
8. Possession of drugs or drug trafficking
9. Any of the acts mentioned in Clause 2 above (Reasons of Suspension) if in the opinion of the Principal or the Discipline Committee, expulsion is the appropriate action in such a case
10. Any other act or behaviour which in the opinion of the Principal and/or the Discipline Committee is of a serious nature

Procedure for Expulsion

1. Case of indiscipline reported to discipline committee
2. The Principal calls for a meeting with the Discipline Committee
3. Approval of decision by Country Director and/or the School Management
4. Expulsion letter is issued. The expulsion letter from the Principal's desk will clearly state the reasons for the expulsion
5. Conference with the parent(s)
 1. Parents to be provided with first-hand accounts of the student's violation of the code of conduct, details of incident including statements made by school staff.
 2. The school counsellor to be present in the meeting

3. The student concerned to be present at the meeting
4. Principal provides the student and the parent / guardian an opportunity to appear in person before the Board to challenge the reasons for the intended expulsion. The Board shall take the final decision regarding the expulsion of the student after hearing the contentions (if any) put forth by the latter or his / her parent / guardian
5. A written record of the meeting is maintained and the student's future education is a part of the discussion.
6. Once expelled from school the student is not permitted to enter school property, participate in extra-curricular activities, or attend school-sponsored events.

24) Hand phone and Digital Device Policy

Responsibility of the Student

The school allows students to carry hand phones but does not allow use of hand phones within the school premises without prior permission. In case, if a parent needs to communicate with his/her ward during school hours, they can call the school office. The school also has a coin phone for student use.

Students from Classes 6-12 can carry phones. However, following rules must be adhered to:

1. Phones must be switched off at all times, when in the school premises.
2. If students need to contact their parents while in school, they can call from school office or use the coin phone.
3. Permission is granted only for the hand phones and school issued devices not for any other electronic devices, such as iPod, iPad, MP3 or any other electronic devices*.
4. The school will not be responsible for any loss or damage to the phone.

Responsibility of the management

1. The class teacher would share the Dos and Don'ts of using hand phone and digital devices on first day of every week.
2. Points will be reiterated during every assembly session and during morning announcements before school prayer begins.
3. Subject teacher would announce before starting the class on non-access of mobile phones.
4. Announcement is made during transit time.
5. Posters on no mobile phones to be displayed in each class.
6. The teacher will clearly state equipments/devices permitted in school.
7. The teacher will regularly remind students about safe-keeping of their personal hand phones.
8. The class teacher/coordinator will check for any equipment that is not permitted in school.
9. Any behaviour that interferes with the primary objectives of the policy will be considered as an infringement of the school policy.

Corrective Measures

1. If a student is found using a phone while in class, or outside the class within school premises, the phone will be confiscated for 24 hours. Mail will be sent to parent by the Class Teacher. Phone will be returned by the Class Teachers on the following day.
2. Second time offence - the phone will be confiscated for 7 Days
3. Phone can be confiscated by any teacher / Coordinator (COD) and will be handed over to respective COD. COD maintains a month wise list of number of violation cases and instructs class teacher accordingly. For first time offence class teacher returns the phone after a day. For second time offence discipline head returns the phone to parent after 7 days.
4. Confiscated phone will be labelled and handed over to discipline head and will be returned to the student after a day / week based on number of times of offence.
5. Repeat of offence, even after issuing of notifications to parents, will result in confiscation on a non-returnable basis.

In the event that a student brings a hand phone and loses it within the school premises, he/she is advised to report the incident immediately to a teacher or staff member. The school reserves the right not to conduct an extensive investigation or search that may lead to a loss of valuable curriculum time.

25) LANGUAGE POLICY

Introduction

The Language Policy document of Global Indian International School purports to explain how multilingualism is promoted to achieve intercultural understanding and international-mindedness. The document will also provide an insight into how languages are used in the working, formal and informal situations in the school context, taking into consideration the requirements of the various curricula offered and individual student needs. Though it is explicit that there has to be one common language, freedom is granted to the students taking into consideration the linguistic complexity that prevails in these environs.

The Central Principles

1. GIIS identifies language as the supreme mode of communication and strives to equip the students with capabilities to succeed in a multilingual context
2. All students need to be encouraged to use the linguistic and the literary aspects of languages to use them to communicate and also comprehend the cultural elements associated with them
3. With a focus on multiculturalism, embracing new beliefs and practices happens through language studies
4. Values of empathy and tolerance begins with better communication, understanding of differences and respect for cultural and linguistic identity

Working Language

A language profile of expected students studied has shown that students come from backgrounds where English is as widely used as their mother-tongue. All our students being children of expatriates or residents of Singapore, the school needed as its First Language a global and more comprehensive language like English. It is the language in 'which the organization communicates with its stakeholders and in which it is committed to providing all services needed for the implementation of the programs.' All communication on the school websites, all promotional material and other official documentation is through English.

As the world grows more mobile and close, we believe that a student's First language need not only be a mother-tongue. In fact, in order to forge better understanding of cultures and in order to equip our students with the proficiency to step out of a monolingual and mono-cultural setting, the school had decided to adopt English as its First language and the language of instruction.

All teachers at the Global Indian International School are language teachers in the sense that everyone, besides the Second Language teachers, communicate with their students and teach their subjects in English. Hence, the teaching and use of English is not limited to the English classrooms. English is the Language of Instruction and the Response language at GIIS. The teaching of English as a language and literary subject is started early, in the primary years and is gradually increased over the years as the students' progress to secondary classes.

Languages Taught at GIIS

Global Indian International School will provide language education programs based on

1. The principles and practices of NCERT India
2. The principles and practices of IGCSE
3. The principles and practices of IBDP
4. The principles of UN Declaration of Human rights

The three different curricula offered at the secondary level at GIIS have English as the First language. Consequently, all students who seek admission into the IB Program have at least undergone 10-12 years of education of English as First Language. The choice of English therefore becomes naturally the A1 (Group1) subject.

English

GIIS offers English A: Literature at both SL and HL levels. The subject is transacted by highly qualified and proficient teachers. The school ensures that all English teachers receive IB training at workshops. The texts chosen at our school expose our expatriate students to various other cultures.

The English classes seek to promote and develop students' ability to enjoy the experience of reading literature in three major genres, fiction prose, poetry and drama, from different periods and cultures, nurturing in them the abilities to recall, narrate, summarize, select relevant detail, distinguish viewpoints, comment on plot and characterization, draw inferences, state opinions, explore themes, analyse the plot and evaluate and interpret writing using the critical terminology.

Listening, Speaking, Reading and Writing skills are developed to improve and enhance communication and presentation. The different literary genres are taught and students are encouraged to emulate structural patterns and forms. The English courses essentially focus on the development of critical reading of a wide variety of literary works.

ESL - for English Language Learners in the CBSE program

CBSE does not formally offer the ESL program, however, to assist our foreign language-speaking students in keeping pace with mainstream English classes, ESL is offered from grade 3-7. The ESL program is classified as being offered under L2 options.

The course is aimed at enabling foreign students to fortify their English skills and perform effectively in the CBSE mainstream English language course. Following are the objectives:

- To improve speaking, writing, reading and listening skills.
- To reinforce grammatical concepts taught in mainstream English lesson.
- To enable students to use functional English competitively in academic and everyday situations.

The ESL teachers instruct a minimum of 2 hours every week and use a variety of second language instructional strategies to develop and improve students' language proficiency like story or text retelling, thinking maps, role playing, journal writing, language experience approach (LEA), total physical response (TPR) and others.

All assessments conducted are internal through examinations and formative assessments.

ESL- for English Language Learners in the IGCSE program

The IGCSE ESL program is offered to students from grade 8-10. The students who are allowed to opt for ESL do not take English as First language.

IGCSE ESL Program is tailored to meet the linguistic, academic, and affective needs of students. Following are the objectives-

- Provides LEP (Limited English proficiency) students with the instruction necessary to allow them to progress through school at a rate commensurate with their mainstream English speaking peers
- Help students to gain proficiency in functional English to perform successfully in academics.
- Develop learner's ability to use English effectively for the purpose of practical communication.
- Form a solid foundation for the skills required for further study or employment using English as the medium.
- Develop learner's awareness of nature of language and language learning skills
- Promote learner's personal development by providing international exposure through the curriculum.

The ESL teachers instruct a minimum of 2 hours every week and use a variety of second language instructional strategies to develop and improve students' language proficiency like story or text retelling, thinking maps, role playing, journal writing, language experience approach (LEA), total physical response (TPR) and others.

English as a Second Language (ESL) for the IBDP

In the Diploma Programme, non-native speakers are supported in reaching proficiency in English by receiving supported ESL lessons each week, depending on need. ESL classes provide students with a supportive, protected environment in which they can try out their language skills and develop confidence in their abilities. This support occurs either in the student's classroom or in a smaller group situation.

In their regular classroom situations, teachers are aware of the ESL students' needs and modify or differentiate lessons accordingly. In this way the student not only achieves competency in meeting academic goals, but is also able to participate in school culture and become a fully integrated member of our community.

Our English Language Learning programme includes:

- An initial assessment of a student's English level in the skills of speaking, listening, reading and writing
- Determination of the kind of support the student needs, i.e., in-class support, small group instruction, intensive support in the initial phase, or specific skill focus
- Some initial, intensive language focus on the basics of English, such as terminology like: letter, word, sentence, paragraph, essay; sentence structure; descriptive words; verbs; greetings; calendar/time vocabulary
- Support for literacy depending on the grade level
- An environment where English Language Learners feel comfortable and safe so that they are willing to take risks in learning the new language
- A way to monitor the student's progress and needs through ESL testing, observing performance within the classroom or small group, and skill development
- Affirmation of the student's home language and continuous improvement of it outside of school
- More appropriately leveled books, books on tape, and videos in English

Hindi/Tamil

At GIIS, Hindi and Tamil as second languages are offered from Grade 1 and continued till Grade X CBSE and IGCSE. After successful completion the students have the option to take Hindi/Tamil languages under Language B course in the IBDP. However, in GIIS IBDP program, Tamil is offered at the SL only.

The objective is to develop language skills, intercultural understanding and expand an awareness of the world and fostering respect for cultural diversity.

As per the guidelines set by different boards such as CBSE, IGCSE and IBO, syllabus content is divided into units consisting of lessons, topics and activities as per the weightage.

Teaching hours are allocated accordingly. Activities are designed to provide the language learning opportunities for enjoyment, creativity and intellectual development.

Under IBDP, SL and HL are differentiated by the recommended number of teaching hours, the depth of syllabus coverage, the study of literature at HL and the level of difficulty and demands of assessment and assessment criteria.

The core (common to both levels) is divided into three areas and is to be a required area of study –

1. Communication and media
2. Global issues
3. Social relationships

In addition, at both SL and HL, teachers select two from the following four options -

1. Cultural diversity
2. Customs and traditions
3. Health
4. Individual and Interactive oral activity

The students are assessed for language skills (Listening, speaking, reading and writing) mainly on three areas

- 1) Language - handling the language system accurately (grammar ,syntax, etc)
- 2) Cultural interaction – selecting language appropriate to a particular cultural and social context
- 3) Message- understanding ideas and how they are organized in order to communicate them appropriately.

Varied teaching methods such as A/V (Audio & video) clips, debates, and project based assignments, group discussion, lecture and strategies such as games, group activities like quiz, dialogue, debate, projects assignments using modern technology are used.

For improved academic performance, remedial classes and assistance for students through worksheets, assignments and model papers are encouraged.

French

GIIS offers foreign languages to help increase listening ability, memory, creativity and critical thinking - all of which are thinking processes that increase learning in general. Accordingly, students in GIIS start their language acquisition early, from Grade 1. French is offered in all curricula – CBSE, IGCSE, and IBDP.

The primary students in GIIS start with the basics of French as a second language, acquiring over a period of five years, an extensive vocabulary with grammatical and oral skills.

In Grade 6, 7 and 8 – CBSE, French is offered as a second and a third language. French is offered as second language in Grade 9 and 10.

In IGCSE, French is taught from Class 8 to Class 10. The syllabus incorporates all the four skills vital to language acquisition, namely - Reading, Writing, Speaking and Listening. The school has opted for French 0520 course prescribed by CIE.

In IBDP the school offers French Ab Initio and French B SL. In French Ab Initio, no previous knowledge of French is assumed. The students learn to deal with everyday situations in a francophone country with an appreciation for French culture and civilization. The teachers use a large variety of materials to facilitate oral and written communication. At the end of the course the student is expected to have a reasonably fluent command of the language.

The French B SL course target students with at least a basic certification in French at the previous level. Along with oral and written command of French the student is also expected to acquire deeper understanding of cultural perspectives, socio-political issues and customs and traditions in francophone countries. A wide range of methodologies and teaching aids are used in the transaction of the syllabus. To facilitate acquisition of oral communication skills websites like Sound cloud, Wikispace and Edmodo are used.

Different strategies are incorporated in the language learning process using a holistic instructional approach using communicative, AV as well as the traditional grammar - translation methods.

School-supported self-taught students

Self-taught students study language A: literature (Bengali) at SL only. They will be expected to meet the same syllabus requirements as other SL students studying language courses in school, but with the following exception - In part 4, all three works must be chosen from the Prescribed List of Authors (PLA). Whenever possible, self-taught students are given assistance with specific aspects of their studies, either in a special class for the self-taught students or in a class of students studying a language A taught in school. This is useful in equipping self-taught students with the information and skills necessary for carrying out the part 1 written assignment task, and for answering paper 1 and paper 2.

Additionally, they are also guided in choosing extracts in preparation for section 1 of the alternative oral examination and in preparing for their individual presentation for section 2 of the oral.

A. Introduction & Background

In every community and country, children and adolescents are the most important natural resource. Their well-being, capabilities, knowledge and energy will determine the future of villages, cities and nations around the world. Education today, is no longer teaching the three R's. The aim of education is to help children grow into productive, capable citizens who can help their communities grow and prosper.

To achieve their potential, school children must participate fully in educational activities. To do this, they must be healthy, attentive and emotionally secure. Schools can help promote the health of staff, families and community members as well as the health of students. There is much evidence to support the interrelationship between education and health; **at Global Indian International School (GIIS), we believe in holistic development of our students in an inclusive environment.**

B. Philosophy: Health promoting school

According to World Health Organization (WHO, 1996), A Health-Promoting School views “health” as physical, social and emotional wellbeing. It strives to build health into all aspects of life at school and in the community. A health promoting school is one that constantly strengthens its capacity as a healthy setting for living, learning and working.

From country to country, even within different regions and communities of one country, GIIS schools have distinct strengths and needs. By building on those strengths and drawing on the imagination of students, parents, teachers and administrators, at every GIIS school can find new ways to improve health and address health problems. This is at the heart of the process of becoming a Health-Promoting School.

As a Health Promoting School, GIIS:

1. Engages health and education officials, teachers, students, parents, and community leaders in efforts to promote health, with

- a. families and community groups involved in the school

- b. school/community projects and outreach
- c. health promotion for school staff
- 2. Strives to provide a safe, healthy environment, including**
 - a. sufficient sanitation and water
 - b. freedom from abuse and violence
 - c. a climate of care, trust and respect
 - d. social support and mental health promotion
 - e. safe school grounds
 - f. opportunities for physical education and recreation
- 3. Provides skills-based health education, with**
 - a. curricula that improve students' understanding of factors that influence health and enable them to make healthy choices and adopt healthy behaviours throughout their lives
 - b. curricula that include critical health and life skills, a focus on promoting health and well-being as well as preventing important health problems, and information and activities appropriate to children's intellectual and emotional abilities
 - c. training and education for teachers and parents
- 4. Provides access to health services, with**
 - a. services of screening for academic, emotional and developmental difficulties
 - b. school nurse for providing first aid and monitor and address immediate physical health concerns and injuries
 - c. partnerships with local health agencies that will provide services
- 5. Implements health-promoting policies and practices, such as**
 - a. an overall policy supported by school administration and management as well as teaching practices that help create a healthy psychosocial environment for students and staff
 - b. policies on equal treatment for all students
 - c. policies on drug and alcohol use, tobacco use, first aid and violence that help prevent or reduce physical, social and emotional problems
- 6. Strives to improve the health of the community by**
 - a. participating in community health projects

GIIS strives towards health promotion and prevention programmes through Universal, whole school programmes and targeted approaches for children with special education needs (SEN).
- C. Terminology & Definitions**

1. Special education needs

Students have the intellectual capacity to meet all curriculum and assessment requirements.

However they require special arrangements to demonstrate their level of achievement.

They may display the characteristics of one or more of the following special educational needs.

Specific learning issues, language and communication disorders

- a. Significant issues in reading, writing, spelling or manipulating numbers associated with issues in processing symbolic language (for example, problems interpreting music notation, dyslexia, dyscalculia)
- b. Speech and language issues characterized by communication problems (for example, aphasia, dysphasia, articulation problems)

Social, emotional and behavioural issues

- a. Includes: attention deficit disorder (ADD)/attention deficit hyperactivity disorder (ADHD); autistic spectrum disorders; withdrawn, depressive or suicidal attitudes; obsessive preoccupation with eating habits; school phobia; substance abuse; disruptive antisocial and uncooperative behaviour; and anger, frustration and violence

Physical and sensory conditions

- a. Physical disabilities include a wide range of conditions that are not always immediately obvious, but affect mobility
- b. Sensory issues: hearing—embraces an extensive range of hearing loss from mild to profound and can present communication difficulties; visual—includes difficulties with either the structure or function of the eye, affecting vision

Medical conditions

- a. The most common being: congenital heart disease, epilepsy, asthma, cystic fibrosis, haemophilia, sickle cell anaemia, diabetes, renal failure, eczema, rheumatoid disorders, allergies, leukaemia and other cancers

Mental health issues

- a. A wide range of conditions that can affect a person's state of mind, ranging from psychotic conditions, such as schizophrenia and manic depression, to eating disorders, anxieties and emotional distress caused by circumstances in a candidate's life

2. The Inclusive School

The fundamental principle of the inclusive school is that all children should learn together, wherever possible, regardless of any difficulties or differences they may have. Inclusive schools must recognize and respond to the diverse needs of their students, accommodating both different styles and rates of learning and ensuring quality education to all through appropriate curricula, organizational arrangements, teaching strategies, resource use and partnerships with their communities. There should be a continuum of support and services to match the continuum of special needs encountered in every school.

Salamanca Framework for Action, 1994

D. Current Provisions in Singapore

Ministry of Education's (MOE) goal for the education of students with Special Educational Needs (SEN) is to enable each student to optimize his potential and prepare him to participate in and pursue a productive and meaningful life in the society. MOE adopts a differentiated approach to cater to the needs of students with SEN by placing them in the appropriate educational setting that can best serve their needs. Students with mild SEN and have the cognitive abilities and adequate adaptive skills to learn in a large-group setting are supported in mainstream schools. Those who require intensive specialized assistance in their education to fully optimize their potential attend government funded Special Education (SPED) schools run by Voluntary Welfare Organizations (VWOs). These schools have customized facilities and specially trained teachers and allied health professionals who cater to the students' specific needs. There are 20 SPED schools which offer customized educational programmes to meet the learning needs of students with disabilities such as Mild Intellectual Disability, Moderate to Severe Intellectual Disability, Autism Spectrum Disorder, Multiple Disability and Sensory Impairment.

E. RESPONSIBILITY

Inclusion is an ongoing process that aims to increase access and engagement in learning for all students by identifying and removing barriers.

(Learning diversity and the IB Programmes: Special educational needs within the International Baccalaureate Programmes, 2010:3)

In keeping with the philosophy of health promotion and responding to the diverse learning needs, the primary stakeholders are:

- a. School administrators i.e. Principal, Academic Supervisors, Coordinators School management and curriculum development team
- b. Teachers, students, staff
- c. Parents & caregivers

At GIS, Singapore, the designated department for these efforts is the **Student Support Department**, under the direct leadership of the school Principal. GIS provides for:

- a. A full time School Counselor for identification and management of Special education needs defined earlier
- b. A full time Career Counselor

F. Special Education Needs (SEN) in Primary School

1. Behavioral, Social, Emotional & Developmental issues

- a. For students who have been **already diagnosed** with conditions such as Attention deficit disorder or attention deficit hyperactivity disorder (ADD/ADHD), autism spectrum disorders, speech and language delays etc. and the information **is shared** at the time of seeking admission
 - I. Pre admission evaluation to assess the severity of the challenges and assess if the school can adequately address them with the existing resources
 - II. Post admission, regular class room observation to identify challenging behaviors, regular support and psychoeducation with the class teacher for classroom management strategies
 - III. Individualized Behavior modification plan targeting specific areas such as inattention, impulsivity, disruptive behaviors
 - IV. Individual sessions with the students for enhancement and development of organization skills, social skills, time management, group participation skills etc

- b. For students **who are referred to the counselor** with recurrent behavioral problems via the academic supervisors
 - I. Parent meeting to apprise them of the concerns and gather background information and history
 - II. After parental consent, individual session with the child for screening and ruling out behavioral and emotional disorders

- III. Behavior modification, individual sessions, classroom management, strategies in collaboration with the class teacher
- IV. Parent education for seeking formal diagnostic/ evaluation from recognized Child Development Centers

2. Learning Specific Issues

- a. For students who have been **already diagnosed** with conditions such as dyslexia, dysgraphia and dyscalculia and have documentation from recognized institutes
 - I. Apply for student specific appropriate exam accommodations from the relevant educational boards (IGCSE/CBSE) such as extra time, scribe, and exemption from third language during Board Examination
 - II. Provide similar accommodations during internal school assessments
 - III. Testing and assessment in a separate area with the school counselor who can provide support such as reading the question paper, transcribing the answer in case it is illegible due to spelling errors or illegible writing and/or act as a prompter
 - IV. Assignment of peer tutor/buddy for ensuring that class work completion, accurate record of homework assignments and other communications in the almanac etc.
 - V. Individual counselling for building self-esteem and prevention of spiraling of co-existing behavioral problems
- b. For students who are suspected of SLD's based on school screening
 - I. Psychoeducation with the parents and motivating them to seek formal diagnostic evaluation from recognized Child and Adolescent Health Departments

3. Medical conditions or Health Related Issues

In conjunction with the school nurse and academic coordinators, sensitize the teachers to the nature of illness and its possible impact on behavior and academics. Specifically,

- a. Provide for appropriate accommodations in the attendance requirements of the school

- b. Ensure up to date academic material including notes, photocopies, and assignments etc.
- c. Consider limited portions during internal examination
- d. Extension in deadlines where appropriate
- e. Consider expanded role of the school nurse in administering and/or monitoring medication, if so requested by the parents
- f. Individual counselling for dealing with stress associated with chronic illnesses

G. SEN in IB Diploma Programme

GIIS concurs with the IB belief that all students should be allowed to demonstrate their ability under assessment conditions which should be as fair as possible.

The school will authorize special arrangements which do not require pre approval of IB Board as detailed in *Candidates with assessment access requirements (July2014)* whenever it is determined that SEN student is at a disadvantage and cannot demonstrate his/her level of attainment.

1. At the discretion of the coordinator (or head of school), the following arrangements are permitted in examinations without prior authorization from the IB Assessment Centre.
 1. A candidate is permitted to take an examination in a separate room if it is in the best interests of the candidate or other candidates in the group. For example, lighting may be a particular consideration for a candidate with a visual impairment, or a room with an echo may be difficult for a candidate with autism. Furthermore, a candidate's condition or the nature of the inclusive assessment arrangement (for example, a scribe, a computer) may disturb other candidates, in which case a separate examination room is justified. If the examination is taken in a separate room, all regulations governing the conduct of IB examinations must be observed. The candidate must be kept under the constant supervision of an invigilator.
 2. The coordinator may arrange for appropriate seating to meet the needs of individual candidates (for example, sitting near the front may be appropriate for a candidate with vision or hearing difficulties).
 3. An assistant, if necessary a nurse, may be in attendance if this is necessary for the welfare or safety of a candidate. The assistant must not be another candidate or a relative of the candidate.
 4. A candidate who normally uses an aid (for example, a coloured overlay, a Braille slate, a sound amplification device, a radio aid, a hearing aid, a low vision aid, a magnifying aid, coloured filter

lenses) is allowed to use the aid in examinations. Note: It is in breach of regulations if candidates are found in possession of any other mobile devices in the examination room.

5. A candidate with a hearing condition may receive instructions from a communicator. This arrangement must be confined to explaining the conduct of the examination and the instructions in an examination paper. The communicator must not convey information about any aspect of a question in the paper without prior authorization from IB Assessment centre.
6. If a candidate has difficulties in reading or attention, test directions may be clarified by the invigilator or a designated reader. This arrangement must be strictly confined only to clarifying the directions and the instructions and not the content of the questions.
7. Magnifying devices to enlarge and read print may be used by candidates with vision issues. These may include magnifying glasses and line magnifiers.
8. For a candidate who has colour blindness, the coordinator (or invigilator) is permitted to name colours in an examination paper (for example, on a map in a geography examination). However, no other form of assistance may be given without authorization from the IB Assessment centre.
9. A candidate who is hypersensitive to sound is permitted the use of noise buffers such as headsets, earplugs and individual workstations with acoustic screens. If an individual workstation is employed, all regulations governing the conduct of IB examinations must be observed. The candidate must be kept under the constant supervision of an invigilator.
10. A candidate may be permitted rest breaks if required to do so due to medical, physical, psychological or other conditions. The amount of time permitted for rest breaks is not counted towards the duration of the candidate's examination. Rest breaks must be supervised to ensure that the security of the examination is maintained. There must be no communication with, or disturbance to, other candidates. The amount of rest time and number of breaks permitted must be pre-determined and will depend upon the candidate's circumstances, although 10-minutes per hour is the general recommendation. During a rest break, the candidate is not permitted to read, respond to the examination paper or write notes of any kind. Candidates may be allowed to leave the room for all or part of the rest periods. For example, a candidate with diabetes may be provided rest breaks to check blood sugar levels and take medication. If a candidate's personal examination timetable is such that, with rest periods and additional time more than six and a half hours of examinations would take place in one day, rescheduling should be requested.
11. A candidate may be permitted the use of a prompter due to attention issues, psychological or neurological conditions. A prompter would ensure that a candidate pays attention to the examination. The use of the prompter should not disturb other candidates. The coordinator or

invigilator may act as a prompter, but the examination must be conducted according to IB regulations. In all cases, the prompter may only prompt the candidate and not provide any form of assistance. The prompt may be a gentle tap on the candidate's arm or desk/table but should not be given verbally. The prompter must not draw the candidate's attention to any part of the examination paper or script. The prompter should be familiar with the candidate's behaviour so that he/she knows when the candidate is off-task. The candidate should be familiar with the kind of prompt that he/she would likely receive from the prompter. The prompter should be in a position that provides a view of the candidate's disposition rather than his/her work. The candidate should not feel as though he/she is under pressure or scrutiny.

12. At the discretion of the coordinator, a candidate may be given additional time to complete assignments during the two-year programme (for example, the extended essay, the theory of knowledge (TOK) essay) without authorization from the IB. However, if an extension to the deadline for the submission of work for assessment is required, the coordinator must contact IB Answers (See section 4.7 Access to extensions and exemptions).

School will seek prior authorization from the IB Assessment centre for all other arrangements. If a Diploma Programme candidate has difficulties meeting the requirements for creativity, action, service (CAS), IB Answers will be consulted.

In collaboration with the Counsellor, Parents, School's IB Coordinator and recommendation of outside experts, application for special arrangements is made as outlined in the publication

Candidates with special assessment needs. The accommodations can include:

- a. Modifications to exam papers—size of font, coloured paper
- b. Extensions to deadlines
- c. Assistance with practical work
- d. Additional time
- e. Rest periods
- f. Information and communication technology
- g. Amanuenses/scribe and transcription
- h. Readers

In alignment with IB's principle of affirming identity and building self-esteem, the school counselor carries out the following Universal programmes:

- a. Psychoeducation sessions with all the grades (IB YR 1& 2, IGCSE-8, 9, 10 and CBSE 1 to 12 for promoting personality development. The topics covered in these

interactive sessions with participatory methodology are based on an yearly needs assessment. Effort is made to incorporate suggestions and feedback from significant stakeholders (students, teachers, parents)

- b. Students are encouraged to seek individual support from the Student Support Department for the common adolescent development issues related to family, friends, self-esteem, conflicts, relationships, educational choices etc.
- c. Parental awareness and psychoeducational programmes are carried out twice a year to address topical issues such as internet safety, building resilience, and improving communication with adolescents, limit setting etc.

H. Documentation

In line with Role of SEN teachers in IB World Schools as suggested in the document - *Towards a continuum of International education 2008*, the school counselor maintains a detailed record for all the students with special education needs to monitor their progress and to facilitate communication about their needs. It includes:

- a. A history with background details of past experiences and family situation
- b. Copies of past assessments
- c. Reports from remedial teacher/speech therapist/occupational therapist or other professionals outside of the school
- d. Minutes of meetings with family, student, staff and other professionals
- e. Special interventions and strategies employed so far to assist learning
- f. Record of classroom observations
- g. Record of individual counselling sessions with the student

The documentation is used in making a case for accommodations to the relevant boards as well as to liaison with outside experts who may need school feedback and observation for monitoring progress of the individual.

27) Child Protection Policy

1. Philosophy

At Global Indian International School (GIIS) we recognise our duty and responsibility to protect and safeguard the interests of all children. Children have the right to feel safe, respected and secure. Children are able to grow and develop best in an environment that is free from danger, neglect and abuse. GIIS is interested in the well-being of our students and wider community at all times and will take necessary measures to protect them from all forms of neglect and abuse, be it within or external to the school premises. Our school fully recognises the contribution it must make to prevent abuse of children and to support pupils in school.

2. Terminology & Definitions

Child Abuse: ‘Any act of commission or commission by a parent or guardian... (or any other person)... which would endanger or impair the child’s physical or emotional wellbeing or that are judged by a mixture of community values and professionals to be inappropriate’ (Singapore Ministry of Social and Family Development 2002)

Categories of Abuse: Physical Abuse; Neglect; Sexual Abuse; Emotional and Psychological Abuse.

Safeguarding: The process of protecting children from abuse or neglect, preventing impairment of their health and development, and ensuring they are growing up in circumstances consistent with the provision of safe and effective care that enables children to have optimum life chances and enter adulthood successfully.

Significant risk of harm: ‘significant risk of harm’ is the threshold which justifies compulsory intervention in the best interests of the child.

3. Child Protection Procedure

The Principal is the Designated Person for Child Protection and in his/her absence it would be Vice Principal and if he/she is also unavailable then the senior most member of the Child Protection Committee would serve as the designated person.

3.1 Disclosure of abuse perpetrated outside of school

If a member of staff suspects a child has been abused or neglected by someone outside of school, the following procedures should be implemented:

1. GIIS staff will report concerns immediately to their Level Coordinator.

1. The Level coordinator will inform the Designated Person for Child Protection (DPCP). The DPCP (Principal/Vice Principal/ Most senior member of academic team) will involve the relevant members of the Child Protection Committee.

1. The school counsellor records all information and is responsible for keeping all records and evidence safe.

1. In the event of suspected sexual abuse happening, it is a requirement for the school to contact the Child Protection and Service (CPS) or the Police. For cases happening within the context of the family, the family should not be alerted to the allegations being made and the report can either be made with the police or CPS. For sexual abuse cases happening outside the context of the family, the family should be informed of the incident and a report needs to be made to the CPS/Police. The school should record any disclosure factually.

Please Note - The 'paramountcy principle' supports agencies making decisions in the best interests of the child, and this may mean not disclosing information to parents.

1. In the event of other forms of abuse, depending on the risk of harm to the child, the committee can decide to keep a watching brief or discuss the issues with parents or contact CPS for advisory discussion. The School Counsellor will record and follow up with the developments.

1. If there are obvious signs of harm, the student will be taken to the School Nurse immediately. If the student is in need of urgent medical attention, he/she should be taken to nearest hospital. If it is not possible or advisable to obtain parent consent the CPS should be contacted for consultation. Where we suspect the abuse has occurred or is about to occur and the child is unsafe and in imminent risk of further harm, we are committed to reporting the matter to

Child Protection Service

Helpline at 1800 777 0000 (office hours) or the Police

1. Where we suspect that the abuse has been perpetrated by someone close to the family or within the family network, the child protection committee member will contact the family and discuss ways on how the student could be kept safe and managed more appropriately. Full consideration should be given as to whether contact with the immediate family would increase the risk of harm.

3.2 Disclosure of alleged abuse perpetrated by a staff member

The following procedures apply where a member of staff has been implicated:

- I. Meeting with Student/Alleged Victim - The Principal/DPCP will communicate with the student/s directly along with the school counsellor. If there is more than one student who has been a victim of abuse, the students will be interviewed individually. A summary of what was learned from investigations will be made by the counsellor.
- II. The DPCP/Principal will co-ordinate interviews with any bystanders/witnesses and notes will be taken for Form 1.
- III. Meeting with Accused Staff Member - The accused staff member will be requested to attend a meeting with the Principal/DPCP and questioned regarding the accusations being made. The meeting will be documented. Notes from this meeting will be recorded on the Form 1
- IV. Contacting Parent/Caregivers - Parents/Caregivers of the student/s being questioned will be contacted by telephone by the Principal/DPCP and informed of the meetings that took place. The alleged victim's parents will be invited into school to discuss the issue face to face.
- V. The Principal/DPCP will be committed to taking action. Consideration will be given as to whether that member of staff should face suspension pending further investigations.
- VI. Communication with Child Protection Agency - The Principal/DPCP will report the matter to Child Protection Services Helpline at 1800 777 0000 (office hours) or the police after careful consideration of seriousness of offence. Parents of student victim/s will be made aware of their right to do this also. The Principal/DPCP will keep those directly concerned with the case up to date with developments.
- VII. Counselling - With permission from parents/caregivers, student victim/s and the suspected staff member will be offered in-school Counselling. Off-campus professional Counselling contact details will also be offered.

3.3 Disclosure of Abuse by another Student

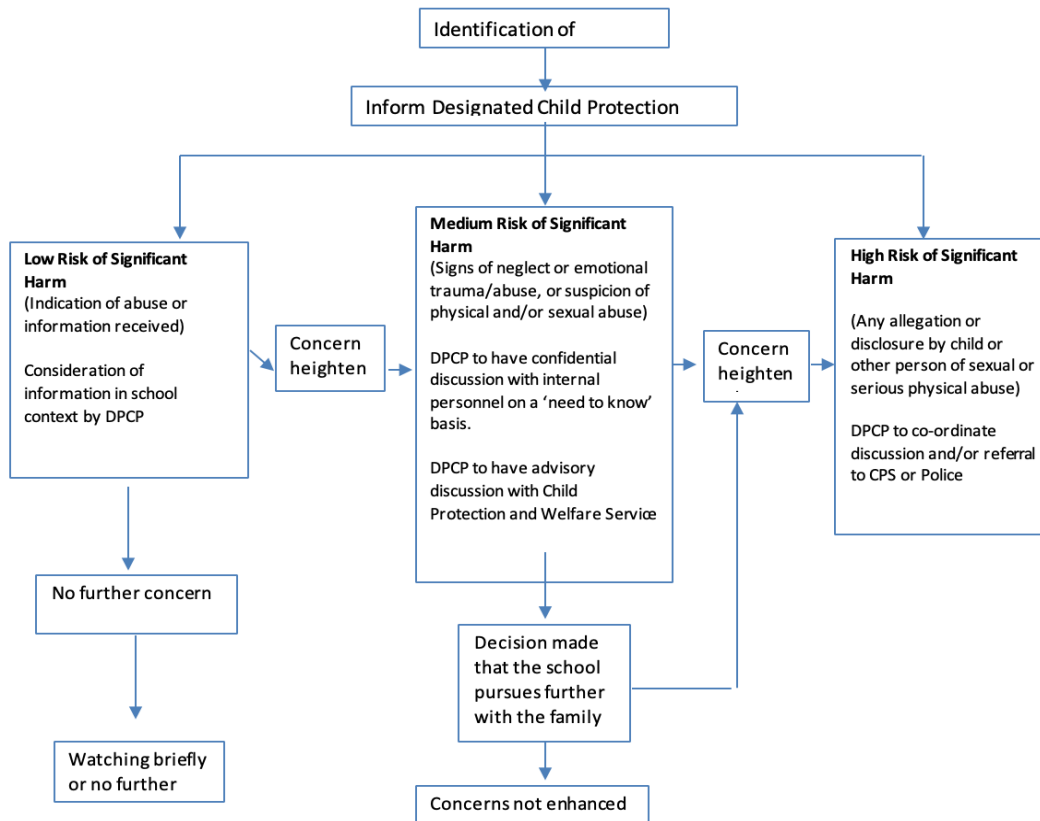

If a student in the school is suspected of abusing another student, the following steps should all take place within the school day.

- I. Initial Record of Concern - The adult who has suspicions of a student being abused by another child, or is approached directly by a student about being abused, completes a written statement, and hands it to the relevant academic level coordinator. The coordinator reaches out to DPCP who involves the relevant members.
- II. Meeting with Victim – The Academic level coordinator along with school counsellor will meet with the victim directly. In the case of more than one victim, children will be interviewed individually and a summary of what was learned from investigations will be made by school counsellor.
- III. Meeting with Bystanders – The Academic level coordinator along with school counsellor will communicate with possible witnesses, individually, about the abuse that has occurred, and make notes to contribute to Form 1.

- IV. Meeting with Accused Student/s – The Academic level coordinator along with school counsellor will meet and communicate with each of the student/s, accused of causing abuse individually. Notes from this meeting will be recorded on the Form 1.
- V. Consultation - Consultation and agreement between the Principal, Academic coordinator and School counsellor.
- VI. Parents of Accused Student/s Contacted - If abuse by student/s proves to be beyond doubt, the student/s are collected from wherever they are on the school campus and asked to bring their bags to Academic coordinators office. The parents/caregivers of the student/s accused of abuse towards another student/s will be telephoned to attend a meeting with the Principal/DPCP/Academic coordinator before being asked to take their child/children home for the rest of the day. An offer of Counselling for their child will be made.
- VII. Parents of Victims Contacted - Parents/Caregivers of the student/s who were abused will be contacted by telephone by the Academic coordinator and informed of the meetings that took place. The course of action will be explained regarding the student/s that carried out the abuse on their child and an offer of Counselling for their child made.
- VIII. Action – As per the school discipline policy the Principal will take action. In extreme cases, expulsions will be considered. Further consequences including an apology letter to victim/s, suspension and exclusion from upcoming events will be considered.
- IX. Communication with Child Protection Agency - The Principal and/or DPCP may report the matter to Child Protection Service Helpline at 1800 777 0000 (office hours) or the police after careful consideration of seriousness of offense. Parents of student victims will be made aware of their right to do this also.

4. Record Keeping

The School Counsellor should use Form 1 to record all information concerning a suspicion, allegation or disclosure of child abuse. All prior notes should be attached to this document. Form 1 should contain facts regarding the issue, the actions the school took and the actions the school decided not to take with explanation.

All records of Child Protection allegations, suspicions, or disclosures are maintained by the school counsellor and kept securely under lock and key.

28) Social Media & School Network Guidelines

Social Media

Social media is an evolving and rapidly growing communication platform, allowing for two-way social interaction between people and organisations. In short, social media is about people. Use of social media is reflective of individuals and of organisations they are associated with. The spread and reach of content posted on social media channels is vast; postings are available and can be viewed by people worldwide in seconds.

Social media is changing the way we use the internet to interact with one and another. It is rapidly becoming a part of our daily lives. Social media refers to online community sites including Facebook, MySpace and LinkedIn, file sharing sites such as Google Photos and YouTube; blogs, forums and micro-blogging sites like Twitter. These guidelines would be updated from time to time as new social media platforms, communities, trends and cultures develop.

The Global Indian International School's Marketing & Communications Team, along with assigned staff co-ordinators, are authorised to post content on its social media channels. GIIS recognises that social media is a two-way engagement and interaction platform, which facilitates an open dialogue and discussion of ideas that are beneficial for the organisation, and/or individuals in their learning capacity. Always be considerate and transparent about your engagement on social media channels, as you represent GIIS as an employee or student. Your online behaviour impacts the organisation's reputation and we encourage you to positively engage in sharing views and ideas on social media channels. As employees and students of GIIS, it becomes critical for us to stay connected and relevant.

Keeping the above in mind, remember:

1. Protect your own Privacy - Do not upload post or divulge any information that will compromise your privacy or professional confidentiality. Beware of scammers and identity thieves. Only accept invitations to share information from people you know. Utilise privacy settings to control access to your network, web pages, profile, post blogs, etc.
2. Identify with your own Identity - Always use your real name to post or share content on social media. If you are sharing or posting content on behalf of GIIS, and wish to promote school activities or achievements identify yourself as a student or staff member.
3. Maintain respect - Sharing content, thoughts and views with others is the ideal of engaging in social media. Always be respectful and avoid inflammatory, racist or offensive language. Do not upload offensive or explicit written, audio and video content.
4. Be responsible online - You are responsible for any content or comments personally made by you. Always maintain a clear and calm-minded approach for sharing any content online. Ensure that you always protect your privacy and do not insult, threaten or deride anyone on the grounds of caste, religion, race, nation, gender or circumstances in a manner that goes against GIIS' code of conduct.
5. Think before making any post - Social media has a strong 'viral' quotient, making any comment, post or sharing of thoughts, ideas or events reach out to people worldwide in a matter of seconds. Be mindful of what you post. Search engines and archival systems save information, which can be retrieved years after the post has been made.

6. Cyber Bullying - Cyber bullying is considered as an act of harassment. Do not indulge in this crime in any manner whatsoever.
7. Maintain Personal and Organisational Confidentiality - Do not post any information that is confidential personal or commercial information about GIIIS, its students, teachers or staff members. Posting the same may breach legal obligations or GIIIS' policies and procedures.
8. Privacy Settings - Only accept invitations to share information from people you know. Utilise privacy settings to control access to your network, web pages, profile, posts blogs, etc.
9. Manage your time spent online - Users should allocate a certain amount of time to using social media to avoid over usage and manage time for studies, co-curricular activities and other important work.
10. Plagiarism - Publishing your opinions, art, writing and other works makes them subject to plagiarism. Although an effective way to share your work, content online is public and can be used without prior permission and knowledge of the user. Users must be cautious of what is published to maintain the genuineness of their work. At the same time users must also not plagiarise online content and must be aware that it is important to give appropriate citations and references.
11. Precautionary use of photo uploads - Social media involves photo-based communication, and a large number of images. These can be manipulated and used in other areas without the user coming to know. Hence, caution should be exercised to protect your identity, and above all, integrity.

Guidelines for posting on Facebook and other Social Media platforms

Any post on school page that is offensive, defamatory, off subject, abusive, or selling external services, events or activities will automatically be marked as spam and removed.

No parent or student shall give misleading facts / opinions or any blog(s) / website(s) / social media channel(s) about the school or any teacher. If they are defamatory in nature, or deemed to be so by the Internal Review Committee (IRC), it would be considered as a serious breach.

Use of school logos, images or photographs on personal social profiles is strictly prohibited. If a user has any question or feedback to share in relation to classes, activities or any school-facilitated service, he/she is requested to contact the respective teacher-in-charge or Campus Principal through the official GIIIS web portal, www.mygiis.org

Parental Consent will be taken before using photographs of their wards in the school's social media publications.

School Internet

Global Indian International School provides internet access as a facility to supplement the delivery of its learning programmes. The benefits of having access to the internet are invaluable for both, educators and students.

Amongst the vast resources on the internet are some materials that are not suitable for school-aged children. It is not appropriate to locate material that is illegal, defamatory, or offensive. Such conduct will lead to the immediate loss of network access and disciplinary actions.

Users Can

- Participate in projects using the Internet in a directed manner to support curriculum and research activities.
- Use the internet to locate materials to meet educational requirements.
- Access a variety of information including news resources, information databases, the holdings of other libraries, etc.

Users Cannot

- Locate material that is illegal, defamatory, or offensive.
- Use the network for commercial or for-profit purposes.
- Use the network for any illegal activity, including violation of copyright or other contracts.
- Resort to cyber bullying or harassment.
- Use the network to access obscene or pornographic material.
- Damage computer, computer systems or computer networks.
- Invade the privacy of other network users.
- Gain unauthorised access to computer networks, resources or materials.

32) Fee Protection Scheme (FPS)

The Council of Private Education, under the Enhanced Registration Framework, requires all Private Education Institutions to protect the fees paid by the students.

The Fee Protection Scheme (FPS) serves to protect students' fees in the event a private education institution is unable to continue operating due to insolvency, and/or regulatory closure. The Fee Protection Scheme also protects students if the private education institution fails to pay penalties or return fees to the students arising from judgment made against it by the Singapore courts.

EduTrust-certified private education institutions are required to adopt the Fee Protection Scheme to provide full protection to all fees paid by their students. All fees refer to all monies paid by the students to be enrolled in a private education institution, excluding the course application fee, agent commission fee (if applicable), miscellaneous fees (non-compulsory and non-standard fee paid only when necessary or where applicable, for example, the re-exam fee or charges for credit card payment, etc.) and GST.

Fee Protection under the Insurance Scheme

Under the fee insurance scheme, private education institutions will purchase insurance protection from any one of the Council for Private Education-appointed insurance companies for every one of their students to protect their fees.

GIIS has appointed LONPAC INSURANCE BHD, as the insurance company, for protecting the fees under Fee Protection Scheme.

Students studying in an EduTrust-certified private education institution need to pay fees of up to a maximum of 12 months of their course duration to their private school.

Medical Insurance Policy

In compliance with the requirements of Council of Private Education, GIIS has a medical insurance scheme in place for all students. The Medical Insurance provided is as per the requirements under EduTrust.

GIIS has appointed AXA as the insurance provider. Please find details of benefits and coverage in the links mentioned below.

Students who need to make a claim under the Medical Insurance Policy should submit the Claim Form to the Admissions Department. Alternatively, you can write to admissions3.sg@globalindianschool.org or contact (+65) 69147013.

33) Withdrawal Policy

1 GIIS uses the following definitions

(a) Withdrawal – this means that the student contract is terminated and the student is no longer a student of the GIIS.

(b) Transfer – this means that a student changes the course of study but remains as a student of GIIS. For an approved change of course request, the original student contract must be terminated and a new contract must be signed. There is no requirement to execute new Student Contract for change of campuses.

(c) Deferment – this means the student applies for long leave and does not attend class within the leave period.

Withdrawal Policy

GIIS's withdrawal policy covers the following areas:

- (a) Circumstances of Withdrawal due to non-delivery of the course;
- (b) Withdrawal due to other reasons;
- (c) Withdrawal during Cooling off Period;
- (d) Withdrawal Conditions;
- (e) Withdrawal Timelines;

Withdrawal due to Non-delivery of the Course

GIIS will notify the Student within three (3) working days upon the knowledge of any of the following:

- (a) It does not commence the Course on the Course Commencement Date;
- (b) It terminates the Course prior to the Course Commencement Date;
- (c) It does not complete the Course by the Course Completion Date;
- (d) It terminates the Course, for any reason, prior to Course Completion Date;
- (e) It is of the view that the Student is not suitable for admission into GIIS;
- (f) The Student's Pass application is rejected by Immigration and Checkpoints Authority (ICA);
- (g) The Student fails to obtain any approvals from any other governmental organizations including but not limited to the Ministry of Education (MOE), thus rendering the Student being unable to attend GIIS or unable to continue to attend GIIS; or
- (h) The Student is expelled from GIIS for a serious breach of any of GIIS' rules or regulations GIIS shall, within seven (7) working days of notifying the Student in writing of the above circumstances, provide the Student with information and details of the alternative confirmed course arrangement, or, any other arrangements to the best of GIIS' ability that will allow the Student to make a timely and appropriate decision on the alternative arrangements.

Withdrawal due to Other Reasons

If the Student withdraws from the Course for any reason other than those stated in "Withdrawal Due to Non Delivery of the Course" section above, the School will, within two (2) working days of receiving the Student's written notice of withdrawal, acknowledge and inform the Parents on exit interview and subsequently accept / reject the withdrawal.

Withdrawal during Cooling-off Period

GIIS will provide the Student with a cooling-off period of seven (7) working days after the date that the Contract has been signed by both parties. If the Student submits a written notice of withdrawal to the School within the cooling-off period, GIIS will acknowledge withdrawal application, inform parents and obtain feedback during exit interviews.

Withdrawal Conditions

GIIS will process withdrawal request if the following conditions are compiled:

- (a) Withdrawal need to be applied online in GIIS portal viz., myGIIS with all the particulars. Any other form of request is not acceptable;
- (b) Provides sufficient notice of four (4) months to GIIS;
- (c) Exit Interview is completed;
- (d) No pending dues from the Student;
- (e) Student Contract is terminated;

Timelines for Completing Withdrawal

Parent submits online withdrawal application. GIIS will acknowledge withdrawal application within two (2) working days and inform the Parent on exit interviews. The date of exit interview may be changed according to the convenience of both the Parents and Principals of GIIS campus. However, exit interview cannot be conducted after the withdrawal effective date. Student contract is deemed to be terminated within two (2) working days from the withdrawal effective date, even if it is not cancelled by Parent or Admissions Team. Withdrawal effective date is the last attendance date of the Student. Withdrawal process will be completed and relevant documents will be kept ready for submission to the parent within seven (7) working days.

Transfer Policy

GIIS's transfer policy covers the following areas:

- (a) Change of Course within the same campus;
- (b) Change of campus within GIIS;
- (c) Transfer Conditions;
- (d) Transfer Timelines;

Change of Course Within Same Campus

GIIS will allow students to transfer from one course to another within GIIS in the following circumstances:

- (a) Grade 8 Students who meet the necessary criteria may request transfer between the courses on offer from Grade 8 i.e., Central Board of Secondary Education (CBSE), and IGCSE.
- (b) Grade 9 Students who meet the necessary criteria may request transfer between the courses on offer from Grade 9 i.e., Central Board of Secondary Education (CBSE), and IGCSE.
- (c) Grade 11 Students who meet the necessary school criteria may request transfer between the 2 courses on offer from Grade 11 i.e. International Baccalaureate Diploma (IBDP) and Central Board of Secondary Education (CBSE).

In the event of a change of course as mentioned above, a new Student Contract shall be executed between GIIS and the Student to reflect the change of course and old student contract should be terminated.

Change of Campus Within GIIS

GIIS will allow students to transfer from one campus to another campus on the following basis:

- (a) Parents approach principal of the originating campus with transfer request and attends the exit interview;
- (b) Principles of the originating campus consults with the Principal of the campus where student wanted to transfer with respect to criteria and vacancies;
- (c) The transfer is accepted only when both the principals approves transfer;

In the event of change in campus with no change in the course, only student profile would be changed in GIIS portal viz., myGIIS. There is no requirement to execute new Student Contract for change of campuses.

Transfer Conditions

GIIS will process transfer request if the following conditions are compiled:

- (a) Transfer need to be applied online in GIIS portal viz., myGIIS with all the particulars. Any other form of request is not acceptable;
- (b) Provides sufficient notice of one (1) months to GIIS;
- (c) No pending dues from the Student;

Timelines for Completing Transfer

Parent submits online withdrawal application. GIIS will acknowledge application for transfer within two (2) working days and inform the Parent to meet the Principals. The date of meeting may be changed according to the convenience of both the Parents and Principals of GIIS campus. Decision on transfer to be made within three (3) weeks of transfer request. Student Profile in myGIIS will be changed and communicated to the Parent within three (3) working days.

General Guidelines on Transfers and Withdrawals

The following are guidelines to be observed:

- (a) Admission team will inform the Parent on implications of Student Pass if the student withdraws from the school.
- (b) Admission team will manage and coordinate with relevant government authority for issue or cancellation of Student Pass. All applicable regulations concerning student pass need to be complied by the Admission team.
- (c) Admission team will handle all communications to Parents mentioned in this policy for withdrawal due to non-delivery of the course or for any other reasons, except for issue of Transfer Certificate (TC).
- (d) The Notice period of withdrawal will not be relaxed except under the following circumstances:
 - i. Student moving out of Singapore due to medical treatment of himself or the Parent;
 - ii. Parent loses the Job and hence need to relocate outside Singapore;
 - iii. Student transferred out of School due to behavioural issues;
- (e) Parent need to pay the shortfall, if any, in the notice period for withdrawal. However, the Parent need not pay for the shortfall in the withdrawal notice period, under the circumstances mentioned in (d) above.
- (f) All the documents including transfer certificate (TC) will be issued only when parent pays all their pending dues. Issue of TC will be handled by Finance.
- (g) Parents can also approach Admission team for transfer of course or campus. Admission team will co-ordinate with the principals and communicate the decision to the Parent.

- (h) If the withdrawal or transfer is not completed within the specified timeline, Parents can escalate it to the Finance Controller. If it is still not completed in four (4) working days, Parent can escalate it to Director Business and Strategy.

Deferment Policy (Long Leave Policy)

GIIS allows students to apply for long leave. For example, a child and the parents may have to go back to their home country for an extended period of time. The student does not pay fees during this long leave period. There is no make-up of the lessons missed.

Withdrawal Procedure

The process for withdrawal (from withdrawal application till issue of TC) is described below and graphically depicted in the diagram following

- (a) Parent applies online for withdrawal in mygiis portal.
- (b) Withdrawal is accepted by Admission and forwarded to Principal for exit interview.
- (c) Principal conducts exit interview. The Parent may choose to cancel the withdrawal of their child. In such cases, the application for withdrawal is cancelled by Admission based on the feedback of exit interview.
- (d) During exit interview, the Parent may persist with withdrawal of their child. The application is approved by Principal and forwarded to Finance for further process. Student is marked in Z Section.
- (e) If Parent extends withdrawal date, billing, if any, is done for extended period.
- (f) Finance checks for pending fee dues and informs parent to pay. Once Parent pays, the approved withdrawal application is forwarded to Manager – F&A.
- (g) Manager – F&A checks and give final clearance for Withdrawal. TC is issued on or after Last attendance date. FPS insurance is cancelled by Finance.
- (h) Student Contract is cancelled by Admission and Student is de-registered in mygiis system. Student Pass, if any, is cancelled by Admission team.

- a) Parent loses the Job and hence need to relocate outside Singapore;
- b) Student moving out of Singapore due to medical treatment of himself or the Parent;

The decision made by GIIS is final and binding on parents. It is not subject to review in any arbitration centre or in court of law.

General Guidelines on Refund Policy

14 Parents can approach Principals with a refund request for withdrawals (Withdrawals for Other Reasons, During Cooling Off Period, or on Humanitarian Grounds)

15 Refunds will be processed based on requests by the Parents and approval by the committee consisting Country Director and Finance Controller.

16 GIIS bills Students only for a term period of four (4) months instead of whole academic year, considering cash flow situations of the Parents. If Parents applies for withdrawal and it is approved one month before the commencement of the term, GIIS will not bill for the subsequent term. This is done for the benefit of the parents even though GIIS is not contractually obliged to do so.

Example: Term 2 for the academic year 2014-15 starts in August 2014. Parent applied for withdrawal and approved by GIIS on or before July 31, 2014. The withdrawal effective date as per application is September 20, 2014. GIIS will bill only till September 2014. It will not bill for the balance period in the term viz., October and November 2014.

17 In case Parent gives insufficient documents for refund, GIIS will notify within three (3) working days. Parent need to provide requisite documents within seven (7) working days. Failure to provide the documents will result in forfeiture of refund, unless otherwise extension is approved by Finance Controller and Country Director.

18 In the event of non-payment of fee refunds within the specified timeline, Parents can escalate it to the Finance Controller. If refund is not made within four (4) working days, Parent can escalate it to the Country Director.

35) Council for Private Education (CPE)

In order to regulate the private education sector in Singapore, Council for Private Education (CPE) has been established under the Private Education Act 2009. All Private Education Institutes (PEIs) are required to comply with the regulations under the new Act.

For more details about CPE, Enhanced Registration Framework (ERF) and the EduTrust Certification Scheme or Private Education in Singapore, please visit the website of Council for Private Education (CPE) at <http://www.cpe.gov.sg>.

36) Feedback and Complaint Management System

1. GIIS accepts feedback / complaints in writing in hard copy (e.g. letter) or soft copy (e.g. email) from the public, staff, students or parents or via the MyGIIS system. .

2. The feedback may be a:

(a) Complaint: An expression of dissatisfaction made to GIIS, with respect to its services, applicable statutory and regulatory requirements consistently not met; or

(b) Compliment: An expression of praise, admiration with focus on maintaining or enhancing stakeholder satisfaction; or

(c) Others - Suggestions or comment with respect to services / courses offered by GIIS.

3. The recipient acknowledges the feedback via email, within 2 working days.

4. For feedback with the nature of (b) and (c), the recipient compiles the feedback, analyses these

during internal review and where appropriate may incorporate them into improvement plans.

For feedback with the nature of (a) (complaints), the recipient, after analysing the feedback, replies to the parent or complainant by providing the necessary information or reasons in writing to close the complaint within 7 working days of receipt of the complaint. Alternatively, for complaints under the purview of another person, the recipient may forward the complaint to that process owner.

5. The process owner analyses the complaint, investigates the matter, and replies to the parent or complainant by providing the necessary information or reasons in writing to close the complaint within 7 working days of receipt of the complaint. The process owner copies the reply to the first recipient who can then close the case on her side.

6. Should the issue remain outstanding despite the reply, the process owner, in consultation with his supervisor, works to resolve the matter within 14 working days.

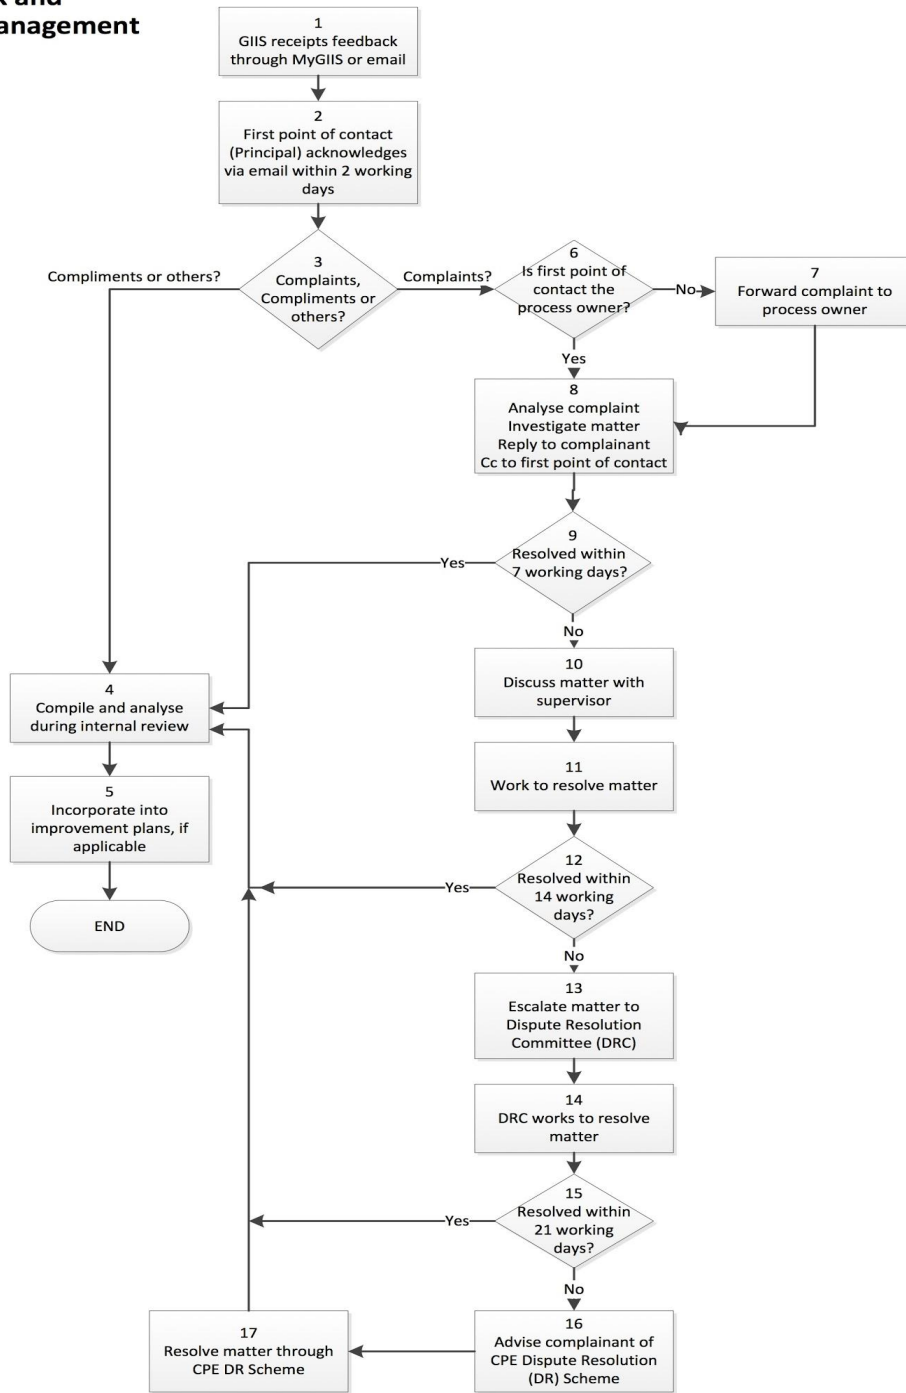

7. If the complaint still remains open, then the difficult-to-resolve complaint shall be escalated to the Dispute Resolution Committee to be addressed through the dispute resolution policy framework within 21 working days.

8. If the process owner has not developed a solution agreeable to the complainant, the matter is escalated to the GIIS Dispute Resolution Committee, which is chaired by the Country Director with the Academic and Examination Board as Members.

9.. The Country Director and relevant Campus Principal will manage the discussions with the complainant to work to resolve the matter within 21 working days.

10..If no acceptable solution is worked out, the Country Director will propose that the matter be resolved through the CPE Student Services Centre, using the Dispute Resolution Scheme of the Council for Private Education, which is described on the CPE website. This dispute resolution scheme may, where appropriate, involve the Singapore Mediation Centre (SMC) or Singapore Institute of Arbitrators (SIArb) as the mediation centres.
