# Global Novel Coronavirus Update

**May 7, 2020**

"This update contains information we have gathered from various public sources and share with you to the best of our knowledge, but we cannot guarantee it is complete or in all cases accurate. Moreover, the market is changing rapidly currently; statements in this document may quickly be superseded, despite our best efforts. Nothing in this document can be taken as a contractual undertaking."

# UPS Global Freight Forwarding

Our highest priority is to protect the health and safety of our employees, customers, and suppliers. UPS® is confident it can do so while maintaining global operations, except where constrained by government restrictions or other circumstances beyond its control. The Novel Coronavirus pandemic has created unprecedented complexities, which have required us to constantly reassess our operations and take mitigating actions to minimize disruption to our customers.
