- Designed and engineered in Canada

Collaborate. Capture. Create.

The amazing GO GUITAR is the only mobile interface you'll need to record quick, on-the-go riffs anywhere, anytime with your iOS*, Android*, Mac* or PC mobile device. Just want to practice without the hassle of hauling around amps or blowing your roof off? Simply plug your electric or bass guitar into GO GUITAR along with your favorite pair of headphones. Jam or record literally anywhere you can fit yourself and your guitar.

Take It Anywhere

Whether you're in your kitchen, relaxing in the park, or on the tour bus, GO GUITAR lets you create whenever and wherever the mood strikes. All you need is this simple guitar interface, a mobile device, and of course, your guitar!

APP-ly Some Effects

Want to add some effects to your guitar or record the riffs you've been working on? GO GUITAR integrates seamlessly with the creative suite of TC Helicon mobile apps. When it comes to sparking your creativity, TC Helicon has you covered with an extensive array of mobile applications designed specifically for your GO GUITAR device, including effects, processing and much more – plus they are all free to download from your app store! And if that's not enough, GO GUITAR is also compatible with a wide range of apps and software from 3rd-party vendors.

Can You Hear Yourself?!

Whether you want to jam in silence, or provoke noise-induced rage into your neighbors, GO GUITAR has you covered. Just connect some headphones to your GO GUITAR and hear yourself as you record or play with absolutely zero latency.

Not Just for Guitar

Yes, the word "Guitar" is in the name, but that's not GO GUITAR's only game! You can also use the line-in for your keyboard, mixer, or any other line-level audio device. GO GUITAR records high-quality recordings.

Record That Riff

Once you've solidified that hit-making hook, feel confident that you can capture high quality audio directly to your iOS, Android, Mac, or PC device using your favorite recording DAW. GO GUITAR ensures a broad dynamic range for a distortion-free audio signal so you can rest assured that the recording you create will compete with the rest of the world.

Strap It On

For those times when you're crammed into an awkward space with nowhere to put your GO GUITAR, you can use the integrated clip and easily strap it onto your belt or guitar strap.

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own Music Tribe factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous Warranty program.
