## **GOAL: ACADEMIC SUCCESS!**

PARENT WORKSHOP = STUDENT SUCCESS (3<sup>rd</sup> to 8<sup>th</sup> Grade) & Accountability TITLE 1 /SAC / FSA April 1<sup>st</sup> , 2021 4:30pm to 5:30pm

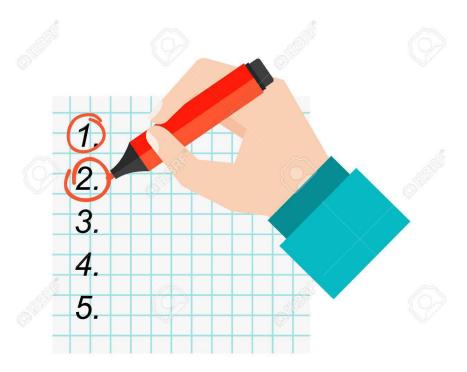

### What are the Florida Standards Assessments (FSA)?

- Subjects and Grades Assessed
- Test Schedule
- Test Timing
- Test Design and Test Item Types
- State Science Assessment
- Score Information
- How are FSA results used?
- Title I Funding Supports

Helpful Resources

## What are the Florida Standards?

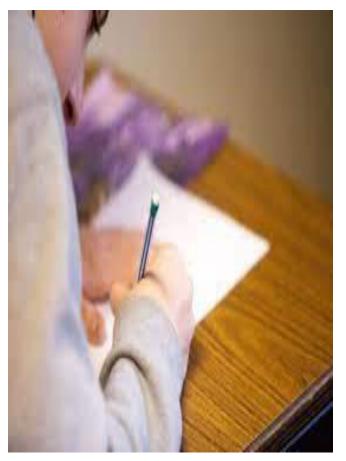

- The Florida Standards were adopted in 2014
- English/Language Arts and Mathematics to help prepare Florida students for success in college, career, emphasizing analytical thinking skills.
- The FSA provides opportunity for students to create graphs, interact with test content, and write and respond in different ways than on traditional tests.
- Question types assess students' higherorder thinking skills.

## How will my child be tested?

## **PAPER-BASED (PBT) - For:**

- Grades 3,4, 5<sup>th</sup> and 6<sup>th</sup> FSA English Language Arts (ELA)
- Grades 4-6 FSA Writing
  - A student must take both the Writing and Reading tests to receive an FSA ELA score.
- Grades 3,4, 5 and 6th FSA Mathematics
- Grade 5 and 8<sup>th</sup> Grade only Statewide Science Assessment

## PAPER BASED TESTING SCHEDULE:

Assessment	Grade Level	Test Date(s)
FSA Writing	Grades 4 TO 6	April 6 (Tuesday) (1 session) Make-ups: April 13-14
FSA ELA	Grade 3	April 6 & 7 (Tue & Wed) Make-ups: April 13-14
FSA ELA	Grades 4 TO 6	May 3 & 4 (Wed & Th) Make-ups: May 19-21
FSA Math	Grades 3-6	May 5 & 6 (Wed & Th) Make-ups: May 19-21
State Science	Grade 5 Grade 8	<b>5<sup>th</sup> May 12 and May 13 (Wed/Th)</b> 8 <sup>th</sup> May 17 Make ups May 19-21

## How will my child be tested?

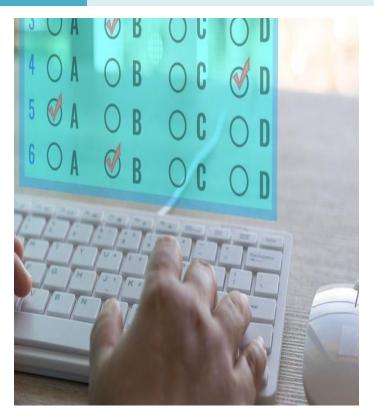

## Computer Based Testing (CBT) & Schedule

## 7<sup>th</sup> Grade

- Writing (April 12)
- ELA (May 12)
- Math (May 19 & 20)
- Civics (May 20)

## 8<sup>th</sup> Grade

- Writing (April 13)
  - ELA (May 11)
- Math (May 13)
- Science (May 17)
- Algebra 1 (May 21)

## How will my child be tested?

## **ALL STUDENTS MUST:**

- BE PRESENT
- BE ON CAMPUS
- TEST

## THIS IS OUR TIME TO SHOW UP AND SHOW OFF

# Are the tests timed? YES!

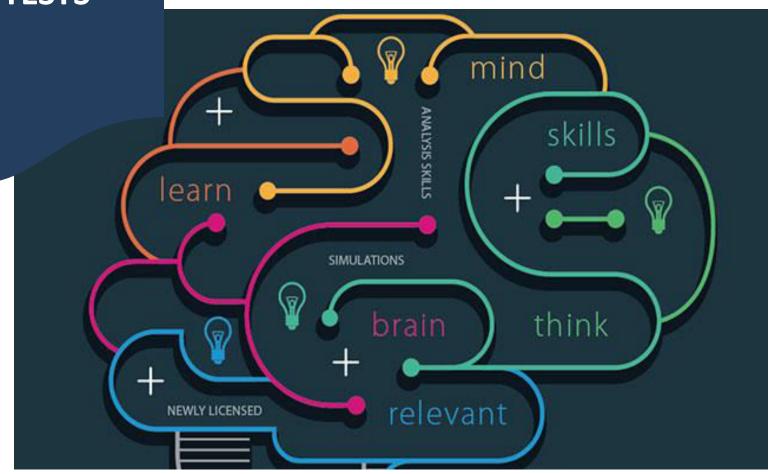

### FSA Writing – Grades 4<sup>th</sup>, 5<sup>th</sup>, 6<sup>th</sup>, 7<sup>th</sup> and 8<sup>th</sup>

- 120 minutes (1 session)
- A **3-minute break** after 60 minutes of testing
- FSA ELA Grades 3, 4, 5, 6, 7 and 8 FSA Mathematics – Grades 3, 4, 5, 6, 7, 8 Statewide Science – Grade 5<sup>th</sup> and 8<sup>th</sup>
  - 160 minutes over two days
    - 80 minutes Day 1
    - 80 minutes Day 2
  - A short break is given after 40 minutes of testing

### WHAT'S ON THE TESTS

## Test Design – ELA (Writing & Reading)

<b>ELA-READING CONTENT CATEGORIES</b>
Grades 3-6

Approximate percentage of raw score points for each category.

Reading Text Types	Literature - 50% Informational - 50%
Key Ideas and Details	15-25%
Craft and Structure	25-35%
Integration of Knowledge and Ideas	20-30%
Language and Editing	15-25%
Text-Based Writing (Grades 4-5)	Determined each year
Total Number of Items	56-60

ELA PERCENTAGE OF POINTS BY DEPTH OF KNOWLEDGE (DOK)\* LEVEL Grades 3-5

DOK Level 1 (Low)	10-20%				
DOK Level 2 (Mod)	60-80%				
DOK Level 3 (High)	10-20%				
Note: Text-based Writing (G4-5) component is a					

Note: Text-based Writing (G4-5) component is a DOK Level 3 task.

\*DOK refers to the complexity level of the cognitive process demanded by a test item rather than the difficulty of the item. Level 1: Recall and Reproduction, Level 2: Skills and Concepts, and Level 3: Strategic Thinking

# Test Design - Writing

### • FSA Writing (Grades 4-6)

At elementary, the stimulus will consist of two to four texts, ranging from 800-1300 words each. Scoring rubrics for FSA Writing can be found on the FSA Portal.

### Overall Task Description

- Students will read a stimulus about a single topic.
- Stimulus should consist of informational or literary fiction or nonfiction texts and can cover a wide array of topics.
- After reading stimulus, students will respond by providing information on a topic or take a stance to support an opinion or argument.

#### Stimulus Attributes

- The stimuli for **informative/explanatory** prompts should maintain a clear topical connection but may address diverse concepts/ideas.
- The stimuli for **opinion/argumentative** prompts should present opposing points of view. Each point of view should be equally represented so that a student can take either side of a position.
- Thorough and convincing support for the controlling ideas must be evident in all stimuli.

https://fsassessments.org/assets/documents/answer-keys-paper/FSA\_2018\_4\_Writing\_Practice-Test\_Rubric.pdf https://fsassessments.org/assets/documents/answer-keys-paper/FSA\_2018\_5\_Writing\_Practice-Test\_Rubric.pdf

# Writing Prompt (Example)

Read the "The Wild Among Us" passage set.

The Wild Among Us

#### Source 1: The Howl Next Door

by Julie McPartland

Ahhh-eeee-oouu! Coyotes are famous for their howl. People often think of coyote howls as a sound far off in the wild mountains or open plains. They imagine sitting by a fire and listening to nighttime conversations between the wild canines in the distance. That highpitched cry is not always so far away, though. More and more, coyotes are found in or near cities.

#### **Source 2: Power Chewers**

by Karl Szymas

A flash of a bushy tail, a speedy furry chase, the sudden stop—a squirrel hangs upside down on the underside of a large branch, listening. He uses his strong claws to defy gravity and, if we remain still, we can watch as he scampers further up the tree. A squirrel is such a common sight in many cities that most of us do not stop to think about them. One of the squirrel's most powerful traits is also one of its most troubling secrets. Squirrels' teeth never stop growing.

#### Source 3: Pigeons and People

by Nicole Wilson

Look up in any major city and you may spot a pigeon perched on the ledge of a building. Tall buildings have only been common in cities for a few hundred years. Where did pigeons hang out before that? Many pigeons living in cities today are descendants of rock doves. Rock doves originally made their homes in steep cliffs that hordered the ocean. Tall Write an informative essay about the effects wild animals and humans have on each other when they live in the same area. Use information from the passages in your essay.

Manage your time carefully so that you can

- read the passages;
- plan your response;
- write your response; and
- revise and edit your response.

#### Be sure to include

- an introduction;
- information from the passages as support; and
- a conclusion that is related to the information presented.

Your response should be in the form of a multiparagraph essay. Write your response in the space provided.

STUDENT NAME

#### PLANNING SHEET

Use this sheet to plan what you will write. The writing on this sheet will NOT be scored.

## **Planning Sheet**

This sheet will NOT be scored.

# Test Design/Scoring

- **Grades 4-8 Writing** component contributes 10 raw score points to the overall FSA ELA total raw score.
  - The raw score is not the most important score when considering a student's overall performance.
- FSA, like other Florida statewide assessments past and present, is not scored using a percent-correct or number-correct scoring method. Students correctly answering the more-difficult items receive more credit than students answering less-challenging items.

In other words, the scoring model involves both the number and the difficulty of questions a student answers correctly.

## Test Item Types - ELA

### **ELA Item Types**

Multiple Choice

25-50% of test is composed of enhanced items which include...

- Multi-Select
- Selectable Text
- Multi-Part
- Table Match
- Editing Task Choice

What is the meaning of <u>anxious</u> as it is used in Passage 1?

- 10 "You need not be <u>anxious</u>," responded the man. "I told it the way, and it will be along in good time, as I said before."
- A angry
- B excited
- © sad
- worried
- Select **two** reasons the author included paragraph 11 in Passa
  - A to compare leaf-cutting ants to human farmers
  - $\ensuremath{\textcircled{B}}$  to describe how leaf-cutting ants grow their food
  - $\ensuremath{\textcircled{}^{\odot}}$  to explain how leaf-cutting ants solve farming problems
  - to show that the topic of the passage is leaf-cutting ants
  - It describe the effect that leaf-cutting ants have on ordinal

Fill in the circle **before** the sentence from Passage 2 that shows why the man believes that his cheeses can bring themselves to the market.

- 15 (D) There he rested, and when he rose to continue his journey a cheese slipped out of the sack and rolled down the hill toward the bridge.

## Test Item Types - ELA

### Multi-Part

The two parts of the item, Part A & Part B, may be either multiple-choice (one answer), multi-select (more than one answer), or selectable text (one or more answers).

This question has two parts. First, answer Part A. Then, answer Part B.

#### Part A

What is the main idea of the passage?

- Scientists want to learn more from Tyrannosaurus Sue's skeleton.
- Susan Hendrickson accidentally discovered the fossilized bones of a *T. rex.*
- Susan Hendrickson's discovery has allowed scientists to learn a lot about the *T. rex.*
- Scientists can now study Tyrannosaurus Sue's bones because of how the skeleton is displayed.

#### Part B

Fill in the circles **before two** sentences from the passage that support your answer in Part A.

- A Paleontologists have learned so much from studying Sue's bones.
  From the position of her eye sockets, they've learned that Sue had good depth perception.
  This helped her to be a fierce hunter who could tell how far away her next meal was.
  From the structure of her ears, they know that Sue and other *T. rexes* had great hearing, which also helped them to hunt.
  From the length of her snout, they've discovered that *T. rexes* had a sharp sense of smell—another quality that gave strength to these giant predators.
- 6 © Scientists still have many questions and hope to learn even more from Sue. <sup>®</sup> They would like to figure out whether Sue was male or female, to know whether she was warm- or cold-blooded, and to learn more about her daily activities. <sup>®</sup> Thanks to Susan Hendrickson, Peter Larson, and the rest of the team from the Black Hills Institute, paleontologists all over the world will get the chance to continue to study Sue and try to find some of these answers.

# Test Item Types - ELA

### • Table Match

 Students will be required to match the information from each row to the corresponding column. Read the instructions carefully to know how to respond to the item.

Fill in the circles to show the order of steps ants take to leave their homes during a flood in Passage 1.

	First	Next	Finally
They build a new nest.	A	в	©
They move food and each other.	D	E	F
They stick their bodies together.	G	Э	1

## Test Item Types – ELA

### • Editing Task

 Students will read a passage with several underlined words or phrases that may be incorrect. Following the passage, editing task items will ask students to review a sentence with an underlined word or phrase and to fill in one bubble to correct the sentence. If the sentence is already correct and requires no change, fill in the bubble marked "correct as is."

Read the passage and then answer Numbers 5 through 7. There are three underlined words or phrases in the passage to show which word or phrase may be incorrect.

Tomorrow was the spelling bee. Sam was nervous, so he asked his mom to help him practice. If he worked hard, he knew he could learn all of the <u>words</u>.

After school, Sam and his mom began to practice spelling. Sam <u>frowning</u> when he heard the first word: "muscle." He tried to sound it out. He carefully wrote down "mussel." His mom smiled but shook her head. Sam had gotten it wrong.

His mom explained the error, but Sam was upset. He didn't want to practice anymore. But then his mom did something strange. She made a silly, funny face. Sam was surprised, and <u>we</u> started to laugh.

### Now answer Numbers 5 through 7. Choose the correct word or phrase for each of the following.

- 5. If he worked hard, he knew he could learn all of the words.
- 7. Sam was surprised, and we started to laugh.

- A word's
- B words'
- © wordes
- orrect as is

- A she
- B he
- ©Ι
- orrect as is

- Sam <u>frowning</u> when he heard the first word: "muscle."
  - (A) frown
  - If frowned
  - © frowns
  - O correct as is

## Grade 3 ELA / Good Cause

### **Grade 3 ELA Scores**

- Per F.S. 1008.22(5)(b), to be promoted to grade 4, a student must score a Level 2 or higher on the Grade 3 ELA.
- Students who score a Level 1 on ELA may qualify for a good cause exemption for promotion to Grade 4 per Florida State Board Rule 6A-1.094221(1)(A), F.A.C.

### 'Good Cause' Exemptions

**I-Ready:** 50% or higher (score of 535+ on Diagnostic 3)

- Summer score of 535+
- August (Diagnostic 1) score of 535+
- December (Diagnostic 2) score of 544+
  - This is a higher score because it meets early/mid grade 4 level.
- Student portfolio of 3<sup>rd</sup> grade mini assessments demonstrating proficiency

## ALL decisions are made on an individual/student basis

# Test Design - Math

# Test Item Types - MATH

### **Table Match**

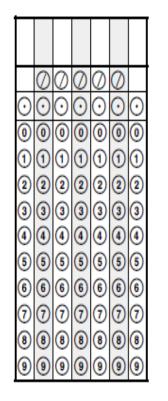

Students will use the information in the table to provide your answer. You will be required to match the information from each row to the corresponding column. Read the directions carefully to understand how to respond to the item.

Match each number to the value of the number rounded to the nearest 10.

	180	190	200
181	A	B	C
186	D	E	F
194	G	θ	0

### **Response Grids**

Answer boxes
Fraction bar
Decimal point

Number bubbles

- 1. Work the problem and find an answer.
- 2. Write your answer in the answer boxes at the top of the grid.
  - Write your answer with the first digit in the left answer box OR with the last digit in the right answer box.
  - Write only one digit or symbol in each answer box. Do NOT leave a blank answer box in the middle of an answer.
  - Be sure to write a decimal point or fraction bar in the answer box if it is a part of the answer.
- 3. Fill in a bubble under each box in which you wrote your answer.
  - Fill in one and ONLY one bubble for each answer box. Do NOT fill in a bubble under an unused answer box.
  - Fill in each bubble by making a solid mark that completely fills the circle.
  - You MUST fill in the bubbles accurately to receive credit for your answer.

### **Response Grids** (continued)

Do NOT write a mixed number, such as  $13\frac{1}{4}$ , in the answer boxes. Change the mixed number to an equivalent fraction, such as  $\frac{53}{4}$ , or to an equivalent decimal, such as 13.25. Do not try to fill in  $13\frac{1}{4}$ , as it would be read as  $\frac{131}{4}$  and would be counted wrong.

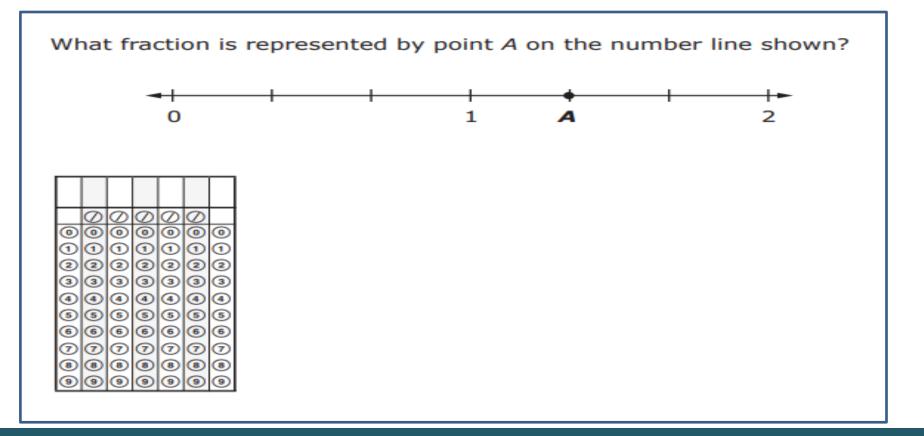

#### CORRECT

#### INCORRECT

DOK Level 1 (Low)	10-20%
DOK Level 2 (Mod)	60-80%
DOK Level 3 (High)	10-20%

\*DOK refers to the complexity level of the cognitive process demanded by a test item rather than the difficulty of the item. Level 1: Recall and Reproduction, Level 2: Skills and Concepts, and Level 3: Strategic Thinking

# Test Design - Science

• All items on the Grade 5 Science test are multiple choice.

## **How to Get Results**

# **Electronic Devices**

- No electronic devices permitted during testing
  - Students MAY NOT have any electronic device (e.g., cell phone, mp3 player, game system, etc.) on them OR within arm's reach even if they do not use them.

## Cause for immediate invalidation of test.

## Helping Your Child

### **Test Preparation**

- Review homework with your child.
- Ensure that your child participates in the practice tests so that he or she becomes familiar with the items.
- A good night's sleep & then a nutritious breakfast.
- Remind them to relax & try their best!

## FSA Published Scores

Geometry EOC	425-485	486-498	499-520	521-532	533-575

# FSA Achievement Levels

# How are FSA Results Used?

- FSA results provide teachers and schools with additional information about each student's proficiencies.
- Results are used <u>IN ADDITION TO</u> teacher observations and coursework throughout the year in making determinations of student strengths and areas of opportunity.

## Florida's Revised A+ Program

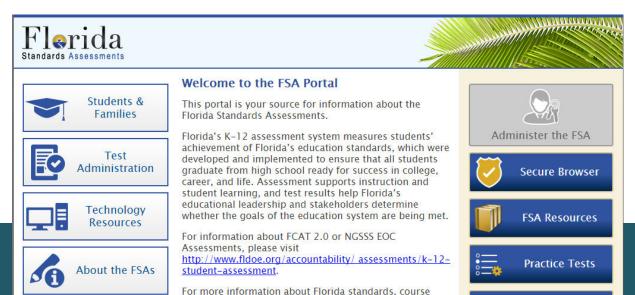

- The Florida Department of Education uses FSA and Science results to evaluate each public school and each school district.
- School grades are determined through performance on the FSA English Language Arts (Reading and Writing combined), Mathematics, and State Science tests.
- Schools are required to test 95% of eligible students in order to earn a school grade.
- The school grade is based upon the percentage of total points earned. Each component is worth up to 100 percentage pts.

# **FSA Portal**

- FSA Portal: <u>www.FSAssessments.org</u>
  - The FSA Portal was developed as a communication tool by the Florida Department of Education and contains all published information regarding FSA assessments, and released **Practice Tests**
  - Access to the portal and information is public.
