

**GOVERNMENT OF RAJASTHAN
HOME (Gr. 9) DEPARTMENT**

No.F.33(2)Home/Gr.9/2019

Jaipur, dated : 31st March 2021

ORDER

Sub: Effective enforcement of **Test-Track-Treat Protocol** Guidelines for
containment of Covid 19 for the period up to 30th April 2021.

Vide Order No.40-3/2020-DM-I(A) dated March 23, 2021, MHA, GoI has issued guidelines for **effective enforcement of Test-Track-Treat Protocol for containment of COVID-19** up to 30th April 2021.

The efforts so far have resulted in a sustained decline in the number of active COVID-19 cases, continuously for about 5 months. A fresh surge in COVID-19 cases however is a cause of concern. At this juncture, the substantial gains achieved in containing the spread of COVID-19 needs to be consolidated, and the **chain of transmission** of the pandemic effectively broken, with a view to expeditiously restore complete normalcy.

In order to ensure this, it is imperative to strictly enforce the **test-track-treat protocol** and ensure that **COVID appropriate behaviour** is scrupulously observed by everyone; and the ongoing **vaccination drive** is scaled up to cover all the target groups as an aid to Containment Strategy.

After taking into account the prevailing COVID-19 outbreak scenario in the State, **the following Guidelines are hereby issued for the State of Rajasthan up to April 30th, 2021.**

EFFECTIVE ENFORCEMENT OF THE TEST-TRACK-TREAT PROTOCOL-

Bongani
A. RT-PCR TESTS:

1. With sustained efforts, the capacity of total daily tests that can be conducted has gone up substantially. There is need to ensure that RT-PCR test protocol

is followed and that these tests are conducted uniformly across all districts, with adequate testing to be done in districts reporting higher number of cases.

B. TRACK: EFFECTIVE ISOLATION AND CONTACT TRACING

2. The new positive cases detected as a result of intensive testing need to be isolated/ quarantined at the earliest; and their contacts have to be traced at the earliest, and similarly isolated/ quarantined. Containment zones have to be demarcated, and prescribed containment measures implemented within such zones.

C. CONTAINMENT ZONES:

3. Effective demarcation of containment zones, in vulnerable and high incidence areas is the key to break the chain of transmission and controlling the spread of the virus. Wherever required, Containment Zones shall be carefully demarcated and notified by the **District Collector & District Magistrate** concerned at the **micro level**, after taking into consideration the guidelines prescribed by MoHFW in this regard.
4. Any area/apartment, if identified with a cluster of 5 or more persons infected with COVID-19, the concerned District Collector & District Magistrate would declare such area as **Micro Containment Zone**. The list of such containment zones will be notified on the websites by the respective District Collectors. This list will also be shared with MoHFW on a regular basis.
5. Within the demarcated Containment Zones, strict **containment measures**, as prescribed by MoHFW, shall be scrupulously followed.
 - a. Only essential activities shall be allowed in the Containment Zones.
 - b. There shall be strict perimeter control to ensure that there is no movement of people in or out of these zones, except for medical emergencies and for maintaining supply of essential goods and services.
