National Premier League (NPL)
 Regional Elite
 Regional Select

Focus on ball mastery and encouraging players to be confident in 1v1 moves.

Providing players with the highest level of goalkeeper training and expertise.

GPS-MA is for young players who aspire to achieve excellence in their game. Our emphasis is player-centric with development the number one priority. We focus on the technical, tactical, physical and psychological development of individual players on a pathway towards maximizing their full potential. The winning tradition that has been established over the past decade is based on each player improving significantly over the time they are with the club. All players will conduct themselves at all times in accordance with the GPS Premier Team player code of conduct and all players will be treated as equals.
