BIOGRAPHICAL SKETCH

Alexander Grant Dexter was born in St. Andrews, Manitoba on February 3, 1896. Educated at the Collegiate Institute in Hamilton, Ontario, and at Brandon College, Manitoba, he joined the staff of the Winnipeg Free Press in 1912, and after serving in W.W. I 1915-19, he became the Ottawa Correspondent for the Free Press in 1923. He was the Free Press correspondent in London, England, for 2 years, returning to Ottawa in 1938. For some years he was Canadian correspondent for the Manchester Guardian and other British and American publications. He became Associate Editor of the Free Press in 1944, and was Executive Editor from 1946 to 1948, becoming Editor in 1948. Awarded the Cabot Medal for journalism by Columbia University in 1946, he was author of "Canada and the Building of the Post-War World," 1946, and also numerous pamphlets. RESTRICTIONS

The papers are open to all researchers.

PROVENANCE

These papers were placed in Queen's University Archives by Mrs. Grant Dexter in 1962.

GENERAL DESCRIPTION OF THE PAPERS

The Dexter papers consist of 26 cubic feet of correspondence, memoranda, diaries, material by and about J.W. Dafoe, subject files, scrapbooks and miscellaneous pamphlets.

The correspondence files arranged chronologically, contain memoranda of confidential interviews on Canadian politics, trade, the economy, external affairs, defence. Often these memoranda are in the form of letters or vice versa, so the two have been filed together.

The Diaries written by Grant Dexter in 1938-39 while he was in England touch on many aspects of Canadian External Affairs, and will be open for use on December 13, 1976.

The material by and about J.W. Dafoe consists of speeches and articles by and about J.W. Dafoe.

GENERAL OUTLINE OF THE PAPERS

Series I Correspondence 1930-1961

All correspondence is arranged chronologically. Section B has memos interfiled with the correspondence as in many cases the memos take the form of a letter or visa versa. Duplicates of memos have been retained. These were originally sent to the Winnipeg Free Press and Mr. Dexter later removed them for use in his own files. Because it is difficult to ascertain just which memos are from the Free Press File they have been interfiled chronologically with the other memos and correspondence.

Series II Diaries by Grant Dexter 1938-39

There are three diaries, two for the year 1938 and one for the year 1939. The first diary for 1938 goes from January 1 to May 8. The second diary covers the period August-September 1938. This second diary has been transcribed. The third diary contains notes only in the month of January 1939.

Series III Material by and about J.W. Dafoe

Material by J.W. Dafoe includes two large scrapbooks with Dafoe's name on them, speeches and articles by Dafoe. There are also news clippings and memos about Dafoe.

Series IV Subject Files

These subject files contain press releases, news clippings, speeches, articles, pamphlets, and on occasion notes and memos by Dexter. The files have been arranged alphabetically according to subject. Three are large and important files on such subjects as Agriculture, Combines Investigation Act, Conscription, Constitution, John Diefenbaker, Dominion-Provincial Conferences, Economy, External Affairs, Liberal Party, and Transportation, to name just a few areas.

Series V Scrapbooks

These scrapbooks are arranged chronologically and are given numerical designations.

Series VI Miscellaneous pamphlets

This contains volumes I-IX of the Canadian Liberal Monthly 1913-14-1939. Volumes VI & VII have some numbers missing. The rest of the box contains miscellaneous pamphlets about foreign and national affairs.
