SCORE & SOUND MASTERWORKS

Score & Sound Masterworks are convenient, compact and value-priced study score/CD packs perfect for classical music enthusiasts and students. Follow along with the score as you listen to some of the world's great music. Discover which instruments are playing and in what combination, and admire the orchestration of a master composer. Publications in this series include an interesting article about the composition and history of the featured piece, a helpful reference addressing transposing instruments, and a glossary of musical terms used in the score.

**BEETHOVEN – SYMPHONY
NO. 5 IN C MINOR, OP. 67**  **NEW**

When Beethoven commenced work on his fifth symphony in 1806, his hearing loss was acute. The meaning of the fascinating four-note motif contained in this symphony has been widely debated, but this four-movement work may very well be testament to the composer's struggle and ultimate triumph over fate and adversity. The symphony continues today to reveal its timeless appeal, some two hundred years after its Vienna premiere.

_____00220050 Score/CD Pack\$10.95

**DVORÁK – SYMPHONY
NO. 9 IN E MINOR
("FROM THE NEW WORLD")**  **NEW**

Antonín Dvořák's *Symphony No. 9 in G Major, Opus 95*, subtitled "From the New World," was the work that spread his name throughout the world. Prior to the piece's 1893 premiere in Carnegie Hall, Dvořák's music was performed in only about ten countries. But the enormous, nearly instant popularity of this symphony changed that in short order. Written during his stay in the United States, his "New World" symphony has sparked much debate about Americana contained in this music. After the premiere one critic asserted, "He (Dvořák) has compelled recognition ... that there are musical elements in America which lend themselves to beautiful treatment in the higher forms of art." Today, his ninth symphony remains one of the most often played, well-known, well-loved works of the symphonic literature.

_____00220053 Score/CD Pack\$10.95

**MOZART – SYMPHONY
NO. 40 IN G MINOR SYMPHONY
NO. 41 IN C MAJOR**  **NEW**

Mozart's last three symphonies have been surrounded by myths and tales for most of their history. He wrote all three at an astonishing rate, in two months in the summer of 1788, yet these pieces seemed to have been neither commissioned nor due for performance. Nonetheless, these works have remained staples of the symphonic repertoire. From the angst of the great G Minor Symphony (No. 40) to the triumphant "Jupiter" Symphony (No. 41 in C Major), Mozart refines the classical form of the genre and even infuses it with a new kind of romantic expression. He unifies the various movements into an integral whole, and to some degree, foreshadows the expansion of tonal boundaries that would begin to appear some fifty years later.

_____00220052 Score/CD Pack\$10.95

**RACHMANINOFF – PIANO
CONCERTO NO. 2 IN C MINOR**  **NEW**

Serge Rachmaninoff's Piano Concerto No. 2 is the quintessential romantic work of its type, serving up a host of memorable tunes balanced with plenty of spectacular pianism, making it one of the most popular piano concertos in the modern repertoire. Unsmiling, stoic and barely moving at the keyboard, Rachmaninoff became known for his puritanically straightforward approach as a pianist, and for his beauty and warmth of tone. He wrote for his own legendarily enormous hands, which could span an interval of a thirteenth. His superior technical prowess made easy work of treacherous passagework, and consequently his own concertos present considerable challenges to pianists.

_____00220051 Score/CD Pack\$10.95

**RIMSKY-KORSAKOV –
SHEHERAZADE**  **NEW**

Composer Nikolay Rimsky-Korsakov's most famous work is the sumptuous symphonic suite *Sheherazade* (1888), a dazzling musical representation of fantastical tales from *1001 Arabian Nights*. The four movements of the suite represent exotic and romantic stories told by a captive princess to the Sultan. *Sheherazade* is a feast of brilliance and colorful imagery that showcases the composer's remarkable abilities as an orchestrator. Though lambasted by critics at the time of its premier, the suite quickly became and remains a favorite of conductors, musicians and audiences.

FAKE BOOKS

THE CLASSICAL FAKE BOOK – 2ND EDITION

The Encyclopedia of over 850 Classical Themes and Melodies

An unprecedented, amazingly comprehensive reference for all classical music lovers. The 2nd Edition includes over 250 added themes. Imagine having one handy volume that includes everything from Renaissance music to Vivaldi to Mozart to Mendelssohn to Debussy to Stravinsky. An effort has been made to include as much of the world's most familiar classical music as possible, totalling over 600 titles. That means, for instance, a theme from every movement of every Brandenburg Concerto, or a theme from every movement of every Beethoven symphony. This encyclopedia is great to use for playing and performing. It's also a terrific reference for concert-goers, music students, or just plain music lovers. Think of how often we might think of a piece, but can't quite conjure it in our heads. With *The Classical Fake Book* you can find any tune readily (and be humming away in a matter of minutes). Lyrics, in the original language, are included when appropriate. All entries contain a fake book style presentation with melody line and harmony sketched in above it in chord labels.

CLASSICAL MUSIC

CLASSICAL MUSIC

by Alexander Morin
Backbeat Books

Written in vivid language, this guide suits the new classical listener as well as the aficionado. It examines works from the 1500s-1990s by over 500 composers worldwide, focusing on exemplary recordings of symphonies, operas, choral pieces, chamber music, and more performed by premier conductors and musicians. From Bach to Gershwin and beyond, thought-provoking profiles highlight each composer's unique characteristics and contributions to the classical world, while critiques emphasize style and interpretation. Historical essays explore the classical repertory from medieval to electronic.
