

Green Mountain Conservation Camp Application 2022

“Teaching Youth about Vermont’s Natural Resources”

The mission of the Green Mountain Conservation Camp (GMCC) program is to educate youth about Vermont’s natural resources. They learn about fish and wildlife conservation, the safe use of firearms, and outdoor skills. Camp activities are educational and fun, offering many creative hands-on experiences.

The success of natural resources conservation depends on people’s awareness and understanding of natural resource management. One way you can help is to encourage young men and women to attend one of the Vermont Fish & Wildlife Department’s Conservation Camps. You have the opportunity to give a young person the chance to learn about Vermont’s natural resources while canoeing, hiking, camping, fishing, hunting and more.

The address and phone number for the main office of GMCC is:

VT Fish & Wildlife Department
Attn: GMCC
1 National Life Dr., Davis 2
Montpelier, VT 05620

Photo Release

The Fish & Wildlife Department takes photographs of camp activities. These photographs may be used for educational purposes and/or to inform others about the program. The photographs taken during each weekly session are compiled into a presentation to be shown at the end of each week at the graduation ceremony for the campers and their families. The pictures will then be made available through a Fish & Wildlife web page, accessible by password, to participants within the camp program so families can download any/all of the photographs presented during the graduation ceremony. The web page will not be a secure site. Only those attending graduation will be provided the password necessary to access the web pages specific to the camp slide shows and to minimize the opportunity for general public viewing. At the graduation ceremony there will be the opportunity to have specific photographs containing images of your child removed prior to posting them to the web page by request.

******* Due to COVID-19 and the requirements necessary to keep staff and campers safe and healthy, please be aware that although registration will open with all camp weeks available to the full number of campers as in past years, the specific details of how camp may run are subject to change based on the guidance from the Vermont Department of Health and Governor's orders. The changing nature of the virus and the guidance that follows leaves the potential for GMCC to require pre-arrival testing of campers, masking indoors, a reduction in the number of campers allowed in each session, or even cancellation of specific sessions. Will we reach out to Parent/Guardian #1 via email no later than 3 weeks before the start of your child's session if any measures regarding COVID-19 need to be taken for the summer of 2022.

******* My child and I hereby agree to all COVID-19 requirements deemed necessary by GMCC to ensure the health and safety of campers and staff. We understand that we will be notified of the specifics of these policies no later than 3 weeks prior to the start of the session.
