## Key to Notes: -

Ø Hapten not recommended for pre-loading <sup>GB</sup> Present in BSCA Standard Series GB-1000 \* Mix constituents available as individual haptens \*\* Emulsifier; Sorbitan Sesquiolate  
 \*\*\*\* H031 & H032 have restricted shelf life & are maximum 3 hours out of the fridge <sup>EU</sup> Fragrances listed in EU Directive 2003/15/EC <sup>Ø</sup> Plant extract  
 \*\*\*\*\* IQ-U & IQ-UL Chambers include reading plate & built-in filter paper for liquids

## THANK YOU FOR YOUR ORDER

The latest version of our Order Form is available to download from our website [www.canutepharma.com](http://www.canutepharma.com), alternatively contact us on **01565 745777** and we can email or post it or order on this form as part of your next order - OF (in Additional Items, line 15).

The Chemotechnique Patch Test Products & Reference Manual is free of charge. Contact us to order yours or order it on this form as part of your next order - PTM (in additional items, line 10).

Instruction videos, instruction leaflets, individual hapten information sheets & MSDS and much more are available on the Chemotechnique website [www.chemotechnique.se](http://www.chemotechnique.se) (some information requires you to log in; or contact us and we can provide you with any of the information).

**If you would like free samples of the IQ Ultra Chamber or IQ Ultimate Chamber to trial or if you would like someone to come in and discuss the Chemotechnique range of products, please contact us.**

If you would like to be added to our mailing list to automatically be informed about changes, events, receive the new PTM or amended Order Forms, etc. - please email us with your contact details
