President's letter:

We were recently contacted by Ameri-Tech concerning the 2 spillways which lead to the canal. They are required to be certified every five years. This is on the canal side where the gates are leading to the canal. As I said, they are to be certified every 5 years and it has been 6 years since the last certification. We met with the engineer who is conducting the certification and discussed the broken/cracked concrete on the sides of both spillways. It appears over the years the hillside under the concrete has eroded causing the concrete to break and causing possible flow issues in the spillway. The engineer is conducting a research of the history of both spillways to determine who is actually responsible for that portion ditch along with mapping of how it was constructed. We are currently waiting on his report.

I have been notified AGAIN about residents not picking up after their dogs. It is a rule that you use a leash when your dog is outside AND you pick up after them. I suggest, if possible, you have your dog use your yard prior to walking him or her, otherwise let's be respectful of our neighbors and pick up after your dog.

We are in the process of obtaining additional quotes on the pool and spa decking to repair the cracked coping and loose pavers. We had difficulty getting anyone to give us a quote a few months ago as a result of contractors being short staffed. Hopefully we can now obtain 2-3 quotes and move forward with getting the much-needed repairs completed.

I want to mention for those of you who are not aware the City of Oldsmar mailed out letters in July to residents that had a paver driveway, and the pavers were installed across the city sidewalk concerning a code violation. First, you are required to contact the city to see if a permit is required before making changes to your driveway. In this case some had permits some didn't. However, after discussion, the city decided to "grandfather" residents in so they would not have to have the pavers removed. Thank you to Mayor Seidel, the City Permit Employees and Engineers and also to the residents of GAV!

We had a few residents raise concerns about chain fences both at the corner of some lots as well as ones used to go across driveways when residents are gone. The board will be looking into if our rules need updating on "fencing". I know from personal experience I had a small chain fence on the corner of my lot. It had been there for many years before I purchased the property and I assume it was installed to protect the lawn. I removed mine, but are we going to make others remove theirs? Is this like the paver issue something where we "grandfather" in the ones who currently have them or requested them? Many of them have been there for years as was mine. Do we add language to our rules about future chain fencing or do accept what we have in the rules currently and move on? These are questions the board will be discussing and will address soon.

We recently had the ditch near Trout and Sailfish cut back and cleaned. Previously we had the ditch near Lake Way and Salmon cut and cleaned out. It has been difficult lately to have contractors take on additional work as they are still recouping from the impact of Covid-19 or they are behind because of all the rain. They now seem to be in much better shape and have hired workers back. In order to save money and not worry about both areas in the future we will be soliciting bids for a contract to maintain both areas.

Thank you and stay safe!

Where did the summer go? Can it already be September? Our snowbirds will be back before we know it.

Last month Koffee Klatch was able to have AnnMarie from Pinellas County Emergency Services talk to us and give us some tips about Hurricanes just as Elsa was approaching. Thank goodness the storm flew right by. Ann Marie will be returning on Oct 3rd to talk about SCAMMERS. Do come out and hear the latest. We thank Pinellas County for helping us and providing these opportunities.

We have been busy lately with many events and I hope that you have been able to attend. From Bunco and Bingo where you can hear the shouting, to the cookouts and ice cream social where you hear the moaning from overindulging, there is always something for everyone. Keep watching your monthly newsletter, the Facebook pages, Nextdoor Neighbor and just chit chat from your neighbors to find out what's going on.

We had a great turnout for the yard sale which financially helps the Social Club. I especially want to thank those who volunteered their time to work and yet have fun. We are always looking for more volunteers to help. The golf cart parades will be starting soon so get busy on your decorating ideas for Halloween and Christmas. Also, our annual Halloween party is just around the corner.

If you would like to see us club, try something new, please talk to one of our activities committee members and we can see about working in it. We are always looking for new things to get everyone into the clubhouse to have fun. We are presently working on offering a Flu Vaccine Clinic in October plus a couple of other new ideas.

We hope to see everyone having a great time at the next event.

Peggy Allison President

PS;

Remember there is a reason for event tickets to be paid in advance. One, sometimes it is for the purchase of food or two, we have had a tremendous turn out and we have a waiting list. If you sign up, don't pay and don't show up you leave those on the waiting list unable to attend. We would like everyone to be able to attend. In the future if there is a date posted for an event, you must purchase your tickets or contact Diana Lutch beforehand to let her know. If not, we will have to remove your names and add someone from the waiting list. This may not happen all the time but with the entertainment and with everyone ready to dance again, things are winding up. Please be thoughtful to everyone and purchase your tickets on time from Alice in the office or from Diana. I'm sure some arrangements can be made if circumstances come up. We want all of our residents to attend. Thank you for understanding.

ADDITIONAL PARKING PADS/ DRIVEWAYS/ WALKWAYS/ PATIOS

You must use pavers, concrete or asphalt, pending city permit. No gravel, shells, or mulch is permitted. All applications must have a diagram of size, location, and type of material to be used. If you are using pavers, please indicate the color of pavers and provide a sample picture. A survey of property must be submitted with the application.

Important Message from the Newsletter Distribution Manager

In recent weeks we have been informed of a couple of issues in our distribution of the monthly newsletter. All our wonderful volunteers, who deliver door to door, have been requested not to place the newsletter on the steps where it can become a tripping hazard. In addition, it has been brought to our attention that in some instances a newsletter placed behind the door handle can keep the door from opening on the inside.

With these in mind we are turning to you, the residents, and asking that you provide a receptacle (a basket, table, bucket, etc.) marked to receive deliveries. From time to time, we have substitute volunteers and this will assure not only a safe delivery but you will know just where to look for your next issue.

We thank you for your cooperation and we will continue to do our best to keep you informed.

Gull Aire Newsletter

I would like to personally thank Vickie Mills for all the hard work that she does for our newsletter. Not only does she send out reminders, catches errors, questions things that might not just jive with the calendar, she puts it all together each month. Vickie has a team, Mary Ann Sieminski and Mickey Stewart assist her to pull it all together and a dedicated group of volunteers proofread with eagle eyes. Once back from the printer another super team is mobilized to deliver to every household. I'm sure she grabbed her husband just like I did mine. Jon Mills heads up this important detail. Vickie, you and your team should get a big appreciation for the time you spend doing all you do. So, from the bottom of our hearts, Paul and I thank you for your dedication to the newsletter.

I have been in many places in my life but I've never been in Cahoots. Apparently, you can't go alone. You have to be in Cahoots with someone.

I've also never been in Cognito. I hear no one recognizes you there.

I have, however, been in Sane. They don't have an airport; you must be driven there. I have made several trips there, thanks to my friends and family. I live close so it's a short drive.

I would like to go to Conclusions, but you have to jump, and I'm not too much on physical activity anymore.

I have also been in Doubt. That is a sad place to go and I try not to visit there too often.

I've been in Flexible, but only when it was very important to stand firm.

Sometimes I'm in Capable, and I go there more often as I'm getting older.

One of my favorite places to be is in Suspense! It really gets the adrenalin flowing and pumps up the old heart! At my age I need all the stimuli I can get!

And, sometimes I think I am in Vincible but life shows me I am not.

People keep telling me I'm in Denial but I'm positive I've never been there before!

I have been in Deepshit many times; the older I get, the easier it is to get there. I actually kind of enjoy it there.

So far, I haven't been in Continent,  but my travel agent says it is on the list...
