First Step

Gymnastics Victoria consulted key stakeholders, including Technical Committees and Clubs to establish a first draft of regions in Victoria, taking into account the following factors:

- Current Clubs
- Council Boundaries
- Expected Growth Corridors in Metropolitan and Regional areas

Following this, communication was sent to all GV Member Clubs for their feedback.

Feedback that was received was positive and also provided some valuable insights.

Gymnastics
Victoria

Where are we now

Taking on board the feedback received, changes have been made to the regions.

There are now 4 'Country' regions and 4 'Metro' regions.

We believe these regions will meet the criteria for growth in Gymnastics in Victoria.

The following slides show these regions and clubs that are situated in the regions.

NEXT A blue button with the word 'NEXT' in white capital letters and a white right-pointing triangle icon.

| 26 | Wildcats Gymnastics Inc | MORNINGTON PENINSULA |

Next Steps

Gymnastics Victoria would like member clubs to review the regions and note which region your club belongs to.

If you have any feedback or queries contact Cathy at
Gymnastics Victoria on 9021 8487 or
clorenzin@gymnasticsvictoria.org.au

Once further feedback is received the final version of the regional framework will be approved by the Gymnastics Victoria Board at the 2016 February Meeting.

Following this, further information regarding the regions will be distributed throughout the gymnastics community
