Auctioneer: Cody Lowderman

As I begin to write this letter we would like to invite you to the 5th Great Lakes Hereford Round UP sale. With all the crazy chaotic things going on in this world I realize that growing up on a Hereford farm the one thing that keeps me on solid footing is the Hereford cattle themselves. These family friendly white faced beasts have endured this crazy world for years. As I look back at all of the fads and changes that we have gone thru these cattle keep us sane. Herefords are a rock in our history and in our future. The Hereford cattle are production oriented that will work in a variety of beef cattle operations from large too small.

The Hereford business has been good to this set of salt of the earth honest hard working Round Up breeders with ample grass and feed, to great sire selection. This year's sale has the best offering that we have put together to date. The cattle in this sale in the past have gone on to do remarkable things just as this offering will do as well.

If you are looking for cattle to add to your operation whether it is a show animal or a bred animal this sale will have those types of cattle to offer you. Take time to come to this sale and experience the cattle and people that hold the beef cattle industry together. We may be going thru some changing times in our world please join me on November 5th and experience the animals and people that keep me and so many beef cattle producers on target and poised for the future.

 • A very attractive heifer calf sired by our herd bull LCC AF Buying Time 244.
 This calf would make someone a nice show heifer and a breeding tool for
 the future. Her dam is a giant Bright Future daughter we acquired from
 Star Lake. Consistency, performance and some bling here.
