

## Freshman Camp

by Paul J. McFadden

Drexel's 1959 Freshman Camp for male students which was held at Downingtown Y.M.C.A. Camp for the sixth consecutive year, not only set a new high for number of freshmen attending, but proved to be the most successful camp to date.

Under the overall guidance of Mr. Dudley Jenks, Asst. to the Dean of Men, ably assisted by Mr. Olsen, Mr. Meshanic, and Mr. Given, Freshman Camp provided the participants with an opportunity to make friends, play sports, and obtain a wealth of information about Drexel's military program, extra-curricular activities and academic requirements.

### Sport Competition

Highlights of Freshman Camp included: hotly contested football, basketball, softball, volleyball, and tennis games, counselor discussion panels, skits, and midnight raiding parties.

An added feature this year was a skit presented in all three camps on behalf of the counselors by the "Pancake Players."

This year the Freshman Camp elections were dropped in favor of skits and panel discussions. This

provided a challenge to the student camp chairmen to ensure the smooth transition to the new approach.

Mr. Jenks credits the splendid success of this year's camp to the good job done by the individual counselors and the thorough ground work by the respective camp chairmen.

Three Bearded Hustlers, John Remias, George Templeton, and Peter (the Russian) Lifskoy proudly display their new faces as part of this year's Homecoming.

## Hallowe'en and Beards Featured In Homecoming—Fall Term's Highlight

Fall term is full of many highlights and exciting events, but none attain the fervor of excitement and spirit as Homecoming does. Under the chairmanship of George Templeton, Homecoming 1959 should prove to be the highlight of this school term. Because of the time of year, this year's Homecoming will have a Hallowe'en theme. Fraternity skits and displays will closely follow this appropriate theme.

In order to make Homecoming

a little different and more prominent in the minds of the student body, certain innovations and ideas are already in progress. The prime interest at present is the beard-growing contest. This contest presents a great opportunity for anyone, freshman to senior. This contest has been sanctioned by the administration as a test, so let's show them we deserve this concession. Anyone interested can sign up in the court with Doug Hopper, Pete Liwski, John Remias or George Templeton. The rules of the contest are as follows:

1. Must be clean shaven when signed up.
2. All beards must be trimmed and neat.
3. Any and all shapes are acceptable.
4. Judging will be based on:  
(1) Originality of shape.  
(2) Neatest overall appearance.
5. All ROTC cadets ARE permitted to grow beards.
6. All contestants must have a beard committee I.D. card to be eligible for the awards.
7. This contest is open to all Drexel students.

A trophy will be awarded to the winner of the contest at the half-time ceremonies of the football game on Homecoming Day. Previous to this final selection, the Beard-Growing Committee will select ten people for the final judging which will be done either by someone from the famous House of David, or the Pennsylvania Barbers' Association. Remember, it's never too late to enter, in fact, some of the more ape-like students might be able to win overnight.

Overall, Homecoming 1959 will be somewhat similar to Homecomings of the past. However, a few notable changes have been made so as to encourage more school

participation and to aid in a better organized event. In order to familiarize the new freshmen and to remind everyone else, a run-down of the schedule of events would be appropriate.

Homecoming will reach its peak during the week before the actual Homecoming Day, Saturday, October 31. That week fraternities will be busy putting up their displays in front of their respective houses. This year's gala displays will be built around the football game with the Temple Owls and the Hallowe'en theme. Last year Tau Epsilon Phi garnered first place. At school that week court skits will be presented by the fraternities and sororities in different combined groups. These skits will be held between 1:00 and 1:30 in the Great Court Monday, Tuesday, Thursday and Friday. Tau Kappa Epsilon, Sigma Alpha Mu and Delta Zeta won the honors in last year's skit competition. Everyone should make a worthwhile attempt to see one of these skits for they are without a doubt the best that you will see at school. Being well planned and **HOME COMING on Page 2**

## Army and Marines Offer Programs To DIT Students

Drexel students will soon be given the opportunity to participate in special programs offered by the United States Marine Corps and the United States Army. These programs are designed for those who wish to receive commissions in the respective services.

The Marine program is open to men and women, from the freshman class to the graduate level. Features of this program include draft deferment while attending school, as well as two six-week courses at Quantico, Virginia. The student is paid for his (or her)

participating its completion.

In accordance with this timely progress, we, the student body of D.I.T., must mature accordingly.

The Men's Student Council has been extremely successful in the past in the handling of our affairs. Even the current Freshmen have witnessed its work by their participation in the successful Freshman Camp, Freshman Brunch, and Hazing Program. Future programs which are being worked on by our MSC include the supervision of the organization of Drexel's radio station WMAX, and a convention which is planned for October 17-18 in which the main issue will be the discussion of the newly proposed constitution revisions.

### Male Students

But, as its name implies, the Men's Student Council is an organization whose membership is restricted to the male students. This situation is highly admissible when it is taken into consideration that at the time of its organization, the majority of Drexel's enrollment was predominantly male; hence, a completely masculine student government was perfectly natural and acceptable.

Today we are faced with a different situation. Due to expanded facilities, a general thirst for better and higher education, and a more complete catalogue of courses and fields of concentration from which to select a suitable college career, Drexel's campus now boasts a formidable female population. It is because of this ever-increasing feminine element that our present form of student government has become obsolete and is in dire need of reformation.

On April 16, 1959, a combined men and women's student council was suggested in order to correct this problem. From this date up until the present time, Men's Student Council and Women's Student Senate have been working hand in hand to see that just such a combination could become reality. All of the ground work has been completed but one final and most important step remains to be taken. This step requires to have the newly proposed government's constitution accepted in a formal vote by the student body.

This is your chance to get in and help create something new at Drexel which is entirely for the benefit of the students.

When the dates for voting are announced, it will be your business to be there in order to cast your ballot and vote **YES** for a combined student government.

## Frosh Dance Is First For Student Union This Year

Drexel's Student Union Committee has begun its Fall Term program with the traditional Frosh Dance and Coffee Hour, as well as the after-the-game coffee hours at the Dragon's Den. The committee has a full and varied program outlined stressing a wide variety of interests. Also among the committee's activities is student-faculty coordination for information on the proposed new student union building, scheduled for completion in 1961.

Student Union's first musical event will be presented Tuesday afternoon, October 20, at 3:30 in the Auditorium. Eugene Davis, a young Philadelphian, will give a piano recital. Among the music Mr. Davis will play, are works by Beethoven, Schumann, Chopin, and Ravel. This recital is the second in a series of cultural programs sponsored by Student Union. Students, faculty, and the administrators of Drexel are invited to attend. Admission is free. Future plans for the cultural program include the return performance of the Corelli String Quartette.

For those who prefer jazz to classical music, student union presents "Jazz at Drexel" featuring the Jimmy DePriest Quintette.

Friday night, November 20.

Jimmy DePriest, a 1958 graduate of the University of Pennsylvania, has gained recent prominence in the jazz world and is scheduled to appear at several jazz festivals across the nation. His quintette appeared at the first jazz program at Drexel two years ago, and was enthusiastically received by over two hundred Drexel jazz fans.

Among other Student Union activities scheduled are two movies, coffee hours at the Dragon's Den after every home game, an afternoon student-faculty coffee hour, and tournaments. All events sponsored by the Student Union are free.

Today is the last day to sign up for the chess and table-soccer tournaments. Sign-ups may be made on the bulletin board in the game room of the Activities Building, just outside Mr. Olson's office.

All students desiring further information about Student Union or interested in applying for membership to the committee should consult Mr. Olson's office on the second floor of the activities building, or contact Ken Snyder through student mail.

## Homecoming

(Continued from Page 1)

with a definite humorous flare, it would be worth giving up a half hour of your time.

As you may notice Wednesday has been left open. However, one of the most heart-warming moments of Homecoming, the announcement of the 1959 Homecoming Queen and her court will be held that day in the Great Court between 1:00 and 1:30. Voting for the Queen and her court will be open to all male students on Monday and Tuesday of that week

between 9:00 and 4:30. A pep rally for the football game will also highlight Wednesday's festivities. Traditionally a Friday night pep rally will be held in Spangier's Alley next to the Girls' Dorm. The winner of the court skit competition will be announced while the annual cheer contest among fraternities and sororities will be held. This early evening socializing usually starts off a good evening for everyone, for after the pep rally, there will be a dance in the Great Court.

### Game with Temple

Of course, Saturday climaxes Homecoming Week. Following a box lunch for the parents at the field, the Queen and her court will

be escorted onto the field by members of the Scabbard and Blade in sports cars supplied by the Drexel Sports Car Club. The Drexel ROTC Band will also accompany them. Also this year the pre-game parade will supply a big surprise which will not be announced and only attendance at the game will give you a chance to appreciate it. This year's Homecoming Day football game will be with Temple University. With each team having fairly equal strength, the game should prove to be one of the best games of the year. Half-time ceremonies will highlight this day's activities, for after a welcoming address by President Creese, there will be the presentation of the Queen and her court, presentation of the little Brown Jug to the best fraternity display, a trophy award for the winner of the Beard-Growing Contest, and an Alumni award to an outstanding athlete of the past.

### Dr. Creese Meets Parents

After the game Dr. Creese will be looking forward to meeting the parents at the President's Reception in the new Library. Also at that time there will be guided tours of the campus in particular, the new Library Center, which should be completely finished by

Homecoming. That Saturday night all ten fraternities will open their houses and extend a warm invitation to everyone. There will be wonderful entertainment and refreshments. This occasion will give the freshmen in particular their opportunity to see the inside of fraternity life.

Many students are new at Drexel and others have not found time previously for much participation in Homecoming, but you will soon realize the importance of this event. With Homecoming comes a feeling of school spirit and loyalty, for it is a special occasion for all; you as a student, your parents and graduates of Drexel. For some it is hard work but for everyone it is fun. For these reasons we extend an invitation for anyone interested in the activities of Homecoming to contact any of these following people: Lee Dugan, Awards Committee; Hugh Chairnoff and Barbara Casquerelli, Court Skits Committee; George Reich or Jack Campbell, Field Activities Committee; Mary Ann Bobbin or Evelyn Krince, Flower Committee; Bill Pawliczek or Charlotte Pauladors, Opponent Contact Committee; Jack DeAngelo or Paul Potts, Pep Rally Committee; Betty Lou Daniels, President's Reception Committee; Walt

Kunkel or Mary Jarvis, Publicity Committee; Frank Conway, Queen Selection Committee; Alpha Phi Omega, Tours; and Gamma Sigma Sigma, Box Lunch Committee. These people are not the only ones on these committees but it will be easier to contact the above-mentioned people through the student mail. Your participation would be appreciated.

### Support Homecoming

Even if you are not interested in planning for Homecoming, you can make Homecoming a tremendous success through your attendance in the court for the skits, at the football game or at the pep rallies.

### THE PENNSYLVANIA ACADEMY OF THE FINE ARTS Exhibitions and Other Events Fall, 1959

- September to mid-October: Work from Academy's Permanent Collection of American Painting and Sculpture
  - October 16 thru November 15: Exhibition of Work by Members of the Philadelphia Water Color Club

College Relations Dept.  
Sheraton Corp.  
470 Atlantic Ave.  
Boston, Mass.

# Campus Notes

The Drexel Home Economics Association set up their calendar for the 1959-1960 year during their first meeting. Included on the agenda are informative, as well as entertaining, discussions on silverware and Christmas crafts.

The first of these monthly meetings will feature a fashion show, with a speaker from the June McAdams Modeling Agency. The guest speaker is scheduled to give our Drexel co-eds some tips on the finer points of make-up application and posture. As an added attraction some of our own gals, under the direction of Barbara Rickner, will model costumes created by the Home Economics Dept.

Another DHEA sponsored event to look forward to is a cosmetic demonstration, to be held in the Art Gallery at 7:30, October 22. The Freshmen are heartily encouraged to attend these DHEA functions. \* \* \*

On October 10 and 11 the Annual Association Conference of Synchronized Swimming for College Women will be held at University of Mass. Mrs. Frey, Doris Sapp, Marie Citro, and Betty Lou Mayor will attend the conference as well as serve, for the second year, on the Advisory Council. \* \* \*

The Drexel Chapter of the American Rocket Society will initiate its Fall Program with a meeting on Wednesday, October 19. The meeting will start at 7:30 p.m. in the Main Lounge of the Student Union Building.

The speaker for the evening will be Dr. R. Chambers of the Aviation Medical Acceleration Lab at Johnsville, Penna. The Acceleration Lab is where the Mercury Astronauts just recently completed another part of their training program. Topic for the evening will be "Human Factors as Applied to Proposed Space Vehicles."

The newly elected officers of the Chapter for the coming six months are: President, Thomas Hayes; Vice-President, Warren Jamison; Secretary, Charles Arndt, and Treasurer, Louis Teletski.

Lively couple mixes it up at the Freshman dance.

## Frosh Hazing Continues As Vigilantes Fine The Unwary

Hazing of Drexel's latest edition of freshman students has begun, and will continue until Homecoming, when the annual tug of war between the Freshmen and Sophomores takes place.

The Sophomore Vigilante Committee is made up of forty active vigilantes headed by George Carter and under the direction of Marianne Sponis, Norm Hollander, Barry Burkholder, and Boyd Mackleer. The committee has collected many fines from the unwary Freshmen for offenses such as failure to wear "ID" buttons, "dinks," "repties," and the not carrying of "D" books. The misuse of the entrances to the main building and the stairways, along

with not attending pep rallies are also finable offenses.

Many sophomores are using such items as not knowing what is on a particular page to haze the Freshmen. The committee has pointed out that this is not considered an offense.

A Freshman who fails to comply with the Vigilante presenting the official card will be required to present their case to the Men's Student Council or Women's Student Senate.

On the last day of Freshman hazing there will be a "turnabout day." At this time the Vigilantes must wear and carry the required Freshman paraphernalia while the Freshmen will act as Vigilantes.

## Statement Of Policy

In order that future misunderstandings may be avoided, and endeavoring to prevent groundless charges by the student body, faculty, or administration of the policy of this newspaper, the following Statement of Policy is hereby set forth.

The Editorial Policy of the Drexel Triangle is as follows:

1. To aid in voicing popular student opinion, both pro and con, on current issues of concern to the student body.
2. To express responsible opinions on various topics of interest to the students.
3. To give credit where credit is due, regardless of the individual, organization, or activity concerned.
4. To point out shortcomings of the faculty, administration, and students, and as often as possible, to offer worthwhile, constructive suggestions for the improvement of these shortcomings.
5. To promote school spirit by encouraging student interest in the Institute, its activities, and its way of life.

The Editor-in-Chief in no way will use this editorial power for any selfish or unethical purpose.

Criticism and comment of past editorials is welcomed in the form of signed letters to the Editor. These letters in turn will be published for the benefit of the readers of the Triangle.

## Shearing Jazz Thrills Audience

by Bill Scofield

Sid Mark, smooth-speaking announcer on WHAT-FM's all-jazz station and MC for a recent concert at the Academy, had just begun to introduce George Shearing. He said, "ladies and gentlemen," and here his introduction could have ended for from behind the curtain came the sound. And with the sound came a feeling that was made very conspicuous by a thrilled audience. One description of the feeling was that of being slightly embarrassed and greatly inspired. Another was that of now really knowing George Shearing.

### Born in London

Shearing, born totally blind on August 13, 1919 in the Battersea Slums of London, was one of eight children of an impoverished coalman. His education with special emphasis on reading and writing braille and no more than the normal amount of musical training began at the Shillington Street School for the Blind. At twelve he entered another school for the blind. Here his talent was noticed and he was urged to continue on to college. However, George feeling an obligation to the pressing financial situation at home turned down several university scholarships and took a piano-playing job in a neighborhood pub.

After a few supper club engagements, he signed with all-blind Claude Bampton band for a nine-month tour of England. Through this tour he made several musical contacts. Through friends, he met Leonard Feather, a well-known music critic, who helped Shearing to his first BBC broadcast. By the outbreak of W.W. II, he had become quite popular and had his own BBC show.

### Maintains Leadership

In 1914, by winning a popularity poll, he attained and maintained for seven years leadership in British jazz polls. The popularity and acclaim however did not compensate for the lack of financial reward. In December 1946, he fulfilled a lifetime desire to visit the birthplace of jazz, the United States. The first visit was unproductive, and he returned home. On his second visit in '47 things were not much better; however, he stayed and took jobs

as intermission pianist at the Three Deuces and Onyx Clubs.

But still discouraged he welcomed a recording engagement in England. Trixie, his wife, remained in the States and managed to get an engagement at the Club Clique, the current location of Birdland. His trio, consisting of John Levy and Denzil Best, was augmented by Clarinetist Bubby DeFranco. DeFranco had to be replaced however because of contract complication. Leonard Feather suggested Shearing experiment with vibes and the guitar to replace the clarinet. Marjorie Hyams and Chuck Wayne were contacted. MCM quickly recognized the appeal of the quintet's instrumental blend and early in 1949 they recorded their first sides. Included was "September in the Rain," which started George to the pinnacle of jazzdom.

### Shearing No. 1

From there his success has been tremendous. He has been acclaimed No. 1 pianist in a dozen nations and has won every notable trade and disc jockey poll.

But with all this success George Shearing has remained devoted to the cause of jazz. He has not fallen into the commercial rut, but rather has continued to give people true pleasure through his music.

One sometimes wonders what a man as great as this would be like as a friend. Coupled with a very open mind and a quick intellect is a tremendous British type sense of humor. Recently George brought Joe Saye, a blind English pianist, to the States. Saye has just purchased a boxer seeing-eye dog. At their meeting George turned to the dog and asked, "How would you like to go with a big band!" After hesitating, he continued, "how about four bones?" Shearing then proceeded to break himself up. Talking with Marian MacPastland, a pianist and friend of his, George related how an interviewer had asked him, "Have you been blind all your life?" "Not yet," George replied. Then breaking up Marian completely he said: "Marian, you should have seen that guy! He was a sight to behold!"

## OUR OWN WORLD SERIES

"Hang in there, here comes the pitch..."

## A POINT OF VIEW

by Elliott E. Caplan

Each student who enters college has a fear that he is not going to be good enough to acquire a degree. It may seem odd that these very same students had no fear of being able to obtain a high school diploma when they were Freshmen of their respective secondary schools. Why then, all of a sudden, a fear—a fear that can hinder a college career?

Before discussing whether this fear is of sound basis, let us try to discover its source. I feel that I can safely say that few of us were really told what college was like before we decided to enroll. Furthermore, that a fear of college was instilled in each of us during our early days of secondary education. "If you don't improve, you'll never get into college." "You're too much of a wise guy to ever succeed in college." These are but a couple of statements high school teachers use to persuade students to do better. Obviously these things are said without realization of the secondary effects—a fear of college. The classic example of this is: "I'm giving you all this extra work so that you'll be better prepared for college."

Thus the Freshman enters college with the forementioned fears and an idolization of the upper classmen, who appear to be geniuses.

If I were to stop my discussion at this point, I would undoubtedly leave the reader with the impressions that the high school instructor was entirely wrong and that college provides no challenge to the mind. However, I am inclined to believe that college is

the "survival of the fittest." Then we must conclude that this fear of "am I good enough" is of a sound basis.

Each individual, if he has been gifted with the mental ability, is good enough if he wants to be. Studying is an important part of obtaining an education. This cannot be over-emphasized, but studying shouldn't take all of the student's time. Thus if one wants to be good enough, he will learn early in his college career to study, and study well. One can readily see that there is no place in college for the "wise guy."

Whether or not one comes to college with the idea that this is a sure road to economic success or not, I believe that when he leaves, he will have acquired a sincere feeling toward acquisition of knowledge in many fields.

Whereas the secondary schools are for the most part regimented, the freshman is often shocked to see a laissez-faire policy. This is probably the hardest thing for a freshman to become acclimated to. The time when a student is not in class must be used wisely if the student wishes to succeed.

The high schools are attempting to prepare the student academically for college, but psychologically they are falling down. It is my opinion that the high schools should begin a program whereas they let the student know what to expect in college and get rid of this old-fashioned idea that scaring the pupil makes him a better student.

A Show of Spirit—LET'S KEEP UP THE GOOD PACE.

# Jazz Festival Philly Feature

Philadelphia is coming into its own as a center of jazz interest. On Thursday and Friday, the 15th and 16th of October, Connie Mack Stadium will be the scene of an outdoor jazz concert.

Several name jazz personalities will be on hand to entertain the throngs of enthusiasts. Mahalia Jackson, noted blues singer, Count Basie and his Big Band, and Chris Connors, a leading female jazz vocalist will be planning both Thursday and Friday evenings. Also appearing Thursday will be the Jimmy De Priest Quintet, a Philadelphia group of no mean repute, and the Chico Hamilton Quintet. Ahmand Jahmal, a way out pianist, and the big jazz band of Maynard Ferguson will fill out Friday's bill. It can be easily

seen from the list of performers that this is one of the largest and best modern jazz shows ever to appear in Philadelphia.

The economy-minded Drexel student should be particularly interested in the fact that the Food Fair grocery stores have purchased all the reserved seats for the concert and they may be acquired at a Food Fair store for a mere dollar along with a two-dollar purchase from the store.

Surely, anyone interested in jazz won't want to miss this tremendous concert, especially at these inexpensive rates.

# IF Bowling Starts; Tight Race Seen

Watch the pins fall at the William Penn Bowling Alleys on Tuesday afternoon as the Interfraternity Bowling League gets under way.

Delta Sigma Phi, defending champions, have suffered great losses and will depend on an almost entirely "green" team this year. Pi Kappa Phi, runners-up for the crown by the slim margin of two pins, have most of their rollers back and are hoping to take top honors. Leading the way for the Pi Kaps will be Jack Campbell and Dean Beckwith.

Sigma Pi had the best bowler in the league last year in Ed Markowski. Theta Chi has four veterans returning and have their best team in years. Delta Kappa Rho will also be rebuilding. The Delta Kaps will be led by Bob Gargan.

Alpha Pi Lambda has a veteran team returning and will be led by Dom Scartelli. Lambda Chi Alpha will be looking for Dick Kelleher to help them in their fight for bowling laurels.

Tau Epsilon Phi, a team which was knocked out of the championship game in their last match by Theta Chi, have lost their whole team and like Delta Sigma Phi will look to their younger brothers to carry the load. The Sammies, usually weak in bowling, have a veteran team returning led by Dick Nicol.

# Greek Life

by Gil Scofield

We offer best wishes to Sigma Alpha Mu, Tau Epsilon, and Omega Phi for a prosperous and HAPPY NEW YEAR.

The brothers of Tau Epsilon Phi will have a house party in celebration of their championship tennis team. A combo will provide the entertainment for the brothers.

Saturday evening Theta Chi will feature its annual Football Dance for the benefit of the student body. Starting time is 9 o'clock.

**Delta Kappa Rho had an extremely successful house party this past week-end and intends to carry on the tradition with a Square Dance Saturday evening at 8:00 p.m. at Drexel Lodge. Have a ball, men!**

Delta Sigma Phi is having a French Cafe style house party Saturday night.

Congratulations are in store for Peggy Byrnes, Nancy Dorsch, Ruth Hitchcock and Nancy Layton, who have recently been initiated into Sigma Sigma Sigma.

The sisters of Omega Phi will have a surprise sale Tuesday in Great Court.

**Pi Kappa Phi will have show practice Friday night and support the Theta Chi Football Dance on Saturday evening along with Sigma Alpha Mu and Tau Kappa Epsilon. After the dance the Sammies will hold a small party at their house. P/A Roman Toga party featuring an exciting skit by the "Rockin' Romans" will start Tau Kappa Epsilon's brothers off to a roaring social term on Friday evening while their Freshman Girls' Tea on Sunday from 2-4 promises to round out a jam-packed social week-end for their fraters.**

After a successful tea this past Sunday, Lambda Chi Alpha will have a combination hayride-wiener roast on Saturday evening at the Bishop Hollow Stables in Newtown Square. This event promises to be "swinging" as does the "Way Out There" spacenic pledge party at Alpha Pi Lambda. The "Gathering at the Castle" proved to be a smash hit to gratification of the brotherhood. Saturday afternoon the Apple Pie's will serve apple pie and coffee after our football game with Scranton. This will be a recurring event taking place after each home football game.

**The Raunchet Players will be "on stage" Friday evening for the entertainment of the Freshman Girls at Sigma Pi. In order to round out the week-end, Sigma Pi will hold a Beatnik Festival on Saturday evening with a prize being given to the two best beatniks.**

Last week-end Alpha Sigma Alpha held their annual overnight party at the Drexel Lodge. The climax of the festivities was the initiation of pledges: Rosemary O'Brien, Madelyn Hoar, Babs Compton, Chris Griffith, and Jebbie Burnett. This week-end the Alpha's plan a post-game party.

## DOUGHNUTS YOU CAN'T DUNK

These bizarre-looking underpinnings have taken a lot of the risk out of ticklish over-water helicopter operations. Tough and lightweight, they can be inflated in a few seconds. They're made of neoprene-coated nylon fabric.

This year nylon, product of Du Pont research, is 20 years old. Since its discovery, hundreds of new jobs have been created. To improve it in the laboratory. To make it in the plant. To find new uses. To advertise it across the nation. To sell it in world markets. These new jobs range from trainee to administrator.

At Du Pont, our business is to discover the undiscovered. We don't find a nylon every year, but we come out with new products often exciting in their degree of improvement over the old. New plastics like "Teflon"\* fluorocarbon resins, new finishes like "Lucite"\* acrylic automotive finishes, new families of products like the polyesters — "Dacron"\* polyester fiber, "Mylar"\* polyester film, "Cronar"\* polyester film base.

Better Things for Better Living . . . through Chemistry

How does all this affect you?

When you join Du Pont you and your future are backed by research, and its promise of growth. Each year more jobs are created, all the way to the top.

At the bottom rung of the technical graduate's ladder, you are given an actual project assignment almost at once and begin to learn your job by doing it. All training is personalized—tailored to your background and interests. It permits periodic evaluation of your performance. Our promotion policies are based on the conviction that you should work at the top of your ability. It stands to reason, then, that the better your training, the more rapid your rise is likely to be . . . and the brighter your future.

If you would like to know more about career opportunities where growth through research has been the history and continues as the objective, see your placement officer for literature, or write E. I. du Pont de Nemours & Co (Inc.), 2420 Nemours Building, Wilmington 98, Delaware.

## LeRoy Layton To Chair Alumni Fund

The appointment of LeRoy Layton, '37, as chairman of the Drexel Institute of Technology Alumni Fund for 1960 has been announced by Dr. James Creese, Drexel president.

At the same time retiring 1959 fund chairman John W. Furlow, '30, revealed that total gifts amounted to \$73,373.91, exceeding the goal of \$60,000.00. Furlow also reported that the number of individual contributors was greater than that of 1958.

Layton, of 1107 Wilde Ave., Drexel Hill, is a partner of Main and Company, a Philadelphia cer-

tified public accountant firm. He is also treasurer and director of Layton Greenfield, Inc., manufacturers, and treasurer of Barclay White and Company, general contractors.

In 1956, Layton was one of sixty-five alumni honored on the occasion of Drexel's 65th anniversary, being cited for community service and for leadership in the public accounting field. A member of the Pennsylvania Institute of Certified Public Accountants, he is chairman of the State Legislative Committee and a member of a special committee cooperating with the State Auditor's office in

matters relating to school district accounting. Other professional memberships are in the National Association of Accountants and the American Institute of Certified Accountants.

Layton is chairman of the auditing committee of the board of the Broad Street Methodist Church; treasurer and member of the board of the Rolling Green Golf Club; and assistant scoutmaster with Drexel Hill Troop No. 2. He is a past president and board of control member of the Exchange Club of Eastern Delaware County and a past district governor of the National Exchange Club.

## Institute Of International Education Plans Tour

Kenneth Holland, president of the Institute of International Education, announced that the full-scale exchange program with Eastern Europe will enter its third year under the support of a new \$325,000 Ford Foundation by the IIE, the Ford Foundation Polish Program has gradually been opening cultural contacts between Poland and our country.

Since its inception after Poland's 1956 uprising, the program has brought approximately 75 Polish professors and specialists to the New World and sent 15 American professors to Poland. The Polish visitors have been hosted by more than 30 American Universities and over 20 U. S. business concerns.

Perhaps most notable of the visitors was Bronislaer Zielinski, the translator responsible for the

introduction of the American novel in Poland. Others were Jerry Lutoslawski, a member of Warsaw's Economic Council and Jacek Nowicki, high official in Poland's Co-operative Housing Movement. American contributors include John Gallvaith, famed economist.

*Sir Isaac Newton is struck  
by another great idea!*

IT'S WHAT'S  
UP FRONT  
THAT  
COUNTS

As sure as little apples, Newton knew that what goes up must come down.

But when it comes down to a really pleasurable filter cigarette, it's what goes up—in front of the filter, that is—that makes the difference!

And there's where Winston had an inspired idea—Filter-Blend! Winston specially selects choice, mild tobaccos, then spe-

cially processes them for filter smoking. The result: Filter-Blend up front of a modern filter. That's what makes Winston a complete filter cigarette.

Filter-Blend also makes Winston America's best-selling, best-tasting filter cigarette. Take it from Sir Isaac:

*"You don't have to be hit on the head to know that*

**Winston tastes good like a cigarette should!"**

# Gettysburg Defeats Dragons In Opener 36-12; Hinkle's First Loss

by Harry Moyer

Combining a strong running and passing attack, Gettysburg spoiled Drexel's home opener with a 36-12 victory.

The boys from across the state gave the Dragons a hint as to what was in store as they scored by moving 78 yards the first time they had possession of the ball. Ed Lucas covered the final 24 yards on an end run. Ed Books scored a 2-point conversion on an end run.

With the aid of clipping penalty Drexel came charging back. Jim Holden passed to Bob Saraceni on a play that covered 41 yards. Butch Lewoc capped the 75-yard drive with a 21-yard scamper around end. From the "I" formation a pass for conversion was incomplete.

Two plays later Drexel appeared headed towards another touchdown as captain Tom O'Connor intercepted a Gettysburg jump pass on the visitors' 21-yard line. However, Gettysburg pulled themselves out of a jam by intercepting an aerial on the next play.

Gettysburg then began a drive

which was unstoppable. Earl Little ended the 80-yard march by tossing a 38-yard payoff pass to Harry Richter. On the try for point Tom O'Malley split the up-rights.

The next time Gettysburg had possession was on the Drexel 45-yard stripe. Five plays later Little again flipped a TD pass, this time to his halfback, Horace Goodman. The extra point try appeared broken up as a result of a bad pass from center, but Little picked up the ball and scooted around end for 2 points.

Later in the quarter Drexel got a break when Ken Suter recovered a fumble on the Gettysburg retained the ball via an intercepted screen pass. The Dragon defense then tightened up and held the potent Gettysburg offense at bay. The half ended shortly thereafter with Drexel on the short end of a 23-6 score.

Gettysburg turned the game into a rout early in the third quarter when O'Malley picked off a Dragon pass and lateraled to Rich Davidyock who raced to end zone for another six pointer. The kick for extra point was short. For the rest of the period the Dragons used their passing attack to outplay the opposition, but were unable to sustain a drive.

Early in the 4th period Drexel

came to life on the visitors' 47. After Holden completed two passes to get the team moving, sophomore quarterback Tony Di Giovacchino entered the game and promptly flipped a pass to Lewoc who lateraled to touchdown-bound Frank Bell. Due to a penalty the Dragons had two chances for a conversion, but missed both.

Little rounded out the Gettysburg scoring by pitching a 9-yard strike to Chester Knight. After Little kicked the point the final score read 36-12.

**SHORT SNORTS:** The Dragons outplayed the visitors in the second half while registering 7 first downs to three. . . . Bob Saraceni and Butch Lewoc led the pass receivers with 4 receptions apiece. . . . Poor pass defense was a glaring weakness in the Dragon attack. . . . Pete Gable had one of the defensive gems—a driving open field tackle. . . . Due to a hard to announce name, Tony Di Giovacchino is known to his teammates as Tony Alphabet. . . . Drexel gained 201 yards via the air route to Gettysburg's 116.

## LOOKING 'EM OVER

By Migs Damiani

Well, the football team got off to a bad start by losing their first two games to Albright and Gettysburg respectively. Poor passing defense was the most glaring weakness and has accounted for most of the opponents' scores. However, the Dragons have shown considerable improvement on their tackling and blocking in comparison with last year's team.

In the Albright game Frank Bell was the outstanding player of the day for the Dragons. He caught four passes, one good for 53 yards and a touchdown and ran for 20 yards in four carries. An offside penalty nullified a 45-yard scamper.

Against Gettysburg Bob Saraceni set up Drexel's first score as he was on the receiving end of a 40-yard pass by Jim Holden. Tomorrow the Dragons entertain the University of Scranton at 1:30 P.M.

**Albright Outstanding Back—Frank Bell. Outstanding linesman—Bob Saraceni. Gettysburg Outstanding Back—John Lewoc. Outstanding linesman—Pete Gable.**

The Nation's No. 1 soccer team, our own Dragons, begin their season tomorrow against Western Maryland. The team has lost the services of three All Americans but is confident that they will compile another successful season for coach Don Yonker. Drexel has another All American candidate this season in Igor Lissy, who broke the Dragon's scoring record as a sophomore last year with 21 goals. The game with Western Maryland will be played at 10 in the morning so that it will not conflict with the football game.

**IF SPORTS**  
Interfraternity sports resume this Sunday on the gridiron and Tuesday at the William Penn bowling lanes. Thus far competition has been hot and heavy with Theta Chi and Tau Kappa Epsilon tied for the overall lead and Sigma Pi and Alpha Pi Lambda close behind.

In closing I would like to say that we have had excellent attendance at our first two football games. Don't let that sag. The team appreciates it and I'm sure it's not asking too much of you. The same is true for the soccer team and all other athletic teams at Drexel. Make it a point to support your favorite sport.

## Yonkermen Prepare For Winning Soccer Season

by Bill Scofield

This year Don Yonker's forces can hardly be expected to go as far as last year. The national championship team will be weakened considerably by the loss of three All-Americans. Hustling Stosh Dlugosz, dependable Bob Muschek, and dynamic Ozzie Jethon, all of whom obtained this honor, have been lost through graduation.

However, as in the past, a hustling, skillful team will represent Drexel Tech. A better than winning season is expected.

With six of the starting team and five additional lettermen returning, coach Yonker has an excellent nucleus with which he can start building. George Sawchak, the fleet-footed All-MAC outside right, and Igor Lissy, another All-MAC selection, will lead the returning linemen. Last year Igor set the school scoring record with 21 goals.

The backfield is also in fairly good shape. Leon Skotchko, who just missed making the Pan American team, will undoubtedly be the

stalwart. At center full he is tricky and can blast the ball. Austin Gleeson, a great hustler, although not too big, will be following Lissy and Sawchak on the right side at halfback. Don Rider, another tricky veteran from last year's team and co-captain elect, will be the steadying influence on the team. George Annett, a sure-handed performer in the goal last season, will have his hands full this year.

Five returning lettermen and a few of last year's JV ballplayers will be vying to fill the open jobs. Bud Stuart, a steady performing goaltender, will be pushing Annett all the way. Backfielder Bill Johnston will be hustling for an open shot, as will linemen George Simon, Ron Ritter, and Charlie Jones.

Although all teams who play Drexel this year will be after them, a promising season is in store. With such a talented nucleus and promising array of lettermen, this year's team will fight their way to many winning battles.

## Apple Pi Meets LCA In IF Football Opener Sun.

by Maurice Gaukler

IF football will get off to a big start with the first games going this Sunday. The Blue League consists of Tau Kappa Epsilon, Theta Chi, Sigma Pi, Delta Sigma Phi, and Delta Kappa Rho. The Gold League consists of Sigma Alpha Mu, Lambda Chi Alpha, Pi Kappa Phi, and Tau Epsilon Phi.

The most important game this Sunday will probably be the Apple Pi's vs. Lambda Chi. As you may recall, these two teams clashed

last fall in the championship game with Apple Pi coming out victorious.

Alpha Pi Lambda lost most of their offensive and defensive backfields, but coach Fred Harzer has a new team which he thinks will retain the championship for Apple Pi. Randy Donovan will call the plays at the quarterback position. With him in the backfield will be Barry Burkholder and Pete Rowe. Defensive work will be headed by John Coleman.

Lambda Chi Alpha lost only one man from last year's team and seems to be in the best shape as far as experience is concerned. Paul Potts will be the quarterback for this team. Dick Kelleher, Rich Hilmer and Bob Jacobsen will be in the halfback and end positions. The Lambda Chi's expect a pretty good showing again this year and are out to take that trophy.

Theta Chi will have Migs Damiani at the quarterback spot again this year. Halfbacks will be Wayne Gutekunst and Terry Irrgang. Ralph Bieber and Bob Muschek will occupy the end spots with Dave Wood centering the ball. Defensive action will be led by Harry Moyer.

The Pi Kaps lost a few veterans but have the offensive in good shape. Handling the ball will be Dean Beckwith. Juodis, at halfback and Sam Wilson at end will probably be the offensive men to watch for some good action.

Heavy losses due to graduation will hurt the Tau Kappa Epsilon team this year. Coaches Joe Schatzman and Ed Hechler intend to make the best they can with their team and will be fighting all the way.

The Delta Kappa Rho team intends to give a few teams a rough time. Leading the offense will be Darwin Way, Blaine De Haven and Joe Mydosh with Mydosh as quarterback.

Sigma Pi, Sigma Alpha Mu, and Tau Epsilon Phi all lost some of their veterans and will be going into Sunday's games with new faces on their squads.

## DIT Hosts Race

Drexel played host on Saturday, October 4, at a Quadrangular Regatta on the Cooper River. Schools competing were, in finishing order: Swarthmore, Lehigh, Rutgers, and Drexel. "A" division was skippered by Laurel Krebs and Al Green, and crewed by Marie Citro, Bea Vigelis, Peggy Maas, and Don Peirce.

"B" division was skippered by Art Mierisch and John Trolley, and crewed by Peggy Grange, Bill Moore, and Bill Steinmiller. Peggy Grange was chairman of the Regatta.

On Saturday, October 10, Drexel is scheduled to race Haverford, Lehigh, Penn, and St. Joseph's in a Pentagonal Regatta at Cooper River.

**DIT lineman** smashes Albright back in season opener.
