# WELCOME TO THE BLOOMINGTON HANDMADE MARKET

holiday

SHOP LOCAL. SHOP HANDMADE.  
**HOLIDAY MARKET**

*December 3rd 4-8p*

BHM 2015 is so excited to introduce to you the BIGGEST BHM yet!

Today you'll find just over 70 makers creating everything from hand-drawn illustrations to silkscreened posters to handmade soap. BHM works hard to bring you art, crafts, and functional objects from the cute and fun to the utterly bizarre. We pick the most unique, unusual and interesting work from both local artists and other talented folks from all over the Midwest and put it all together in one place.

Buying local and buying handmade means keeping money in our communities, connecting directly with the artists that make the objects you're purchasing, and having something in your home, on your body, or as a gift that is completely unique and unlike anything else.

The Bloomington Handmade Market would like to thank our generous sponsors: Cardinal Stage Company, WFHB, Bead, Gather, Katie Killion Photography, BadKneesTs, SpringHill Suites, Theresa Sicinski Realtor, Southern Indiana Pediatric Dentistry, Rainbow Bakery, Avers, and Bloomington Bagel Company . Special thanks to White Rabbit for our printing needs!! We couldn't do it without you!

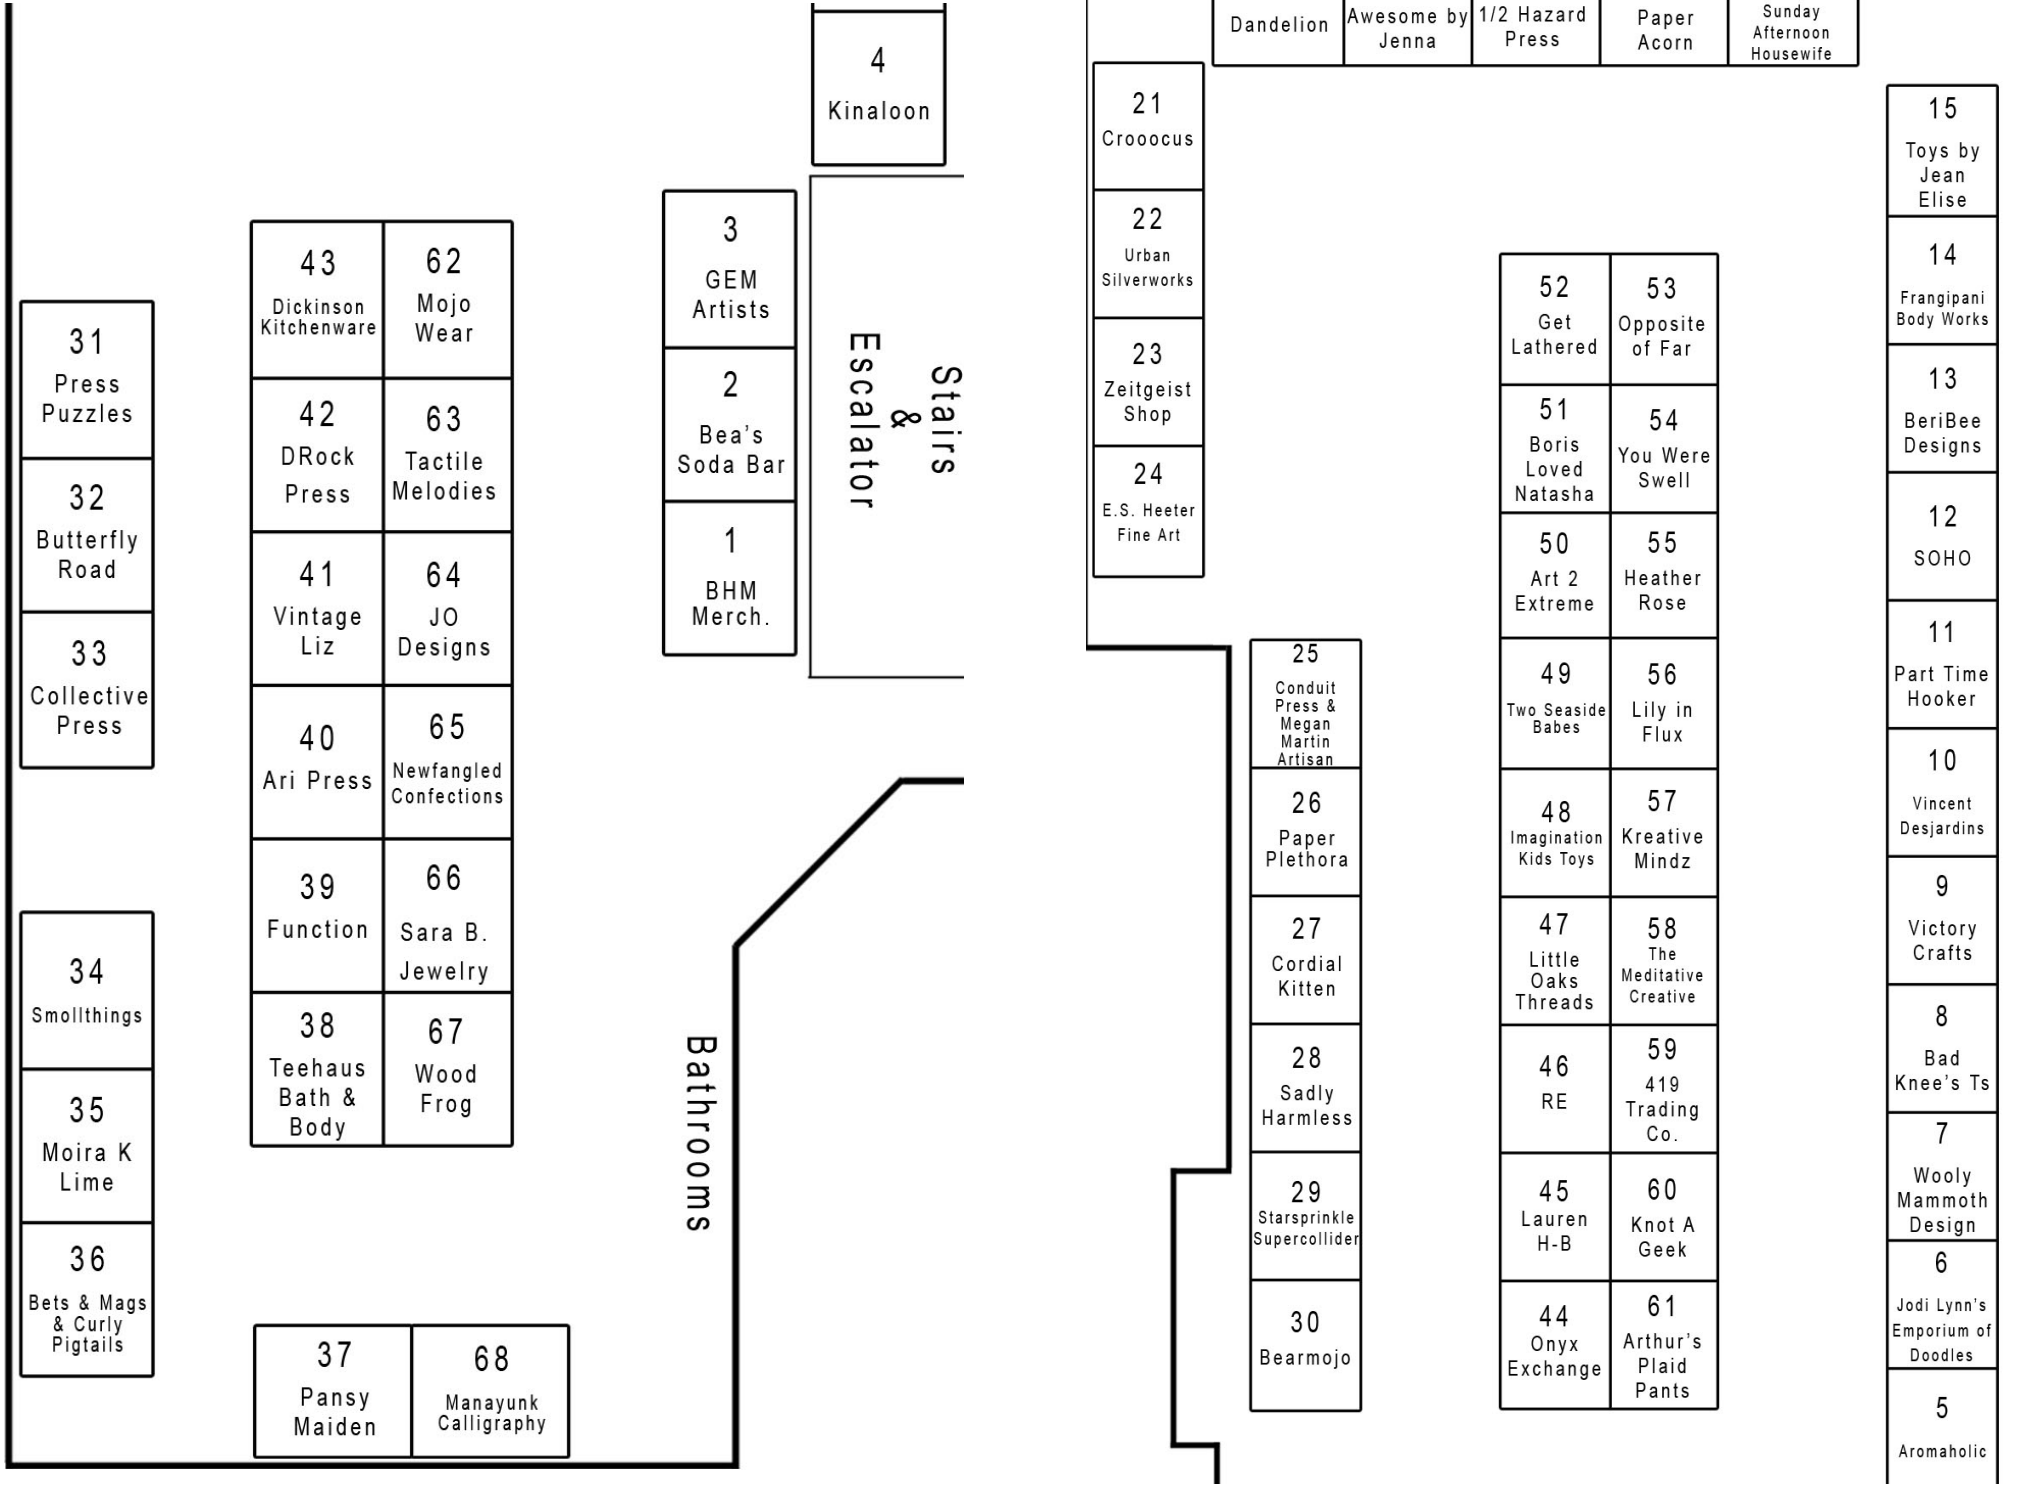

We hope you enjoy the event!

**65. NEWFANGLED CONFECTIONS**

INDIANAPOLIS, IN

Newfangled Confections offers blast-from-the-past candy made with a dash of love and nostalgia. Candymaker Carrie Abbott's modern take on grandma's candy dish favorites is inspired by childhood memories including trips with her grandfather to Hook's Drugstore in the late 1970s. Their signature candy, Frittle combines the classic peanut-buttery sweetness of brittle crossed with peanut fudge. The result is a kinder, softer brittle with a crispy-creamy texture and just a hint of salt. (Gluten-free and vegan).

**66. SARA B JEWELRY AND METALSMITHING**

INDIANAPOLIS, IN

Sara B. Jewelry & Metalsmithing is rooted in the hunt for rare pieces of earth to be collected, and for those bits of natural history to be preserved and captured in unique, modern handmade jewelry. All Sara B. pieces are handcrafted in her little Midwest mess of a home studio. Her quest is to create unconventional jewelry with a bit of raw earthiness and asymmetry. Using traditional metalsmithing techniques and tools to craft jewelry that is natural yet modern, she embraces the inherent imperfections of the stones and fossils as well as her hand at work.
