Led by Faith

Rising from the Ashes
 of the Rwandan Genocide

IMMACULÉE ILIBAGIZA WITH STEVE ERWIN

In *Led by Faith*, **Immaculée Ilibagiza** takes us with her as her remarkable journey, started in her first book *Left to Tell*, continues. Through her simple and eloquent voice, we experience her hardships and heartache as she fights to find meaning and purpose in the aftermath of the Rwandan holocaust. It is the story of a naïve and vulnerable young woman, orphaned and alone, navigating a bleak and dangerously hostile world with only an abiding faith in God to guide and protect her. Immaculée fends off sinister new predators, seeks out and comforts scores of children orphaned by the genocide, and searches for love and companionship in a land where hatred still flourishes. She struggles along with her country to heal from the wounds of war and to keep hope, love, and forgiveness alive. Immaculée eventually emigrates from Rwanda to America to begin a new chapter of her life—and finds herself a stranger in a strange land.

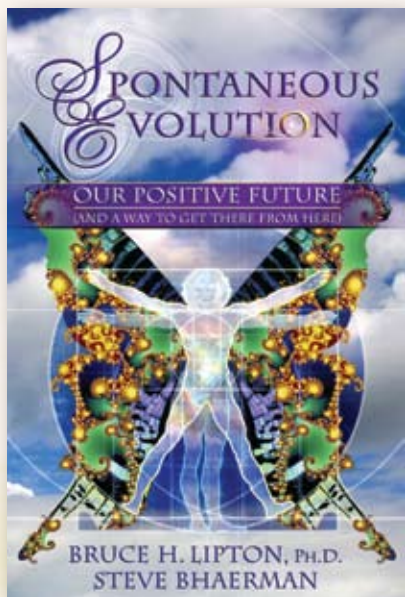

Immaculée Ilibagiza was born in Rwanda and studied electronic and mechanical engineering at the National University. She lost most of her family during the 1994 genocide. Four years later, she immigrated to the United States and began working for the United Nations in New York City. She has established the Ilibagiza Foundation to help others heal from the long-term effects of genocide and war.

Spontaneous Evolution

Our Positive Future (and a Way to Get There from Here)

BRUCE H. LIPTON, PH.D., AND STEVE BHAERMAN

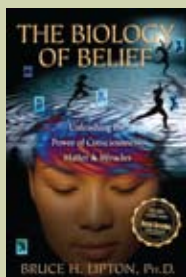

Bruce H. Lipton, world-renowned expert in the emerging science of epigenetics, reveals in *Spontaneous Evolution* how our changing understanding of biology will help us navigate this turbulent period in our planet's history, and how each of us can participate in this global shift.

In collaboration with political philosopher **Steve Bhaerman**, Bruce invites readers to reconsider the following:

- The "unquestionable" pillars of biology, including random evolution, survival of the fittest, and the role of DNA
- The relationship between mind and matter
- How our beliefs about nature and humanity shape our politics, culture, and individual lives
- How each of us can become planetary "stem cells" supporting the health and growth of our world

By questioning the old beliefs that got us to where we are today and that keep us stuck in the status quo, we can trigger the spontaneous evolution of our species that will usher in a brighter future.

Brainwashed

Erasing the Myth of Black Inferiority

TOM BURRELL

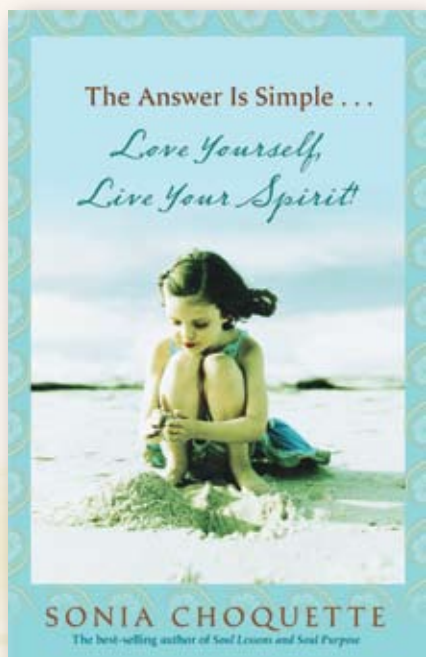

"Black people are not dark-skinned white people," says advertising visionary **Tom Burrell**. In fact, they are a lot more. They are survivors of the Middle Passage and centuries of humiliation and deprivation, who have excelled against the odds, constantly making a way out of "no way!" At this point in history, the idea of black inferiority should have had a "Going-Out-of-Business Sale." After all, Barack Obama has reached the Promised Land.

Yet, as this book testifies, too much of black America is still wandering in the wilderness. In this powerful examination of "the greatest propaganda campaign of all time"—the masterful marketing of black inferiority—Burrell poses ten provocative questions that will make black people look in the mirror and ask why, nearly 150 years after the Emancipation Proclamation, so many blacks still think like slaves. *Brainwashed* is not a reprimand; it is a call to deprogram ourselves of self-defeating attitudes and actions. Racism is not the issue; how we *respond* to racism is the issue. We must undo negative brainwashing and claim a new state of race-based self-esteem and self-actualization. Provocative and powerful, *Brainwashed* dares to expose the wounds so that we, at last, can heal.

Marketing communications pioneer **Tom Burrell** is a recognized leader and change-agent credited with revolutionizing the use of positive and realistic images of African Americans in television advertising. His award-winning work acknowledged the purchasing power of the African-American community and literally changed the face of American advertising. Burrell is the founder of The Resolution Project, a nonprofit organization dedicated to self-healing and self-actualization. In 2004, he was inducted into the Advertising Hall of Fame. A Southside native, Burrell lives with his wife, Madeleine, in Chicago.

The Hope

A Guide to Sacred Activism

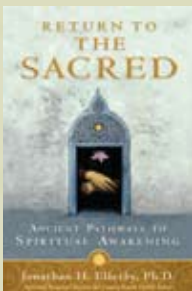

ANDREW HARVEY

The Hope is a simple yet compelling guide to overcoming current global challenges.

This no-nonsense work provides a succinct vision of our world crisis and the need for sacred activism—the fusion of the deepest spiritual knowledge with clear, wise, radical action. **Andrew Harvey** lays out seven laws for sacred activism, covering everything from the necessity of incorporating a spiritual practice into your life, to the transformation of anger into wise energy, to the importance of community. Through these laws, he shows that neither the noble, pragmatic work of the activist nor the private spirituality of the individual is enough to change the world. These must be fused to become a passionate, unstoppable force of transformational love.

Just as Julia Cameron's book *The Artist's Way* gave millions of people a precise and interactive handbook to help them discover and explore their creativity, *The Hope* will give practical advice to all those who want positive change.

The Secret Lives of Teen Girls

What Your Mother Wouldn't Talk
 about but Your Daughter Needs to Know

EVELYN RESH, MPH, CNM, WITH BEVERLY WEST

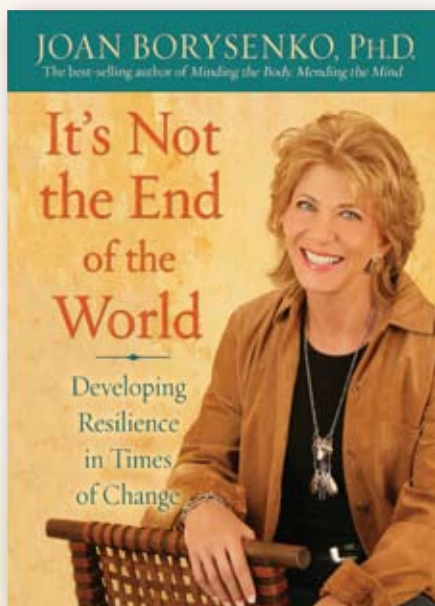

In this fascinating book, **Evelyn Resh**, the mother of a teenage daughter, certified nurse-midwife specializing in the treatment of teenage girls, and counselor to adult women, explores the world of female adolescent sexuality. She helps parents, especially mothers, gain insight into how to help their daughters through this time.

Secrets divulged by teenage girls during consultations have made Evelyn realize that most teens are left to develop a sexual identity without adult guidance and often without a basic knowledge of what is happening to them physically and emotionally. She has also found that mothers often criticize or shame their daughters for normal adolescent behavior because they never received comprehensive, compassionate guidance themselves.

Through compelling, frank, and sometimes humorous stories, Evelyn highlights the importance of a mother's responsibility to inform herself and her daughter about the risks and rewards involved in being sexual. She also reminds us that mothers are the most influential role models when it comes to creating healthy lifestyles. In this insightful book, the author discusses everything from sexual activity to eating disorders, substance abuse, mental illness, violence, and STDs. She also looks at less serious but still troubling issues such as under-achievement, battles such as parents, and lack of emotional and social support.

Evelyn Resh, CNM, MPH, the Director of Sexual Health Services and Programming for Canyon Ranch Health Resorts, has been in practice as a certified nurse-midwife for more than 15 years. She holds a master's degree in public health; and undergraduate degrees in nursing, psychology, and medical anthropology. She practices integrative midwifery and gynecology with women of all ages, and lectures frequently across the country to professional and lay audiences on the topics of women's health and sexual satisfaction. She is especially known for her warm, lively, and good-humored approach to her subject matter and her ability to make others feel comfortable with hard-to-discuss topics. Evelyn has been in practice for more than 20 years. She lives in western Massachusetts with her family, where she continues to practice as a midwife and sexuality counselor.

It's Not the End of the World

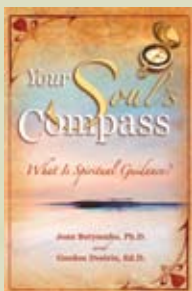

Developing Resilience in Times of Change

JOAN BORYSENKO, Ph.D.

The world is in crisis, but you don't have to be. We all know resilient people who bounce back from hardship and create their best lives. That's the promise of change. Other people stress out and melt down, losing hope and health. That's the danger in times of change. The good news is that resilience isn't a genetic gift for the lucky few. It's an easily understood skill that anyone can practice and master.

Resilient people face reality head-on, take action, find deeper meaning in life, laugh often, and are masters of improvisation. A new kind of natural selection is already having its way with us. Hopeful, stress-hardy people will rule the world. And as change and uncertainty escalate, those prone to stress will be less able to compete. This book by **Joan Borysenko**, a world-renowned expert on stress, health, and human potential, is the tool chest you need to step into a bold new future that works for us all.

Wisdom of the Hidden Realms Oracle Cards

COLETTE BARON-REID

Imagine! Before the written word, the ancients established a Divine partnership between humans and mystical Hidden Realms that bridge the worlds of Nature and Spirit. Both agreed to form an eternal Sacred Alliance to establish harmony and balance. The Alliance ensured that when we asked for guidance in manifesting our reality, they would help us find our way to the highest good for all. But in time, humanity turned itself away from the natural world as a source for the Divine and forgot about the realms in the Unseen realities. As our global concerns have increasingly become more pressing, they have returned to help us find our way home to our true purpose.

The cards in **Colette Baron-Reid's** deck represent some of those realms and their Queens and Kings, Princes, and other magical helpers. Let the Swan Queen point the way to transformation, the Arrow Master help you reach your goals, and the Sacred Union speak to the depth of your longing for love. The guidebook helps you interpret their messages. *Ask and ye shall receive, for the highest good is their motto.* If you call upon them, they will answer.

The Continuing Life Story of Sylvia Browne

SYLVIA BROWNE

The Continuing Life Story of Sylvia Browne is a brand-new anthology that contains the full text of two of Sylvia's best-selling books: the landmark **Adventures of a Psychic**, which details how a little girl from Kansas City, Missouri, discovered her gifts and was then led on a decades-long journey to ultimately become "one of America's most successful clairvoyants"; and **If You Could See What I See**, a handbook on spirituality that is also full of anecdotes from Sylvia's life, both before and after she became a world-famous medium who spends her time writing, lecturing, and appearing on TV.

Yet this volume also contains a special treat: an all-new work from Sylvia! Titled **Passing the Psychic Torch**, it focuses on the incredibly special relationship Sylvia had with her beloved psychic grandmother, Ada Coil. Drawing on her cherished memories, along with Grandma Ada's numerous letters—several of which are reprinted in these pages—Sylvia gives us a rich portrait of a blessed soul who helped so many. She also delves into her own childhood and teenage years as never before as she relates how her dear grandmother not only became her mentor, but was indeed the mother she never really had. This is the book Sylvia's fans have been begging her to write . . . and it doesn't disappoint!

Defy Gravity

Healing Beyond the Bounds of Reason

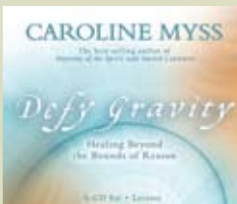

CAROLINE MYSS

New York Times best-selling author **Caroline Myss** draws from her years as a medical intuitive to show that healing is not only physical—it is also a mystical phenomenon that transcends reason.

Inspired by ordinary people who overcame a wide array of physical and psychological ailments—from rheumatoid arthritis to cancer—Caroline dove into the works of the great mystics to gain a deeper understanding of healing's spiritual underpinnings. Based on these studies, she demonstrates how conventional and holistic medicine often fall short in times of need. Both systems rely upon a logical approach to curing illness when there is nothing reasonable about the emotional, psychological, or spiritual influences behind any ailment.

Integral to this mystical healing approach is the engagement of the soul, which we experience through exploring our seven shadow passions, building an empowered inner self around our seven inherent graces, and learning how to work with the mystical laws that govern the soul. This knowledge holds the key to understanding what it means to defy gravity and break through the boundaries of ordinary thought. You can heal any illness. You can channel grace. And you can learn to live fearlessly.

La desaparición del universo

La pura verdad sobre las ilusiones, las vidas pasadas, la religión, el sexo, la política y el milagro del perdón

GARY R. RENARD

What would you do if you were sitting quietly in your living room when a mysterious couple appeared from out of nowhere—and then told you they were “ascended masters” who had come to reveal some shocking secrets of existence and teach you the miraculous powers of advanced forgiveness? Would you call the cops? Call a psychiatrist? Call out for pizza?

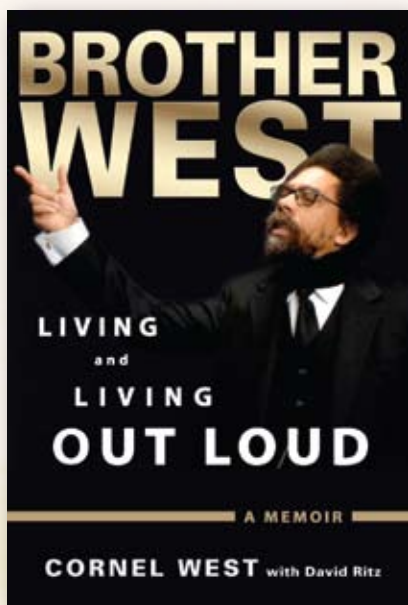

When two such teachers appeared before **Gary Renard** in 1992, he chose to listen to them (and ask a lot of impertinent questions). The result is this startling book: an extraordinary record of 17 mind-bending conversations that took place over nearly a decade, reorienting the author’s life and giving the world an uncompromising introduction to a spiritual teaching destined to change human history.

In the early 1990s, **Gary R. Renard** underwent a powerful spiritual awakening. As instructed, he slowly and carefully wrote his first book, *The Disappearance of the Universe*, over a period of nine years. Gary has been described as one of the most interesting and courageous spiritual speakers in the world. Over the past several years, he has lectured throughout the U.S., Canada, Australia, England, and Costa Rica; and was the keynote speaker at the International A Course in Miracles Conference in Salt Lake City in 2005. He is also the author of *Your Immortal Reality*.

Brother West

Living and Loving Out Loud:
 A Memoir

SMILEYBOOKS

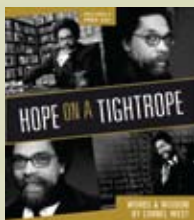

CORNEL WEST WITH DAVID RITZ

New York Times best-selling author **Cornel West** is one of America's most provocative and admired public intellectuals. Whether in the classroom, the streets, the prisons, or the church, West's penetrating brilliance has been a bright beacon shining through the darkness for decades. Yet, as he points out in this new memoir, "I've never taken the time to focus on the inner dynamics of the dark precincts of my soul."

That is, until now.

Brother West is like its author: brilliant, unapologetic, full of passion yet cool. This poignant memoir traces West's transformation from a schoolyard Robin Hood into a progressive cultural icon. From his youthful investigation of the "death shudder" to why he embraced his calling of teaching over preaching, from his three marriages and his two precious children to his near-fatal bout with prostate cancer, West illuminates what it means to live as "an aspiring bluesman in a world of ideas and a jazzman in the life of the mind." Woven together with the fibers of his lifelong commitment to the prophetic Christian tradition that began in Sacramento's Shiloh Baptist Church, *Brother West* is a tale of a man courageous enough to be fully human, living and loving out loud.

Saved by a Poem

The Transformative Power of Words

KIM ROSEN

FOREWORD BY EVE ENSLER

In these times of global and personal uncertainty, why turn to poetry? In *Saved by a Poem*, **Kim Rosen** reveals how a poem can be a companion through difficulty—acting as a guide when we are lost; a salve when we are wounded; and a conduit to insight, freedom, and joy.

Since Kim understands that many avoid poetry because they are intimidated or “just don’t get it,” she offers a new way to experience a poem. She rejects the traditional academic approach and encourages you instead to feel the poem as an affirmation or prayer that brings every level of who you are—your thoughts, feelings, and even your physical energies—into alignment with what matters most. This can help you gain deeper insight into your life and may just inspire a profound transformation.

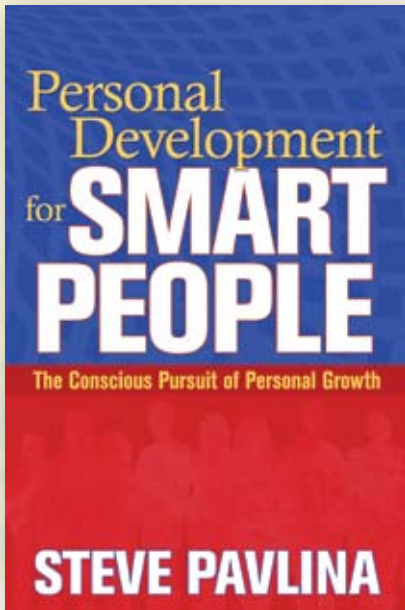

Kim weaves her story with those of people around the world who use poetry to light a path through the darkest moments. She teaches how to select a poem with personal significance, how to find your voice, and how to free your expression from fear and habit. Speaking poetry aloud brings its medicine to all who hear it—dissolving separation, fostering truth, and awakening the heart. Also included is a CD featuring well-known authors and visionaries reading a favorite poem and discussing its impact on their lives.

Kim Rosen is a poet, spoken-word artist, and teacher of self-transformation. She is co-creator of several CDs of poetry and music, most recently *Only Breath*, an interweaving of music and mystical poems from around the world. Kim has given poetry concerts, lectures, and workshops in venues from cathedrals to juvenile lockdown facilities and has been on the faculty of Wisdom University, the Omega Institute, and Kripalu. She is a graduate of Yale University and has an MFA in poetry from Sarah Lawrence College. When not delivering poetry or giving workshops in various corners of the world, Kim lives in California.

For Lovers of God Everywhere

Poems of the Christian Mystics

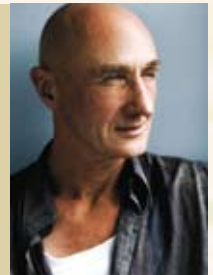

ROGER HOUSDEN

Roger Housden, author of the best-selling *Ten Poems to Change Your Life*, celebrates the growing popularity of mystical poetry with this beautiful compilation from the Christian contemplative tradition. Although the writings of the Sufi mystics (Rumi and Hafez) and the Indian mystics (Mirabai and Kabir) have reached a wide audience in recent years, the poetry of the Christian mystics has yet to be discovered by a general audience. *For Lovers of God Everywhere*, a collection of nearly 100 poems from both historic and contemporary writers, heralds the reemergence of the great spiritual voices of the Christian tradition—a tradition with its own love songs to God, cries of longing, and bliss of union.

In this collection, Roger introduces us to some of the foremost poets of both the Eastern and Western Christian traditions. He takes us from the wisdom of the Desert Fathers to the passion of St. Augustine, through the medieval ecstasies of St. Francis of Assisi and St. Catherine of Siena to the subtleties of St. John of the Cross and St. Teresa of Avila; and on to contemporary voices such as Rainer Maria Rilke, T. S. Eliot, and Mary Oliver. Roger's insightful commentary on each poem inspires us to take its words more deeply into our souls and shows how the mystical tradition transcends sectarian divides and speaks to the heart of humanity.

Roger Housden is the author of 17 books, including the *Ten Poems* series, as well as *Seven Sins for a Life Worth Living*; *Dancing with Joy*; *Risking Everything*; *How Rembrandt Reveals Your Beautiful, Imperfect Self*; *Chasing Rumi*; and *Sacred Journeys in a Modern World*. He is a respected lecturer who presents in both the private and corporate arenas on the transformational power of poetry and living a life of meaning. His work has been featured many times in *O, The Oprah Magazine*; *The New York Times*; and the *Los Angeles Times*. He has written feature articles for *The Guardian* newspaper and has been an interviewer for BBC radio. Roger resides in Marin County, California.

The Core Balance Diet— Now Available in Spanish!

La dieta del equilibrio esencial

4 semanas para incrementar su metabolismo y perder peso para siempre

MARCELLE PICK, N.P., WITH GENEVIEVE MORGAN

From the co-founder of Women to Women, one of the first clinics in the country devoted to providing health care for women by women, comes a whole new way to look at weight loss: *The Core Balance Diet*. **Marcelle Pick** draws upon decades of patient and personal experience to solve the mystery of stubborn, frustrating weight gain in women, whether you've just gained it or have been struggling with it for years. This breakthrough program, which has benefited many of the thousands of women who visit the clinic each year, is rooted in cutting-edge nutritional science that explores the weblike relationship between women's hormones, metabolism, and weight gain. In clear terms, Marcelle connects the dots between self-knowledge, self-care, and the ability to lose weight, extending the concept of body-mind-spirit to demonstrate why and how a woman's biography becomes her biology.

Marcelle Pick, RNC, MSN, OB/GYN NP, co-founded Women to Women in 1983 with a vision to change the way in which women's health care is delivered. Women to Women pioneered the combination of alternative and conventional medicine in women's health, using a holistic approach that not only treats illness but also helps women make choices in their lives to prevent disease. Women to Women continues this practice, seeing thousands of women from around the world each year.

Marcelle earned a BS in Nursing from the University of New Hampshire School of Nursing, a BA in Psychology from the University of New Hampshire, and her MS in Nursing from Boston College—Harvard Medical School. She is certified as an OB/GYN nurse practitioner and a pediatric nurse practitioner; and is a member of the American Nurses Association, American Nurse Practitioner Association, and American Holistic Nurses Association. Marcelle has served as medical advisor to *Healthy Living* magazine, lectured on a variety of topics—including "Alternative Strategies to Healing" and "Body Image"—and appears regularly on television to discuss women's health.

Nuestra Señora de Kibeho

Un mensaje de María desde
 el corazón de África

IMMACULÉE ILIBAGIZA WITH STEVE ERWIN

Thirteen years before the bloody 1994 genocide swept across Rwanda, leaving a million people dead, the Virgin Mary and Jesus appeared to several young people in the remote Rwandan village of Kibeho. Through the young visionaries, Mary and Jesus warned of the looming genocide, which they assured could be averted if Rwandans opened their hearts to God and embraced His love. As at other Marian (related to the Virgin Mary) sites, such as Fátima and Lourdes, the visionaries were at first mocked and disbelieved. But as miracle after miracle occurred in the tiny village, tens of thousands of Rwandans and pilgrims from across Africa and Europe journeyed to Kibeho to behold the apparitions. For years, countless onlookers listened as the Holy Mother spoke through the young African visionaries of God's love—messages Mary and Jesus insisted were meant not only for Rwandans, but for the entire world to hear.

While some discounted the apparitions as a hoax, doctors, psychologists, and scientists agreed that what happened in Kibeho could not be explained by modern science. After two decades of rigorous investigation, the Vatican authenticated the visions in 2001. *Our Lady of Kibeho* became the first and only Marian site in all of Africa. But the story of Kibeho remains largely unknown. **Immaculée Ilibagiza** has changed all that with *Our Lady of Kibeho*. She made many pilgrimages to Kibeho both before and after the genocide, personally witnessed true miracles, and spoke with a number of the visionaries themselves. Her deeply personal and moving story is certain to touch the hearts of thousands and help spread the messages of love, hope, and peace delivered by the Holy Mother and Jesus in Kibeho throughout the world—a world desperately in need of Divine inspiration.

The Eyes of Faith

How to Not Go Crazy: Things to Bear in Mind to Get Through Even the Worst Days

BEN STEIN

An emotion common to humankind is fear. Fear dogs our days, makes us lose sleep, ruins our relationships, and takes the joy out of living. The strongest, best defense against that emotion is to see through the eyes of *faith*. As such, **Ben Stein** brings you 500 ways to look at life in this way so that you can triumph over fear.

Ben absorbed many of the positive thoughts within these pages at 12-step meetings he has attended; he has applied them to his own life, and he has found that they work. They're simple, but extremely effective. For example:

- I do not know exactly why faith and surrender work. I just know that they do work.
- Say it to yourself and believe it: *My life is a great place to be today. I would rather be me than anyone else, and that's saying something.*
- Life is about waking up, breaking up, shaking up, making up . . . and meditation to keep the human spirit calm.
- There are two forms of worship: worship of God and worship of ourselves. Guess which kind works?

Taken regularly, concepts such as these will make your life easier, calmer, and definitely more enjoyable!

Martin Luther King: Oh, he had a dream, all right!

The empowered version of his life story through the eyes of Source.

What is an energy vortex? Abraham defines and demonstrates.

The language of vibration: A discussion of healing sounds and ancient languages.

Changing careers: A medical doctor wants to do something different. Career counseling—Abraham-style.

Juicy Living, Juicy Aging

Kick Up Your Heels Before
 You're Too Short to Wear Them

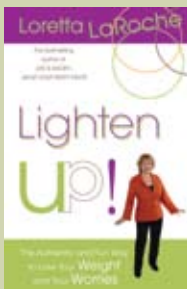

LORETTA LAROCHE

In her most deeply personal book yet, **Loretta LaRoche** addresses the most exciting challenge that we all face—one that she now finds herself confronting every day: *How do we age well? And can humor, dignity, honesty, wisdom, and other virtues ease the path?*

Our society is youth obsessed: beauty products, special exercises, designer vitamins, plastic surgery, and certain medications are promoted as *the* ways to enhance our lives. While these formulas may have some merit, they're not enough to prepare us for a rich, authentic life filled with passion and juiciness. Why do we wait until we're almost dead before we focus on how to age well? Every school system in the country should be preparing us for this inevitable part of our soul growth!

With her trademark wit and practical knowledge, Loretta tackles the issue of how to live a long, healthy, juicy life—using herself and many of her friends and mentors as metaphors. Filled with practical advice, lifestyle skills, wisdom, and spirituality, *Juicy Living, Juicy Aging* is a mental health spa that will inspire you and your family to live with joy, harmony, and peace while you still have the time!
