

**The 2nd Annual Conference
October 4-6, 2013 - Milwaukee**

Health Care for a Change!

The Family Medicine Midwest Foundation Leadership:

Board Chair:
Janice Benson, MD, University of Chicago/NorthShore

Vice Chair:
David Deci, MD, University of Wisconsin

Treasurer:
Andrew Slattengren, DO, University of Minnesota

Executive Director:
Vincent D. Keenan, CAE – Illinois Academy of Family Physicians

Directors:
David Walsworth, MD, Michigan Academy of Family Physicians
Risheet Patel, MD, Indiana Academy of Family Physicians
Wendy Biggs, MD, University of Kansas

In association with 
VISION, VOICE, LEADERSHIP

join us!

ABOUT OUR COMMUNITY:

- Enjoy the great outdoors in a community surrounded by lakes, rivers, parks, campgrounds, ski hills and more!
- Immerse yourself in a thriving city with a historic and retail district alive with activity.
- Take comfort in bringing your family to a family-friendly community recognized statewide for its outstanding public education system.
- Enjoy a quick, 30-minute commute to Madison and only 15 minutes to Wisconsin Dells!
- Take part in living in “the best of both worlds” ...small town appeal without the sacrifice of convenience.
- Location near three major interstates and two ski hills.

Divine Savior Healthcare invites you to consider the following opportunities available in Portage, Wisconsin (30 minutes north of Madison, Wisconsin):

Family Medicine

- State-of-the-art clinic, hospital & aging services facilities connected on one campus!
- Join 4 other Family Medicine Physicians in a highly successful practice with flexible practice options:
 - Outpatient only or traditional practice
 - With or without OB
 - Full or part-time
- Mid-level providers assist with nursing home rounds
- Competitive salary, plus a complete benefits package including 6 weeks paid time off PLUS 10 days CME and CME allowance, loan forgiveness, relocation and much more!
- Join our multi-specialty group including: Family Medicine, Internal Medicine, Physical Medicine and Rehab, Occupational Medicine, Sports Medicine, Pulmonology, Critical Care, Sleep Medicine, General and Orthopedic Surgery, Podiatry, Pediatrics and OB/GYN.
- 10,000 population; 40,000 catchment area

Health Care for a Change!

Thank you to the 2013 Family Medicine Midwest Host Committee for their outstanding work in fundraising for student scholarships and recruiting our amazing plenary speakers.

Chair: David Deci, MD, University of Wisconsin (Madison, WI)
Valerie Gilchrist, MD, University of Wisconsin
Timothy Meidl, University of Wisconsin
Suzanne McGuire, University of Wisconsin
Nancy Havas, MD, Medical College of Wisconsin (Milwaukee)
Catherine DeGrandville, Aurora HealthCare, Wisconsin
Jessica Byrnes, Aurora University of Wisconsin Medical Group
Morgan Rabatine Nagel, Bellin Hospital (Green Bay, WI)
Bharat Gopal, MD, Carle Foundation Family Medicine Residency (Urbana, IL)
Lori Larson, Central Minnesota Area Health Education Centers
Judi Gravdal, MD, Chicago Medical School (North Chicago, IL)
Matthew Bernard, MD, Mayo Medical School
Lisa Regehr, Minnesota Academy of Family Physicians
Lori Rodefeld, Monroe Clinic Family Medicine Residency (Wisconsin)
Deborah Clements, MD, Northwestern University – Feinberg School of Medicine (Chicago)
Kathleen Macken, MD, United Family Medicine Residency (Minnesota)
Ravi Balasubrahmanyam, MD, United FMR
Janice Benson, M.D., University of Chicago/NorthShore University
Aaron Goldstein, University of Illinois at Chicago student
Mustafa Alavi, University of Illinois at Chicago student
Farion Williams, MD, University of Illinois at Rockford
Vivek Kataaya, MD, University of Illinois at Rockford
Andrew Slattengren, DO, Univ. of Minn./Minnesota Academy of Family Physicians
Therese Zink, MD, Univ of Minnesota

Thank you to the 2013 Planning Committee for their amazing work in creating a dynamic schedule for this event

Co-chair Janice Benson, MD, University of Chicago/NorthShore,
Co-chair Judith Gravdal, MD, Advocate Lutheran General/Chicago Medical School,
Juliann Binienda, Ph.D., Wayne State University
Andrew Slattengren, DO, Minnesota AFP and University of Minnesota
Becky Killop, Michigan Academy of Family Physicians
Elizabeth Garrett, MD, University of Missouri - Columbia
Dane Schaleben-Boateng, student, University of Minnesota
David Deci, MD, University of Wisconsin
David Schneider, MD, St. Louis University
David Walsworth, MD, Michigan Academy of Family Physicians
Joshua Shapiro, student, Rush University
Kathleen Macken, MD, United FM Residency Lori Larson, Central Minnesota AHEC
Lubna Madani, MD, resident, University of Chicago/NorthShore
Matthew Bernard, MD, Mayo Medical School
Melissa Lewis, Indiana Academy of Family Physicians
Monica Fudala, MD, resident, University of Chicago/NorthShore
Ravi Balasubrahmanyam, MD, United FM Residency
Wendy Biggs, MD, Kansas University Medical Center FM Residency

CME Information for this Meeting

Accreditation

The Illinois Academy of Family Physicians / Family Practice Education Network is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation

AMA PRA Category 1 - The Illinois Academy of Family Physicians/Family Practice Education Network designates this live activity, 2013 Family Medicine Midwest Conference for a maximum of 13 AMA PRA Category 1 credits™.

Prescribed - This live activity, 2013 Family Medicine Midwest Conference has been reviewed and is acceptable for up to 13 Prescribed credits by the American Academy of Family Physicians.

Faculty Disclosure Statement

The Illinois Academy of Family Physicians adheres to the conflict of interest policy of the ACCME and the AMA. It is the policy of Illinois AFP to ensure balance, independence, objectivity, and scientific rigor in all its educational activities. All individuals in a position to control the content in our programs are expected to disclose any relationships they may have with commercial companies whose products or Services may be mentioned so that participants may evaluate the objectivity of the presentations. In addition, any discussion of off-label, experimental, or investigational use of drugs or devices will be disclosed by the faculty. Only those participants who have no conflict of interest or who agree to an identified resolution process prior to their participation were involved in the CME activity.

It's Good To Be Green

We have gone green for this meeting - all handouts and evaluations are only available online!
Thank you to Allina for sponsoring free wi-fi access for Family Medicine Midwest 2013

WI-FI INSTRUCTIONS - *Here is how you log in:*

- *Connect to the Hyatt Conference WIFI connection through your laptop or smartphone*
- *Click on Internet Explorer or Firefox Explorer and select any internet page of your choice.*
- *There are 2 tabs to sign into the internet. It will default to Charge to Room. **You will need to select the tab next to it that says Enter Password***
- ***Please enter in username: fmmc***
- ***Please enter in password: allina***
- *Select Login*

How to access handouts, evaluations & claim CME credit

All evaluations and handouts are available online at the 2013 Family Medicine Midwest Meeting website. A link to this website, along with your username & password, was emailed to you prior to the conference. Please check your inbox! You can also access this website by scanning the QR code using your smartphone or typing the URL into your web browser.

<http://iafp.planion.com/Web.Admin/Login?ACCOUNT=IAFP>

Username: (enter your email address for the username)
Password: familymedicine

Once logged into the website you can fill out the evaluation for each session you attended and claim credits. Handout materials, including copies of the presentations, can also be found online listed with each session. Once you have completed the evaluations for each session you have attended and claimed credits you can print a CME certificate or a certificate of attendance. Your information will also be stored on the website for one year, so you may access handouts or your CME credits at any time.

If you registered onsite, your information will be added to the website at the end of the conference day. Questions or problems? Please see staff at the registration desk for help.

Pre-Conference Workshops

Cancer Survivorship Workshop

Friday October 4, 2013 9:00am - 1:30pm

To facilitate the critical competencies that should be part of the routine care of cancer survivors and their families, and to address this gap in medical education, Carol A Rosenberg, MD has created the Living in the Future Cancer Survivorship Course, a framework for the dissemination of the science of survivorship. The curriculum provides emerging health professionals, as well as those who are in long standing practice, with a foundation of attitude, knowledge and skills related to survivorship care.

GO Diabetes – GOing Forward: Tips and Tools You Didn't Get in Training

Friday October 4th 2:00pm - 5:00 pm

This 3-hour interactive workshop is being presented by the GO! Diabetes project, a national initiative founded by the Georgia and Oklahoma Chapters of the AAFP in 2008. The workshop will include an update on the 2013 American Diabetes Association Guidelines, an opportunity to learn and then practice various practice improvement tools, gather a sample of data and then understand how to use that data to improve care and provide practical tips and tools to educate your patients in self-management of their diabetes

Collaborative Communities—FREE to all registered attendees

Friday October 4th from 2:00 pm - 5:30 pm

Maternal and Child Health Care Collaborative Community

Dedicated to enhancing preconception, prenatal and postpartum care. We intend to generate awareness of existing tools/resources and develop new projects which aim to improve maternal and child health.

Palliative Care Collaborative Community

Through the creation of a family medicine collaborative community in Palliative Care, we seek to create a network of family physicians with an interest in strengthening all primary care providers' ability to offer high quality, end-of-life and palliative care services to their patients and in their communities.

Super Utilizers Collaborative Community

Family physicians that have developed strategies that demonstrate the ability to reduce the cost of care while improving the quality of care for high service use patients will share their work with health system leaders.

Global Health Collaborative Communities

The goal is to further global health education that advocates for Family Medicine and primary health care solutions primarily in low- and middle-income countries (LMICs) by using responsible, ethical, and humble approaches to partnerships with longitudinal relationships. We will bring together students, residents and faculty interested in global health to emphasize the importance of global health education into all medical curriculum

Change Inspired by our Plenary Speakers

The Family Medicine Midwest Host Committee invited these three family medicine leaders to share their stories and their wisdom to challenge and inspire you in your future as a physician. No matter what road you take, family medicine is essential to a better and healthier future.

Message to patients: PCMH4U

Richard Roberts, MD, JD
Professor, University of Wisconsin Department of Family Medicine,
Belleville

A large and growing body of evidence demonstrates consistently that health care systems based on family medicine and primary health care have better outcomes and lower costs than specialist-dominant systems. The Patient-Centered Medical Home (PCMH) was developed to transform and renew primary care to meet changing societal needs. This session will present the history, promise, and limits of the PCMH. Richard Roberts is Professor and past chair in the Department of Family Medicine at the University of Wisconsin and a past president of the World Organization of Family Doctors and the American Academy of Family Physicians. He has been a teacher and consultant for primary care redesign in more than 50 countries.

In the Community and Around the World: The Contribution of Family Medicine

Cynthia Haq, MD—Professor, Departments of Family Medicine and
Population Health Sciences, and Director of the Center for Global Health,
University of Wisconsin-Madison, Madison, Wisconsin

Family physicians can apply their skills to promote healthy communities in any environment. Dr. Haq will share stories of how family medicine has strengthened primary health care and transformed the lives of individuals, families, communities. Cindy Haq has provided full spectrum family medicine and has designed and led medical educational programs in rural Belleville, Madison and Milwaukee WI, and in Pakistan, Uganda and Ethiopia. She trains family medicine residents, provides care for families, the uninsured and homeless, and leads the Training in Urban Medicine and Public Health (TRIUMPH) program for UW medical students in Milwaukee.

The Power of Advocacy and the Role of Family Physicians

Jerry Kruse, MD—CEO and Executive Associate Dean, Southern Illinois
University Health Care

Dr. Kruse will share his story on how he started as an advocate at a local area, for rural health and rural health research as well as access to care, and how that led to his role as a “kitchen cabinet” adviser to U.S. Senator Dick Durbin. Find out how students, residents and all family physicians can—and must— participate in advocacy. You don’t have to be a career lobbyist to be a great health care lobbyist! Family physicians at every level, including students, are among the best advocates in the health care legislative arena.

Friday, October 4 – Preconference Workshops

TIME	EVENT	LOCATION

Resume Review . Cover Letter Writing . Social Media Profile Audit . Career Coaching . Job Search Strategy. Interview Prep . Mentoring . Graduate School Applications and Interviewing. Freelancing . Part Time & Full Time Job Opportunities .

Healthcare Resume Review offers a portfolio of services to meet your job search needs.

We help new and seasoned clinical professionals prepare resumes and cover letters for positions in the following healthcare industry segments such as:

- Hospitals and Healthcare Systems
- Pharmaceutical, Medical Device, Biologic Companies
- Insurance Companies
- Consulting Companies
- Non Profit and Patient Advocacy Associations
- Academia (Graduate School and Teaching Appointments)

*We specialize in helping clinicians transition into business roles as well as executives seeking a second or new career in healthcare and international assignments.

Stop by our exhibit table or visit us at www.healthcareresumereview.com.
Email us at info@healthcareresumereview.com for more information.

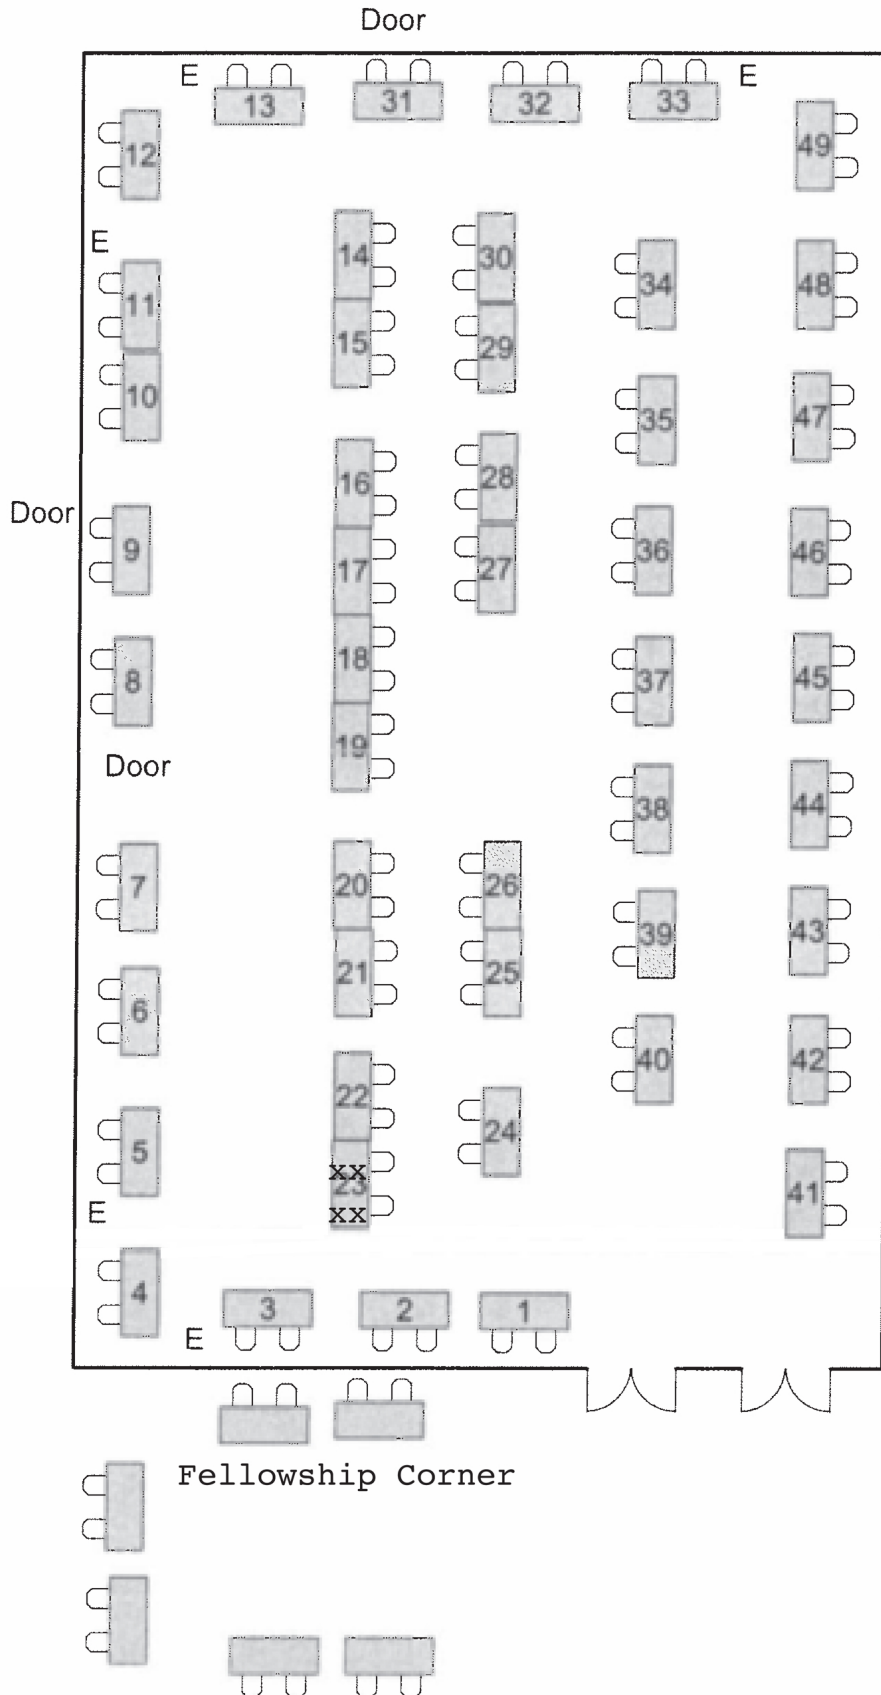

Corporate Exhibitors located throughout the Atrium	
AcuteCare	ACUTE CARE, INC. is a physician practice management company based in Des Moines, Iowa. The company was formed in 1989 by Dr. Mark C. Menadue who, as a practicing Emergency Physician, saw an opportunity to provide critical Emergency Department staffing solutions and value added services to small and rural hospitals.
Affinity Medical Group/Ministry Medical Group	Affinity Medical Group and Ministry Medical Group are an integrated system of hospitals, clinics and physicians located throughout Wisconsin. Our physicians enjoy leading edge technology, state-of-the-art facilities and a generous compensation and benefit package. We are currently seeking BC/BE Family Medicine physicians to multiple locations.
Allina Health	Allina Health is dedicated to the prevention and treatment of illness and enhancing the greater health of individuals, families and communities throughout Minnesota and western Wisconsin. A not-for-profit health care system, Allina Health cares for patients from beginning to end-of-life through 90+ clinics, 12 hospitals, 14 pharmacies, and specialty medical services.
Aspirus Clinics, Inc.	Aspirus is a non-profit, community-directed health system based in Wausau, WI. With more than 6000 employees, Aspirus serves people in Wisconsin and Upper Michigan through an extensive hospital and clinic network, home health, pharmacies, critical care, medical goods, nursing homes, a philanthropic & research foundation and an affiliated physician network.
Bellin Health	Consider joining a nationally recognized health system. Bellin Health is seeking BC/BE FM physicians to practice in primarily an outpatient setting, obstetrics optional in Green Bay. Bellin Health's large PC team is dedicated to the training of future providers. Our medical education program works with various schools while ensuring that we are providing the highest quality of care for our patients
Cerner Corporation	For more than 30 years Cerner has been executing its vision to make health care safer and more efficient. Cerner Ambulatory in turn delivers intuitive solutions with customizable workflows to 40+ specialties. Learn about our certified Electronic Health Record with Integrated Practice Management, EDI Services , Patient Portal and Mobility .
Divine Savior HealthCare	Divine Savior Healthcare has excellent Family Medicine opportunities with flexible practice options!• Traditional or Outpatient only • With or without OB • Full or part-time Located in Portage, Wisconsin (30 minutes north of Madison), Divine Savior includes a hospital, clinic and aging services facilities connected on one campus!
DynaMed/EBSCO	DynaMed™ is a clinical reference tool created by physicians for physicians and other health care professionals for use at the point-of-care. With clinically -organized summaries for thousands of topics, DynaMed provides the latest content with validity, relevance and convenience, making DynaMed an indispensable resource for answering most clinical questions .
Gundersen Health System	You'll be joining a physician-led, not-for-profit health system with a top-ranked teaching hospital and one of the largest multi-specialty group practices with about 700 physicians and associate medical staff. Visit us online: gundersenhealth.org/medcareers
Healthcare Resume Review	Healthcare Resume Review is a trusted resource for your job search needs, at any career stage. We offer a variety of services to help kick start or augment your job search. Our services include: Resume Review, Cover Letter Writing, Social Media
The Kinetix Group (Friday Reception Sponsor)	The Kinetix Group (TKG) is a firm committed to drive healthcare delivery innovation through our knowledge, relationships and passion that improves the lives of patients. Through our healthcare delivery expertise, TKG empowers clients to develop and operationalize strategies that optimize patient care in the changing healthcare landscape .
Laboratories C.O.P./ Ideal Protein	Ideal Protein is a medically designed protocol that contains 2 key components- weight loss and a healthier lifestyle education provided by licensed healthcare professionals.
MetCare/ContinuCare of Florida	Metropolitan is a growing health care company that provides health care services for Medicare Advantage, Medicaid, and other customers through its primary care businesses, MetCare, ContinuCare, and Symphony Health Partners. Metropolitan currently owns and operates numerous medical centers and contracts with a network of independent primary care practices. Visit www.metropolitanhealthnetworks.com
OSF HealthCare	OSF HealthCare, owned and operated by The Sisters of the Third Order of St. Francis, Peoria, Illinois, consists of eight hospitals and OSF Medical Group's primary care physician network consists of more than 600 physicians, and advanced practice providers. We have family medicine openings in eight communities in Illinois. www.osfhealthcare.org
State Primary Care Offices for Minnesota and Arizona	State Primary Care Offices (PCOs) for Minnesota and Arizona. The PCOs in each state are responsible for providing technical assistance on recruitment, retention and loan repayment options for clinicians to work in underserved areas. Information is available on state loan repayment as well as the federal National Health Service Corps programs.
Telligen (Friday Reception Sponsor)	At Telligen, we help providers achieve improved clinical outcomes and administrative efficiency. We turn raw information into healthcare intelligence that can be used to drive improvement efforts in the clinical setting. Telligen is collaborating with 10 other organizations in a project called The Evolution of Anticoagulation Management in Atrial Fibrillation. Our exhibit showcases TEAM-A efforts.
ThedaCare, Inc.	ThedaCare, Inc., Appleton, Wisconsin, is an integrated health system that includes, Appleton Medical Center, Theda Clark Medical Center and community hospitals in New London, Shawano and Waupaca. ThedaCare employs over 150 physicians including, Family Medicine, IM, Pediatrics, General Surgery and Orthopedic Specialties. Review our opportunities at www.thedacare.org , # 800-236-7772
Thrivent Financial Services	Thrivent Financial is a values-based, not-for-profit financial services organization with approximately 2.5 million members. As the nation's largest fraternal benefit society, we help members be wise with money and live generously. For more information, visit us online at www.thrivent.com .
UW Health	With 1200+ faculty physicians, UW Health is among the largest medical groups in the country. We are the group practice plan of the UW School of Medicine and Public Health, the medical staff of UW Hospitals and Clinics and the medical staff of more than 60 practice locations in Wisconsin.
Wheaton Franciscan Healthcare	Wheaton Franciscan Medical Group primary care physicians, specialists and sub-specialists practice in more than 50 locations in Southeast Wisconsin and are dedicated to providing patients with positive, compassionate care

Family Medicine Midwest Residency Fair Exhibitors

Regency AB

Fellowship Corner for Residents **Saturday evening from 6-7:30pm – Exhibit Hall**

Are you thinking about a Fellowship after Residency?

A corner of tables will be set up the Exhibit Hall for fellowship representatives to speak with resident who are looking for fellowship ideas and opportunities. Resident attendees will be able to visit with the fellowship faculty any time between 6:00-7:30p.m. This time frame ensures that those residents who are staffing their program's exhibit booth have ample time to visit with fellowship representatives, while those residents who are not staffing a program booth can visit the corner at any time during the 90 minute window. The atmosphere is very casual, no big signs or fancy presentations, just a place to gather, meet and ask questions.

These fellowships have pre-registered for the Fellowship Corner. Others may be added after this program booklet has gone to print.

Hospitalist

Emergency Care

Monroe Clinic Monroe, WI

Lori Rodefeld www.monroeclinic.org/medicaleducation

The Emergency Medicine and Hospitalist Fellowships are developed to train family medicine physicians for practice in rural/underserved communities in need of Emergency Medicine physicians and Hospitalists. With a flexible curriculum, trainees gain increased knowledge and improved skills through direct clinical care and rotations focused on individualized goals.

Urgent Care

Faculty Development

Univ. of Illinois at Rockford

Jeanine Keitner www.rockford.medicine.uic.edu

The goal of our fellowships is to aid in your development as a family physician and help you keep pace with the ever changing field of medicine. At UIC-Rockford, Family and Community medicine is the only department to sponsor post-graduate training programs at the residency and fellowship level.

Primary Care Research

Dept. of Family Medicine Univ. of Wisconsin - Madison

Terry Little www.fammed.wisc.edu/fellowships

Trains primary care physicians and PhD scientists for research-oriented careers related to the organization, delivery or effectiveness of primary health care and preventive medicine.

Addiction Medicine

Dept. of Family Medicine Univ. of Wisconsin - Madison

Terry Little www.fammed.wisc.edu/fellowships

Provides training to family physicians with an interest in becoming board certified in the newly recognized specialty of addiction medicine.

Complementary and Alternative Medicine

Dept. of Family Medicine Univ. of Wisconsin - Madison

Terry Little www.fammed.wisc.edu/fellowships

Provides training to individuals aiming for careers in health science research related to complementary and alternative medicine.

Sports Medicine

Advocate Lutheran General Park Ridge, IL

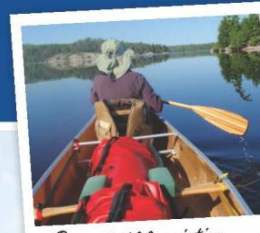

Kara Vormittag and Philip Skiba <http://www.advocatehealth.com/lghsportsmed>

Our training program is focused on the complete management of the athlete, from training and nutrition, to injury management and rehabilitation, to a speedy and safe return to play. Our main academic objective is training fellows to become world leaders in the field, able to practice in any area of sports medicine they choose.

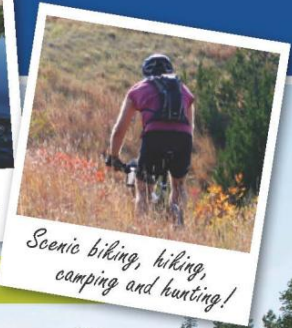

MINISTRY HEALTH CARE

FAMILY MEDICINE OPPORTUNITIES

Ministry Medical Group and Affinity Medical Group are an integrated system of hospitals, clinics and physicians located throughout central, northern and eastern Wisconsin. We are widely recognized as one of the top-rated health care systems in the state with 15 hospitals, 47 clinics and over 650 physicians and advanced practice clinicians.

Over 1,100 pristine lakes and streams!

Scenic biking, hiking, camping and hunting!

WE ARE RECRUITING FAMILY MEDICINE PHYSICIANS AT MULTIPLE LOCATIONS.

At Ministry Health Care, we want to see you succeed. Our physicians enjoy a collaborative environment, leading edge technology, a lucrative compensation package, and most importantly, an opportunity to work with other providers as passionate and dedicated as they are.

We invite you to explore Ministry Health Care. Our team of experienced employment consultants are ready to work with you to understand what you're looking for in a practice and guide you to an opportunity that is right for you.

BEAUTIFUL, SAFE AND AFFORDABLE COMMUNITIES MAKE WISCONSIN A GREAT PLACE TO LIVE AND WORK!

Join us for a Movie Screening

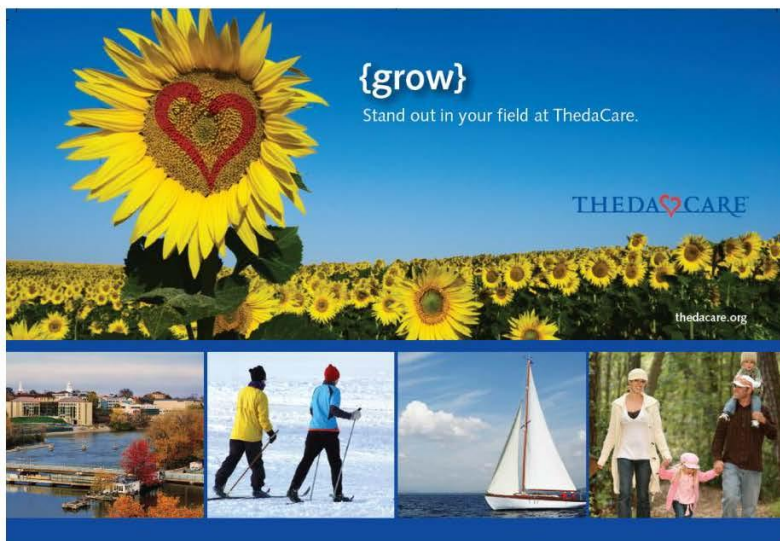

Saturday Night at 8:30 p.m. in the Milwaukee Room

Check out this groundbreaking documentary examining the U.S. health care system, warts and all. Following the movie, stay for a discussion about the problems created by a health care system that profits on sickness and rewards quantity over quality!

How will family medicine factor in the fight to rescue American health care and the patients who count on it?

Moderators:

- Vivek Katayya, M.D. Chair of Family Medicine, University of Illinois College of Medicine at Rockford
- Lori Rodefeld, Monroe Clinic Family Medicine Residency in Monroe, Wisc.

Family Medicine Midwest Awards 2014

Now's the time to think about who inspires family medicine in the Midwest! This is our call for 2014 Family Medicine Midwest Awards!

All 2014 Family Medicine Midwest Awards recipients will be honored during the 2014 Family Medicine Midwest Conference October 9-11 in Minneapolis, Minn. *Travel expenses not included, but any student award winner would be provided a standard FM Midwest scholarship.*

A nomination should include a 2-page maximum letter summarizing the individual's contribution and a copy of the nominee's resume. Nominations will be received through July 31, 2014. The nominations will be reviewed by the Family Medicine Midwest Awards Subcommittee.

The Power To Change Our World Award:

Family Physicians have a long tradition of leadership in the communities in which they live and work. In addition to caring for patients and families in the office and hospital, they are involved on the local, state, national and international scene. This award recognizes those who have developed innovative projects and programs that have had a positive impact on their world. The Power to Change Our World Award recognizes family physicians, residents and students who have demonstrated significant achievement in promoting the health and well-being of the community, either at the local, state, national or international level.

Nominees must live and/or work in the north central region of the US at the time of nomination. Have designed and implemented innovations that made a significant impact on the health and well-being of the community at large. The nominees should be currently alive and active in their project. Nominations may include recently retired individuals. Their efforts should have had a demonstrable impact on a group or groups of people in the community at large. All nominees must be members of AAFP.

Mid-Career Faculty Achievement Award:

This award will acknowledge one mid-career (five to twelve years of academic experience) faculty member who has demonstrated significant achievement. The intent of this recognition is to honor the up-and-coming difference-making faculty who have not yet received tenure approval or otherwise been highly recognized for their efforts. *Senior faculty members (i.e., faculty members who have been approved for tenure or who have received substantial recognition from national organizations) should not be nominated for this award.*

To be considered for this award, a faculty member may have:

- Written articles, books, manuscripts or other academic materials which reveal a significant intellectual contribution to the field of family medicine and health care delivery;
- Designed and implemented curricular innovations which have made a significant impact on learners such as faculty, residents, students, patients and their family members and/or the community at large. These innovations should include impact studies describing the effectiveness of their intervention;
- Designed and implemented health care programs which have had a measurable impact on those served by the program;
- Designed and implemented research and other scholarly initiatives that have contributed to the scientific inquiry within an area of interest to the field of family medicine;
- Designed and implemented administrative programs that have had a demonstrable effect on the productivity of the organizations where they were implemented.

My Family Medicine Life – Minnesota!

This award will showcase someone living in the host state of the Family Medicine Midwest Conference. For 2014, the Family Medicine Midwest Collaborative is looking for exemplary family medicine stories from Minnesota's family medicine community. **This unique award will be presented to one Minnesota honoree in each category: student, resident and active family physician.**

Tell us YOUR story. This is a self-nominated award. What are the influences that led you to family medicine? How do you now channel your passion to help others improve their health? How do you also inspire others to join your family medicine family?

How do you submit YOUR Family Medicine Life?

You may nominate yourself with a letter telling us the most important facets of your family medicine life: It could be your journey to family medicine, about your current super-highway in family medicine – what amazing activities are you doing or new roads are you blazing to make an impact in your current location? Where do you expect that road to lead you?

You may also submit your family medicine story as a video or audio recording. That recording should be no longer than 5 minutes, shared by a YouTube link (you can decide if you want the link to be public or private, FM Midwest will not share your video without permission). Audio files can be .mp3 files or other widely accepted formats.

The 2014 Family Medicine Midwest Conference Host Committee will evaluate the submissions and select the life story for the Illinois student, resident and practicing physician recipient. **All nominees must be currently studying, training or practicing in Minnesota**

2014 Awards Nomination Form

Must be completed and submitted by July 31, 2014

I wish to nominate (name): _____

Institution Name: _____

Mailing Address: _____

Nominee's email address: _____

Please select from the following Family Medicine Midwest Conference Awards:

_____ **Mid-Career Achievement** _____ **Power to Change Our World**

_____ **My Family Medicine Life – Minnesota (self-nomination)**

Your name: _____

Institution: _____

Email: _____ Phone: _____

Please return this form and your 2-page (max) support letter describing the nominee to:

FAMILY MEDICINE MIDWEST AWARDS

ATTN: Ginnie Flynn

4756 Main St.

Lisle, IL 60532

Nominations may be faxed to 630-435-0433 or emailed to gflynn@iafp.com

Questions? Contact Ginnie Flynn at 630-427-8004 or gflynn@iafp.com All nominations are due by July 31, 2014 – no extensions!

Saint Joseph Family Medicine Residency Program

We're here for a reason greater than us.

About Saint Joseph Regional Medical Center

Named one of the top 15 health systems nationwide and one of the country's most wired hospitals, SJRMC is a not-for-profit, multi-hospital Catholic health care system with 30 points of access across North Central Indiana. SJRMC is a leader in technology and fully functional on Electronic Medical Records. We offer an environment driven by values and focused on doing what needs to be done, giving our physicians the freedom to focus on their patients above all else. We make significant investments in technology, giving you advanced tools and resources you need to deliver the best possible care.

About Our Residency Program

- Cutting-edge 24,000+ sq. ft. clinic connected to hospital opened June 2012
- Unopposed
- Community-based
- Received maximum 5-year re-accreditation status from ACGME
- Engaged family medicine faculty who teach in all clinical settings including OB
- Opportunities for earning additional professional degree
- Cost of living – 12th lowest in nation
- In-house ACGME accredited Sports Medicine Fellowship
- Nationally recognized Global Health electives

- New, state-of-the-art hospital
- Diverse clinic serving more than 8,000 patients
- Clinic functions as a private office
- Over 400 deliveries annually through our clinic with residents as primary providers
- Long-established 100% Inpatient and Outpatient EMR
- Innovative and customizable curriculum

Education Sessions

Family Medicine Midwest 2014 Education Sessions

Clinical Track (CL)

CL01 - *Are You Ready to Change? Moving FORWARD to Combat Pediatric Obesity*
Speaker(s): Leslie Sleuwen, MD, Hinsdale Family Medicine Residency Program

Learning Objectives: 1: On completion of this session, the participants should be able to identify children who are overweight or obese. 2: Learners should be able to assess a family's readiness to change relating to weight and lifestyle changes. 3: On completion of this session, participants will be given various evidence-based patient education tools. 4: On completion of this session, participants will be given an algorithm that can be utilized in treating overweight and obese children. 5: On completion of this session, participants will be able to identify barriers to implementing change within their practice or residency program.

CL02 - *Choosing Wisely: Care That May Not Really Help Everyone*
Speaker(s): David T. Walsworth, MD, FAAFP, Michigan State University College of Human Medicine

Learning Objectives: 1: State where to find additional information not directly discussed during the session regarding specialty society recommendations to the Choosing Wisely program. 2: State the evidence supporting recommendations that directly impact the care provided by family physicians to their patients. 3: State the conditions under which care listed by specialty societies for the Choosing Wisely program is actually appropriate.

CL03 - *Family Medicine Midwest Maternal Care Collaborative Roundtable - Where We Are and Where We are going.*

Speaker(s): Alicia Vazquez, MD, Cook County-Loyola-Provident, Family Medicine Residency Program, Evelyn Figueroa, MD, University of Illinois at Chicago, Rachel Klamo, DO, MS, Adventist Hinsdale Hospital Family Residency Program, Leslie Sleuwen, MD, Hinsdale Family Medicine Residency Program, Lauren Oshman, MD, MPH, FAAFP, University of Chicago Northshore Family Medicine Residency Program.

Learning Objectives: 1: Identify the FMM Maternal Care Collaborative as an important maternal regional partner. 2: Assess the Collaborative's efforts to date and discuss its usefulness for networking. 3: Recommend ways to enhance individual and institutional collaboration with the FMM-MCC.

CL04 - *"I Got an 'F' in Quality?!" Embracing Clinical Quality Reporting*

Speaker(s): Wilhelm Lehmann, MD, MPH, Aurora Healthcare, John Brill, MD, MPH, Aurora Healthcare, Jacob Bidwell, MD, Aurora Healthcare

Learning Objectives: 1: Give three reasons why an understanding of health care quality is important for medical students and family medicine residents. 2: Interpret a Quality "Report Card." 3: State how statewide Quality metrics are determined in Wisconsin. 4: List 3 strategies for enhancing individual clinician quality measures. 5: Describe how a free clinic can measure and improve clinical quality.

CL05 - *Building Capacity: An Innovative Telehealth Initiative for Low Volume HIV Providers*

Speaker(s): Patrick Tranmer, MD, MPH, University of Illinois at Chicago - Department of Family Medicine Amanda Wilkins, University of Illinois at Chicago

Learning Objectives: 1: Explain the process for developing and delivering a tele-education intervention including technological challenges for communicating with providers in a variety of low cost settings. 2: Prepare for an evaluation of clinical sites for a Telehealth support intervention on caring for patients living with or at risk for HIV infection and related conditions. 3: Provide sources for evidence-based care for patients living with or at risk for HIV infection and related conditions.

CL06 - *Umbilical Cord Cutting*

Speaker(s): Michelle Vanselow, DO, MPH, Allina Health United Family Medicine Residency Program

Learning Objectives: 1: Review the physiologic effects of delayed vs. immediate cord cutting. 2: Critically review the current evidence of benefits and risks of timing of cord cutting in term and preterm infants and mothers. 3: Enumerate complex situations that can effect on timing of cord cutting. 4: Review the recommendations of relevant professional organizations. Explore the roadmap presented as a model for cross-departmental practice change in your institution. 5: Explore the roadmap presented as a model for cross-departmental practice change in your institution.

Faculty Development Track (FD)

FD01 - *How to Give Effective Learner Feedback*

Speaker(s): Alicia Vazquez, MD, Cook County-Loyola-Provident, Family Medicine Residency Program, Janice Benson, MD, University of Chicago/NorthShore University Health System Department of Family Medicine

Learning Objectives: 1: Describe three characteristics of effective feedback. 2: Define the two feedback methods discussed. 3: Identify at least three differences between both methods. 4: Practice giving feedback with both methods. 5: Share dilemmas and challenges of giving feedback.

FD02 - *Integrative Medicine: Initiating and Implementing Integrative Medicine Into Education and Clinical Care (Proceeded by STO1)*

Speaker(s): Rebecca Schultz, MSN, Aurora Family Medicine Residency, Kristen Reynolds, MD, Aurora Family Medicine Residency, Jacob Bidwell, MD, Aurora Family Medicine Residency

Learning Objectives: 1: Outline a progressive, step-wise approach to developing & implementing Integrative Medicine educational opportunities i.Month- IM rotation (for residents, students, other learners) ii.Integrative Medicine in Residency (IMR) On-line Curriculum within a Residency iii.Longitudinal Integrative continuity tract. 2: Describe essential elements associated with faculty, resident & staff development associated with providing IM care and alignment with national Integrative Medicine educational activities. 3: State pros and cons for program and system support, financial commitment, and funding of Integrative Medicine Education.

FD03 - *How to Use Text Messaging to Teach Residents*

Speaker(s): Miranda M. Huffman, MD, MEd, University of Missouri - Kansas City

Learning Objectives: 1: Explain how one group of faculty have used text messages to deliver educational content to family medicine residents. 2: Describe the benefits and drawbacks of using text messages to deliver educational content. 3: Develop text messages to deliver educational content.

FD04 - *Developing Skills to Effectively Engage in Family Medicine / Community Health Partnerships*

Speaker(s): Jacob Prunuske, MD, MSPH, University of Minnesota Medical School - Duluth Campus, Katherine Diaz-Vickery, MD, MsC, University of Michigan & United Family Medicine, Jeff Morzinski, PhD, Center for Healthy Communities & Research Dept. of Family and Community Medicine Medical College of Wisconsin, Kirsten Rindfleisch, MD, University of Wisconsin School of Medicine and Public Health

Learning Objectives: 1: Identify opportunities and barriers to developing meaningful collaborative relationships with community organizations. 2: Describe successful community health curricula that have resulted in benefits for both learners and the community. 3: Describe a set of evidence-based partnership principles and their importance in sustaining effective community health partnerships. 4: Evaluate the partnership principles as they consider how they would apply in a campus-community health partnership at their home institution. 5: Articulate their commitment to innovative regional collaborations in primary care and public health.

FD05 - *Finding Time to Write: Strategies for Success*
Speaker(s): Sarina Schrage, MD, MSPH, University of Wisconsin

Learning Objectives: 1: Review personal writing styles and work habits. 2: Determine individual barriers to writing for publication. 3: Explore methods of time management to enhance productivity. 4: Develop a personal plan to complete scholarly work.

Resident Track (RE)

RE01 - *Caring for the Caregiver: Tools to Combat Caregiver Stress*
Speaker(s): A. Ildiko Martonffy, MD, University of Wisconsin - Madison

Learning Objectives: 1: List signs of caregiver stress and barriers caregivers experience to obtaining assistance. 2: Discuss the impact that caregiver stress has on the caregiver's health and family relationships. 3: Identify resources and techniques to prevent, cope with, and improve caregiver stress.

RE02 - *Home Inspection Begins At The Foundation: Access And Continuity In The PCMH*
Speaker(s): Greg Kirschner, MD, MPH, Advocate Lutheran General Hospital, Gaurav Mehta, MD, Advocate Lutheran General Hospital, Kirsten Oliveren, MD, Advocate Lutheran General Hospital

Learning Objectives: 1: Define access and continuity from a provider perspective and from a patient perspective. 2: Describe the tension between team-based care and the patient desire for relationship with a personal physician. 3: List innovative approaches to improving access and continuity in the PCMH setting.

RE03 - *Office Management of Early Pregnancy Loss*
Speaker(s): Erin Hendriks, MD, Wayne State University, Lauren Oshman, MD, University of Chicago Northshore Family Medicine, Zainab AL-Obosi, MD, Wayne State University

Learning Objectives: 1: Develop a differential diagnosis for patients presenting with first-trimester bleeding. 2: List diagnostic criteria that distinguish between the various types of spontaneous abortion, anembryonic pregnancy and ectopic pregnancy. 3: Describe the options available for treating early pregnancy loss. 4: Recognize findings which require urgent testing and/or indications for referral. 5: Provide patient-centered counseling for early pregnancy loss.

RE04 - *Residents and Attendings Driving Each Other Crazy: Inevitable or Avoidable?*
Speaker(s): Kate Rowland, MD, Advocate Illinois Masonic/University of Chicago, Kate Endicott, MD, Advocate Illinois Masonic/University of Chicago

Learning Objectives: 1: List ways that residents and attendings annoy each other as they try to learn and teach. 2: Demonstrate communication and feedback skills with others on the health care team. 3: Demonstrate recognition of the agendas of attendings and the residents so as not to drive each other crazy. 4: Improve professionalism and teaching habits by seeing the point of view of both teacher and learner on the patient care team.

RE05 - *Geriatrics Under Medicare: What's Covered, What's Not*
Speaker(s): Michael Hanak, MD, FAAFP, University of Illinois - Chicago/Vista Family Medicine

Learning Objectives: 1: Properly document and code geriatric visits to maximize reimbursement and meet Medicare guidelines. 2: Improve practice workflow by organizing and streamlining the geriatric visit. 3: Explain how Medicare handles prescription drug plans and how this relates to prescribing considerations in a geriatric population.

Student Track (ST)

ST01 - *Putting Health Back in Health Care Through Integrative Medicine & Adding Value to Your Residency (Followed by FD02)*

Speaker(s): Kristen H. Reynolds, MD, Aurora UW Medical Group, Kjersti Knox, MD, Aurora UW Medical Group

Learning Objectives: 1: State the definition, core tenets and training requirements for Integrative Medicine. 2: Describe how to approach a patient case utilizing an Integrative Medicine focus. 3: Explain the value added of Integrative Medicine training during residency. 4: Outline a three-pronged approach to providing family medicine resident training in Integrative Medicine. 5: Identify online learning opportunities for Integrative Medicine, specifically "Integrative Medicine in Residency" (IMR) through the University of Arizona Center for Integrative Medicine.

ST02 - *Crucial Conversations with Patients: Helping Them to Chose Wisely*

Speaker(s): Stanley M. Kozakowski, MD, American Academy of Family Physicians, Ashley Bentley, MBA, American Academy of Family Physicians

Learning Objectives: 1: Be able to identify opportunities to engage patients to make care decisions based upon the best medical evidence. 2: Understand the Choosing Wisely campaign, the clinical recommendations for family medicine, the evidence behind the recommendations based on cost and quality of care, and the need for this type of innovation in our health care system and primary care. 3: Describe the Triple Aim of medicine. 4: Demonstrate techniques and access resources to engage patients in potentially difficult conversations concerning healthcare decisions.

ST03 - *Introduction to Building a Patient Centered Medical Home (PCMH)*

Speaker(s): Margaret Wiedmann, MD, UIC - Advocate Illinois Masonic Family Medicine Residency Program, Greg Kirschner, MD, MPH, Advocate Lutheran General Hospital Family Medicine Residency, Victoria Chiou, MD, Advocate Illinois Masonic Medical Center

Learning Objectives: 1: Differentiate between a traditional medical practice and a medical home. 2: Describe what it means for a medical practice to be patient centered. 3: Describe the enhanced care a patient would receive from a Patient Centered Medical Home. 4: Discuss the essential components of a Medical Home.

ST04 - *Geriatric Pharmacology*

Speaker(s): Irene Hamrick, MD, FAAFP, University of Wisconsin

Learning Objectives: 1: Review pharmacological principles and their alteration in aging. 2: Evaluate the common prescribing errors made in the elderly. 3: Identify common drug-drug & drug-disease interactions seen in the elderly. 4: Develop an approach for safe drug prescribing and monitoring in the elderly.

ST05 - *Vascular Access in Patients with no Available Peripheral Veins*

Speaker(s): Zewdu Haile, MD, Adventist Hinsdale Hospital

Learning Objectives: 1: Use u-sound to visualize internal jugular vein. 2: Insert central venous line in internal jugular vein under u-sound guidance. 3: Perform tibial tuberosity intra-osseous vascular access.

Urban/Global Health Track (UG)

UG01 - *Healthy West 7th: A Resident-Neighborhood Partnership for Health Improvement*

Speaker(s): Teresa (Tess) Jones, MD, Allina Health Systems United Family Medicine Residency, Katherine (Katie) Guthrie, MD, Allina Health Systems United Family Medicine Residency, April Wilhelm, MD, Allina Health Systems United Family Medicine Residency

Learning Objectives: 1: Examine the Healthy W 7th Project: a Resident-Neighborhood Partnership for Health. 2: Discuss types of partnerships that have been formed, projects that are evolving, creative funding sources, challenges and surprises. 3: Join in a group discussion about how this type of project can be adapted to own communities: share your own ideas/efforts.

UG02 - *Starting from Scratch: Developing a Global Health Area of Concentration for Your Residency*
Speaker(s): Maurice Henein, MD, FAAFP, Saint Vincent Family Medicine Residency Indianapolis

Learning Objectives: 1: Define the salient features of an Area of Concentration (AOC). 2: Assess the need for a Global Health AOC in their residency. 3: Discuss the benefits of a Global Health AOC to residents, the residency, and the Institution. 4: Investigate funding opportunities for a Global Health AOC.

UG03 - *Preparing for International Health Experiences*

Speaker(s): Eric McDaniel, BS, MS1, University of Minnesota Medical School – Duluth, Thomas Baron, MS1, University of Minnesota Medical School – Duluth, Audrey Bennett, MS2, University of Minnesota Medical School – Duluth, Courtney Moors, MS2, University of Minnesota Medical School – Duluth, Jacob Prunuske, MD, MSPH, University of Minnesota Medical School - Duluth

Learning Objectives: 1: Identify and address barriers to participating in international health experiences. 2: Identify international health experiences that optimize benefits for both participant and host community while addressing ethical issues associated with international health work. 3: Identify travel resources for finding programs that meet diverse participant goals. 4: Implement programs for successful fund raising to support participant travel. 5: Promote structured pre-travel education at their local institutions.

Workshop I Track (W1)

W101 - *Long Acting Reversible Contraception (LARC) and the Family Physician*
(LIMITED TO THE FIRST 30 PARTICIPANTS)

Speaker(s): Ronni Hayon, MD, University of Wisconsin – Madison, Jessica Dalby, MD, University of Wisconsin - Madison

Learning Objectives: 1: Describe and apply the medical eligibility criteria and true contraindications for long-acting reversible contraceptives. 2: Compare and contrast different types of long-acting reversible contraceptives that may be appropriate for female patients in their practice. 3: Cite evidence behind using or not using misoprostol before IUD insertions. 4: Improve patient counseling skills around LARC methods. 5: Hone IUD and etonogestrel implant insertion skills.

W102 - *Musculoskeletal Procedural Skills for the Family Physician*

Speaker(s): Mark Robinson, DO, Aurora Healthcare, Brian Wallace, MD, Aurora Healthcare, Siatta Dunbar, MD, Aurora Healthcare

Learning Objectives: 1: Describe the role of primary care physicians in assessment and management of common upper and lower extremity injuries. 2: Assist in the application and removal of short arm and short leg casts and splints. 3: Perform shoulder and knee injections.

W103 - *Introduction to the Use of Ultrasound*

Speaker(s): Jeffrey Adams, MD, University of Minnesota Medical School - Duluth, Jacob Prunuske, MD, University of Minnesota Medical School - Duluth, Ruth Westra, DO, University of Minnesota Medical School - Duluth

Learning Objectives: 1: View the use of an ultrasound probe as a adjunct to their senses similar to the stethoscope. 2: Perform a FAST exam of the abdomen. 3: Illustrate the anatomy (location and association) of: -the liver, diaphragm, spleen and kidneys associated with the physical exam. -the aorta and vena cava associated with the physical exam -the bladder and uterus / prostate associated with the physical exam.

*W104 - Office Based Manual Vacuum Aspiration for Uterine Evacuation
(LIMITED TO THE FIRST 30 PARTICIPANTS)*

Speaker(s): Jessica Dalby, MD, University of Wisconsin, Kristie Monast, MEd, Midwest Access Project, Erin Gold, MD, Advocate Illinois Masonic Medical Center, Santana Wheat, MD, MPH, McGaw Northwestern

Learning Objectives: 1: Describe clinical situations where use of a manual vacuum aspirator would be medically appropriate. 2: Explain steps to a uterine evacuation procedure. 3: Demonstrate use of a manual vacuum aspirator.

W105 - "Do You See, Hear...What I do?" Communicating with Geriatric Patients

Speaker(s): Gabriel H. Manzi, MD, ABFM, Medical College of Wisconsin, Kathryn Barbieri, MS3, Medical College of Wisconsin, Meredith Sax Bourne, MS4, University of Wisconsin, Irene Hamrick, MD, University of Wisconsin, Deborah Simpson, PhD, Aurora Health Care

Learning Objectives: 1: Communicate with older adults who experience age related hearing, vision and speech processing (cognitive processing) using simple and effective strategies. 2: Describe what it feels like to experience communication as an older adult. 3: Value the critical role-played by family physicians in the patient centered medical home in caring for older adults.

W106 - Abnormal Pap Smears/Colposcopy Workshop: What's New with Pap Smear Management?

Speaker(s): Evelyn Figueroa, MD, University of Illinois at Chicago, Keia Hobbs, MD, University of Illinois at Chicago, Ariel Leifer, MD, University of Illinois at Chicago

Learning Objectives: 1: Describe the pathophysiology of HPV infection and relate it to p16 and other new cellular markers. 2: Locate the 2012 ASCCP Updated Consensus Guidelines and apply 2012 ASCCP Updated Consensus Guidelines to common abnormal pap smears. 3: Perform the steps of punch biopsy and curettage on a cervical model. 4: Describe the typical appearance of low grade and high grade cervical lesions. 5: Interpret colposcopy results and make appropriate follow up recommendations.

W107 - Removal of Epidermoid (Sebaceous) Cyst With the Use of a Punch Biopsy

Speaker(s): Robert E. Wilkins, MD, Fort Wayne Family Medicine Residency

Learning Objectives: 1: Identify the presence of an epidermoid (sebaceous) cyst. 2: Perform a punch biopsy with minimal supervision. 3: Remove an epidermoid (sebaceous) cyst with a minimally invasive technique requiring no suturing.

W108 - Teaching Osteopathic Manipulation to Allopathic Students and Physicians

Speaker(s): Tricia Hall, DO, University of Minnesota - North Memorial, Andrew Slattengren, DO, University of Minnesota, Tanner Nissly, DO, University of Minnesota

Learning Objectives: 1: Explain the basic history of osteopathic medicine. 2: Explain the differences between osteopathic and allopathic medicine. 3: Appropriately refer patients for osteopathic manipulation. 4: Demonstrate three basic osteopathic techniques. 5: Explain the rationale for teaching osteopathic manipulation to allopathic physicians.

W109 - More Than Money Matters

Speaker(s): Lucas Westby, CFP, FIC, Thrivent Financial, Jeremy Kiel, CFA, CFP, Thrivent Financial

Learning Objectives: 1: Comprehend how their history can affect their ability to communicate about money. 2: Gain techniques for improving communication. 3: Effectively communicate with their spouse, children, financial professionals and others.

Workshop II Track (W2)

W201 - *Comprehensive Miscarriage Management*
(LIMITED TO THE FIRST 30 PARTICIPANTS)

Speaker(s): Jessica Dalby, MD, University of Wisconsin – Madison, Ronni Hayon, MD, University of Wisconsin - Madison

Learning Objectives: 1: Use an evidence-based algorithm to evaluate a patient with bleeding in the first trimester. 2: Describe advantages and disadvantages of the 3 options for miscarriage management. 3: List the success rates for different methods of management based on type of miscarriage. 4: Cite evidenced based regimens for medical management of miscarriage. 5: Recognize tools used in uterine aspiration.

Paper Presentations (PA)

PA01 - *Discovering the Meaning of Being a Physician: Balint-like Experiences in the M3 Clerkship*

Speaker(s): Alesia O. Hawkins, PhD, University of Illinois College of Medicine at Rockford, Farion Williams, MD, University of Illinois-Rockford, April Brownell, PsyD, Marymount College

Learning Objectives: 1: Define and describe the purpose of a Balint Group. 2: Describe implementing a Balint-like experience for the M3 Family Medicine Clerkship. 3: Provide medical student responses' to participating in the Balint-like experience. 4: Discuss ways to implement at your own institution.

PA02 - *Communication and Complementary Medicine*

Speaker(s): Lisa Moore, MS4, Loyola University School of Medicine

Learning Objectives: 1: Ask patients about the use of specific therapies that may be common in their community. 2: Engage in meaningful conversation with patients about the use of complementary and alternative medicine. 3: Provide patients with information about the risks, benefits, and drug-drug interactions of some common herbal and folk remedies.

PA03 - *The "Complex Patient Panel": When Practice Becomes Too Busy...For You and Your Patients.*

Speaker(s): Donald Pine, MD, University of Minnesota, Lynn Manning, MD, University of Minnesota, Park Nicollet Clinic

Learning Objectives: 1: Discover how to provide better care for complex patients.

PA04 - *Accelerated MD Program in Family Medicine (AMP-FM): A Program to Reduce Family Physician Shortages in Primary Care*

Speaker(s): Douglas Bower, MD, Medical College of Wisconsin, Leslie Patterson, MS, Medical College of Wisconsin, Joan Bedinghaus, MD, Medical College of Wisconsin, Michelle Wenzel, MS2, Medical College of Wisconsin

Learning Objectives: 1: Discuss the history and rationale for accelerated training in the U.S. 2: List the key steps in developing an accelerated program (e.g., accreditation). 3: List several strategies for shortening the time for undergraduate medical education while meeting LCME requirements and quality standards. 4: Outline financial issues in the development of accelerated curricula. 5: Discuss the role of residency programs in the success of accelerated programs.

PA05 - *A Performing Arts Medicine Primer for Family Medicine*

Speaker(s): Susan B. Arjmand, MD, MHPE, University of Illinois College of Medicine

Learning Objectives: 1: Identify the unique environmental factors that contribute to injury among performing artists. 2: Identify specific injuries common to vocalists, instrumentalists, and dancers. 3: Identify approaches to taking a patient history that acknowledge the issues that affect performers.

PA06 - *Increasing Urban Underserved Cancer Screening*

Speaker(s): Tanner Nissly, DO, University of Minnesota, Ka Xiong, AmeriCorps VISTA Volunteer

Learning Objectives: 1: Discuss the pros and cons of a volunteer-based initiative to increase preventive screenings. 2: Construct similar models to increase cancer screening at their institutions.

PA07 - *Assessment of Barriers Medical Professionals Face When Reporting Child Abuse/Neglect*

Speaker(s): Jason Tanner, MD, Fort Wayne Medical Education Program

Learning Objectives: 1: Identify barriers that medical providers encounter in reporting suspected cases of child abuse and neglect. 2: Identify the level of difficulty and comfort level of medical providers in the identification and reporting of suspected cases of child abuse and neglect. 3: Discuss possible solutions to assist medical providers to increase skills for identification and reporting suspected cases of child abuse and neglect.

PA08 - Understanding Preconception Healthcare for Women of Childbearing Age in a Midwest Rural State

Speaker(s): Cristina Lammers, MD, MPH, South Dakota State University, Shivaram Poigai, PhD, MPH, South Dakota State University, Taylor Mertz, South Dakota State University

Learning Objectives: 1: Describe the preconception healthcare services for women of childbearing age recommended by the Center for Disease Control and Prevention. 2: Identify the need to explore best ways to include these services in the routine care of women.

PA09 - Avoiding Rehospitalizations: A Geriatric Perspective

Speaker(s): Victoria Braund, MD, FACP, CMD, NorthShore University HealthSystem

Learning Objectives: 1: Define and understand the new focus on care transitions. 2: Name top causes of rehospitalization. 3: Review opportunities to decrease rehospitalization. 4: Share ideas for better care of frail elderly.

PA10 - Quality Improvement Project to Decrease the Rate of Uterine Perforation Related to IUD Insertion at a Family Medicine Residency Center

Speaker(s): Carrie Holland, MD, MacNeal Hospital, Davis Yang, MD, MacNeal Hospital, MacNeal Family Medicine Residency Program

Learning Objectives: 1: Review the evidence-based literature for identified risk factors for uterine perforation from IUD insertion. 2: Retrospectively analyze the uterine perforation cases in our practice. 3: Create guidelines and standardize our practice and supervision of IUD insertions in our residency with the goal of decreasing our complication rate.

PA11 - Cut the Cycle! Domestic Violence Training for Beauty Professionals

Speaker(s): Sonia Oyola, MD, University of Illinois College of Medicine, Jacqueline Restrepo, MS3, University of Illinois at Chicago, Lizbeth Rodriguez, MS4, University of Illinois at Chicago

Learning Objectives: 1: The findings of a qualitative post-training survey completed by the hairstylist participants. Review what the participants found to be strengths, weaknesses and future ideas for the program. 2: Review what the participants found to be strengths, weaknesses and future ideas for the program.

PA12 - When Opportunity Knocks: Family Medicine as Leaders in Implementing TEAMSTEPPS®

Speaker(s): Loras Even, DO, Aurora Health Care, Deborah Simpson, PhD, Aurora Health Care, Stephanie Mehl, DO, Aurora Health Center - Racine East, Jeffrey Stearns, MD, Aurora Health Care
Learning Objectives: 1: Describe the importance of 'team oriented' care in achieving family medicine principles of longitudinal, comprehensive and coordinated care for patients and families. 2: Recognize the value care management metrics for continuous improvement of team training for all care givers including residents. 3: List three reasons why family physicians are uniquely positioned to lead health care teams.

Research Presentations (RP)

RP01 - *Seeking Health Care at the Emergency Department vs. Convenient Care vs. Primary Care*
Speaker(s): Joy Kang, DO, MPH, Family Medicine Resident Graduate, Carle Foundation Hospital
Learning Objectives: 1: To Observe the reasons why patients choose different health care facilities in Champaign-Urbana, Illinois. 2: Discuss why identifying those reasons is important for developing and implementing high quality, affordable health care services. 3: Understand the need for future studies on the subject.

RP02 - *Family Physician and Pharmacist Collaboration: Can We Improve Transitions from the Inpatient to Outpatient Setting for Our Most Complex Patients? A Pilot Study*
Speaker(s): Sean C. Engel, MD, Park Nicollet Methodist Hospital
Learning Objectives: 1: Identify patients who would benefit from a pharmacy consult at discharge. Describe the process and evaluations by team members involved in the consult. Identify common causes for medication changes at time of hospital discharge. 2: Describe the process and evaluations by team members involved in the consult. Identify common causes for medication changes at time of hospital discharge. 3: Identify common causes for medication changes at time of hospital discharge.

RP03 - *Increasing Diabetic Foot Exams In Family Medicine Clinics*
Speaker(s): Jacqueline M. Champlain, MD, Adventist Hinsdale Hospital, Matthew Bertini, MD, Adventist Hinsdale Hospital, Vince Soun, MD, Adventist Hinsdale Hospital
Learning Objectives: 1: State the ADA recommendations for diabetic foot exam. 2: Discuss and apply similar interventions at their home clinic to improve rates of diabetic foot exams.

RP04 - *Dabigatran v. Warfarin: The Use of Oral Anticoagulants at NorthShore University HealthSystem*
Speaker(s): Katherine Kirley, MD, NorthShore University HealthSystem and University of Chicago
Learning Objectives: 1: Describe the early adoption pattern of dabigatran. Identify important patient and physician factors that predict the early adoption of dabigatran. 2: Identify important patient and physician factors that predict the early adoption of dabigatran.

RP05 - *Role of Social Media Among Residents: A Survey*
Speaker(s): Fine Song, MD, West Suburban Medical Center, Carl Lambert, MD, West Suburban Medical Center
Learning Objectives: 1: Discern the emergence of social media among residents through the revealing of resident attitudes and perceptions on the role of social media in their personal and professional lives.

RP06 - *Caring for Patients Outside the Clinic: A Toolkit for Improving Quality and Efficiency*
Speaker(s): Kasey Kapella, MD, University of Minnesota, Amber Scaletta, MD, University of Minnesota - Methodist Family Medicine Residency, Donald Pine, MD, University of Minnesota
Learning Objectives: 1: Describe the rationale behind a portable geriatric toolkit for Geriatric clinicians. 2: List several potential benefits to a customizable toolkit for clinicians who practice outside of the clinic or hospital settings. 3: Identify several 'core items' that would be important for practitioners who practice outside of the clinic to have readily accessible to help save time and increase quality of care.

RP07 - *Lead for Health: Integrating Community Medicine Training Into Residency Curricula*
Speaker(s): Kjersti Knox, MD, Aurora Health Care, Anne Getzin, MD, Aurora Health Care, Jacob Bidwell, MD, Aurora Health Care
Learning Objectives: 1: Identify at least 3 methods of integrating community health programming into the standard residency curriculum. 2: State 3 limitations to anticipate in the integration of community health programming for all residents. 3: State 3 solutions to challenges faced in the integration of community health programming into family medicine residencies.

RP08 - Compliance with ACOG Guidelines for Tdap Immunization in Prenatal Patients.

Speaker(s): Mandeep Kalirao, MD, Jackson Park Hospital, Okechukwu Okolo, MD, Jackson Park Hospital, Lakshmi Dodda, MD, Jackson Park Hospital

Learning Objectives: 1: An Increase physician/resident awareness of updated ACOG guidelines for Tdap immunization in prenatal patients. 2: Identify the barriers for noncompliance and provide recommendations for implementation of ACOG guidelines for Tdap immunization in prenatal patients.

RP09 - EFFoRT: Email Feedback For Resident Teaching

Speaker(s): Andrew Slattengren, DO, University of Minnesota School of Medicine, North Memorial Family Medicine Residency Program

Learning Objectives: 1: List 5 online resources available to find answers to clinically relevant patient-based questions raised by precepted residents. 2: Cite the evidence behind the efficacy of precepting beyond the precepting table.

RP10 - Connecting People and Resources: Community Asset Mapping in a Milwaukee Community Clinic

Speaker(s): Parker Hoerz, BS, University of Wisconsin

Learning Objectives: 1: Use community asset mapping to identify resources in their community.

RP11 - Measuring the Impact of Medicine Cabinets and Education of Caregivers within Community Orphanages in Uganda

Speaker(s): Margaret Perko, MS4, University of Minnesota Medical School

Learning Objectives: 1: Discover a student's perspective of starting a project in a resource limited area and how to overcome the challenges that exist when planning a cross-cultural patient learning program.

RP12 - Coding and Payment

Speaker(s): Jose F. Elizondo, MD, Advocate Illinois Masonic Medical Center

Learning Objectives: 1: Explain the difference between ICD-9 and CPT Codes. 2: Discuss the medical payment system (including the differences between FFS and Managed Care). 3: Describe the RBRVS system of payment.

RP13 - Barriers to Pre-Natal Care in a Community Hospital

Speaker(s): Seema Kumar, MD, Jackson Park Hospital, Lakshmi Dodda, MD, Jackson Park Hospital

Learning Objectives: 1: Identify risk factors of pregnancy. 2: Address barriers for optimal prenatal care.

RP14 - Assessing and Nurturing Cultural Sensitivity at Walker's Point Community Clinic

Speaker(s): Arianna Sundick, MD, University of Wisconsin School of Medicine and Public Health, Will Lehmann, MD, MPH, University of Wisconsin School of Medicine and Public Health

Learning Objectives: 1: Define cultural sensitivity. 2: Discuss how cultural sensitivity plays a role in their own clinical interactions.

RP15 - The 'Weakened Woman With Persistent Pain' – A Case Report Showcasing Diagnostic Reasoning Steps for a Patient with an Undifferentiated Illness

Speaker(s): Betty Lo, MD, University of Chicago/Northshore University Health System

Learning Objectives: 1: Hypothesize a differential diagnosis for a patient with pathological fractures. 2: Consider a focused diagnostic plan for this condition. 3: Enhance recognition of a rare but curable condition causing pathological fractures.

Poster Session I (PO01)

PS01 - *Evaluation of a Patient-Centered Digital Personal Health Record to Empower Persons Living with HIV/AIDS*

Poster Presenter(s): Jacob Fyda, BS, Adventist Hinsdale Hospital

PS02 - *Assessing the Impact of the Summer Service Partnership on Prior Participants' Educational and Career Choices: A Mixed Methods Survey*

Poster Presenter(s): Thomas Couri, MS3, University of Chicago Pritzker School of Medicine, Rebecca Harris, MS3, University of Chicago Pritzker School of Medicine

PS03 - *The Interaction Between Academic Family Medicine and Radiation Therapy - An Overview of the Literature*

Poster Presenter(s): John Byun, MS4, University of Illinois College of Medicine, Danil Rybalko, MS4, University of Illinois at Chicago

PS04 - *Impact of Service Learning on Medical Students' Attitudes Toward Healthcare for the Homeless*

Poster Presenter(s): Derek Spindler, BS, Medical College of Wisconsin

PS05 - *Brucellosis: A Rare cause of Recurrent Fever in a Two Year Old*

Poster Presenter(s): Jyothi Patri, MD, MHA, University of Illinois at Rockford, Laura Campion, MD, Oklahoma University

PS06 - *Student Reflections on Participating in a Summer Fellowship in Family Medicine*

Poster Presenter(s): Leslie Patterson, MS, Medical College of Wisconsin, Derrick Hall, MS2, Medical College of Wisconsin, Michelle Wenzel, BS, Medical College of Wisconsin

PS07 - *Rural Primary Care Shadowing Experiences: Students' Perspectives and Insight*

Poster Presenter(s): Christian Caceres, MS3, University of Illinois College of Medicine at Rockford

PS08 - *Cadaver Memorial Service's Significance in Medical Student Education*

Poster Presenter(s): Hannah Graham, MS4, Loyola University Chicago Stritch School of Medicine

PS09 - *Examining Teaching Strategies for Family Medicine Residents and Medical Students in Outpatient Settings*

Poster Presenter(s): Ali Sajjadi, MD, University of Illinois - College of Medicine - Rockford, Farion Williams, MD, UIC, College of Medicine at Rockford, Alesia Hawkins, PhD, UIC, College of Medicine at Rockford

PS10 - *Integrating Health and Wellness Programming at Westlawn Gardens: Creating a new Collaboration.*

Poster Presenter(s): Bret Valentine, MS4, University of Wisconsin School of Medicine and Public Health,

PS11 - *Making Lemonade: Dwindling Obstetric Volume Inspires Refreshing Overhaul of Prenatal Education*

Poster Presenter(s): Kathryn Jacobe, MD, University of Wisconsin School of Medicine and Public Health, Elizabeth Menzel, MD, University of Wisconsin School of Medicine and Public Health, Fox Valley Family Medicine Residency, Heidi Vanyo, MD, University of Wisconsin School of Medicine and Public Health, Fox Valley Family Medicine Residency

PS12 - *A Novel Primary Care Residency: Combined Residency Training in Family Medicine and Internal Medicine*

Poster Presenter(s): Elizabeth Roth, MD, St. Vincent Hospital, Curt Ward, MD, MBA, St. Vincent Hospital, St. Vincent Internal Medicine, St. Vincent Family Medicine, Stanley Thomas, DO, St. Vincent Internal Medicine/Family Medicine Residency

Poster Session II (PO02)

PS13 - *Assessment of Barriers Medical Professionals Face When Reporting Child Abuse/Neglect*
Poster Presenter(s): Jason Tanner, MD, Fort Wayne Medical Education Program,

PS14 - *Impact of a Dedicated Procedure Clinic on Family Medicine Resident Procedure Training*
Poster Presenter(s): Tanuja Sharma, MD, University of Chicago, Eze Uzosike, MD, University of Chicago Northshore Family Medicine Residency Program, Lauren Oshman, MD, MPH, FAAFP, University of Chicago Northshore Family Medicine Residency Program

PS15 - *The Utility of Anti-tissue Transglutaminase Antibody-IgA and IgG Testing for Celiac Disease in Adults with Down Syndrome*
Poster Presenter(s): Shalin Parikh, MD, Advocate Lutheran General Hospital,

PS16 - *The Least Invasive and Most Sensitive Screening for Chlamydia Trachomatis in Females*
Poster Presenter(s): Samantha Algrim, MD, University of Kansas School of Medicine, Gabrielle Guhl, MD, University of Kansas, Christi Family Medicine Residency, Tara Neil, MD, Christi Family Medicine Residency Program, Department of Family and Community Medicine

PS17 - *Depression Quality Improvement*
Poster Presenter(s): Karen Borchert, MD, University of Minnesota, Patricia Adam, MD, MSPH, UMMC -Fairview / Smiley's

PS18 - *A RARE CASE of Pheochromocytoma -Associated Cardiomyopathy*
Poster Presenter(s): Kyla Heusner-Banks, MD, St.Vincent Indianapolis Hospital

PS19 - *Tobacco Cessation Counseling Rates in a Family Medicine Clinic*
Poster Presenter(s): Jean K Tiffany, MD, Park Nicollet, Mackenzie Lobitz, MD, Park Nicollet

PS20 - *Building a Culture of Accountability and Respect: Resident Ownership and Development of the Professionalism Curriculum*
Poster Presenter(s): Neha Sachdev, MD, Northwestern McGaw,

PS21 - *Improving Advance Care Directives: Report from a Residency Clinic*
Poster Presenter(s): Andrew Houghton, MD, University of Minnesota Family Medicine - Methodist Hospital, Kevin Manzel, DO University of Minnesota Family Medicine - Methodist Hospital

PS22 - *Necrotizing Fasciitis Camouflaging As Cellulitis*
Poster Presenter(s): Jyothi Patri, MD, MHA, University of Illinois at Rockford, Leslie Dean, MD, University of Illinois at Rockford

PS23 - *Ogilvie's Syndrome Mimicking Acute Pancreatitis.*
Poster Presenter(s): Nilufa Akhter, MD, St. Mary Mercy Hospital

PS24 - *Looks like Pneumonia, Sounds like Pneumonia... Might be Bronchioalveolar Carcinoma*
Poster Presenter(s): Ilsa Ittner, DO, St. John Providence Health System, Meredith Young, DO, St. John Providence Health System

Poster Session III (PO03)

PS25 - *Sweet Beginnings: A Pilot Study on Chronic Illness Management in Teams of Urban Multidisciplinary Scholars (CIMTUMS) with a Focus on Diabetes*
Poster Presenter(s): Bonnie Kwok, MPH, University of Wisconsin

PS26 - *Connecting People and Resources: Healthy Community Asset Mapping in Walker's Point*
Poster Presenter(s): Parker Hoerz, BS, University of Wisconsin School of Medicine and Public Health, Steve Ohly, RN, Aurora Walkers Point Clinic, Anthony Sturm, MD, MPH, Aurora Family Residency Program

PS27 - *Assessing the Cooking, Eating, and Grocery Shopping Habits of Community Members in the South Side of Chicago*
Poster Presenter(s): Joanna Perdomo, BA, University of Chicago, Mari Egan, MPHE, MD, University of Chicago

PS28 - *Treatment Options for Patients Undergoing Re-treatment for Prostate Cancer*
Poster Presenter(s): Kevin Stephens, MS4, University of Wisconsin,

PS29 - *Assessing Participants's Views on the Success and Sustainability of their Summer Service Projects*
Poster Presenter(s): Vanessa Rivas-Lopez, MS4, University of Chicago Pritzker School of Medicine

PS30 - *Knowledge and Perceptions of Contraception Use Among Latina Women*
Poster Presenter(s): Jessica Portillo, MPH, University of Chicago Pritzker School of Medicine, Mari Egan, MPHE, MD

PS31 - *The Community Yoga Project: Health Benefits of Yoga in Underserved Clinical Settings*
Poster Presenter(s): David Goese, MS3, University of Chicago Pritzker School of Medicine, Angela Cano Garcia, MS2, University of Illinois at Chicago, Gregory Van Hyfte, Community Yoga Project Coordinator

PS32 - *Point of Care Geriatrics Fast Facts for Just-in-Time Residency Training*
Poster Presenter(s): Yana Thaker, MS4, Medical College of Wisconsin, Kathryn Barbieri, MS3, Medical College of Wisconsin, Diane Brown, MS Medical College of Wisconsin

PS33 - *Development of a Multicultural School-Based Approach to Positive Youth Development for Somali, Latino, and Hmong Youth*
Poster Presenter(s): Dane Schaleben-Boateng, MS2, University of Minnesota - Twin Cities Medical School

PS34 - *Implementing Interdisciplinary Team Meetings within CHCs: A Look at Whether It Can Improve the Management of Complex Patients*
Poster Presenter(s): Jennifer Le, MS3, University of Minnesota, Twin Cities Medical School

PS35 - *Supporting Successful and Sustainable Community Engagement: Students Orienting Students to the Summer Service Partnership*
Poster Presenter(s): Rebecca Harris, MS3, University of Chicago Pritzker School of Medicine, Tom Couri, MS3, University of Chicago Pritzker School of Medicine

PS36 - *Healthy Cooking for Healthy Communities*
Poster Presenter(s): Johanna Nynas, MS4, University of Minnesota

See you in Minneapolis next year...

Andrew Slattengren, DO
Assistant Professor, University of Minnesota
Minnesota Academy of Family Physicians
Chair, Host Committee for 2014 Conference

Family Medicine Midwest Conference

October 10-12, 2014

Radisson Plaza Hotel
Minneapolis, Minnesota

Stone Arch Bridge, downtown Minneapolis
