# Blank Henna Hands Template eBook

This eBook contains our current selection of blank hand templates for you to practice fabulous henna designs. That is how we improve as artists...practice, practice, practice!

These templates are drawn with very thin fingers. I found that if the fingers are too thick on the template, it's hard to recreate the design with actual henna on actual rounded fingers. The thinner fingers and small hand templates help compensate for that.

Draw out henna designs or do actual henna on the paper. A great way to practice is to place the template in a plastic sleeve cover and henna the plastic sleeve. When you are finished, you can wipe the henna away and try again! You can do this with a dry-erase marker too.

You can use these free templates to create design books of your art for clients. Remember to keep the copyright information intact for pages printed.

Have a henna design party and print bunches of these templates! Have markers, glitter, stickers, and anything else you may want to use and decorate your henna hands!

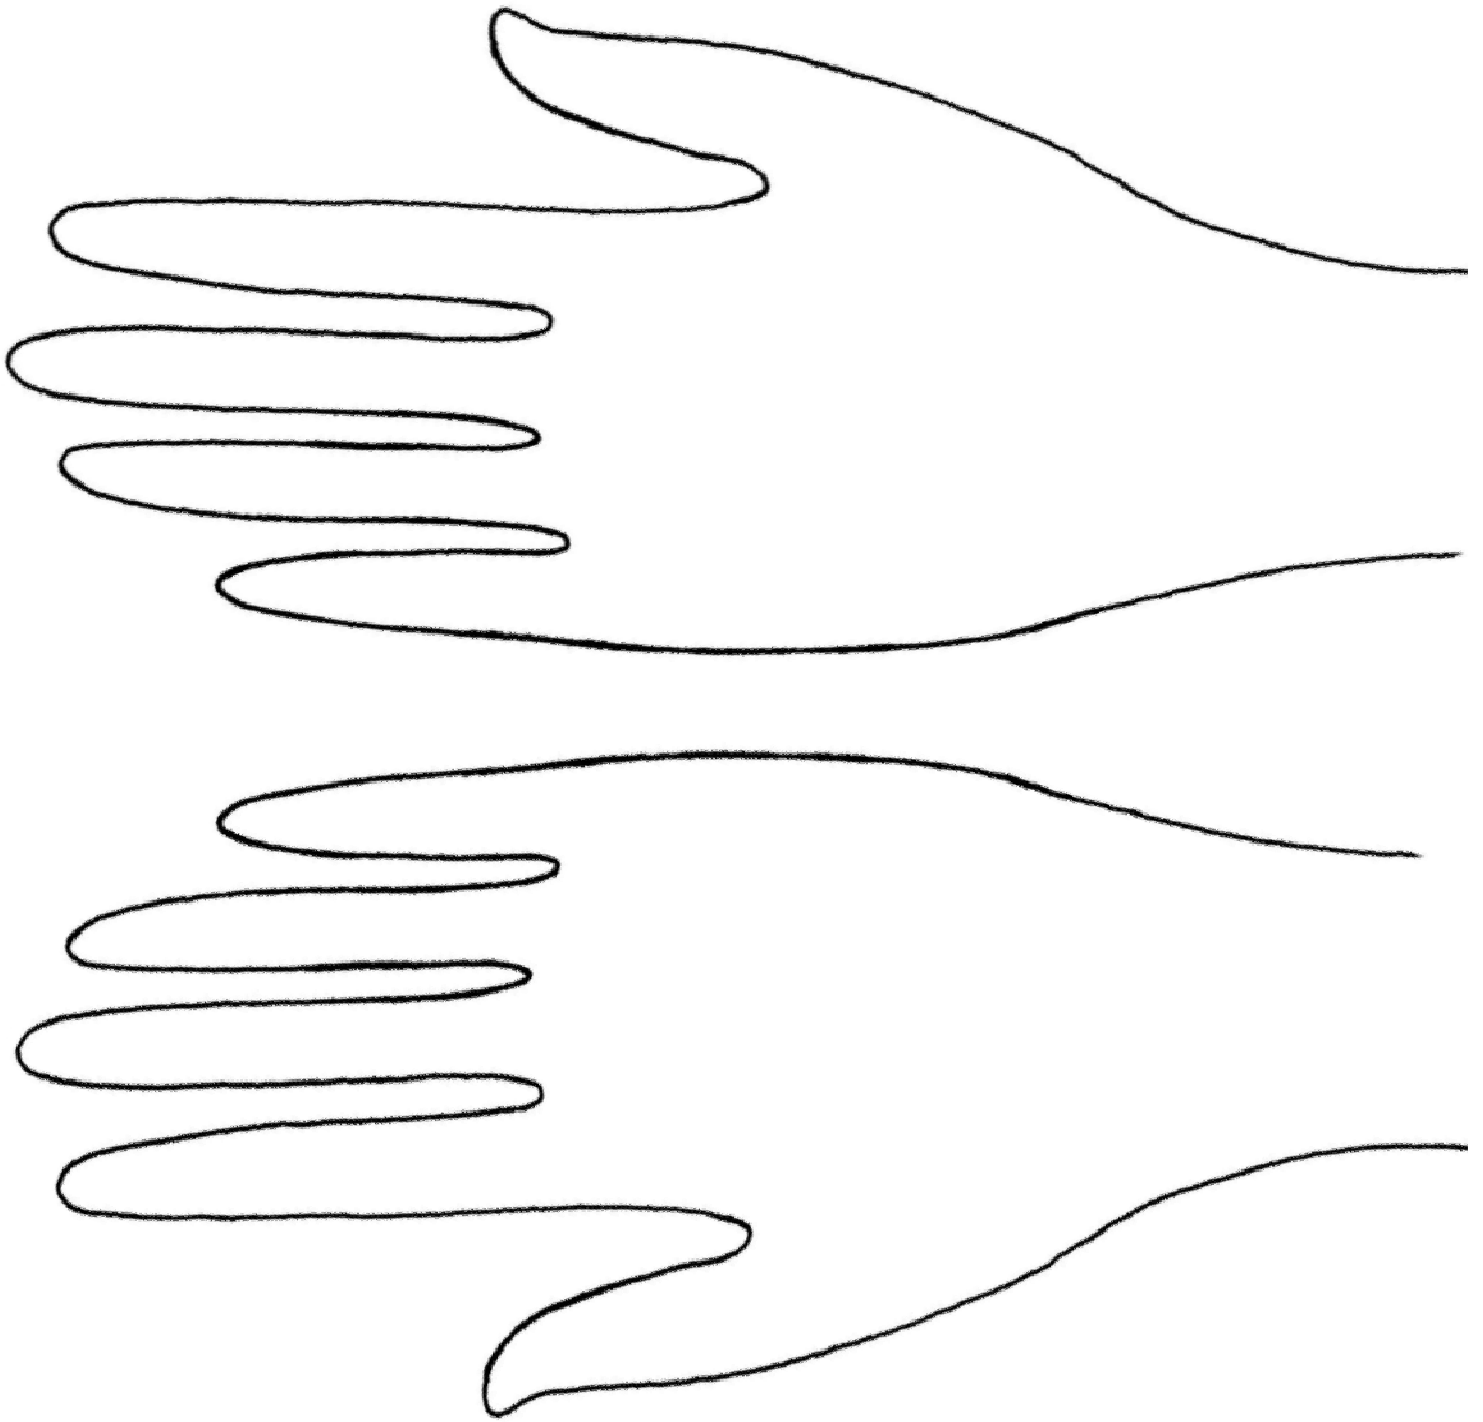

Print them all out or print individual pages as needed.

The template of four hands that show both palms and tops of the hands/arms is a great template for sketching out bridal henna designs. It's nice to be able to see them all in one place.

The last page show one hand facing up and one hand facing down. This is great for showcasing bridal henna designs as well.

I'd love to see how you are doing! Feel free to email me, [jody@BeachcombersBazaar.com](mailto:jody@BeachcombersBazaar.com), pictures of your work or post some of your work on our FaceBook page, [www.facebook.com/BeachcombersFan](http://www.facebook.com/BeachcombersFan).
