

BRINGING TOMORROW'S INNOVATION TODAY.

PRODUCT CATALOG

Founded on May 2004, Halden Galway International Corporation was set-up by a group of entrepreneurs who wanted to make a mark in the car care industry. They achieved this by creating and innovating professional-grade products available at a reasonable price. Upholding key attributes such as Quality, Cost Efficiency and Environmentally Friendly, the company began developed and distributed its own line of consumer products under the named Microtex®.

The company's initial line-up included Microtex® Ultimate Cleaning Cloths and Microtex® Car Care Solutions. Then, the portfolio was further expanded in 2010 with the introduction of PRO Choice® - a line designed specifically for professionals to provide dependable, high-volume, and competitively-priced items that are guaranteed to improve business performance.

In 2012, the company introduced a new label called Glàz®, which is the latest revolution in glass and plastic care, restoration and maintenance.

Aside from consumers and professionals, Halden Galway International Corporation also supplies customized products. It is now a well-established original equipment manufacturer (OEM) as well as original design manufacturer (ODM).

Halden Galway International Corporation distributes the Microtex®, PRO Choice® and Glàz® brands throughout the Philippines and international markets through its network of distribution partners. Its headquarters is based in the Philippines with a main manufacturing facility located in Kajang, Malaysia. The Malaysian manufacturing facility has over 30 years of experience in manufacturing home care and industrial formulation as well as over 20 years of experience formulating car care products.

The Evolution of Microtex Logo

OLD

Microtex®

NEW

MTX
MICROTEX®

The first Microtex® logo was created with the microfiber products in mind, hence the focus on MICRO-tex to highlight it's Ultimate Cleaning Cloth brand of car care product. A new logo was created in 2017 when the company expanded its brands. The new MTX-Microtex® logo sports a modern and dynamic look with three color bars to symbolize the company's product lines: microfiber cloths, car & glass care and detailing products, and industrial grade products.

ULTIMATE CLEANING CLOTHS

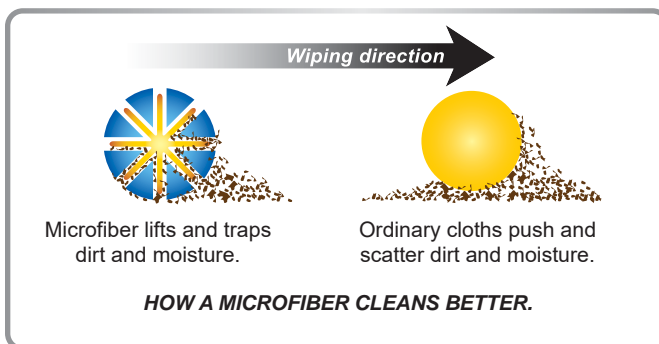

MTX Ultimate Cleaning Cloths are made from ultra fine threads called microfibers. It has a special blend of 80% polyester and 20% nylon that gives it unparalleled absorbing, cleaning, dusting, buffing, and polishing qualities. Microfibers are subjected to a special process where each strand is split into 16 sections with 16 interval spaces. The resulting triangular sections are polyester wedged into nylon core (Illustration A-1). Microscopic pockets in the wedge-shaped cross section trap dirt and dust particles from any surface like magnet.

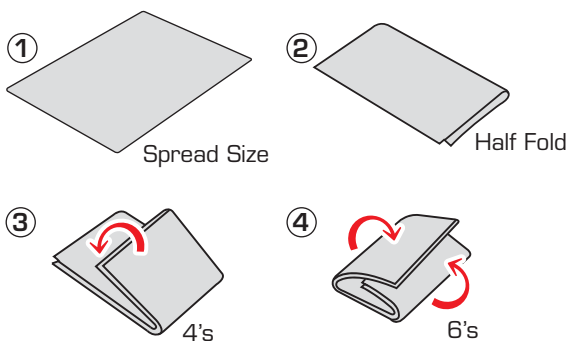

Illustration A-1

A microfiber strand is less than 1.0 denier in diameter, making it 100 times finer than human hair, 40 times finer than wool, 30 times finer than cotton, and 10 times finer than silk.

FOLDING TECHNIQUE:

Utilizing these folding techniques, you can use the towel more efficiently and minimize rinsing and wringing.

MTX® Microfiber Cloths in reusable and recyclable canister.

STAINZ' OUT *GLASS COMPOUND*

- Easily removes stain and oil film
- Improves glass clarity
- Smoothens wiper performance

APPLICATION:

glass, mirrors, windshield, headlights

CAR & HOME USE

GZ-SO70
70mL

GZ-SO500
500mL

STAIN GUARD *WATER REPELLANT COATING*

- Protects glass from stain
- Exhibits hydrophobic effect
- Improves rain visibility and safety

APPLICATION:

glass, mirrors, windshield, headlights

CAR & HOME USE

GZ-SG70
70mL

GZ-SG500
500mL

NO SQUIX *RUBBER SOFTENER*

- Stops squeaking of wipers and windows
- Ensures smooth gliding and sliding
- Lubricates rubber and hinges

APPLICATION:

windshield wipers, hinges, weather stripping seals

GZ-SX70
70mL

GZ-SX500
500mL

WIPER BEAD *WATER REPELLANT WASHER*

- Crystal clear vision
- Beading enhancement formula
- Repels water and dirt

APPLICATION:

windshield

GZ-WB125C
125mL
Concentrated

GZ-WB2000
2000mL
Ready-To-Use

BLINX HEADLIGHT RESTORER

- Deeply clean lenses
- Removes stain and minor imperfections
- Eliminates haze and discoloration

APPLICATION:
headlights

GZ-BX70
70mL

GZ-BX500
500mL

CRYSTAL GUARD UV PROTECTION

- Crystal clear finish
- Protects headlight against yellowing
- Extends glass beading protection

APPLICATION:
glass, mirrors, windshield, headlights

GZ-CG125
125mL

GZ-CG500
500mL

CRYSTAL FX HYDROPHOBIC SPRAY COATING

- Water repellent booster
- Protects from stains and discoloration
- Crystal shine finish

APPLICATION:
body paint

GZ-FX125
125mL

GZ-FX250
250mL

WATERMARK REMOVER

- Removes watermarks effortlessly
- Cuts through mineral deposits
- Restores gleam and clarity

APPLICATION:
glass, windshield

CAR & HOME USE

GZ-WR125
125mL

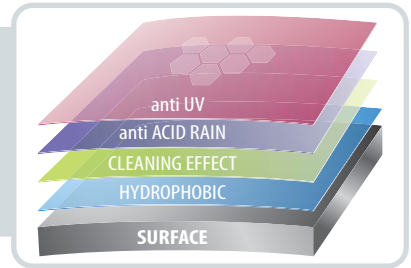

GZ-WR250
250mL

GZ-WR500
500mL

WHY USE glaz® ?

- Nano technology
- Hydrophobic effect
- Prevents watermarks
- Improves visibility
- Invisible wiper
- Easy to clean
- Non-stick surface
- Up to 6 months protection

GLASS TREATMENT

STEP 1

BEFORE AFTER

STEP 2

BEFORE AFTER

STEP 3

CAUTION: Wipe No Squix® properly until the rubber blades are clean to avoid smudges on the glass.

STEP 4

MAINTENANCE:

Do not use strong detergent on your wiper tank. Use only water or GLAZ® WIPER BEAD to enhance and maintain water beading effect.

HEADLIGHT TREATMENT

NOTE: Peeling headlights requires wet sanding use 1500 and 2000 grit sand paper. For inside discoloration, seek professional assistance.

STEP 1

STEP 2

STEP 3

LIGHT STAIN
HAND USE

MODERATE TO HEAVY STAIN
MACHINE USE

CAR SHAMPOO

- pH neutral, safe for all finishes
- Ideal for high volume valet application
- Perfect for foam pre-soaking or two bucket wash method.

DILUTION: 25mL : 2.5L water
Pressure tank - 500mL:50L water

PC-S1L
1 Liter

PC-S4L
4 Liters

PC-S20L
20 Liters

ALL PURPOSE DRESSING

- Excellent rubber and plastic protection from UVA and UVB
- Can adjust from matte to high gloss finish
- For both interior/exterior plastic and rubber trims

APPLICATION: Engine / Tire / Interior
DILUTION: Super Hi-Gloss - as is
Hi-Gloss - 1:1
Semi-gloss - 1:2

PC-APD1L
1 Liter

PC-APD4L
4 Liters

ALL PURPOSE CLEANER

- Alkaline-base cleaner
- Very high dilution ratio makes it economical
- Cleans dirt and grime from interior and engine compartment.

APPLICATION: Engine / Interior
DILUTION: Engine - 1:4
Interior - 1:10

PC-APC1L
1 Liter

PC-APC4L
4 Liters

2 IN 1 HEAVY DUTY DEGREASER

- Fast acting alkaline-base cleaner for aluminum
- Cuts through oxidation, tough stains, and grease
- Should be handled only by professionals

DILUTION: Aluminum - 1:5
Engine - 1:10

PC-AB1L
1 Liter

PC-AB4L
4 Liters

GLASS CLEANER

- Low-base ammonia cleaner
- Dilutable according to the level of cleaning needed
- Doesn't streak or smear

DILUTION: 1:1 / 1:2

PC-GC1L
1 Liter

PC-GC4L
4 Liters

WATERMARK REMOVER

- Heavy duty acid-base cleaner designed to remove contaminants immediately
- Formulated to tackle the worse of lime and hard water spots

PC-SR1L
1 Liter

PC-SR4L
4 Liters

TIRE SHINE

- Shines and protects tires
- Deep black finish
- Dries to a high gloss

PC-TS1L
1 Liter

PC-TS4L
4 Liters

| MICROFIBER COLOR CODING APPLICATIONS | COMMERCIAL | AUTOMOTIVE |
