➔ A checked box indicates the policy is applicable to that market either entirely, or partially, as indicated within the policy.

Reimbursement Policy designation of Professional or Facility application is based on how the provider is contracted with the Plan. This Policy supersedes direction provided in Bulletins prior to the effective date of this policy.

An assistant at surgery is a physician or non-physician (NPP) who meets the Plan eligibility guidelines and actively assists the physician in charge of a case in performing a surgical procedure.

REIMBURSEMENT GUIDELINES:

Commercial

The Plan will reimburse 16 percent of the fee schedule amount otherwise applicable for the global surgery, for assistant at surgery services performed by a physician and 13.6 percent for his/her employed physician assistant (PA), certified registered nurse practitioner (CRNP) or certified nurse midwife (CNM).

Note: Modifier AS must be appended to the claim line when reporting assistant surgery performed by an employed PA, CRNP and CNM.

Medicare Advantage

The Plan will reimburse 16 percent of the fee schedule amount otherwise applicable for the global surgery, for assistant at surgery services performed by a physician and 13.6 percent for assistant at surgery services performed by a physician assistant (PA), nurse practitioner (NP) or a clinical nurse specialist (CNS).

Note: Modifier AS must be reported when billing assistant at surgery services.

Note: PAs, NPs and CNSs must report their assistant at surgery services using their assigned NPI.

Note: Delaware reimbursement references Chapter 12 of the Medicare Claims Processing Manual.
