His Pharmaceuticals Private Limited

<https://www.indiamart.com/hispharmaceuticals/>

We are expanding our wings across the nation by the manufacturing, supplying and exporting of a wide assortment of Pharmaceuticals Products. These offered products are known for their high purity and effectiveness.

About Us

His Pharmaceuticals Private Limited was commenced in the year **1995**, with an affirmation to manufacturing, supplying and exporting a high-quality range of **Pain Oil, Intimate Wash, Herbal Hair Oil, Dietary Supplement Capsules, Immunity Booster** and many more. Offered products range consists of Pain Oil, Weight Loss Products, and Intimate Wash. In adding to this, our range of products is renowned for attractive attributes like accurate composition, long shelf life, and low cost.

We are backed by a well-experienced team of professionals who work in complete passion to enable the quality range of pharmaceuticals products. In addition to this, our technical unit has always assisted us in the preliminary preparing phase of our assortment of ensuring pharmaceuticals products conforming to the set industry parameters. We have gained a significant position due to the outstanding quality, client-centric approach, easy mode of payment, and punctual delivery.

Our mentor **Mr. Darpan Arora** manages the entire business activities and work on business principles. The top standing of our firm, we have attained is the result of his vast industry experience.

**What Is Kutki
(Picrorhiza kurroa) ?**

It is bitter, carminative, Digestant and has a cooling effect and is used as a cardiotonic, antipyretic, anthelmintic and laxative. It is also used in diabetes, Jaundice, Blood Disorders, Hepatomegaly, Liver and Spleen disorders and skin disorders and to alleviate stomachache, and is believed to promote appetite. Kutki is useful in 'Kapha', bilious fever, Urinary discharge, hiccup, blood troubles, burning sensations, leucoderma, and jaundice. The standard ayurvedic references describe its usefulness as a laxative, liver-stimulate, improving lactation, appetite stimulate, febrifuge and as beneficial in bronchial asthma. The plant and its formulations are widely used in therapy of epidemic jaundice.
