# Holster Selection Guide

## How Barrel Lengths are Measured

Autos are measured from the rear portion of the ejection port to the end of the barrel.

Revolvers are measured from the face of the cylinder to the end of the barrel.

# SCOPE COVER SIZE CHART

We have made every attempt to develop our scope covers to fit the most popular scopes. To assure the best fit, or if your scope is not shown on these pages, please caliper your scope and use the measurement chart on pages 44 and 45 to determine which scope cover sizes work for you.
