## ● Attractive Exterior

- Daikin Chest Freezer is designed with a modern and stylish exterior to suit the modern design concept.
- Attractive finishing with epoxy powder coating for long lasting protection against moisture.
- Tropicalised cabinet eliminates sweating on the outer surface.

## ● Superior Insulation

- Efficient PU insulation ensures economic operation and provides maximum ratio of storage space to floor area.
- Even in the case of power failure, the storage time is possible to keep food cold for a longer period with the door keep closed.

## ● Neat Inner Cabinet

- Innovative engineering to ensure even cooling in the freezer.
- Flat interior surface makes cleaning maintenance more easier and effectively prevents corrosion.

## ● Temperature Control

- The temperature in the freezer is automatically controlled by the adjustable thermostat.
- A thermostat to regulate the temperature for various frozen load conditions.

## ● Security and Convenience

- Built-in lock on the handle to ensure privacy and security in use.
- Counter balanced hinges provides hands-free convenience at all times.

## ● Additional Accessories

- Basket for convenient stacking
- Four rollers for easy movement
- Drain for defrost water

## Auto Defrost Technology

- Daikin Vertical Freezer is equipped with the latest and leading auto defrosting technology.
- No more ice will be build up within the food surface using this feature.

## Easy of Storage and Management

- The freezer interior is divided into five parts by using independent drawer. Food can be sorted by category and stored into different part as required.
- This drawer is transparent so that monitoring and managing the food is much more easier.

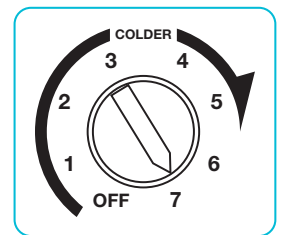

## Energy Saving Star

- Unlike traditional freezer, the new magnetic door gasket will minimize the leakage of cold air from the freezer and save the energy consumption.

## Freezer Control

- Daikin Vertical Freezer is equipped with freezer control to control the temperature of the freezer.
- There are 7 settings of selection to regulate the temperature according to various frozen load conditions.

Usage	Setting
Light Frozen Load	1 or 2
Normal Use	4
Heavy Frozen Load	7

## 5 Years Warranty

The outstanding Daikin Freezer comes with 5 years warranty on the compressor.

## Horizontal Freezer

Model Name		UFH200AV1	UFH310BV1	UFH410BV1	UFH560BV1
Total Capacity	L	200	310	410	560
Input Power	W	110	121	140	183
Running Current	A	1.04	1.26	0.91	1.43
Unit Dimension (H x W x D)	mm	850 x 925 x 614	922 x 1030 x 695	922 x 1300 x 695	922 x 1655 x 695
Packing Dimension (H x W x D)	mm	875 x 975 x 640	1005 x 1070 x 750	1005 x 1340 x 750	1005 x 1695 x 750
Net Weight	kg	50	55	67	88
Unit Colour		Grey			
Cooling System		Direct Cooled			
Maximum Cooling Temperature	°C	-21°C			
Power Supply	V/Ph/Hz	220-240/1/ 50			
Cabinet Finish		Epoxy Power Coated Round Edges			
Door Finish		Epoxy Coated Metal Door With Plastic Door End Cap			
Insulation		Polyurethane ( Cyclo-Penthanes)			
Refrigerant Type		R134a			
Defrosting System		Manual			
Defrosting Drainage		Yes			
Compressor Type		Reciprocating			
Accessories					
Roller		Yes			
Cam lock		Yes			
No. of Basket		1	2	2	2

## Vertical Freezer

Model Name		UFV210AV1
Total Capacity	L	210
Input Power	W	130
Running Current	A	1.01
Unit Dimension (H x W x D)	mm	1332 x 630 x 550
Packing Dimension (H x W x D)	mm	1375 x 740 x 595
Net Weight	kg	50
Unit Colour		Grey
Cooling System		Fan Cooled
Maximum Cooling Temperature	°C	-18°C
Power Supply	V/Ph/Hz	220-240/1/ 50
Cabinet Finish		Epoxy Powder Coated
Door Finish		PVC Laminated With Protection Film
Insulation		Polyurethane ( Cyclo-Penthanes)
Refrigerant Type		R134a
Defrosting System		Auto
Defrosting Drainage		Yes
Compressor Type		Reciprocating
Accessories		
No. of Basket		5

Notes:

1) ALL SPECIFICATIONS ARE SUBJECTED TO CHANGE BY THE MANUFACTURER WITHOUT PRIOR NOTICE.

2) COLD AIR TEMPERATURE OF HORIZONTAL & VERTICAL FREEZER TESTED IN TEST ROOM AT AMBIENT TEMPERATURE OF 32°C
