New Horse Classes (see page 33)

Ranch Horse Pleasure (PSHA Rules)

Ranch Horse Pleasure is judged as a rail class that is designed to show the athletic ability of a ranch type horse without having the suitable footing for reining. Judging will be based on the walk, trot, extended trot, lope, extended lope, spin left or right, side pass, stop and back at the digression of the judge. Credit should be given for smoothness, finesse, attitude, quickness and authority in performing the maneuvers when asked. Ranch horses will be judged on a forward movement and carry a natural head carriage. As in all Ranch Horse competitions bling is discouraged.

Ranch Horse Riding (AQHA Rules)

Ranch Riding is a pattern class that should reflect the versatility, attitude, and movement of a working ranch horse riding outside the confines of an arena. The required gait maneuvers will include the walk, trot, extended trot, and lope both directions, side pass, spins, stops and back. The purpose of the Ranch Riding Class is to measure the ability of the horse to be a pleasure to ride while being used from one ranch task to another.

HITCHDOC
 A CUT ABOVE

HitchDoc is a manufacturer/job shop of consumer and industrial products located in Southwest Minnesota. HitchDoc was organized in the early 1990's to build trailer hitches to attach small trailers to motorcycles. Through the years the shop has grown to enable HitchDoc to make small parts to large parts for many other manufacturing companies across the United States.

HitchDoc has gained a reputation for offering unique solutions to difficult problems. The team at HitchDoc still enjoys designing and developing hitches for various motorcycles as well as supporting the other product lines they design, manufacture and market. From seed tenders to laser-guided dozers, their product line is diverse, not to mention they still support over 300 customers with job shop and contract manufacturing. HitchDoc can produce and paint virtually any kind of steel or aluminum products thru their talented work force and high tech fabrication equipment. Want to pull a trailer with your motorcycle? You're in the right place, HitchDoc!
