

Hotel Operations

IN THE COVID ERA

Hotel Operations in the COVID Era

Social distancing has become a norm in today's COVID-19 world and hotels need to re-evaluate and update their SOPs to adapt to this change.

HVS has prepared this document to help hoteliers in the planning process regarding the formulation of SOPs on how to operate their hotels once the lockdown has been lifted. We strongly recommend that hotels always follow the guidelines provided by the Health Department and the state and central Government, including guidelines on maintaining records etc. based on local authority requirements, to formulate their SOPs.

The first step is to make a Guest Booklet or Communication methodology to be handed over to the Guests at their first touch point, so that they are very clear on what is expected of them for their own safety and also the mandatory requirements as per the health authorities.

Identify and set-up a Safety Team with a Leader, who will be responsible to ensure that all measures are being implemented and recorded. Ensure that you conduct a detailed workshop for Associates, maintaining Social Distancing.

You should have a 'Crisis Management' documented plan in place and methodology of reporting any issues that arise in the hotel. A quarantine policy, if required, for the Associates should be clearly defined. Also, have procedures of reporting any suspected cases or possible issues to the Safety Team.

We have divided this report into two parts which cover the Front & the Heart of the house under various groups.

HOTEL OPERATIONS IN THE COVID ERA

Front of the House

'Namaste' should be used as the greeting for all Guests at all touchpoints to maintain Social Distance.

GUEST TRANSPORT

- Ensure the driver is wearing protective gear such as mask, gloves etc.
- The car should be disinfected with every arrival
- Check if the driver section can be segregated with a temporary plastic or a transparent sheet
- Driver should be instructed to limit conversations to minimal
- Guest instructions to be placed at the back seat; the information booklet must cover all the steps being taken by the hotel for safety and sanitization along with the operational norms for restaurants, room service, housekeeping & laundry procedures

ENTRANCE

- Temperature checks at entrance should be mandatory
- Guests running a temperature of more than 98.6° F should be politely asked to return or directed to the closest hospital/medical facility
- Disinfect and clean Guest luggage after informing the Guests
- Provide a mask if Guest is not wearing one, if required

RECEPTION

- If the Guest is arriving from restricted countries or regions, ensure that you have detailed information from the Guest upfront before arrival or at time of making the reservation
- For all pre-booked Guests all check-in formalities should be completed online to reduce contact and time at the front desk
- Give safety, hygiene and other instructions to the Guests as per the new SOP
- Ensure markings on the floor at reception to maintain Social Distancing
- Ensure Associates are wearing masks & gloves

POOL, GYM & SPA

- Keep these areas closed till advised to open, as per government norms
- Suggest alternate options / drop to open parks or walks which may be safer
- Include Yoga sessions or health channels in the morning for Guests to follow

BUSINESS CENTRES

- Keep enough space between work desks
- Limit the number of Guests in the area based on maximum allowed
- Disinfect each desk, equipment and work area after the Guest has moved out

MEETINGS

- In case Guests require a meeting area, keep enough space between tables & chairs
- Limit the number of Guests in the area based on maximum allowed
- Disinfect each desk, equipment and work area after the Guest has moved out

CHECK-OUT

- Create a separate check-out area if you think it's getting over-crowded and wherever possible use e-check out by emailing the bill & accepting online payments
- Advise the Guests to inform their check-out plans in advance so that bills can be made ready
- Put floor markers as in case of check-in
- Provide sanitizers and other swabs in case the Guest requires

OTHER GUIDELINES

- All indoor areas such as entrance lobbies, corridors and staircases, escalators, elevators, security guard booths, office rooms, meeting rooms, cafeteria should be mopped with a disinfectant with 1% sodium hypochlorite or phenolic disinfectants
- For metallic surfaces like door handles, security locks, keys etc. 70% alcohol can be used to wipe down surfaces where the use of bleach is not suitable
- Kindly refer to the WHO guidelines or your local state & central government health authorities for additional information on appropriate disinfectants

Based on the projected Occupancy levels you may wish to define the operational timings of each of the areas and advise your Guests accordingly.
