LACANIAN ORIENTATION

FIBOL - New Lacanian School - Lacanian Compass

Houston Freudian Field Library
Fibol. New Lacanian School NLS. Lacanian Compass

The activity of the HFFL is specialized and oriented toward knotting us to the study of the Teachings and Clinic Work of Jacques Lacan and the Lacanian Orientation. The HFFL is a living project which has remained active in the city of Houston TX since its inception in 2002.

We wish to express our gratitude and appreciation to Judith Miller for the support and guidance she has provided since day one to the foundation of the Houston Freudian Field Library -FIBOL-NLS, in the City of Houston. We also thank Michèle Laboureur and Carmen Navarro-Nino for initiating the readings and exchange activities.

We want to thank Eve Rose-Miller for her guidance, constant support, interest in the progress of HFFL, and for the donations of important specialized texts inspired by the Teachings and Clinical Work of Jacques Lacan and the Lacanian Orientation of Jacques-Alain Miller.

In addition, we would like to acknowledge Carmen Navarro-Nino for her continuous effort in the collection, storage, responsibility, and custody of the 273 books and publications we have acquired and received as donations from the World Association of Psychoanalysis Schools, the FIBOL Network Libraries, and from private book donors.

Since 2010, we have had the support of Pierre-Gilles Gueguen, the official delegate of the WAP in the United States. In 2017, the Houston Freudian Field Library joined the Lacanian Compass institutional activities which, presided by Maria-Cristina Aguirre, is dedicated to the promotion and establishment of psychoanalysis of Lacanian Orientation in the United States, "...psychoanalysis as first described by Sigmund Freud and further elaborated by Jacques Lacan and Jacques-Alain Miller." In 2018, the HFFL FIBOL, was included in the NLS, "New Lacanian School".

We want to thank Alicia Arenas, Maria-Cristina Aguirre, and the members of AMP, NEL, and NLS for supporting and registering the initiative of the HFFL of promoting presential Lacanian Cartel meetings in Houston, Texas. Our engagement is to promote and work Lacanian Cartels in order to support the formation of a WAP School of Lacanian Orientation in the United States. This is the most important promotional activity of the HFFL and LC, one of its most exciting, beloved and greatest experiences and rewards.

A special thanks to a set of individuals who have been there since the beginning and throughout the life of this HFFL work project: Marianela Bermudez-Cuns, Edgar Marin, Valeria Ravier, Grecia Briceño Parra, Maurien Elise Caron Z, and Luis F Nino. We are grateful to them and to the affiliates of the Houston Freudian Field Library for their support and commitment, especially the Lacanian Cartel's cartelizands. Also, to the Executive Library Committee for working on updating the many book lists and elaborating the library's first catalog.

Creation of a Unique Book Identifier

With our focus on further developing the HFFL in the future, we decided to create a unique identification code for each publication - books, magazines, and journals - that clearly identifies it from other publications. Please, see the diagram below, which explains the current codes.
