INTRODUCTION – What is this...?

Hello, my dear friends.

My name is Alessandro, I am an Italian guy who hopes that soon NeoBux will help him to leave this failed Country. I'm not still earning million, but I am very close to earn about \$ 800/900 **pure profit** per month, growing month after month. In this guide I will teach you how to reach my same condition and do better, without investing money.

I would like to ask you a question: how many NeoBux “*Supermegafantastic Guide*” have you downloaded or paid? About ten? More? Less? Ok and how many of these guides have really helped you to make money? Let me answer: **NONE!**

The reason is simple. All of these guides have been written with two aim: first was to sell them and earn quick money; second was to get Direct Referrals... but they teach you only how to manage your *rented referrals*, how to make *direct referrals* and how to invest money in the better way possible. C'mon, everybody know that there's no rented referrals strategy right for everyone, and someone could be find hard to open a blog or a site in order to make direct referrals. And, most important, someone could not have money to invest!

Here's why my guide is different. You will learn how to become rich wit NeoBux without:

- recycle rented referrals (you should only rent them without worry about their behavior);
- make 0 (ZERO) direct referrals;
- **invest money!**

You will be guided every step along your journey on what needs to be done, when and why so that you will learn and understand how NeoBux works and enable you to build for yourself a stable, profitable and growing account for your future. Ignorance has been one of the biggest causes for most to give up on this site or to make mistakes that caused them to give up too early.

You will not be one of these unfortunate ones that had nobody to guide them.

There are no Get-Rich-Quick scheme, but success will come from a commitment by yourself to put some effort into achieving this. It will require a small amount of your time each day, so go grab a coffee and let's get started.

STEP 1 – Before to start

WHY NEOBUX?

Ok, before to go further let me clear some concepts about this PTC site.

- This is not the usual impromptu PTC born in a day and closed the day after. NeoBux is a serious European company **born in Portugal** and therefore subject to the strict European laws relating to business. I'm an Italian citizen, I know what means to clash against European laws...

- I don't want to speak about scams, but also most of PTC sites with the best intentions and the best business plan of this world, often (*always*) fail and close after **2/3 years** due bankruptcy. As a user of NeoBux and ads clicker since many years, I see this bad situation almost every day. What about NeoBux? Well, it was born in 2008: what year is it now?

- There are millions of PTC site like NeoBux on the web, which are the copy of the copy of the copy... this is the **ONLY** legit with employees and physical location. We can say that NeoBux is the **ONLY** PTC site. **NeoDev, Lda** in fact (the company that owns NeoBux brand) is regularly enrolled in the Portugal Companies Register of the Aviz Trade Center, you can see its name [here](#) (scroll down at the letter "N"). *No Cayman/Panama or other tax heavens location.*

- Aviz Trade Center is located here: [Rua Do Engenheiro Ferreira Dias, 924 E10 Porto, Porto, 4100-246 Portugal](#).

- The site, EVERYDAY, records more than 9.000 new members (humans, not bot) and sends us payments for about \$ 100.000 (yes, one hundred thousand dollars), everyday. You can verify these numbers in the bottom of the [homepage](#).

- You can use a powerful [Forum](#) in which every day thousands of users write their problems and other thousands write to solve them. Please, don't ask «*How can I earn 10 dollars per day??*» because nobody will answer you. Tell your problems, ask for advices... but no abstract questions like that.

- You can write me when you want at info@dollar-ales.com, I will guide you during your financial freedom journey.

- Reaching the minimum amount needed (\$ 2 for the first cash out, \$ 10 for next) this PTC pays **regularly and instantaneously** it on your

www.Dollar-Tales.com

PayPal/Payza/Neteller account.

Since 2008 it has never had a single problem of payment. The server is monitored 24 hours on 24 and it never “fall”. NeoBux also has the best security informatics measures to prevent hacker attacks (check [HERE](#) to see the site status).

- **IMPORTANT** – If you need quick cash, we are terribly sorry but we can't help you. You have all our sympathy, but you cannot use a long-term method to become rich. You CANNOT become financially free in only two days. Forget it. Becoming financially free with this project is possible and you will understand how reading this ebook and following my steps, but it is a long process that needs some years of perseverance, faith and commitment.
- **Worth investing your spare time to get SURELY rich? I think yes 😊 .**
- NeoBux is the only online company with which you can think to quit your actual job and live financial free, without investing money.

If you have no problem with these concepts, welcome among us! Otherwise, if you find something better, call me!

Go to Step 3!

STEP 3 – Your first few dollar

The most important part of your DAILY task here in Neobux is represented by "Advertisements".

This is the most boring action that you need to do here, but it is very, very, very important. Later I will explain why.

Now go to your Account Page and click on the green switch

View Advertisements

above to open your ads page.

You can click on every links you find, but the 4 orange ads are the minimum you must click daily (in the picture you can see 15 orange ads because I'm Ultimate Member). They are called Fixed Advertisements:

- 4 fixed ads for Standard Members (as you now);
- 9 fixed ads for Golden Members;
- 15 fixed ads for Ultimate Members.

If you don't click your 4 daily ads for 30 days, NeoBux will delete your account and bye-bye financial freedom...!

I know, this is a boring action and I understand the gain is zero, but let me explained what these ads represent:

- they take only 4/5 minutes per day, we all have this free time;

www.Dollar-Tales.com

- users who earn more than \$ 2.000 per month with NeoBux, click their ads every day (you can see their stats on the [Official Forum](#));
- these ads are only the basis on which you will build your solid organization... so, c'mon and go to your [Ads Page](#)!

ADPRIZES

For each ads you see you'll have an opportunity to earn \$0.50 each hour.

How much will it cost you? Nothing at all.

What do you have to do? Just your everyday task: view advertisements.

How will it work? If you've seen advertisements in the past hour, you're eligible for the draw.

We'll be rewarding 120 users each hour with \$0.50 each. This amount will be added to the main balance and users can do what they want with it.

To be eligible for a prize, all you need to do is view advertisements. For each seen you'll have a "ticket" for a draw. Now you can choose to see all advertisements in one hour or one each hour.

For each hourly draw, you can only win once but you can win each hour as long as you see advertisements the hour before (for example, the winners for all users that saw advertisements from 9:00 to 9:59 will be draw at 10:00).

IMPORTANT - If you are undecided, if you don't believe you can make real money with Neobux, if you think that you can become rich in less time with other "Fantastic project", no need to read further.

Instead, if you really want to make money and you want to become rich through Neobux, you should take seriously the ads. Click every day on every ads you find; when you will start to earn many money, click every day will become easy.

REMEMBER THE TOS

2.2 - You can only have one NeoBux account.

2.3 - Each advertisement can be viewed by the same IP only once per 24 hours. For viewing advertisements an internet connection must be used only by a single user every 24 hours.

2.8 - Only one account per computer is allowed to view advertisements.

2.9 - You can only use a maximum of 3 distinct computers in a 10 days period to view advertisements.

6.4 - Advertisements must not be viewed on mobile phones/tablets. Doing so may lead to the permanent suspension of your account.

Possible solutions if you're unable to click

- have someone you trust without a NeoBux account to click for you;
- use a laptop combined with mobile broadband;
- find access to a computer (which have never been used and never will, by another NeoBux member for clicking ads) and an internet connection that is not part of a shared network environment.

The laptop or computer that you use, make sure that it is not being used by an existing Neobux Member to click ads on it. Also never use a computer if you are not sure if someone else in the future will click ads on that same computer. Don't use more than 3 computers in a 10-day period. Wait 24 hours before clicking at a new location or new internet connection.

NOT ALLOWED to view ads with the following devices or applications: ipad, iphone, iTouch, mobile devices, etc. No using remote sharing software like TeamViewer to click.

You can manage your account from mobile devices like renewing, recycling, renting referrals, posting in forums, etc.

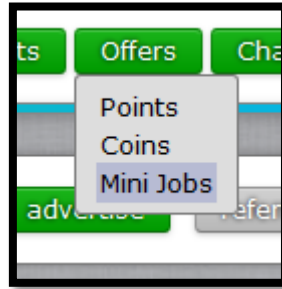

WHAT TO DO NOW

Go to your [Ads Page](#) and click on your first 4 Fixed Ads.

When you finish, go to STEP 4!

STEP 4 – Increase your gains

After clicking your daily Fixed Ads, turn back to your Account page, go to the Offer page (menu above) and check the availability of some Mini-Job and Coin Offers:

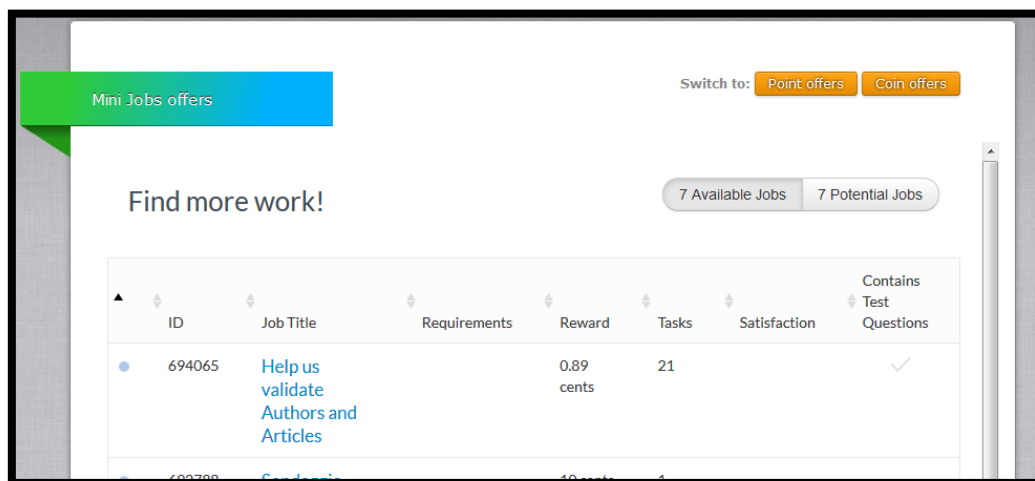

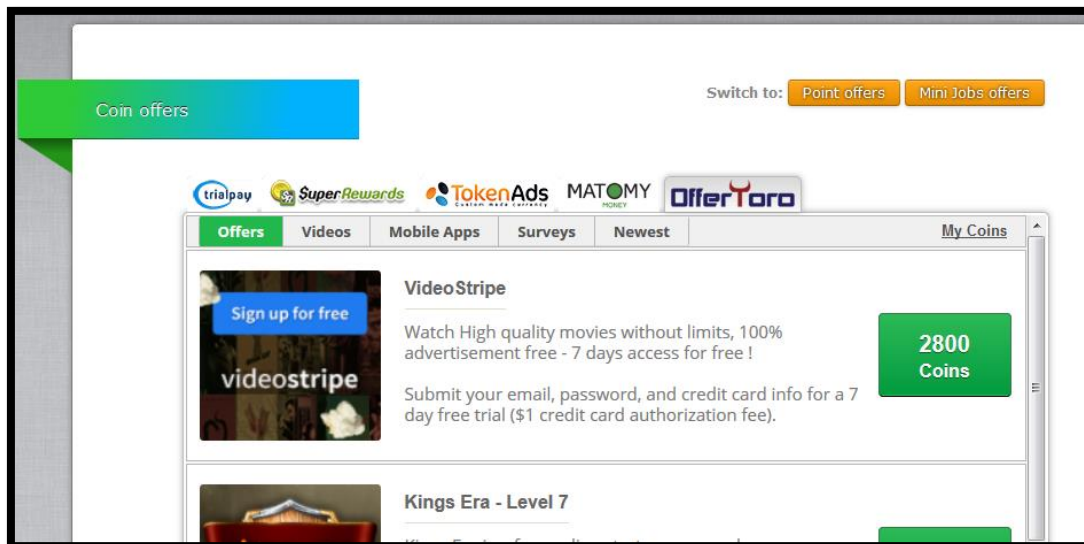

The Mini-Jobs are another ingenious invention of NeoBux owners, readily copied with poor results by any other existing PTC site.

Crowdfunder, the company providing the Mini-Jobs, pays us to accomplish various tasks. Most of them consist in the update of some database; our work will be to gather online the required informations and write/select them in the appropriate fields. If our level of accuracy will be high, we will be paid.

Some example of what Mini-Jobs are: in one of the last that I completed, I helped YouTube to catalog some of its videos. I simply had to watch them on YouTube site and choose the appropriate category (comedy, documentaries, music, etc.).

Another job was to provide information about telephone numbers, address and email of some Osaka Hotel, for a Japanese Telephone Book... it was fun 😊 .

Do not underestimate the power of Mini-Jobs and Coin Offers. They are a great source of money (at no cost) which will help us to rent Referrals (I will talk better in Step 4), with which we will gain REAL MONEY.

There are Users (you can find them in the Forum) who earn \$ 5/6 per day with Mini-Jobs and other who earn \$ 10 per day! Invest your time instead your money.

WHAT TO DO NOW

Go to Offers Page and start every Mini-Job / Coin Offers you find!

When you finish, go to STEP 5!

STEP 5 – Your first free rented referrals

With referrals you can make the REAL money. In every PTC you must invest to rented them; also in NeoBux, but we have a big gun to bypass this problem, let me show you.

15	R204428500	67 days and 07:26	70 days and 01:45	4 days	62	0.910			

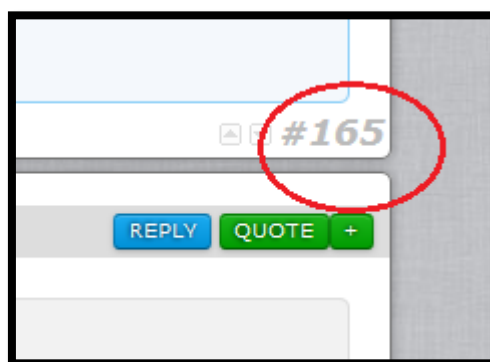

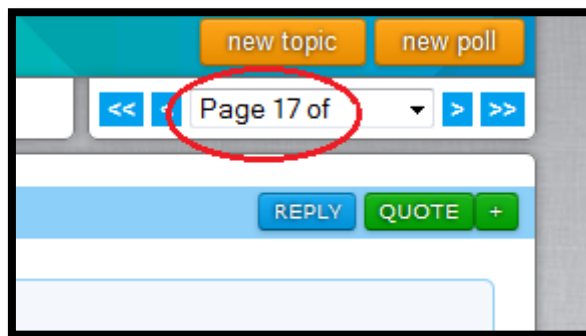

Think yourself as the owner of a big Company; you can start to rent some offices (referral slots) and hire employees (renting referrals) to work for you. The costs for each office space (referral slots) varies depending on how many employees you currently have and/or will hire and how long to keep them. You can rent each office space (referral slots) at the lease terms (extension) of 15/30/60/90/150/240 days (we will work only with 240 days because it costs less than the others).

You will find money to rent referrals from Mini-Jobs and Coin Offers; you must invest your time and make all Mini-Jobs and Coin Offers you can; I told you that it would not be simple.

With referrals, you must follow only this kind of strategy:

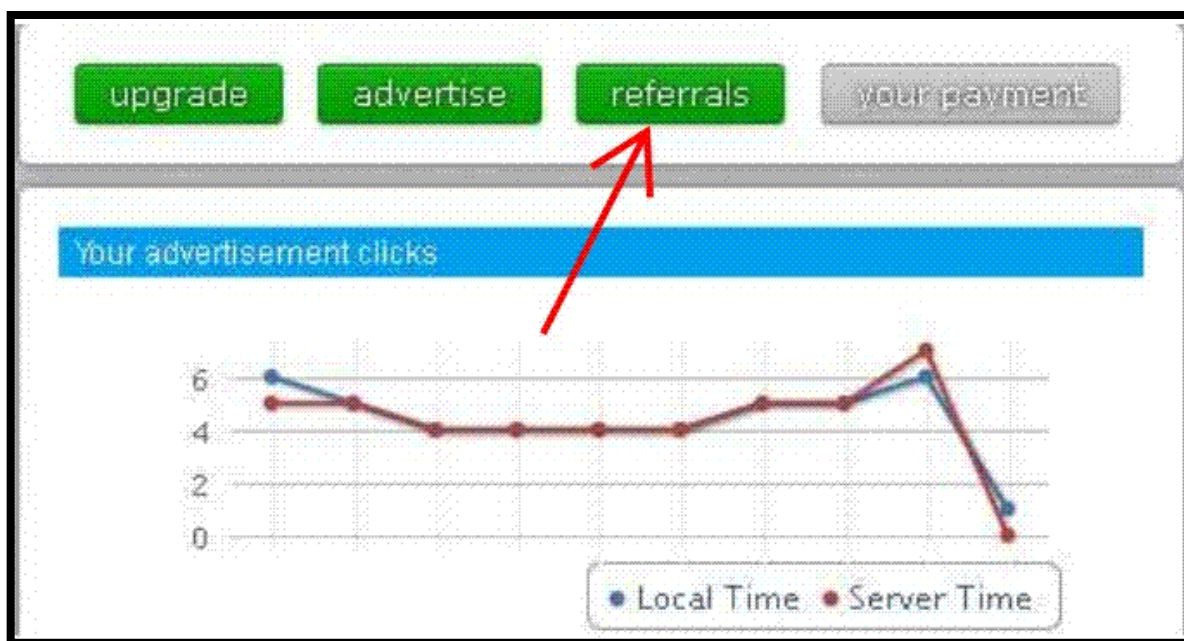

- 1 – rent every referral you can;
- 2 – renew every referral for 240 days (max period available) soon;
- 3 – **never recycle or let expire a single referral!**

Rent a referral costs \$ 0,20 to have him/her for 30 days; you must renew his/her rental period to 240 days and it costs \$ 1,12. You can see these prices here: [RENEWAL PRICE TABLE \(page 17, post #165\)](#).

Here is the renting referrals procedure:

1 – from your account page, click on the green switch "Referrals" (you see it green):

2 – you will see these blue switches:

3 – click on the 3 referrals pack.

You pay (\$ 0,20 x 3 referrals) **\$ 0,60** for the first 30 days; you must renew them for 240 days, so you must pay (\$ 1,12 x 3 referrals) **\$ 3,36**.

This means you should rent your first 3 referrals only when you will have also **\$ 3,96** to spend, so... c'mon with Mini-Jobs and try to earn soon these \$ 3,96!

Once you have rented your first referrals, you can never miss a single ads. This because you will receive EVER money from your rented referrals click only if you have clicked all your ads, the day before. Don't forget it, it's very important!

WHAT CAN I DO IF A REFERRAL DOESN'T CLICK?

NeoBux Gurus say "Recycle him/her!", but you spend money to recycle a referral. So I say: do nothing! Because the system recycle for free referrals who don't click since 14 days for Standard Members and 7 days for Ultimate Members. New referrals will have these stats:

- if you are a Standard member, you will rent referrals that have 11 clicks in the last 5 days;
- if you are a Golden member, you will rent referrals that have 14 clicks in the last 6 days;
- if you are a Ultimate member, you will rent referrals that have 17 clicks in the last 7 days.

WHY REFERRALS DON'T CLICK ON ALL THEIR ADS

It's not a matter of how many ads available to click but more of personal priorities, goals and situations.

Here are list of why's:

1. Job changes
2. After 6 months and still don't know how to click according server time
3. Computer / Network connection problems
4. Picking up child from daycare
5. Distracted from clicking while playing online games
6. Kids fighting and crying
7. Phone calls from work and co-workers (many times through out the day)
8. Distracted from watching movies on his android
9. Spending time with child and shopping
10. Playing with the kids
11. When to buy dinner, prepare meals, and feeding the kid
12. Spending xxx time with spouse
13. Have other hobby/interest to do
14. New toys / gadgets to learn and play with
15. Distracted from latest electronics stuff
16. Taking kid to bed
17. Exhausted / tired after work
18. Stress out from disciplining the kid
19. Divorce / personal problems
20. Court papers / running errands
21. Driving 5 hours to mothers house for the weekend
22. Child is sick
23. Day car is over charging
24. Boss requested to work OT and stay late
25. Need to work on weekends because new employee quite
26. Chatting with friends on other social sites / game forums
27. Child not wanting to sleep
28. Late for work
29. Friends needing help with moving
30. Recreation / trips

That's it for now...

ARE REFERRALS REAL PERSON?

Short answer: YES.

I report a message from the Admin, you can see in the [Forum](#):

"It's common for the human mind to tell us that reality is what we want it to be even though it isn't.

The problem that we wanted to get rid of was actually the usage of bots when NeoBux was created. It was a plague that existed everywhere.

To this day, since 2008, we're still the living proof that the only way that a service like this can be sustainable is by NOT using bots.

Do others that start an imitation of our services believe us? No! All others fail miserably because, for as much as they try to copy us, they run out funds after a few months due to the usage of bots and not relying on the potential of advertising as we do. Then they last a few more days with a random sentence taken from the "1001 excuses to close a PTC" book. Account limitations, manual payments, attacks, etc. None has stood to my standards of perfection... they always take the easy route (for them).

If we had bots:

- 1) We would have lasted this much (not even near).*
- 2) We wouldn't spend fortunes purchasing users' direct referrals.*
- 3) We wouldn't have users replying to PMs when they existed.*
- 4) We wouldn't have such limited amount of users to rent and for that limit upgrade purchases.*
- 5) We wouldn't be NeoBux.*

For as much as the mind tricks us, the truth is always based on facts. Kind of an LSD hangover but, still, that's life.

We've been asked so many times from so many users that we should have bots that I sometimes have a hard time trying not to lose my faith in humanity.

In the end, and since we cannot give users more than their referrals make, we still have the capacity of giving thousands away every month to compensate what is out of our control.

Funny thing is that those that do have control over things, give nothing back.

One thing remains a fact: Ask any user that has 1000 random direct referrals (not friends) and 1000 rented referrals if there's any different behavior or global average between the two. You'll find out that there isn't.

If there's something that all need to be sure of is that you'll always (although my hope is that one day someone will make happy by proving me wrong) see bots on other PTCs. It's disgusting but that's what most people like. We prefer to have users who love the real thing as that is what makes us who we are."

www.Dollar-Tales.com

The magical mystery tour is over... let's get back to real life, shall we?

STEP 6 – Continue until...

Step 1, 2 and 3 represent your daily job. The most important is Step 1, because with no ads Neobux could delete your account in every moment. You need Step 2 to gain funds necessary to rent referrals; you need them to increasing your earnings!

When you think these Steps are boring, or you think you are earning a few despite your hard work (hard...?), try to remember these three very important things:

1 - you don't become rich with ads or Mini-Jobs, we all know it. But you need them to getting the basis to reach this condition;

2 - you have invested nothing here. Nothing. You are only earning, then I cannot see the problem. Do you prefer to invest money in the Forex market with high chances to lose everything? Or do you prefer to create a blog and keep it update every day for few cents? C'mon, let's be serious;

3 - best NeoBux users (like reggen666, schen2000, magnet5673, ...) who earn more than \$ 2.000 per month, do their daily job every day and they have built their financial freedom thanks to it. Do you still believe it is a waste of time?

When you understand this, you will be ready to reach your two next goals:

1 - rent 300 referrals and extend them to 240 days;

2 - earn \$ 90 to rent the Golden membership.

So click on every ads you find, rent every referrals until 300 and make all Mini-Jobs you can!

STEP 7 – GOLDEN Membership

Well done guys!

If you rented 300 refs and you have \$ 90 available in your Main Balance (without expenses for renewal of your referrals), you are on the right track!

Be very careful, this is a crucial point. Usually many people give up because believe that rent Golden means become millionaires. No, it not still so: rent the Golden is an important step towards the road of our economic freedom, but the days in which we will live traveling the world aren't still very close.

However, Golden Membership is a necessary step to increase our earnings.

The most important Golden membership features are:

- 1 - guaranteed available advertisements: 9 links paid \$ 0,01 instead that 4 links paid \$ 0,001;
- 2 - maximum limit to rent referrals: 2000;
- 3 - clicks of your rented referrals paid \$ 0.01 (instead of only \$ 0.005 per click).

There is an "upgrade" button and just follow the instructions.

1. You can purchase the membership with your main balance (make sure there is sufficient funds).
2. Using one of the three payment processors AlertPay, Paypal, or Neteller (where available in your country).
3. Using Points (You'll see the option if you have 30000 or more Points.).

Your next two goals:

- 1 - rent 2.000 referrals and extend them to 240 days;
- 2 - earn \$ 890 to rent the Ultimate membership.

As always, click on every ads you find, rent every referrals until 2.000 and make all Mini-Jobs you can!!

And... believe it, believe it and believe it. As every Ultimate Member of today, believed it before.

STEP 8 – ULTIMATE Membership

The Ultimate Membership is the last milestone you hit in your journey to success.

I already know that 80% of those who started reading this guide, did not arrive at this point. This is because they expect that internet gives free money, or they can become rich in less than two days. Needless to say, these people have no money online experience... but this is not my problem.

Instead, for those who have followed my guide step by step, rented 2.000 referrals and accumulated \$ 890... congratulations 😊 !

Becoming Ultimate Member represent a big sign of confidence in NeoBux; don't worry, this confidence will be rewarded.

Take a look at the Golden Packs **features** or the **upgrade** prices.

So, go to your Golden Pack Balance:

insert the 890 dollar in this balance choosing "Main Balance" and rent the Ultimate Membership!

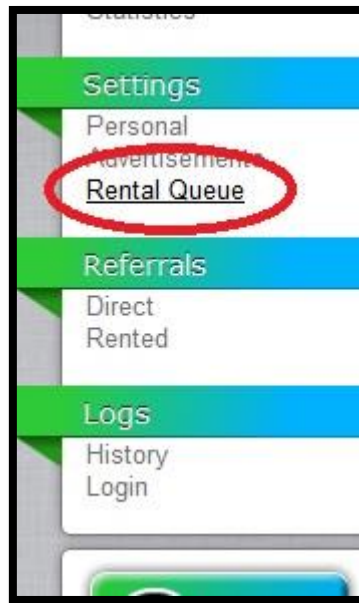

Now you have only one more goal to achieve:

- rent 4.000 referrals... and the sky will become your \$ limit!

STEP 9 – Sky is the limit!

Yes my friend, sky is the limit. In NeoBux there's no limit to the money you can earn.

After the 4.000 referral, you can increase your refs by "Rental Queue":

and click the referral pack you want:

A screenshot of the NeoBux Rental Queue page. The page has a sidebar on the left with navigation options: Summary, Banners, Statistics, Settings, Personal, Advertisements, Rental Queue, Referrals, Direct, Rented, Logs, History, and Login. The main content area is titled "Rental Queue" and contains the following information:

- You can order 150 referrals!** Please select your desired rental queue
- Normal queue \$105** (Approx. wait time: 107 hours)
- Express queue \$210** (Waiting time: 24 hours)
- Clicking a button above will queue the referrals and take the amount from your rental balance. The referrals will be delivered to your account after the time shown in the selected queue.
- You have reached the referral limit of your pack!** You can still rent referrals but limited to 150 referral packs each time and the price is higher

At the bottom of the page, there are logos for McAfee SECURE, Trustwave, PayPal, Payza, and NETELLER. Social media icons for 31.4k, Follow, and +10m are also present. The footer includes the copyright notice "© 2008-2015 NeoDev, Lda. All rights reserved." and links for Terms of Service, Privacy Policy, Help, Support, and AdAlert.

Always remember to spend also the money for renewal (\$ 1,34 x 150 referrals, any time).

STEP 10 – Some advices to get the best!

Reassuming, this is the NeoBux earning process:

- click your orange color fix ads each at the same hour (Step 3);
- click additional ad exposures and earn Points and AdPrize (Step 3);
- complete Mini jobs and Coin Offers (Step 4);
- rent referrals when you can afford to (Step 5);
- purchase upgrades when needed and can afford it (Step 7 and 8);
- repeat the above cycle.

WHAT ABOUT DIRECT REFERRALS?

Direct referrals are the best way to earn with PTC but they are hard to find. In NeoBux, with 300.000 direct referrals, you can earn about \$ 1.000.000 per year.

But you need a blog, you must keep it update every day, you must have writing skill, you must know how to create a great marketing campaign, etc. And is not easy to find a direct referrals who clicks his/her orange ads every day.

So better you focus your efforts about rental referrals: the journey will be more long, but you gains will be more sure!
