1

Once a TPO has been completed, **it cannot be retaken**.
You can review your completed test for **30 days** after completing it.

2

You may not browse through the test before you start. You must take the test in order of Reading, Listening, Speaking and Writing section just like the real TOEFL iBT Test.

3

The Speaking and Writing sections of the TPO are scored by automated scoring programs SpeechRater/e-rater software, while the real TOEFL iBT Test will have those sections scored by evaluating some, but not all, evaluated by human raters.
The score you receive on the practice materials may not be the same as what you would receive on the TOEFL iBT Test.

4

In order to take TPO, an installation of the Test Browser is necessary. You can check and prepare through Site Capacity Check and **Check system on NEXT Page**

Feedback Analysis:

Reading	Level	Your Performance
Reading	Low	<p>Test takers who receive a score at the LOW level, as you did, typically understand some of the information presented in academic texts in English that require a wide range of reading abilities, but their understanding is limited.</p> <p>Test takers who receive a score at the LOW level typically:</p> <ul style="list-style-type: none"> • have a command of basic academic vocabulary, but their understanding of less common vocabulary is inconsistent; • have limited ability to understand and connect information, have difficulty recognizing paraphrases of text information, and often rely on particular words and phrases rather than a complete understanding of the text; • have difficulty identifying the author's purpose, except when that purpose is explicitly stated in the text or easy to infer from the text; and • can sometimes recognize major ideas from a text when the information is clearly presented, memorable or illustrated by examples, but have difficulty doing so when the text is more demanding.

5. What you see on a screen during the test

Toolbar

You will find the [toolbar](#) in each section of the test. It allows you to navigate through the test. The main buttons shown on the toolbar of TPO are [Pause Test](#), [Section Exit](#), [Help](#) and [Hide Time](#).

[Pause Test](#) and [Section Exit](#)

[Pause Test](#) and [Section Exit](#) are always found in the upper left corner of the toolbar.

PAUSE TEST SECTION EXIT

[Pause Test](#)

Click [Pause Test](#) when you want to pause the test. It can be taken in multiple sittings by pausing the test and then continuing at a later time. The test will resume where you left off.

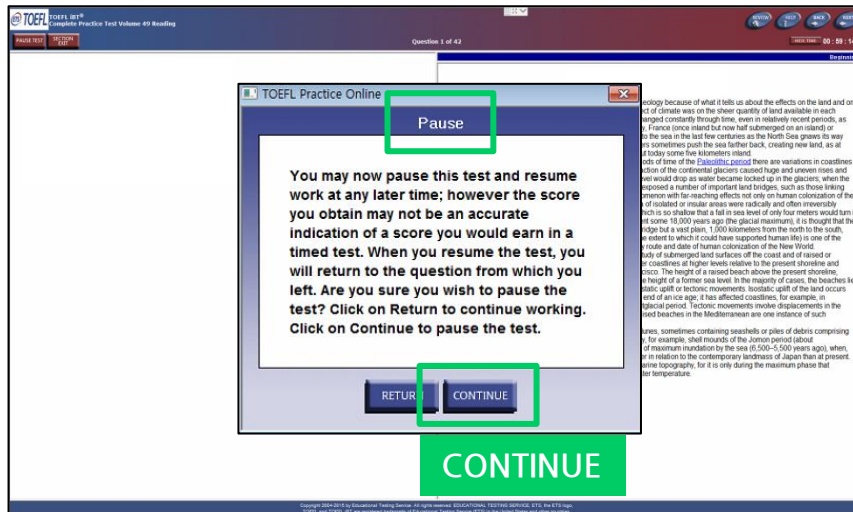

(Note) The real TOEFL iBT Test does not have [Pause Test](#).

! Use [Pause Test](#) in Listening Section

When you pause the test during Listening Section, click [Pause Test](#) **after** you answer the questions to the audio you just heard.

If you pause before you see the questions, the test will start from the questions and you may not hear the audio.

A pop up window opens when you click 「Pause Test」 asking you to choose to click on “Return” to the test and continue working or to click on “Continue” to pause the test.

Please click 「CONTINUE」 if you want to pause the test.

To restart the test,

「Section Test」

Click 「Section Exit」 when you want to exit the section you are currently working on.

(Note) If you exit a section, you are not able to return to the section to answer the rest of the questions. It will go to the next section of the test.

A pop up window opens when you click 「Section Exit」 asking you to choose to click on “Return” to the test and continue working or to click on “Continue” to exit the section.

It also says

“Once you leave this section and proceed to the next, you WILL NOT be able to return to it.”

Please make sure that you are certain to leave the section and proceed to the next.

「Help」

When you click 「Help」, you can see how to answer the section you are working on.

(Note) The countdown timer does not stop while you are using this feature.

「Volume」

You should adjust the volume of the PC before starting the test. However if the volume is too loud or too quiet while you hear the audio, click 「Volume」 to adjust the volume.

(Note) Make sure the “Mute” is off on your PC.

「Hide time」 with Timed mode

The right side of 「Hide Time」 shows the remaining time of the section. When you are hiding time by clicking 「Hide Time」, 「Show Time」 will be on the toolbar instead. Please click 「Show Time」 to show time again.

When the **time expires**

When you are taking a test in **Timed Mode** and the standard time for the section expires, the following message will be up on a screen.

If you choose **“Return”**, your test mode will be changed to Untimed Mode for the rest of your test (Not just the section you are working but the following sections also) but you can keep working on the section.

6. Frequently Asked Questions

<Register Authorization Code>

Q1. When entering the Authorization Code, "The authorization code you entered has already been used. ~" appears.

A. Authorization codes are meant to be used one time. Once you have entered your Authorization Code, you only need to log in with your ID and password to access your test again.

- You do not need to enter the Authorization Code each time you try to restart a test.

Q2. When entering the Authorization Code, "The authorization code you entered is invalid. ~" appears.

A. When you copy and paste the code, this message may appear. Please try entering the code again without using copy and paste.

Q3. Can I change a test mode from Untimed Mode to Timed Mode during a test?

A. No, you can't change the test mode from Untimed to Timed once you start the test. However you will be asked if you want to change from Timed Mode to Untimed Mode if the time has expired in the current section you are working on. Please note you cannot change back to

<Scoring 01 >

Q4. Why did I receive a zero in the score in Reading or Listening section?

A. The reason why you received a zero in the score report in these sections is because either

- You have answered all of the questions wrong. Or,
- You exited out the section without answering any questions.

< Scoring 02 >

Q5. The score report shows “**Retake**” in Speaking section.

A. Your six speaking tasks were scored by the SpeechRater program, an automated scoring system. If 2 or more responses get a Technical Difficulty or not being answered, the examinee can try the items again. Please click the link(s) and retake the part of the Speaking section. **You should try answering as long as possible with loud and clear voice.** If the scoring engine still cannot score your answers after retakes, Speaking section will not be scored and the total score will show as Not Completed.

Q6. In a score report, Speaking/Writing sections say “Waiting for scores” or “have not completed scoring yet.”

A. The scores for the Speaking and Writing sections should be available within 24 hours after you complete the test.

Q7. The total score says “**Not Completed**” on a score report.

A. “Not Completed” means the Speaking section could not be scored by the SpeechRater program. If the speaking section tasks say “Click here to retake”, please do so by answering them as many as and as long as possible to get them scored.

Q8. Writing score appears as 0.

A. The reason why you received a zero in the score report is because the scoring engine could not reliably determine the structure of the essay. There were no paragraph breaks in the essays which caused this issue to occur. A score of zero is also possible for off-topic responses. While these practice materials are designed to help you better prepare for the TOEFL iBT test, the score you receive on the practice materials may not be the same as what you would receive on the TOEFL iBT test.

< Scoring 03 >

For more information regarding automated scoring systems, please refer to the Frequently Asked Questions page at https://www.ets.org/s/toefl/pdf/toefl_tpo_faq.pdf

Q9. Can I retake a section where I accidentally exited out?

A. Once you leave a section, you cannot go back to that section. The section will not be reopened. Please pay full attention **not to click on SECTION EXIT button** unless you mean to exit and proceed to the next section.
