Introduction

HRIS requires that a personnel action be performed any time an employee changes jobs and/or positions. A job change may be used for the following types of changes:

- Transfers
- Promotion/demotion
- Position change, reversion
- Mobility assignment
- Detail to special duty
- Voluntary grade decrease
- Reclassification

Processing job changes accurately ensures that an employee receives the correct position defaults and pay for the job/position in which he/she performs. The Human Resources (HR) Initiator/Approver performs the personnel action using the Individual Action Form (XP52.1). The JOB CHANGE action may require that a JOB CHNG 2 be performed; depending upon the type of change. Both the JOB CHANGE and the JOB CHNG 2 actions must have the same Effective Date.

See the "Job Change Form" in the file, HRIS Forms, for a working template to use.

JOB CHANGE actions can be completed through close of business on Monday of compute week. Keying of JOB CHANGE actions can resume on Wednesday morning after compute Tuesday. HR and Payroll need to coordinate all actions affecting employee's pay to ensure the actions are processed and paid accurately.

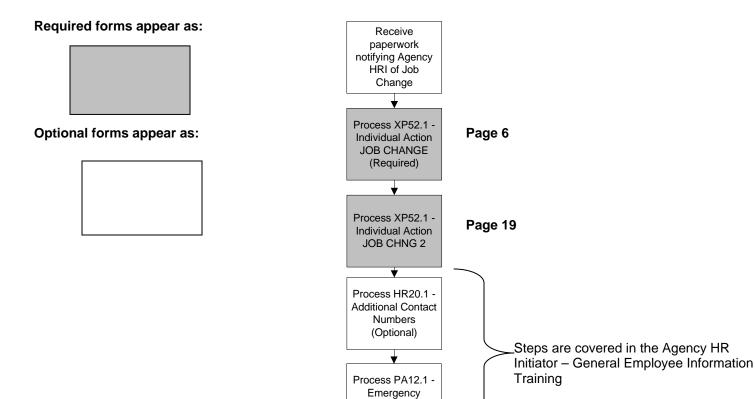

JOB CHANGE personnel actions are entered into pending status and then updated nightly. If the action has a future effective date, the action will not process until the nightly run of the effective date of the action.

Notes

- You cannot exceed the maximum of the grade range for a Job Change. Transactions of this nature will error out during the nightly batch. If a salary will put the employee over the max, the Agency HR Manager must first perform the Pay Range Maximum Override; then the Job Change can be processed.
- On XP52.1 If Employee information appears in the "Current Value" column that you
 want removed on the Employee record, you must type "*BLANK" in the "Change To"
 column.
- If the position is changing, you will need to click on "Fill Defaults" to populate the position default information onto the action, e.g., supervisor, process level, department, etc. **DO NOT KEY POSITION DEFAULT INFORMATION on the XP52**.

- If the FTE changes, the status code should match, as well as the Annual Leave Plan, Sick Leave Plan and Work Schedule.
- When processing a personnel action, HRIS requires that a Reason Code be supplied for the action being performed. HRIS displays the results of all processed personnel actions on various management reports. Detailed information (if required) can be displayed by running the report based on selected Reason Codes.
 - Example An Agency processes a Job Change on an Employee with the reason code "JC-MOBIL". Management requests a report that displays a list of all Employees receiving a Job Change because of a Mobility Assignment within that Agency over the last 6 months. The report would be run using the reason code of "JC-MOBIL".
- A created time record in HRIS is like a snapshot of the Employee's information at that
 moment in time. If information is changed (could be the result of a personnel action Job Change) and is reflected on the Employee Master Record (HR11.1) after the
 creation of the Employee's time record for that pay period, those changes will not get
 picked up on the existing time record. The time record will have to be deleted and readded by your Agency Payroll Office to reflect the job change.
 - Example The Agency Timekeeper enters Employee time records on Thursdays. A specific Employee within that batch received a promotion (which included a salary increase) that took effect on the first day of the current pay period but was not entered until after the time record was added. The salary increase will not be reflected on the time record entered by the Agency Timekeeper. The time record must be deleted and re-added to reflect the change on the paycheck.

Individual Action (XP52.1) Parameters Tab (JOB CHANGE)

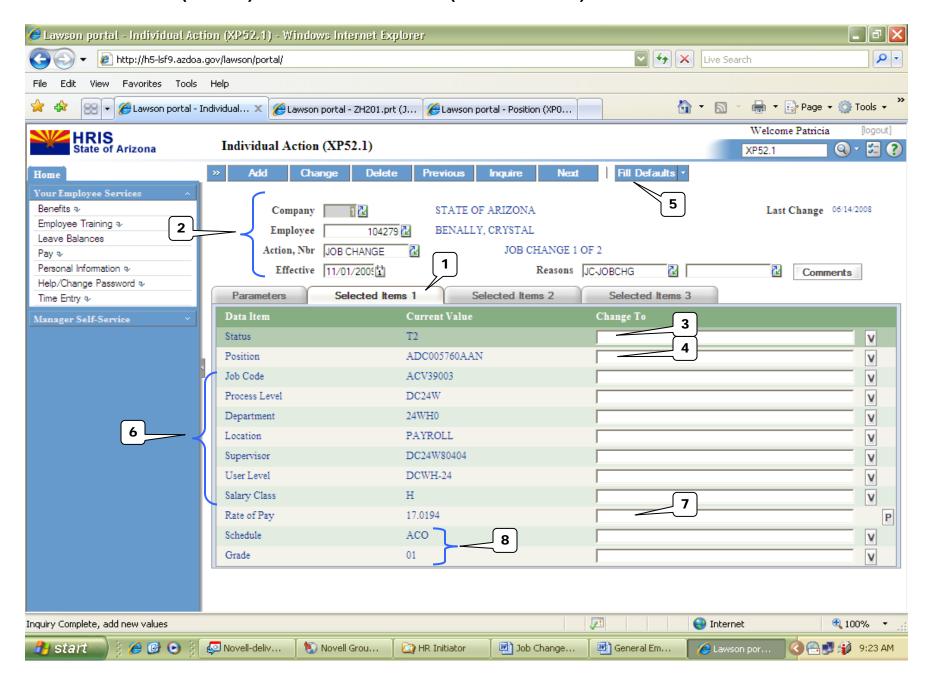

R=Required, O=Optional

R=Re	R=Required, O=Optional								
	HRIS Field	R / O	Step/Action	Expected Results	PNotes/ Additional Information				
1	White Search Box	R	Type XP52.1 in the White Search Box. Press ENTER on the keyboard.	The Individual Personnel Action (XP52.1) opens.					
2	Company Field	R	Type 1 in Company field.	System will access information for Company 1.	All forms/actions must contain a 1 in the Company Field.				
3	Employee Field	R	Type the Employee's EIN.	System will bring up needed information from the employee's record.	You must enter the correct EIN.				
4	Action Nbr Field	R	Type or use the Drop Down to enter action 'JOB CHANGE'.	Based on the Action Nbr. selected the system will populate the appropriate fields that are needed to complete this action.					
5	Effective Field	R	Type the Effective Date of the action.	The Effective Date of the Job Change will be in this field.	Date is formatted as MMDDYY				
6	Reasons – First Box Field	R	Type or use the Drop Down to enter the reason code for the Job Change Action.		One reason code is required. The reason codes are smart coded. *Refer back to basics for more information on Reason Codes.				
	Reasons - Second Box Field	0	Type or use the Drop Down to enter the 2 nd Reason Code for the Job Change.		The 2 nd Reason Code is not required but is recommended to better define the reason for the Job Change Action. It can be useful for reporting purposes.				
7	Inquire Button	R	Click Inquire	You should get message "Inquiry Complete, add new values" in the lower left corner.	DO NOT CLICK Add at this point!				
				The system will populate the required fields that are needed and will default all information from the Employee's record.					
8	Immediate Field	R	Type N or select 'No' from the drop down menu in the Immediate Field.	Action will process with the nightly batch depending on the effective date of the action.	ONLY New Hire and Rehire Actions are processed immediately. All other HRIS Actions are processed during the nightly batch.				
9	Anticipated End Field	R	Leave Blank	This field must be blank.					
10	Update Benefits Field	R	Type or Select from the Drop Down 'Y – Yes'.	This field must contain a Y.	Whether the employee is eligible for benefits or not, a 'Y' must be put in this field.				

	HRIS Field	R / 0	Step/Action	Expected Results	Notes/ Additional Information
11	Update Absence Management Field	R	Leave Blank	This field must be blank.	
12	Update Required Deductions Field	R	Type or Select from the Drop Down 'Y – Yes'.	This field must contain a Y.	
13	Old Deduction End Date Field	R	Leave Blank	When the action is processed the system will default in the correct date.	
14	New Deduction Begin Date Field	R	Leave Blank	When the action is processed the system will default in the correct date.	

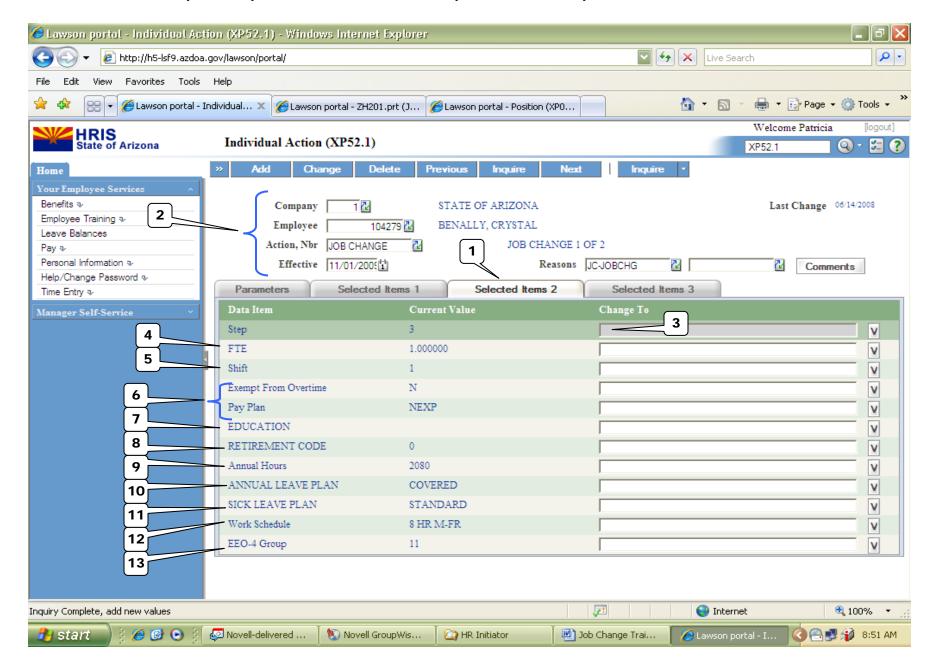

Individual Action (XP52.1) Selected Items 1 Tab (JOB CHANGE)

	HRIS Field	R / O	Step/Action	Expected Results	©Notes/ Additional Information
1	Selected Items 1	R	Click on the Selected Items 1 tab.	The Selected Items 1 section will appear with the necessary fields to be populated.	Information that was imported from Employee's record will appear in the Current Value Field.
2	Company field Employee Field Action, Nbr Field Effective Date Field Reasons Fields	R R R R R	No Action Required, these fields will default to what was entered on the Parameters Tab.		
3	Status Field	R	Type or Select from the drop down the Employee's NEW Status. **If information displayed in the Current Value Field is correct, no entry is required. Skip to next step.		To access the drop down menu, click the V at the end of the Selected Value field. *If status changes, be certain to see if Annual Leave Plan, Sick Leave Plan, and FTE fields need updating. These fields are found on Selected Items 2.
4	Position Field	R	Type the Employee's NEW Position Number **If information displayed in the Current Value Field is correct, no entry is required. Skip to step 6		
5	Fill Defaults button	R	Click Fill Defaults	All information related to the position will be defaulted in. You will receive the message 'Review defaulted fields'.	THIS IS VERY IMPORTANT. Let the system default the information in from the position.
6	Job Code Field Process Level Field Department Field Location Field Supervisor Field User Level Field Salary Class Field	R R R R R R R	Leave default information in these fields. No Action Required.	All information needed from the position will be defaulted in.	This is very important. Let the system default the information in from the position. If the information that defaulted in is not accurate, the information must be changed on the position, not the employee.

	HRIS Field	R / O	Step/Action	Expected Results	[©] Notes/ Additional Information
7	Rate of Pay Field	R	Type the NEW Rate of Pay for the Employee in the Change to field. **If information displayed in the Current Value Field is correct, no entry is required. Skip to next step.		Format for Rate of Pay '00.0000' If the Rate of Pay is changing and the Employee is in a Grade Range Schedule, enter the NEW Rate of Pay. Selecting the "P" button opens a form window where a % increase or decrease can be entered. Select the "Calculate" button to view the new pay rate. Select "Done" to close the form. The calculated new pay rate is then displayed in the "new value" field for the pay rate. For employees in a Step & Grade Schedule, this field MUST be blank.
8	Schedule Field Grade Field	RR	Leave default information in these fields. No Action Required.	All information needed from the position will be defaulted in.	This is very important. Let the system default the information in from the position. If the information that defaulted in is not accurate, the information <u>must be changed on the position not the employee</u> . DO NOT CLICK Add at this point – go to Selected Items 2

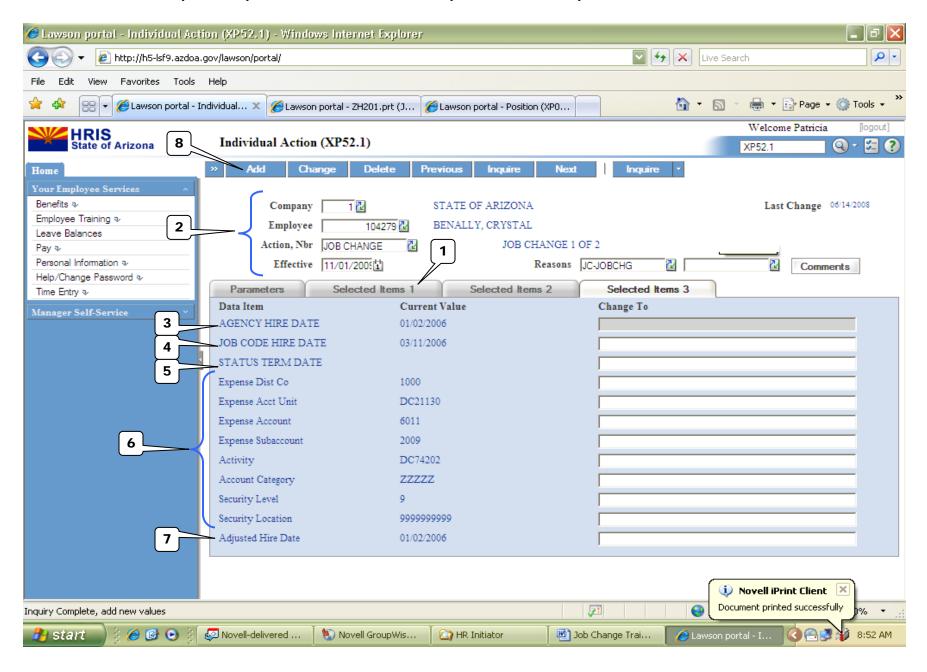

Individual Action (XP52.1) Selected Items 2 Tab (JOB CHANGE)

	HRIS Field	R / O	Step/Action	Expected Results	™ Notes/ Additional Information
1	Selected Items 2 Link	R	Click on the 'Selected Items 2' tab.	The Selected Items 2 section will appear with the necessary field to be populated.	Information that appeared on the Employee's record will default in.
2	Company Field Employee Field Action, Nbr Field Effective Date Fld Reasons Fields	RRRRR	No Action Required, these fields will default to what was entered on the Parameters Tab.		
3	Step Field	0	This field must be filled in IF the employee is in a Step & Grade Schedule.	All information needed from the position will be defaulted in.	The Step will drive the rate of pay for time entry and salary history.
4	FTE Field	R	**If information displayed in the Current Value Field is correct, no entry is required. Skip to next step.		Full time = 1.0, ¾ time = .75, ½ time = .50, and ¼ time = .25 These are the only acceptable values. NOTE: The FTE works with the time accrual plans and employee status. These fields must match or time accruals will not work.
5	Shift	R	**If information displayed in the Current Value Field is correct, no entry is required. Skip to next step.		Valid codes are 1 – day shift, 2 – second, swing or evening shift, 3 – night or graveyard shift. Shift 2 and 3 will drive the Shift Differential Pay.
6	Exempt from Overtime Field Pay Plan Field	R R	Leave default information in these fields. No Action Required.	All information needed from the position will be defaulted in.	This is very important. Let the system default the information in from the position. If the information that defaulted in is not accurate, the information <u>must</u> <u>be changed on the position not the employee</u> .
7	EDUCATION field	0	Select the Education field as applicable for your agency.		This is an Optional Field. Field is not used by all agencies. If your agency does not have an Educational Stipend, do not enter data into this field.
8	RETIREMENT CODE field	R	Enter the employee's NEW Retirement Code. **If information displayed in the Current Value Field is correct, no entry is required. Skip to next step.		To access the drop down menu, click the V at the end of the Selected Value field. The Retirement code determines the retirement system eligibility and deduction.

		R			
	HRIS	ï			◎ Notes/
	Field	Ó	Step/Action	Expected Results	Additional Information
9	Annual Hours field	R	Leave default information in these fields. No Action Required.	All information needed from the position will be defaulted in.	This is very important. Let the system default the information in from the position. If the information that defaulted in is not accurate, the information must be changed on the position not on the employee.
10	ANNUAL LEAVE PLAN Field	R	Type or Select from the Drop Down the NEW Annual Leave Plan for the Employee. **If information displayed in the Current Value Field is correct, no entry is required. Skip to next step.		The employee must be placed in an Annual Leave plan appropriate to their status and FTE or their time accruals will not work correctly. Example: Employee is a covered ½ time employee they should be in the Covered ½ time Annual Leave Plan.
11	SICK LEAVE PLAN Field	R	Type or Select from the Drop Down the NEW Sick Leave Plan for the Employee. **If information displayed in the Current Value Field is correct, no entry is required. Skip to next step.		The employee must be placed in a Sick Leave plan appropriate for their status and FTE or their time accruals will not work correctly. Example: Employee is a covered ½ time employee they should be in the Covered ½ time Sick Leave Plan.
12	Work Schedule Field	R	Type or select from the drop down menu the Employee's appropriate NEW work schedule.		Note: This field affects the Employee's time entry form, how the payroll time will default on the XR32.2 – Payroll Time Entry form.
13	EEO-4 Group Field	R	Type the EEO-4 Functional Group for your agency **If information displayed in the Current Value Field is correct, no entry is required. Skip to next step.		Valid Values are 01, 02, 03, 04, 06, 08, 09, 10, 11, 12, 14, 15, (99 for Elected Officials ONLY). See the EEO-4 Functional Groups Document to find the appropriate value for your agency. (Check the JOB CHNG 2 action and change the "Exclude From EEO-4" field, if necessary.) DO NOT CLICK Add at this point – go to Selected Items 3

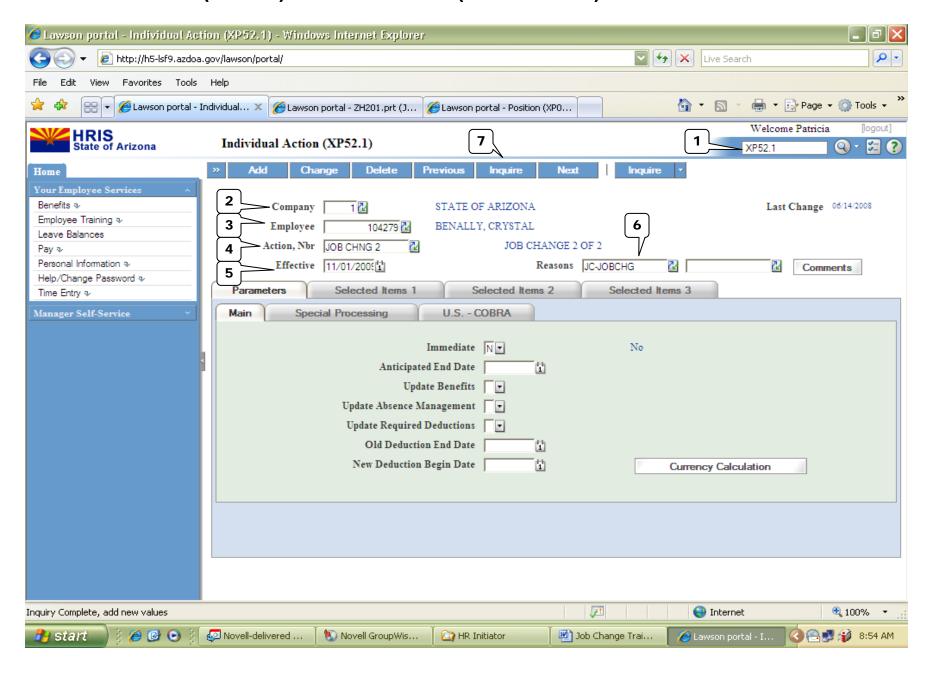

Individual Action (XP52.1) Selected Items 3 Tab (JOB CHANGE)
