# HSC Trial Exam Revision Lectures

## What are the Trial Exam Revision Lectures?

The “Trial Exam Revision Lectures” are specialised courses that are designed to revise and then extend on the materials covered at school, to HSC examination standard.

Developed and delivered by the same teachers who will be marking your HSC exams, these lectures will undoubtedly improve rankings and HSC marks!

## Objectives:

- To maximise trial examination marks.
- To complete a large part of your HSC exam preparations ahead of your peers, reducing stress levels and study loads in the challenging weeks before your HSC exams.

## What Will be Covered?

You will receive a comprehensive and detailed coverage of examinable materials as specified in each subject’s Study Syllabus to **HSC examination standard**. Detailed information regarding the topics and concepts that will be covered is available at [www.tsfx.com.au](http://www.tsfx.com.au) or by scanning this code.

## Features:

- Delivered by qualified HSC teachers and **HSC exam assessors** (not unqualified university students).
- Cover the more **difficult concepts** within a subject (and not just revise the basic principles).
- Work through a **large, unique** collection of potential examination questions.
- Develop the problem-solving skills that are needed to secure the **higher marks**.
- Learn the **tricks and traps** that could appear in the exams.
- Discover how marks are awarded in the exams and how to structure responses to obtain full scores.
- Receive detailed, comprehensive **A+ notes** that include every key concept that could be examined, large numbers of worked examples, step-by-step instructions and exam watch-outs.

## Benefits:

- Prepare for your trials in a time-efficient and relatively painless manner!
- Save countless hours in study time.
- Decrease stress levels and study-loads before your exams.
- Get the most from your school holidays.
- Maximise examination marks.
- Maximise your school-based ranking.
- Get a huge advantage over your subject peers

## How Do I Enrol?

Enrol online at [www.tsfx.com.au](http://www.tsfx.com.au).

Alternatively, complete the application form on back of the page of this brochure and return together with your payment to TSFX.

**97%** of past students indicated that the “Trial Exam Revision Lectures” were definitely worth the time and effort!

**“I found the quality of the notes in this lecture, and every lecture that I attended at TSFX, to be absolutely superb.”**

Student – Baulkham Hills High School

## No Superficial Overviews

Students need to be exposed to more than just simple overviews if they're aiming for the highest possible marks. Our programs are therefore **longer in duration**, ensuring that you get the best instruction and value for your time and money, as well as the highest possible HSC marks.

## Unparalleled A+ Course Notes

You'll receive detailed and comprehensive **A+ notes** that include every key concept that could be examined, clear and concise explanations, fully worked examples with step-by-step instructions, and a large collection of potential exam questions – saving you countless hours in study time.

**Note:** No other HSC program provider comes close to matching the quality and depth of materials that are given to students who attend TSFX programs. As an example, students attending our Chemistry Exam Revision Lectures receive over 300 pages of notes and exam-style questions!

## No Compromises

Our course materials are improved and extended upon on a yearly basis so you receive the **best possible** notes and instruction that reflect the annual changes in exam marking and question trends. Our course materials are prepared and updated by qualified, experienced HSC teachers – not unqualified university students.

## We Get Results

TSFX offers a proven track history of unrivalled HSC success. We get results, and we can make a significant difference to your HSC marks.

**The average ATAR for students who attended our exam revision lectures in 2018: 91.30**

## Why Us?

At TSFX, we've created an incredible opportunity for you to access some of the state's best teachers. You've spent almost 13 years getting to this point, so don't risk your final marks on "good enough" when you can get access to "great". Trust our expert teachers to give you the skills and information to achieve your excellence.

**Trust Your One Chance with TSFX**

Attending our "Trial Exam Revision Lectures" will **save you countless hours in study time!** Not only is it faster to have an experienced teacher take you through course materials, the delivery processes used in our programs will enable you to work through **five times** more information than if you were to work through the same topics on your own!

## Learn From the Best

To ensure you receive every possible advantage in the HSC, our lectures are prepared and delivered by handpicked, qualified, experienced HSC teachers from top ranking schools. Our teachers include authors of HSC textbooks, writers and markers of your HSC exams, as well as leading experts in their subject fields.

**Note:** The majority of university students who present HSC lectures and tuition classes **have not** received formal instruction in most of the topics they're teaching. These students graduated before many HSC subjects underwent significant changes to the Subject Syllabus and are self-taught, using limited information that does not cover the scope required for the higher HSC marks. **Experience** is the best teacher, and an important asset at this **end-game stage** of Year 12.

## Don't waste time writing notes!

When you attend our "Trial Exam Revision Lectures", you will receive a detailed and comprehensive set of notes that cover examinable materials to an **A+ standard**.

## Dates & Times: Trial Exam Revision Lectures 2019

Monday 8 July 2019	Tuesday 9 July 2019	Wednesday 10 July 2019	Thursday 11 July 2019	Friday 12 July 2019	Saturday 13 July 2019

## English Advanced & Standard Lectures

These highly beneficial lectures will provide **detailed instruction** regarding the various components of the English examinations, as well as valuable insights into the conventions, exam questions, marking schemes, exam techniques and Module rubric. In each case, students will work through sample scenarios to gain a better understanding of what is required to secure the higher Bands and learn how to avoid the errors made by students in past examinations. Students will be divided into small groups so that they may benefit from close analysis and instruction specific to their chosen text(s).

## Lecturer Details

To ensure that students receive every possible advantage in their HSC, our lectures are prepared and delivered by qualified, currently practising **senior HSC teachers** and **HSC exam markers** (not university students), individuals who possess the knowledge and experience to demonstrate how students can achieve the higher ATAR results.
