ON THE COVER

Dan Coffman, of Junction City, killed a once-in-a-lifetime deer in October 2015. The 37-point deer scored 287 5/8 net with a 298 2/8 gross. Dan was hunting with a bow in Fairfield County.

The ODNR Division of Wildlife's mission is to conserve and improve fish and wildlife resources and their habitats for sustainable use and appreciation by all.

The Ohio Division of Wildlife is funded by annual hunting, trapping, and fishing license sales. It is the authority on Ohio's fish and wildlife resources, and uses no state or federal taxpayer dollars to fulfill its mission. Additional funds come in the form of federal aid reimbursement from an excise tax on hunting and fishing equipment.

Money generated allows the ODNR Division of Wildlife to promote the conservation efforts of game and non-game animals. Examples of these efforts include endangered and threatened species restoration, fish hatcheries, hunter and angler education, and law enforcement.

2016 ANTLERLESS DEER PERMIT OPEN COUNTIES MAP

Counties open for antlerless permit

WHAT IS AN ANTLERLESS DEER?

Antlerless deer include deer without antlers, and deer with antlers less than 3 inches in length.

Antlered deer are deer with at least one antler 3 inches or longer in length.

Antlerless deer permit means: antlerless deer permit, youth antlerless deer permit, senior antlerless deer permit, free disabled veteran antlerless deer permit, or a free senior antlerless deer permit.

Hunters are not required to buy an either-sex deer permit before purchasing an antlerless deer permit.

EITHER-SEX DEER PERMIT

The either-sex deer permit is good for an antlered or antlerless deer and is valid state-wide. This permit may be used during any of the deer hunting seasons and controlled hunts. This permit may be purchased individually throughout the entire deer season.

Either-sex deer permit means: either-sex deer permit, senior either-sex deer permit, youth either-sex deer permit, free disabled veteran either-sex deer permit, or a free senior either-sex deer permit. This is valid for an antlered or antlerless deer.

CHRONIC-WASTING DISEASE

Chronic-wasting Disease (CWD) was detected at two captive deer facilities in Holmes County in 2014 and 2015. In 2015 the ODNR Division of Wildlife established a Disease Surveillance Area (DSA) in portions of Holmes and Wayne counties. The area is mapped and posted at wildohio.gov and available at district offices.

A DSA designation will remain in effect for a minimum of three years and the following regulations apply: requires hunters to bring deer harvested within the DSA boundaries to an ODNR Division of Wildlife inspection station for sampling during the deer-gun and deer muzzleloader seasons (check wildohio.gov or any district office for locations and specific details); prohibits the placement of or use of bait (salt, minerals, or any food) to attract or feed deer within the DSA boundaries; prohibits hunting of deer by the aid of bait within the DSA boundaries; and prohibits the removal of a deer killed by a motor vehicle within the DSA boundaries unless the carcass complies with deer carcass regulations.

Normal agricultural activities, including feeding of domestic animals; as well as hunting deer over food plots, naturally occurring or cultivated plants, and agriculture crops are not prohibited.

DEER CARCASS REGULATIONS

To minimize risk of spreading CWD, possessing or removing high-risk carcass parts from cervids (deer, moose, elk, and caribou) harvested in areas listed at wildohio.gov is prohibited.

Only the following parts may be possessed from any cervid removed from these locations: de-boned meat; meat that is cut and securely wrapped either commercially or privately with no part of the spinal column or head attached; quarters or other portions of meat with no part of the spinal column or head attached; antlers; antlers attached to a skull cap from which all soft tissue has been removed; upper canine teeth from which all soft tissue has been removed; hides and capes without any part of the head or lymph nodes attached; finished taxidermy mounts; and soft body tissue wrapped and packaged for use by a diagnostic research laboratory.

Out of state hunters traveling through Ohio may possess any cervidae carcass (or part of a carcass), provided the carcass or parts are not off-loaded from the vehicle.

**A DEER HUNTER
CAN DO THE FOLLOWING**

1. A successful deer hunter can aid or assist another hunter who is hunting deer if the deer permit has been filled in, he or she does not carry any hunting implement commonly used to kill wild animals, and has a valid hunting license. Those persons exempted from having a hunting license and deer permits for deer hunting on their property are required to have a hunting license and deer permit to aid another hunter off of their property or hunt deer off of their property.
2. Take more than one deer per day as long as each deer has been tagged with a game tag and a deer permit has been filled in before hunting for the next deer.
3. Possess a communication device as long as you do not use the device to aid a person in pursuing or taking of deer.
4. Use certain handguns during the youth deer gun season and deer gun season. These handguns must: a) have a barrel length of not less than 5 inches; b) use straight-walled cartridges (no shoulder/neck; straight-tapered wall is acceptable); c) be .357 caliber or larger; and (d) not be shoulder mounted.

**CARTRIDGE WITH SHOULDER
ILLEGAL**

**STRAIGHT-WALLED CARTRIDGE
LEGAL**

5. Leave a deer or deer parts with a taxidermist, fur buyer, cold storage, locker plant, or meat processing plant as long as the confirmation number is attached to the animal and all of its separate parts. Persons receiving a deer from another person must keep the confirmation number with the animal and all of its separate parts.

6. Hunt coyote and feral swine (wild boar) during the deer gun season, the youth deer gun season, and the deer muzzle-loader season with a hunting license and a valid deer permit, using firearms legal for deer hunting while visibly wearing a vest, coat, jacket, or coverall colored solid hunter orange or camouflage hunter orange.
7. Deer archery hunt during the youth deer gun season, if the archery hunter is not accompanying a hunter participating in the youth deer gun season and is wearing hunter orange (See Youth Deer Gun Season, pages 30-31).
8. Hunt deer over bait, except on public land (restrictions apply, see pages 42 and 46).
9. Use a leashed dog to recover a wounded deer.
10. A person possessing a valid concealed handgun license may carry their concealed handgun while hunting, but it may not be used to shoot, shoot at, or kill any wild animal. For more information go to ohioattorneygeneral.gov.
11. Deer archery hunt during all deer gun seasons. Archery hunters must comply with the hunter orange requirement and follow all regulations specific to the deer gun season.

**A DEER HUNTER
CANNOT DO THE FOLLOWING**

1. Hunt or pursue deer with a shotgun or specific straight-walled cartridge rifle loaded with more than three shells in the chamber and magazine combined.
2. Hunt with any rifle or possess rifle ammunition during the deer muzzleloader season, other than a muzzleloading rifle .38 caliber or larger.
3. Hunt or take a deer with a gun or possess a loaded firearm while going to and from deer hunting during the deer gun season, the youth deer gun season, and the deer muzzleloader season at any time other than 30 minutes before sunrise to 30 minutes after sunset. Muzzleloading firearms are considered unloaded when the cap is removed or priming powder is removed from the pan, or when the battery is removed on electronic systems.

4. Carry a handgun while hunting deer during the deer muzzleloader season and the archery season; have more than one firearm while hunting deer; carry a handgun being used during hunting in a concealed manner. Except as noted in No. 10 under A Deer Hunter Can Do the Following.
5. Use a muzzleloading handgun to hunt deer.
6. Carry a firearm while deer hunting with a longbow or crossbow. Except as noted in No. 10 under A Deer Hunter Can Do the Following.
7. Have attached to a longbow or crossbow any mechanical, electrical, or electronic device capable of projecting a beam of light.
8. Use dogs to hunt deer. Leashed dogs may be used to track wounded deer.
9. Possess shotshells containing shot during the deer gun season, Nov. 28 - Dec. 4, 2016, unless waterfowl hunting when the season is open.
10. Carry the deer permit of another person.
11. Hunt coyote or feral swine (wild boar) between 30 minutes after sunset and 30 minutes before sunrise during the deer gun season, the youth deer gun season, and the deer muzzleloader season.
12. Use any device capable of transmitting or receiving a person's voice to aid in the hunting or taking of deer.
13. Pursue wounded deer or other wild animals or recover dead deer or other wild animals from private property without the written permission of the landowner.
14. Receive or possess a deer or parts of a deer unless such deer or deer part is tagged as required, or unless the deer or part of a deer has a statement showing when and where legally taken, the date received, and from whom received; or an Ohio Division of Wildlife tag, seal, or certificate or other proof of ownership which shows the deer was killed by a motor vehicle in Ohio; or an official tag or seal and valid nonresident license issued by another state if taken from outside Ohio; or certificate of ownership or receipt issued by a law enforcement officer. Shed antlers do not require a certificate of ownership or receipt by a wildlife officer.
15. Construct, place, or use a permanent-type tree stand, or place spikes, nails, wires, or other metal objects into a tree to act as steps or to hold a tree stand on public hunting lands. It is also unlawful to make any of these changes to trees on private property without first getting the permission of the landowner or the landowner's authorized agent.
16. Check a deer as a landowner if the hunter is a tenant of the property, unless the tenant is an individual who resides on land for which he or she pays rent and whose annual income is primarily derived from agricultural production conducted on that land.

CONTROLLED DEER HUNTS

The Ohio Division of Wildlife conducts annual controlled hunts on a number of managed areas that are not normally open to hunting. The dates and locations of these hunts vary from year to year. For more specific information about controlled hunts, visit wildohio.gov or call 1-800-WILDLIFE (1-800-945-3543).

Participation is determined by computer-generated random drawings. The application period is June 1 through July 31, 2016. Hunters may apply at wildohio.gov using a credit card. If you prefer to submit an application via U.S. mail, hard copies of the application are available by calling 1-800-WILDLIFE (1-800-945-3543).

Other controlled deer hunts are held at various locations around Ohio, including specific state parks and metro parks. The Ohio Division of Wildlife is not involved in the management or administration of these hunts. Antlerless deer permits **MAY** be used in these controlled hunts throughout the season if they meet requirements set by the Division of Wildlife and the entity holding the hunt has received authorization from the chief of the Division of Wildlife. It is the hunter's responsibility to check with the agency holding the hunt to see if it qualifies.

The Ohio Division of Wildlife conducts several controlled deer hunts for young hunters. See pages 30-31 for more details and other youth hunting opportunities.

DEER TAG AND CHECK

Hunters who kill a deer must immediately:

- Complete a game tag with the hunter's name, date, time, and county of kill.
- Attach the completed game tag to the deer at the place where it fell.
- Fill in the deer permit with date, time, and county of kill.
- The hunter must complete the game check and tagging process by 12 p.m. (noon) the day after the kill. If the deer is killed on the last day of a season, then it must be checked in by 11:30 p.m. on the day of kill.

A person cannot leave Ohio with a deer taken by hunting that has not been game checked with the confirmation number permanently attached.

See Game Tag and Check, page 32.

FEDERAL MIGRATORY BIRD HUNTING STAMP (DUCK STAMP)

Hunters 16 years of age and older are required to purchase this stamp to hunt ducks, geese, and brant. These stamps are available at many U.S. post office branches, usps.com, or duckstamp.com.

The E-Stamp available through duckstamp.com is valid immediately for up to 45 days with the receipt of the e-stamp purchase.

The Duck Stamp Program remains committed to this vital and productive partnership with the hunting community.

Hunters should know that . . .

- If you hunt migratory waterfowl and you are 16 years of age or older, you need to purchase and carry a current Federal Duck Stamp or E-Stamp.
- Federal Duck Stamps are valid from July 1 through the following June 30.
- You must sign the front of your Duck Stamp in order for it to be valid. Remember: only you can use your Federal Duck Stamp.

- If you bought an E-Stamp, you must carry your 45-day receipt with you at all times while hunting. Once the receipt has expired, you must carry your current, signed Federal Duck Stamp. (If you purchased your E-Stamp at a retail store, you must carry the E-Stamp/45-day receipt; your purchase/credit card receipt from the store is not valid as a Duck Stamp).

OHIO WETLANDS HABITAT STAMP

The Ohio Wetlands Habitat Stamp will not be issued at the time of purchase. A license will be issued stating Ohio Wetlands Stamp. The stamp will be mailed later in the year. The stamp does not need to be carried while hunting. Hunters under the age of 18 are not required to obtain the Ohio Wetlands Habitat Stamp.

YOUTH WATERFOWL HUNTING OPPORTUNITIES

Federal regulations allow hunters 15 years old or younger to hunt waterfowl during the youth waterfowl weekend.

Young hunters (17 or younger) are given priority on opening day controlled hunts. See Youth Hunting on pages 30-31 for details.

CONTROLLED WATERFOWL HUNTING OPPORTUNITIES

The Ohio Division of Wildlife conducts controlled waterfowl hunts on many areas not normally open to hunting. These controlled waterfowl hunts are designed to provide access and opportunity on a limited basis. Find a complete list of controlled hunts at wildohio.gov.

DOVE HUNTING

Hours for dove are sunrise to sunset, except for those wildlife areas which have been posted with special regulations. Doves may be hunted with lead shot. Maps of dove fields at specific wildlife areas can be found at wildohio.gov.

Doves may be hunted on areas that have been manipulated (for example, mowed or bush-hogged) for wildlife management purposes, in addition to areas that have been planted or harvested in a normal agricultural manner. Neither waterfowl nor doves may be hunted on areas where grain or other feed has been distributed once it has been removed from or stored on the field where grown. Contact an Ohio Division of Wildlife district office or a state wildlife officer for clarification on baiting regulations before you hunt.

Harvest Information Program (HIP) certification is required to dove hunt. To complete the HIP certification requirement, call 1-877-HIP-OHIO (1-877-447-6446) and answer the survey questions. After the survey you will be given a certification number. Write the certification number on your hunting license in the space provided.

Controlled hunts will also be held at the St. Marys State Fish Hatchery on Thursday, Sept. 1, Saturday, Sept. 3, Saturday, Sept. 10, and Saturday, Sept. 17.

Hunting hours will be noon to sunset for all controlled dove hunts. ADDITIONAL INFORMATION

Trappers who have reached their season bag limit are encouraged to implement river otter avoidance techniques while beaver trapping.

If you catch an otter in excess of your season bag limit or in a closed zone and it is still alive, carefully release it without causing injury to yourself or the river otter. If the river otter is dead, leave it in the trap and contact the wildlife officer assigned to that county.

RIVER OTTER CHECKING AND TAGGING REQUIREMENTS

The pelt of each river otter must be checked in with a wildlife officer or taken to a wildlife area headquarters (8 a.m. to 9 a.m. Monday, Wednesday, or Friday, or by appointment) or district office during business hours (8 a.m. to 5 p.m.) within five business days of capture in order to receive a CITES tag. All state offices are closed on holidays.

Each trapper must personally present their own river otter, and may not present a river otter taken by another person. Trappers must also provide a copy of their fur taker permit at the time of checking, and provide information about the date and location in which the river otter was trapped.

BEAVER AND OTTER TRAPPING ON PUBLIC HUNTING AREAS

Beaver and river otter trapping is prohibited on state managed areas, including state wildlife areas, state parks, and state forests without a special beaver and/or river otter trapping permit from the Ohio Division of Wildlife.

The Ohio Division of Wildlife allows controlled trapping of beaver and river otter on some managed areas. Beaver and river otter trapping permits on managed areas will be issued via an in-person lottery at noon on Oct. 8, 2016 (the second Saturday in October) at each wildlife district office. Visit wildohio.gov or call your nearest wildlife district office in early October to see which areas will be available for trapping.

Permits will allow for both river otter and beaver trapping in most areas; however, some permits may be limited to beaver trapping only. Snares may be utilized for beaver or river otter on managed areas, but must have a minimum loop diameter of 10 inches and the bottom of the snare must be covered by at least 1 inch of water at all times.

BEAVER AND OTTER TRAPPING ON AEP LANDS

Beaver trapping is permitted within American Electric Power's recreation area, known as ReCreation Land, and Conesville Coal Lands with a special beaver trapping permit and the normal user's permit. This special beaver trapping permit is issued from the AEP Land Management Office in McConnelsville.

TRAPPERS CAN DO THE FOLLOWING:

1. Set, use, and maintain snares for the purpose of taking furbearing animals. All snares must have a relaxing lock and a stop to prevent the opening of the snare from closing to less than 2-1/2 inches in diameter, or a relaxing lock system with a breaking point of not greater than 350 pounds.
2. Attach a drag to a foothold trap.
3. Trap coyotes without a fur taker permit. However, anyone hunting, trapping, or snaring coyotes must have a valid hunting license.

TRAPPER WORKSHOPS

The Ohio Division of Wildlife, in cooperation with the Ohio State Trappers Association (OSTA), sponsors advanced trappers workshops prior to the season. These workshops provide the opportunity to learn about the sport of trapping. Traps are set for furbearers on Saturday and then checked on Sunday morning. On Sunday afternoon, skinning and preparing fur for market is covered. Many of these workshops offer the trapper education course as well. Visit the OSTA website for dates, times, locations, and registration information at ohiostatetrapper.org.

TRAPPERS CANNOT DO THE FOLLOWING:

1. Pursue, hunt, trap, or snare furbearing animals between sunset and sunrise without use of a continuous white light visible for at least 1/4-mile. However, persons hunting fox, coyote, or raccoon with a call from a stationary position may use a continuous single beam of light of any color. When two or more people are hunting or trapping together for these animals only one light is required and can be carried by any member of the party.
2. Use or possess climbers or any other device, except climbing tree stands, that can be used for climbing trees while hunting, trapping, or pursuing furbearing animals.
3. Erect, post, or place any stake, flagging, or any other type of marker for the purpose of identifying a potential trap set location on any area designated as a public hunting area, unless authorized by the chief of the Ohio Division of Wildlife.
4. Set, use, or maintain a trap or snare to take a wild animal, unless that trap or snare has attached to it a durable, waterproof tag bearing the name and mailing address or the unique Division of Wildlife Customer ID Number of the user in English letters that are legible at all times, or which has the name and mailing address or the unique Division of Wildlife Customer ID Number of the user stamped into the trap in English letters that are legible at all times.
5. Set, use, or maintain a trap or snare in or upon any path or road ordinarily used by domestic animals or humans.
6. Attach a snare to a drag. Snares must be staked or otherwise attached to an immovable object.
7. Set traps on state public hunting areas, including state parks and state forests, for beaver or river otter without a permit (See Beaver and Otter Trapping on Public Hunting Areas).
8. Set, use, or maintain a snare on public hunting areas, except for beaver and river otter (see Beaver Trapping and River Otter Trapping).
9. Use any snare constructed of any material other than multi-strand steel cable.
10. Set a snare with a loop diameter of more than 15 inches.
11. Have attached to a snare any spring-loaded or mechanical device to assist the snare in closing.
12. Set, use, or maintain any snare that does not comply with the requirements listed above.
13. Set, use, or maintain a foot-encapsulating trap that has an opening greater than 2 inches in diameter or 2 inches along one side.

TICKS

Prevention can decrease encounters with ticks. Use insect repellents on people and pets according to label instructions. Apply repellents containing permethrin to clothing following label directions. Tuck pants into socks and boots, and tuck shirts into pants to prevent ticks access to your skin. Check yourself, family, and pets regularly and remove a tick immediately before it can attach.

A nonhunting adult is any person (a hunting license is not required) age 18 or older who accompanies the young hunter to and from the field and is present with the young hunter while the young hunter is engaged in hunting. The nonhunting adult may not possess any hunting implements.

Accompany means to go along with another person while staying within a distance from the person that enables uninterrupted, unaided visual and auditory communications. Young hunters must be accompanied at all times by a nonhunting adult. No more than two youths per adult.

YOUTH DEER GUN SEASON

Young hunters 17 years old and younger at the time they purchase their youth hunting license and a deer permit, and who are accompanied by a nonhunting adult may hunt.

- Deer taken by young hunters during the youth deer gun season count toward the county and statewide bag limits.
- All youths and nonhunting adults must wear hunter orange.
- Camp Belden Wildlife Area is a controlled youth deer gun hunt and requires a special permit. Contact the Wildlife District Three (Akron) office at (330) 644-2293 for more information.

YOUTH CONTROLLED DEER HUNTS

The Ohio Division of Wildlife conducts several controlled deer hunts for young hunters. The dates and locations of the hunts vary from year to year. A valid hunting license is required for all lottery applications. The application period for these hunts is June 1 through July 31, 2016. Hunters may apply online at wildohio.gov using a credit card. Application forms may be mailed and can be obtained by calling 1-800-WILDLIFE (1-800-945-3543).

- Pheasant releases will occur for youth hunts on the following wildlife areas: Berlin, Caesar Creek, Camp Belden, Darke, Delaware, Fallsville, Grand River, Killdeer Plains, Oxbow Lake, Resthaven, Ringneck Ridge Wildlife Area (by permit only, find additional information at sanduskycountyparks.com), Rush Run, Spencer, Tiffin River, Tri-Valley, and Charlemont Metro Park (Lorain County). Daily bag limits are the same as during the regular hunting season.

**YOUTH SPRING
WILD TURKEY HUNTING**

Two opportunities exist for young hunters to participate in the spring wild turkey hunting season. A youth wild turkey season will be offered Saturday and Sunday, April 22 and 23, 2017 immediately prior to the regular wild turkey season. The season is open statewide EXCEPT for Lake La Su An which conducts a controlled youth hunt; contact the District Two (Findlay) office at (419) 424-5000 for details.

Special youth wild turkey hunts will be held at Lake La Su An, Killbuck Marsh, and Mosquito Creek wildlife areas, and Paint Creek State Park during the regular spring wild turkey season. Any person interested in participating in these hunts should contact the Ohio Division of Wildlife district office in Findlay for the La Su An hunts; in Xenia for the Paint Creek hunt; and in Akron for the Killbuck and Mosquito Creek hunts during March 2017. Please note that you must possess a controlled hunting permit acquired during the March drawing to hunt at any of these special youth wild turkey hunts.

When participating in the special youth or regular spring wild turkey season the following requirements must be met:

- Youth hunters may take two bearded turkeys during the youth season (one per day). Checking two wild turkeys fills the youth hunter's bag limit for the remaining 2017 spring wild turkey season.
- All rules and regulations for spring wild turkey season apply during the youth season.

YOUTH WATERFOWL HUNTING

Federal regulations allow hunters 15 years old or younger to hunt waterfowl statewide (on public and private lands) on Saturday and Sunday, October 1 and 2, 2016. All hunters 15 years old and younger must be accompanied by a nonhunting adult 18 years or older (no more than two youths per adult). Ducks, geese, and coots can be taken under bag limits established for the regular season.

- Apply online from June 1 through July 31, 2016 via a lottery drawing. A valid hunting license is required for all lottery applications. Hunters may apply online at wildohio.gov or call 1-800-WILDLIFE (1-800-945-3543) to obtain a copy of the application.

**YOUTH CONTROLLED
WATERFOWL HUNTS**

Young hunters (17 years old or younger) who possess a valid youth hunting license and are accompanied by an adult may participate in youth hunts. Opportunities on public land include:

- Report to the wildlife area and register in-person the day of the hunt.
- Attend an in-person waterfowl drawing in August, which includes permits for the youth season.
- Apply online from June 1 through July 31, 2016 via a lottery drawing. A valid hunting license is required for all lottery applications. Hunters may apply online at wildohio.gov or call 1-800-WILDLIFE (1-800-945-3543) to obtain a copy of the application.

GAME TAG AND CHECK

TAGGING PROCESS

All hunters who harvest a deer or turkey are required to create their own game tag. See page 51 for a sample game tag.

We strongly recommend that hunters protect their deer and/or turkey permits and game tags from the elements by placing them in a plastic bag or protective pouch before and after they are attached to the animal.

STEP 1: Every person who kills a deer or turkey must immediately:

- Make a game tag with the hunter's name, date, time, and county of kill.
- Attach the completed game tag to the deer or turkey at the place where it fell.
- Fill in the deer or turkey permit with the date, time, and county of kill. (Exempt landowners do not need to complete this step.)

Once finished with Step 1, the hunter legally possesses the deer or turkey and is free to transport it.

STEP 2: For deer, the hunter must complete the game check and tagging process by noon the day after the kill. If the deer is killed on the last day of a season, it must be checked in by 11:30 p.m. on the day of kill. For turkey, the hunter must complete the game check and tagging process by 11:30 p.m. on the same day the turkey was killed.

LANDOWNERS

Exempt landowners hunting on their own lands:

- Are not required to obtain a hunting license or permit.
- Are required to create a game tag and attach it to the harvested game.
- Can use the operator-assisted game check (fees apply).
- Are required to place the 18-digit confirmation number on the game.

GAME CHECK PROCESS

Hunters are encouraged to complete the game check in a sheltered area.

Hunters must have their permit in hand to complete the game check process.

Hunters can complete the game check process in one of three ways:

- Call 1-877-TAG-IT-OH (1-877-824-4864).
- Exempt landowners can call 1-866-703-1928 for operator-assisted landowner game check. A convenience fee of \$5.50 applies.
- Visit ohiogamecheck.com using a smartphone or computer, then select Game Check.
- Visit any authorized license sales agent. A list of sales agents can be found at wildohio.gov. Hunters do not need to take their deer or turkey to the agent for the game check. Authorized license sales agents will be available for game check during normal business hours. Call for exact hours of operation.

Regardless of game check method, the hunter must provide the 10-digit permit number, which is printed in large numbers on every permit. Exempt landowners do not need to complete this step.

The hunter must answer a series of questions. The hunter will be issued an 18-digit confirmation number at the end of the process.

The 18-digit confirmation number must be written on the corresponding deer or turkey permit. The confirmation number must also be attached to the animal. When a hunter has checked their deer or turkey by web or agent, they will receive a game check receipt with their 18-digit confirmation number printed on it. Hunters using the telephone game check method will receive the 18 digits of the confirmation number over the phone.

The confirmation number may be written on the game tag. The completed tag must then be attached to the deer or turkey.

A game check receipt may be printed by accessing the Wild Ohio Customer Center at ohiogamecheck.com after the game check process is complete.

LICENSE REQUIREMENTS

A permanent customer identification number will be assigned to all applicants of hunting or fishing licenses.

Every youth and adult who applies for any license or permit is required to provide their Social Security Number (SSN). Federal Statute 42 requires the SSN of any individual to whom the state issues a recreational hunting or fishing license. Applicants must also declare their residency and provide their full name, date of birth, gender, mailing address, height, weight, hair color, and eye color. Once provided and recorded in the licensing system, applicants will only be required to update their information on file if it changes.

If applicants do not have an active SSN, they must submit written verification on form DNR 9151, available at wildohio.gov or by calling 1-800-WILDLIFE (1-800-945-3543). Upon receipt of this form, the Ohio Division of Wildlife will issue an official customer identification number for use in obtaining hunting and fishing licenses or completing landowner game check.

Non-U.S. citizens who are also nonresidents of Ohio will be asked for an alternative form of identification as a substitute for the SSN.

OHIO RESIDENCY STATUS

An Ohio resident is a person who has resided in the state of Ohio for the past six consecutive months. All others are considered nonresidents and must purchase a nonresident license.

ELECTRONIC LICENSES

Licenses and permits can also be purchased on a mobile device. Hunters must carry their licenses and permits at all times while hunting, and must present their license upon request. Licenses can be displayed on a mobile device. However, deer and turkey permits are only valid when printed and carried by the hunter.

PURCHASE A HUNTING LICENSE

Visit an authorized agent or wildohio.gov to purchase a license or permit. Authorized agents are located in every county in Ohio. Visit wildohio.gov or call 1-800-WILDLIFE (1-800-945-3543) to find an agent.

HUNTING LICENSES

Ohio's license year begins March 1 and ends the last day of February. All costs include a \$1.00 writing fee. All sales are final. No refunds.

All hunters, regardless of age, must carry a valid hunting license to hunt or trap game in Ohio. Hunting deer, turkey, waterfowl, or hunting or trapping of furbearers requires the hunter to possess an additional game-specific permit.

Licenses and permits purchased at retail outlets or at home will be printed on plain white paper. The paper can be trimmed and folded down. It is highly recommended to protect your licenses and permits from the elements. Customers must be present to purchase a license or permit.

HUNTER AND TRAPPER EDUCATION

All first-time hunting license buyers, except apprentice license buyers, must successfully complete a hunter education course before purchasing a hunting license. The hunting course is designed to instill a code of ethics and responsibility, as well as provide instruction on guns and how they work, types of ammunition, gun handling, field care of game, wildlife identification, wildlife management, hunting regulations, and other topics. Statistics show that hunter education has helped reduce the number of hunting related injuries and incidents.

The trapper education course, taken after successful completion of a hunter education course, covers trap set making, trapping equipment, pelt preparation, furbearer life history, identification, and management. These courses provide an opportunity for adults to introduce a young person to hunting and trapping and to share the excitement that goes with it.

Anyone applying for a hunting license, except an apprentice license, is required to successfully complete a hunter education course. Applicants must do one of the following:

- Present a previously held hunting license.
- Present evidence of having successfully completed a hunter education course (from any state).
- Swear he or she is 21 years of age or older and previously held a legal hunting license (from any state).

All first-time trappers must successfully complete a trapper education course before purchasing a fur taker permit for trapping, unless they obtain an apprentice fur taker permit. The trapper education course is taken after successful completion of a hunter education course. To obtain a fur taker permit, applicants must do one of the following:

- Present a previously held trapping license (from any state).
- Swear he or she is 21 years of age or older and has held a previous trapping license (from any state).
- Present evidence of having successfully completed a trapper education course.

APPRENTICE LICENSE PROGRAM

Ohio residents and nonresidents may purchase an apprentice hunting license or apprentice fur taker permit without having taken a hunter or fur taker education course.

Apprentice hunting licenses and apprentice fur taker permits allow new hunters and trappers, both adults and youth, to sample the experience of hunting and trapping under the mentorship of a licensed adult prior to completing a hunter or trapper education course.

To hunt or trap, apprentice license and permit holders must be accompanied by a licensed hunter or trapper 21 years old or older. The licensed hunter may not accompany more than two apprentice license holders at the same time.

Accompany means to go along with another person while staying within a distance from the person that enables uninterrupted, unaided visual and auditory communications.

No one may purchase more than three apprentice hunting licenses (adult or youth) or apprentice fur taker permits in his or her lifetime.

Having previously held an apprentice license does not qualify the holder to purchase a regular hunting license or fur taker permit. To obtain a regular hunting license, a hunter education course must be successfully completed. To obtain a regular fur taker permit, a hunter education course and trapper education course must be successfully completed. Apprentice licenses and fur taker permits are available to both Ohio residents and nonresidents, youth and adults.

INTERSTATE WILDLIFE VIOLATOR COMPACT

Ohio is a member of the agreement between states that if a person loses their hunting, trapping, or fishing privileges in one of those states, they may lose those privileges in all of the member states. If you lose your right to hunt, trap, or fish in Ohio, it is your responsibility to check with any other state before you hunt, trap, or fish there to ensure you have not lost your privileges in that state as well.

2016-2017 OHIO HUNTING & TRAPPING REGULATIONS

Such area is considered a baited area for 10 days following complete removal of all such corn, wheat or other grain, salt, or other feed.

BAITING means the placing, exposing, depositing, distributing, or scattering of shelled or unshelled corn, wheat or other grain, salt or other feed so as to constitute for wild turkeys, mourning doves, migratory birds, or other game animals a lure, attraction or enticement to, on or over any area where hunters are attempting to take them.
