About i-Care

The i-Care Mission

The mission of The i-Care Foundation is to improve the quality of life for underprivileged Pakistanis. This is achieved through increased philanthropic support offered to deserving charities, so that they are able to improve their capacity for service delivery.

The i-Care Vision

With a determination to improve the lives of underprivileged Pakistanis, The i-Care Foundation's vision is to connect and facilitate donors and charities to bring about meaningful change and consequently increase its social impact footprint.

Pakistan's First Donor Advised Fund

Established in 2008 as Pakistan's first donor-advised fund, The i-Care Foundation is a not-for-profit, tax exempt trust. It offers an easy and low-cost flexible vehicle for charitable donations – an alternative to direct giving or even administering a private foundation.

The i-Care Foundation undertakes the management, mentoring and monitoring of all aspects of fund disbursement and utilization on behalf of donors. It provides professionally managed services for directing and administering charitable giving by donors to non-governmental organizations (NGOs), non-profit organizations (NPOs) and various charities in Pakistan. With the goal of maximizing impact and effectiveness of philanthropic giving, i-Care offers an organized platform for intelligent giving for donors of all levels - including individuals, corporations, aid agencies and other non-profit organizations.

In addition to channeling donations, The i-Care Foundation also works with partner organizations to improve their financial controls, governance and program delivery. In Pakistan, The i-Care Foundation is a registered trust with tax-exempt status under the Income Tax Ordinance 2001, SRO 1.

The i-Care Fund America, Inc. provides a legal, tax efficient and convenient mechanism for US donors to direct their contributions to NGOs working in Pakistan. It holds a 501 (c) 3 status in the United States. It complies with all federal laws (IRS, Homeland Security, and the US State Department) as well as all US state laws. Donations directed through The i-Care Fund America, Inc., to support non-governmental organizations in Pakistan, are eligible for U.S. tax benefits. The i-Care Fund America, Inc. is registered and licensed to accept donations in 38 states within the US.

Management Team

Faisal Farooq Khan is CEO of The i-Care Foundation. He is a Harvard educated social scientist with extensive experience in the development sector; having worked in senior management positions with Aga Khan Development Network (AKDN), Family Planning Association of Pakistan (FPAP), World Wide Fund for Nature (WWF), International Union for Conservation of Nature (IUCN), United Nations University (UNU) and Harvard University. Faisal also specializes in multidisciplinary planning and resource management.

Tushna Kandawalla is the Vice President of i-Care Fund America. She has a B.A. in Economics from Brown University, an M.B.A from Boston University and is a qualified Certified Public Accountant (CPA). Tushna currently holds the position of Director at Captain PQ Chemical Industries (Pvt.) Limited. Prior to this, she served as CFO at CPQ, as Manager Financial Planning & Analysis at Home Box Office (HBO) in New York and in Arthur Andersen's audit practice in Boston. Community service has always been a passion - Tushna has held leadership roles in the Friends of LRBT Event Committee (New York), Pakistan Human Development Fund Event Committee (New York), Brown Alumni Schools Committee and T2F /Peace Niche. Currently Tushna is actively involved with KGS Lifeline, Kidney Centre Youth Initiative & OGS Scholarship Fund.

Asad Taj is the Marketing Manager at The i-Care Foundation. He is a highly qualified marketing professional with hands-on experience of marketing management, brand management and content development. He is an MBA Graduate from University of Karachi. His previous work experience includes roles at Chartered Institute of Management Accountants (CIMA), Institute of Chartered Accountants of Pakistan (ICAP) and Saima packaging.

Amal Naeem Qureshi is the Relationships, Communications and M&E Manager at The i-Care Foundation. She holds an undergraduate degree in Development Studies and a graduate degree in Education from Harvard Graduate School of Education. She has rich experience working in Pakistan's development and research sector in Islamabad for a few years before moving to Karachi. Previously she has worked at Gallup Pakistan, Invest2Innovate and Rural Support Programmes Network.

Kashif Majeed is a seasoned accountant. He holds a Bachelors degree in Commerce from Karachi University and has more than ten years of extensive work experience. Prior to joining i-Care, Kashif worked with United Capital brokerage house and Edgro agricultural chemicals as manager accounts & administration and internal auditor respectively.

Muhammad Zubair is the Administration and Accounts Assistant at The i-Care Foundation. He holds a Bachelors Degree in Commerce and has over 7 years of experience in the field. He has previously worked at Al Haram City and Fatima Textiles looking after accounts and administration.

Chairman's Message

We present here the highlights of the performance of The i-Care Foundations in 2014-2016. In this report, we also take a look back on The i-Care Foundations journey, to see how far we have come since the beginning. Since our inception in 2009, The i-Care Foundations have disbursed PKR 1.5 billion to 90 charities in Pakistan. This has resulted in benefits to 1.2 million people nationwide. Donors' response to The i-Care Foundations has grown rapidly. This is evident from the total receipts which have amounted to approximately Rs. 500 million in the last 2 years. This is possible only because of the trust that our donors have in us. The tireless efforts of our partner charities which are efficient, effective and transparent are the other cornerstone of The i-Care Foundations. We are proud of our partner charities; their ability to respond quickly to the collective needs of the country in education, health, safety nets and skill development, is truly commendable. The i-Care Foundations in our short existence have been privileged to have become a highly trusted and respected vehicle for donations to charities in Pakistan.

The i-Care Foundation is Pakistan's first Donor Advised Fund. We offer a hassle free, low cost, flexible vehicle for donating to charities across Pakistan. The i-Care Foundation undertakes the management, mentoring and monitoring of fund disbursement, while overseeing its utilization on behalf of our donors. In addition to channeling donations, i-Care also works with our partner recipient organizations to improve their financial controls, governance and program delivery.

The i-Care Fund America is an American tax exempt 501-c-3 organization under the laws of the United States of America. It is monitored publicly and is privileged to be allowed to collect funds from donors in America for specified approved charities in Pakistan. In the last 2 years, The i-Care Fund America has received donations of nearly USD 5 million.

The i-Care Foundations remain committed to meeting the charitable goals of our donors and to addressing the needs of the underprivileged across Pakistan. Honoring donor choice and advice is of utmost importance to us, as is transparency and public accountability.

Finally, we thank our donors and patrons for their continued trust in us, and for choosing i-Care as the vehicle for their philanthropic giving. We also take this opportunity to thank our Trustees for their strategic guidance, and our management for fulfilling the objectives of our donors.

We intend to continue working assiduously towards a more developed and prosperous Pakistan.

Farrokh K. Captain
Chairman

CEO's Review

It gives me great pleasure to report a 25 percent increase in charitable donations through i-Care for the period between 2014 and 2016. With a disbursement ratio of over 95 percent, benefiting the lives of 282,627 people across Pakistan, we hope to continue on this successful trajectory in the future. During the past two years, we have increased our number of partner charities in Pakistan from 57 to 90. Partner charities are selected through a rigorous screening process, including a review of the charities' governing structure, internal controls and the quality of services offered.

i-Care caters to the philanthropic aspirations of all kinds of donors - small and large wishing to support development and progress in Pakistan. We offer a wide selection of choices of non-profit organizations operating across the health, education & safety net sectors, for patrons from outside the country to contribute towards. Procedures for making donations are not only convenient but ensure transparency, accountability and responsible charitable giving. Consequently, during the reporting period 2014-2016, donations increased from 763 to 1,410 from overseas donors.

The i-Care Foundation provides legal protection to all donors, while taking the fiduciary responsibility for their donations, thereby, enabling them to enjoy tax benefits with convenience. Our expert team at i-Care monitors and reports on the utilization of disbursements, ensuring complete transparency for donors and holding recipient charities accountable for donations received. Additionally, because we believe in sustainable growth across the development spectrum, we mentor our partner charities in their efforts to scale or replicate best practices in newer contexts. We have also initiated a new phase focused on corporate social responsibility (CSR), providing advice to businesses and industries in Pakistan. Recognizing that educating and preparing the next generation of leaders is critical to our society's future, we concentrate on the provision of financial assistance for deserving students enrolled in professional degree programs across Pakistan. Over the past two years, funding has been provided for 143 students through the generous support of our donors and relentless efforts of our partners.

I take this opportunity to thank all our donors for their continued generosity, and all our partner charities for their commitment. Together we can continue to serve an ever-growing number of causes and beneficiaries.

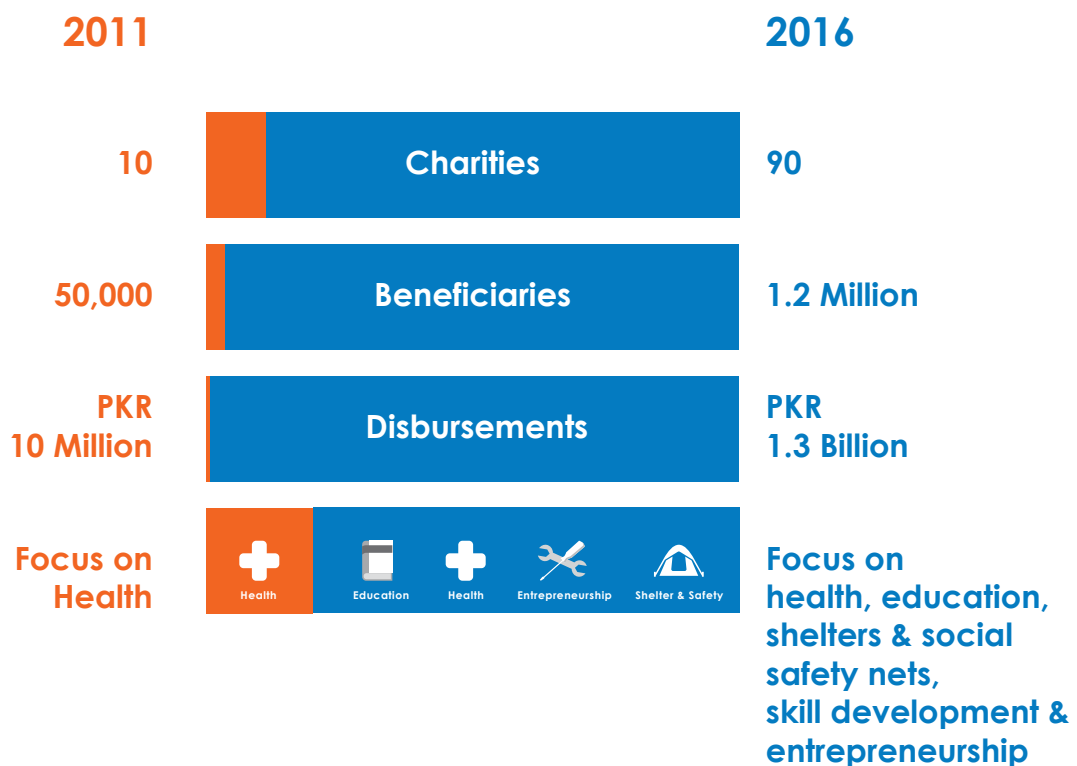

Faisal Farooq Khan
CEO

i-Care Foundation: Then and now

In 2008, The i-Care Foundation started out with only one partner organization, LRBT. In the next two years, it managed to successfully support and partner with 13 Pakistani non-profit organizations. Presently, The i-Care Foundation has 90 partner charities. Donations received in the past three years have steadied, signifying that the Foundation has entered a phase of growth and maturity. It has established itself as trustworthy, transparent and efficient in disbursing and monitoring donations.

Over the years, The i-Care Foundation has positively impacted the lives of over one million people across Pakistan. Since 2008, we have serviced over 4,000 donations, amounting to over a billion rupees. It is noteworthy that The i-Care Foundation's disbursement rate since inception stands at 96.7%, signaling its efficiency in making disbursements. The i-Care Foundation is able to maintain this high disbursement rate because of its low overhead costs; the lowest compared to other such organizations.

Highlights: Looking back at the past 5 years

Overview 2011 - 2016

THE i-CARE FOUNDATION
Appendix A
Fund Utilization Plan

Organization Name: _____

Project Title (If applicable): _____

Project Duration (If applicable): _____

Location: _____

PKR _____/- out of this donation
(If applicable) in accordance is reserved for Zakat and should be utilized to the Islamic injunction

1. Donation utilization plan

Briefly explain how the money donated is to be utilized

Proposed Beneficiaries

Please provide type and number of beneficiaries (gender disaggregated).
Also elaborate how the proposed beneficiaries/households will be selected:

2. Itemized Budget Details (Pak. Rupees): Please specify each activity, total estimated cost and cost share. **Please carefully read the instructions**

Instructions for Budget Preparation:

- Provide detailed breakdown of budget, do not give a lump-sum budget.
- Provide detailed breakdown of the activities and provide budget for each activity separately.
- The i-Care Foundation assumes that grant applicants will already be in operation and have adequate. may be permitted, staff and most of the capacity required to deliver goods and services under the proposed project.
- In some cases, salaries, travel, equipment and operating expenses such as rent etc where justified, as direct project implementation costs. However salaries, benefits, and travel and per and travel and per diem rates should be consistent not only with the organization's overall policies covering these items but also with local norms.
- The budget should be in Pakistani Rupees,
- Use additional sheets for detailed budget while strictly following this template.
- Please provide budget narratives where required.

A. Budget Summary

Please provide the summary of fund utilization. You should break it into different activities and provide per unit cost of each activity.

Activity	Unit	Unit Cost	Frequency	Total Estimated Cost	Funds requested from i-Care	Applicant Cost Share (if any)
Total						

B. Quarter-wise Allocation of Funds (requested from i-Care Foundation)

Please provide quarterly bifurcation of the funds. This must be consistent with the Activity/Implementation Plan. Add as many columns as needed in line with project duration or use a spread sheet separately.

Activity	Units	Total Requested Funds	Quarter wise Bifurcation of the Budget			
			Quarter 1	Quarter 2	Quarter 3	Quarter 4
Total						

Project Implementation Plan

Provide a time- bound implementation plan for all activities. Distribute the targets on monthly basis and highlight/shade the timeline accordingly. The timeline for every activity must be consistent with monthly budget sheet.

Activity	Total Targets	Quarter wise implementation timeline			
		Quarter 1	Quarter 2	Quarter 3	Quarter 4
Total					

To the best of my knowledge, I declare that all the above information is true and accurate.

Sincerely,

Name: _____

Designation: _____

Signature: _____

Date: _____
