## OB TRAX CAM

The All-New Obsession TRAX Cam creates a whole new level of performance. You asked for fast and Obsession Delivers. Obsession's TRAX Cam features the fastest speeds and highest let-off in Obsession history. The TRAX cam system means business constructed with 6061 Alloy Aluminum, high-performance draw-specific modules that no longer require a bow press. This means less time behind a press and more time in the field. Without sacrificing the smooth-draw characteristics you've come to know and expect from Obsession, this cam system is built to break norms and knock down barriers.

# TECHNOLOGY

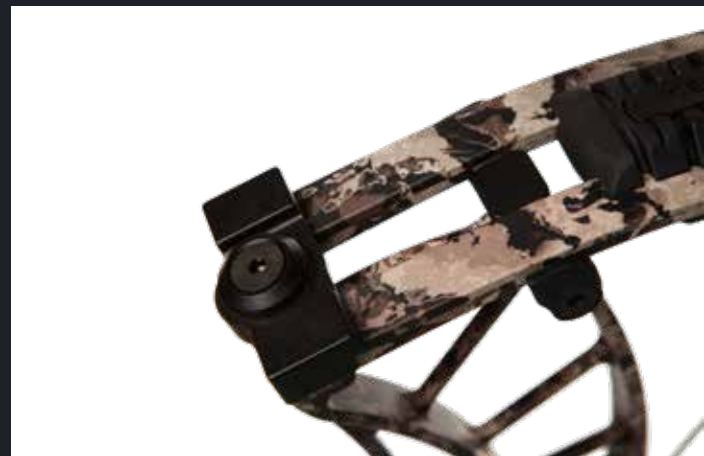

## FX RISER DESIGN

Our signature FX Riser design is the pinnacle of performance and accuracy. The stiff riser design reduces flex while adding superior stability during your draw cycle.

## FX LIMB POCKET

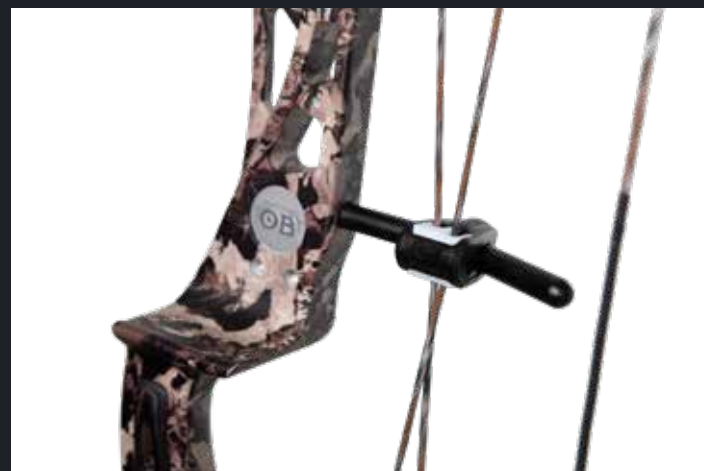

Extra-Performance Bows require Extra-Performance limb pockets. Our all-new FX Limb Pocket, is a 3-piece, lightweight rigid design creating precise alignment from the riser to the limbs, reducing cam lean and eliminating limb torque throughout the draw.

**NEW 19**

## TORQUELESS ANGLED CABLE ROD

Not only does the Anti-Torque Cable Rod increase speed, but makes for a smoother draw cycle. The Torqueless Angled Cable Rod reduces cam lean and torque for a smoother draw shot after shot.

**NEW 19**

## AXION LIMB DAMPENER

If you thought Obsession Bows were already quiet, we've made them even quieter by pairing up with the Axion Limb Dampener system that promotes unparalleled noise and vibration control, resulting in a more accurate, quiet shot.

## ADJUSTABLE STRING SUPPRESSOR ROD

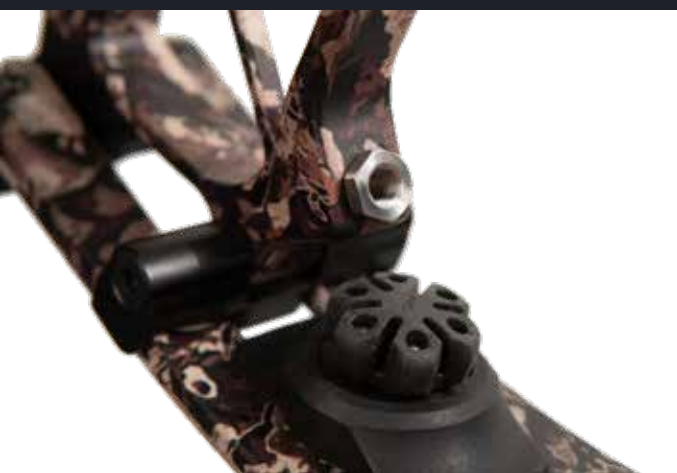

Obsession Bow's All- New Adjustable String Suppressor Rod is the most alterable string stop that minimizes vibration, provides a more consistent arrow exit and offers plenty of character found common in Obsession Bows.

U.S. Patent Pending

## TORQUELESS CUSTOM GRIPS

Whether on the range or in the field, Obsessions Bows come outfitted with TorqueLess Custom Grips to perform under any circumstance. Torqueless Grips are professionally designed to deliver accuracy through consistent and proper hand alignment.

## REAR STABILIZER MOUNT

With our already quiet and dead-in-the-hand feel, Obsession has included an all-new rear stabilizer mount on all new models with the FX Riser Design. This convenient mounting location allows the archer to easily use a rear stabilizer.
