**Foreword by  
Ms Anni Podimata and Mr Othmar Karas,  
Vice Presidents of the European Parliament,  
responsible for Communication**

*Dear participants,*

*Thank you for accepting the invitation of the European Parliament to participate in the first European Youth Event.*

*The European Youth Event (EYE 2014) brings together young people from the 28 Member States and neighbouring states in the European Parliament. The EYE will be a unique opportunity for you to engage in workshops, debates and other activities linked to the overall motto "Ideas for a better Europe". WE WANT TO LISTEN TO YOU! Your ideas shall serve as a source of inspiration for the Members of the European Parliament throughout the new legislature starting after the European elections.*

*The EYE 2014 aims to:*

- *give you the opportunity to present and discuss ideas for a better Europe amongst yourselves and with European decision-makers;*
- *encourage Europe-wide public discussion about future European policy issues such as combatting youth unemployment;*
- *invite young people to stage cultural performances and showcase cultural diversity in Europe.*

*We would like to thank on behalf of the European Parliament our EYE partners and all the youth groups contributing with workshops and activities.*

*You are all invited to get dynamically involved in many activities throughout the event, indoor and outdoor. We are looking forward to meet you in Strasbourg.*

**Foreword by  
Mr Klaus Welle,  
Secretary-General  
of the European Parliament**

*Dear Young Europeans,*

*I am very happy to welcome you to the seat of the European Parliament. Just one year ago, the President and Vice-Presidents decided to invite all of you here for an exciting weekend of analysis, debate and ideas.*

*It is not by chance that you find yourselves here on 9th May. It is the day on which, 64 years ago, the French Foreign Minister of the time proposed his own ground-breaking idea. Robert Schuman's European Coal and Steel Community proved to be the first step on the road to what has become today's European Union.*

*The EYE is a new and unique event. It brings together young people from all backgrounds and from right across the European Union. Politicians, scientists, artists, entrepreneurs, academics and other experts have come here to listen to your ideas and join in your discussions.*

*The EYE aims to be an 'agenda changer'. The future of the EU belongs to you, the young generation. This weekend you have the opportunity to contribute to shaping it.*

### Discover Europe

Discover Europe Exhibition consists of the most intriguing photos taken by the contestants of the biggest pan European photo contest for students organized by Erasmus Student Network – Discover Europe. Discover Europe is made to broaden your horizons through a direct contact with photography. The main goal of this extraordinary competition is to select the best pictures, submitted by students from all over Europe and showing Poland and other European countries - its inhabitants, nature, customs and culture. The Contest was given the second place in European Charlemagne Youth Prize 2013.

**Time:** Friday / Saturday  
**Venue:** Exhibition Space 1

### Animate Europe

“Animate Europe!” was the motto of the Friedrich Naumann Foundation’s comics competition last year. Past, present or future of Europe – any story was welcome. Seven comics artists from six countries completed their graphic short stories on Europe, different in style, approach and vision. What are the problems Europe is facing? Which ones need to be addressed first? What impression does Europe make on outsiders? Our stories are a perfect starting point for a passionate discussion on the Europe we want.

**Time:** Friday / Saturday  
**Venue:** Exhibition Space 2

### I move freely, therefore I am... European!

The European construction bears the marks of the freedom of movement, one of its fundamental pillars. The project “European Careers - International careers Days” brings, ever since 2008, a lively testimony on the active participation of a Romanian students and young professionals to the creation of a common space of shared values and intercultural, social and political dialogue.

**Time:** Friday / Saturday  
**Venue:** Exhibition Space 3

### Europe has your face

A young woman from Strasbourg will exhibit 1.000 portraits of young Europeans directly on the ground of Place Kléber, in the period 10-11 May 2014. Titled “Portrait of a European Generation”, this initiative is part of the participative artistic project called “Inside Out” of the French Artist JR. A mosaic of young faces lent for the occasion by EYE participants sending their portraits by email to the organiser will bear witness of the diversity of the European identity. A final aerial photo of the entire exhibition and a short video reportage documenting the making of the exhibition during the two days will be shown on the website of the Inside Out project - [www.insideoutproject.net](http://www.insideoutproject.net).

**Time:** Friday / Saturday  
**Venue:** Place Kléber,

## Stands

(inside the European Parliament)

### ARTE

The European Channel ARTE presents its new web offer, ARTE Info: info.arte.tv. This site compiles all the new programmes and investigation features from the channel. Interesting topics will be covered in depth by web specials and web docs. The current special arte.tv/Europe covers facts and stories around the European Year 2014.

### European Youth Media Days Special

The European Youth Media Days (EYMD) are a platform for discussion and hands-on insight into European journalism. This year's special edition of the EYMD will send its EYE Reporters on the prowl to take the journalistic viewpoint on pressing issues among young people but also to capture the fun moments during the event. It is a unique chance for young journalists from across Europe to familiarise with youth expectations towards EU policy makers and critically reflect on their message to the wider public.

**Time:** Thursday-Sunday  
**Venue:** All over the EYE 2014  
**Who:** Young media makers from across Europe

### EYE Report

The EYE Reporters will be noting down the ideas for a better Europe that the young participants come up with during the various sessions and capturing the most memorable moments of the EYE. The resulting journalistic report by the European Youth Press combined with a political commentary by the European Youth Forum will make up the official report on the EYE that will end up on the desks of the newly elected MEPs in July 2014. At the closing plenary on Sunday 11 May we will give you a sneak preview by showing you a BEST OF video produced during the event.

Later this year in autumn the report bringing together all ideas on the five main themes will be presented to the relevant EP committees.

# Bookable activities

### Activity codes

The codes you will find in front of every activity title are easy to 'decode' once you know what the different code elements stand for.

The *first two letters* indicate under which of the five main themes the activity runs:

- **YU** for Youth Unemployment
- **DR** for Digital Revolution
- **FE** for Future of the European Union
- **SU** for Sustainability
- **EV** for European Values.

The *last 1-2 letters* indicate the booking category of the activity:

- **P** for Panel
- **P\*** for Panel of which each participant can only book one
- **Wi** for Workshops inside the Parliament building
- **Wo** for Workshops outside at the Yo!Village
- **G** for Games

### Activity formats

The EYE will offer a large variety of activities in all kinds of formats during the 2,5 days from 9 to 11 May 2014. Here is a short explanation to the main formats you will find in the programme.

- Ideas check:** In this new quick-fire format, devised especially for the EYE event, young people will bounce their ideas and proposals off political leaders, who will have two minutes to respond. Moderated.
- Question time:** Top-level speakers take and answer participants' questions on their positions, actions and ideas. Moderated.
- Hearing:** Experts or young stakeholders affected by the subject of the activity present their cases or arguments from different angles (3-5 min), and then discuss with participants. Moderated.
- Talk:** In a more informal ambience, here the focus lies more on personal stories, views, experiences and ideas than on official policies and statements. Moderated.
- Debate:** Address an issue in a polarised way and challenge the participants with clear pros and cons. Moderated.
- Discussion:** Deal with complex subjects and shed light on many viewpoints and angles rather than just two opposing positions regarding a topic. Moderated.
- Workshops:** Interactive, more hands-on or specialised activities in smaller groups.

In addition, there will be two special formats for each theme that will require more than just your presence during the event – and this will be Ideas Labs and Role play games.

### Ideas Labs

In the Ideas Labs of the EYE 2014 you can join other young Europeans to discuss topics that are essential to you. You decide the agenda; you decide the outcome of the discussion. How do Ideas Labs work? Here's how, when and what – in three steps:

1. As an EYE participant you can register online at [eye2014-ideaslab.eu](http://eye2014-ideaslab.eu) from the 10th of April – irrespective of whether you will actually take part or not in an Ideas Lab session in Strasbourg. You're invited to leave comments on the five main EYE themes: Where do you see the key problems, what is your criticism of where things are right now? What's getting on your nerves, what is unnecessary, where do you see the most urgent need for action? This is all about your unfiltered and direct criticism. Whether you post text, photo or video is entirely up to you. You're free to comment on just one topic or all of them.
2. After evaluating all contributions we will create what we call 'tag clouds'. They will provide the topics for the Ideas Labs – the most frequently posted criticisms will be the starting points for the development of new ideas in Strasbourg. Your contributions will determine the labs' agenda!
3. In case you have registered for an Ideas Lab session at the EYE, the process will culminate in Strasbourg. You'll be able to develop innovative and creative ideas in small groups: How can the problems that were mentioned during the online phase be solved? How can we work towards a more positive European future regarding those problems? Once you and your group have agreed on your top 5 ideas, you will introduce them in the final plenary session - with a chance to discuss them with politicians and experts.

New ideas – we need you! We're looking forward to seeing you online and at the EYE!

### Role play games

The "Role play game" activity offers an opportunity for young Europeans to simulate the working of the European Parliament. The participants will have to act, speak and be like Members of the European Parliament (MEP), and in the process learn about its real-life challenges and some of the most important policy issues facing the EU today: youth unemployment, digital revolution, climate protection and the cocoa agreement.

The roles will be distributed in advance: participants to the game will be communicating with the organizers from the beginning of April 2014. The objective for the MEPs (the participants) is to adopt a report reflecting the Parliament's position. MEPs will attempt to influence the position reflecting their interests and values as members of their respective political groups and national delegations. As MEP you will debate proposals in committees and in plenary meetings, through formal and informal negotiations. You will learn not only how the EU works, but also exercise your negotiation skills.

A competitive one-month long online preparation phase will include few tasks: as participant you shall gain the basic information regarding the themes, as well as learn about your exact role for the game, and get to know online the other players. You will also write a common position paper and fill out short tests which will contribute to your personal overall scoring. And at the end of the session in Strasbourg, if you gained the most points, you can even aim at being the winner of the Role play game!

### We can do it - Let's work on it!

University graduates are no strangers to youth unemployment; they often face bleak employment conditions upon leaving university and accept positions they are overqualified for. What initiatives can students take to combat youth unemployment? Law students from the universities of Pécs and Osijek will present a students' initiative from their regions, which will be followed by a brainstorming session.

### Check your FORCES!

Employers have a fundamental role in tackling youth unemployment. This workshop, moderated by Bulgarian and Romanian students, takes a look at what skills employers require today from young people wishing to enter the European labour market. Launching an initiative to develop a European FORCES (framework of reference for common employability skills) may be the solution.

**Kiss and ride**

What kind of Europe do we want in the future? Where should political power mainly lie: in Europe or with the Member States? Some want to move forward along the road to further integration. Others want to hop off the bus, say goodbye and take a flight back to the national capital with a suitcase full of skills. Young people discuss the pros and cons of each approach.

### I have an idea...!

How can ideas today change the European agenda tomorrow?

In this new quick-fire format, devised especially for the EYE event, young people will bounce their ideas and proposals off political leaders, who will have two minutes to respond. The members of political groups will act as "idea catchers" for proposals put forward by a panel of young people and give their spontaneous reactions - in favour or against.

### More democracy please!

One of the long-standing and arguably correct points of criticism concerning the EU is the lack of democratic legitimacy of its institutions. Frequently, however, those who blame the EU for lacking democratic legitimacy are, at the same time, sceptical of passing over national sovereignty to EU institutions. So what should be done? Participants in the workshop discuss the current democratic foundations of EU institutions and put forward their ideas on strengthening the democratic quality of these.

### We've got a crisis

In five comprehensible and entertaining acts four financial and crises experts explain and clarify the crises of the last years: the subprime and financial crisis, snowball systems with private investments and public debt, the economic and debt crisis, the (alleged) crisis of the economy and the European debt crisis. All in all there is optimism that the crisis is over.

Who always wanted to know

... how bad U.S. real estate loans could be turned into top stocks and then be sold to banks all over the world;

... how private investors were cheated on through snowball systems and how the initiators ended up in prison, but why snowball systems can work when there is national debt instead;

... whether there is next to the financial crisis, bank crisis and sovereign debt crisis also a crisis of the economy of the economists;

... and whether an end for the European debt crisis is in sight or if there is the threat of never ending crises...

### The world of sustainable buildings

The European Union is aiming to reduce its energy consumption by 20 % by 2020. The buildings sector represents 40 % of the EU's total energy consumption. Reducing energy consumption in this area is therefore a priority. How can alternative materials and design features minimise the energy consumption of your house? An energy champion from Cyprus will be your guide to the world of sustainable buildings and energy solutions.

### EU 2021–2027 - Outlook for a sustainable budget

We will help participants understand how the EU budget is negotiated between Member States and the European Parliament and identify options for a future-oriented, sustainable EU budget, which respects the principles of solidarity and fairness. The basics of the current EU budget and its elaboration and implementation will be explained. The main activity of the workshop will involve a role play during which participants will simulate negotiations between the Council and the European Parliament on the priorities of the 2021–2027 EU budget.

### Ciné ONU: “The Light Bulb Conspiracy” (1)

There once was a time when consumer goods were built to last. Then, in the 1920's, a group of businessmen realized that the longer their product lasted, the less money they made, thus “Planned Obsolescence” was born, and manufacturers have been engineering products to fail ever since. This documentary (filmed in Europe, the US and Africa) charts the creation of “engineering to fail”, its rise to prominence and its recent fall from grace. The screening will be followed by Q&A session with the Director of the movie.

**Pauli Günter**

Gunter Pauli, an entrepreneur, author and educator, has set up 12 companies (2 of which failed). Under his leadership, a small detergent company constructed the first ecological factory and he was considered a pioneer in green business until he realised that his demand for biodegradable palm oil was leading to the destruction of millions of hectares of rainforest and the habitat of the orang-utan. He set out to design a new business model that aims to respond to the basic needs of all with what is locally available, focusing on generating more value instead of always cutting costs further and producing more of the same. His concept - known as the Blue Economy - is, today, with nearly 200 projects having been implemented, one of the pioneering models for economic development on all continents. He is a professor at 3 universities and the author of 19 books.

# Practical Information

## Accreditation (registration)

Accreditation is the formal registration required for entry into the European Parliament.

Accreditation is **obligatory for all EYE participants** attending one activity or more inside the Parliament.

### Location and procedure

Accreditation will take place in the EYE Welcome Centre in Boulevard de Dresde, 67000 Strasbourg, about 200 m from the EP premises and about 150 m from the tram stop "Parliament Européen". (see map).

A helpdesk will be located in the same area, as will a tent where participants may leave large items of luggage while attending EYE events.

Your entire group, together with your group leader, will go to the welcome centre, where around 10 accreditation points will be organised. Your group leader will state his/her name, the name of your group and will show a list of group members. You will be counted and asked if there are any changes to the composition of your group. Any such changes will be marked on the list of group members.

In the case of groups with members arriving at different times, the group leader will have to accompany the respective group members to accreditation each time. Therefore we advise you to group arrivals as far as possible and go to accreditation in two, maximum three sub-groups.

After the checking of the list, the group leader will receive wristbands for all participants of your group. These wristbands replace the usual conference badge and are in three different colours: red for the group leader, yellow for group members who are under 18 and turquoise blue for the group members who are over 18 years of age.

The wristband is required to enter the EP buildings and also to allow you access to the Saturday night party. Access to the YO!Village is open and does not require a wristband.

Group leaders will also receive welcome packs with useful information.

### Please go to accreditation as soon as you arrive in Strasbourg

You will find the accreditation points in a large tent within the EYE Welcome Centre (see map). Remember that at least 5.000 young people will need to go through accreditation, therefore, to save time and energy for you and your group, go to the accreditation points as soon as you arrive in Strasbourg, already on Thursday. Not only you will avoid crowding and queuing, but you will save time as well.

### Opening hours:

- Thursday 8 May 15h-20h
- Friday 9 May 8h-19h
- Saturday 10 May 8h-17h

Depending on your arrival time and participation in the EYE program, please foresee enough time to get your accreditation and to enter the EP building. We suggest you to go to the accreditation centre at least 2 hours before your activity inside the EP building starts (one hour to get your accreditation and one hour to pass the security control before entering EP buildings).

An **Accreditation Hot Line** will be available from Thursday 8 May at 12h. The phone numbers will be communicated to you one week before the event.

### General principles

Be respectful of others, their views and opinions.

Refrain from demeaning, discriminatory or harassing behavior and speech incl. offensive verbal comments related to gender, sexual orientation, race, religion or disability.

Observe instructions received from Parliament staff, security personnel and event organisers.

*All participants at the European Youth Event have the right to a safe and comfortable space free from any kind of physical, sexual or emotional abuse. All participants should be considerate and respectful of others.*

*Any acts of discrimination based on age, sex, gender, gender identity, gender expression, religious, ethnic or national background, sexual orientation or physical or mental ability, are strictly forbidden and will result in expulsion from the event.*

*No means no. Do not engage in any sexual activities without obtaining explicit and informed consent of all persons present at every step. Be aware that personal boundaries are different and not everyone enjoys the same level of physical contact. Consider this in your inter-actions and remember that others may misinterpret your actions.*

*Be aware that some participants are under 18. Act in accordance with any applicable laws and avoid situations where positions of trust can be misused.*

*Excessive or irresponsible consumption of alcohol or any consumption of illegal drugs is forbidden.*

## Code of Conduct

### Accessing the Parliament

Follow the instructions regarding the accreditation of your group.

Arrive at the designated entry point for your event one hour before it begins (1,5 hours if you are entering for an event in the Hemicycle).

#### Do not enter the Parliament with:

- real or replica items that can be used as weapons including knives, penknives, CS gas, pepper spray;
- illegal drugs;
- alcohol;
- objects or clothing bearing political statements or overt commercial identification intended for 'ambush' marketing;
- laser pointers;
- items too large to be screened;
- pets or animals (excluding guide dogs);
- flags or banners;

#### Within the Parliament:

- Respect the date and times of your activities and meals.
- Stay in Parliament only for the duration of your activity. Parliament's capacity is limited and if you stay longer, other participants may not be able to enter.
- Alert security officials if you notice a dangerous situation or someone requiring assistance.
- Do not smoke.
- Do not access unauthorised areas of Parliament's premises.
- Observe the instructions received from those chairing each activity.

### Access to the EP building

Remember that **entering the EP premises** will be possible **only after accreditation and receiving the relevant wristband**. You will also need to carry the **print-out of the activities you have registered for** (you will be able to print it from the registration system a few weeks before the event).

EP premises are subject to security control therefore you will be asked to go through a **security check** before entering the EP building.

### What is a security check?

#### It consists of two steps:

The first step takes place at the entrance to the Agora Geremek where we check your wristband and invitation for an activity (print-out from the registration system). Note that due to limited capacity of the EP buildings only participants taking part in activities on the relevant day and in the next two hours will be allowed to enter. **It is very important to have the print-out of your activities with you, especially since it will contain information about the specific entrance of the EP that you should use and the approximate time that you should be there.** This system is designed to avoid as much as possible queuing and waiting. Make sure you use the entrance on your print-out - otherwise you will be redirected and you risk being late.

The second step takes place after entering the building. Your wristband is checked again, and then you are asked to walk through a metal detector and to put belongings through X-ray machine. Electronic items, such as laptop computers, tablets, cameras must be removed from your carry-on bag and submitted separately for X-ray screening.

### Tips for quick access to the EP building:

- Go through accreditation well in advance and make sure that you have your wristband and the print-out from the registration system for your activities.
- You cannot bring luggage inside, just a bag or small backpack. We recommend you to leave your bigger luggage in your hotel or bus. If you need to bring it to the EYE, you will be able to leave it in the designated area within the Welcome Centre. Space will however be limited.
- Arrive in the Agora Geremek one hour before your activity.
- Show your wristband and printed invitation at the entrance to Agora Geremek.
- Check that you haven't packed prohibited items (see below) in your carry-on bag.
- Remove watch, belt and everything in your pockets before entering the metal detector and put your items on the belt to go through the X-ray machine.

### Do not enter the Parliament with:

- real or replica items that can be used as weapons including knives, penknives, CS gas, pepper spray;
- illegal drugs;
- alcohol;
- objects or clothing bearing political statements or overt commercial identification intended for 'ambush' marketing;
- laser pointers;
- items too large to be screened;
- pets or animals (excluding guide dogs);
- flags or banners

### Safe and responsible behaviour:

- Inform your national EYE contact point about your contact and travel details so that they can help you.
- In case of any kind of problem, inform your national contact point and/or volunteers and wait for instructions.
- Make sure that your mobile phone will work in Strasbourg (roaming needed).
- Stay in the EP building only for the duration of your activity – the capacity of the EP is limited and if you stay longer, others participants will not be able to enter the EP building for their activity.
- Consumption of alcohol is strictly forbidden in the EP buildings.
- Consumption of alcohol by minors is strictly forbidden in France.
- The group leader will have full responsibility for minor group members and has to verify the legislation in his/her country concerning his/her obligations, parents' written consent and health insurance.

### Emergency situations

Security guards will be present in the EP buildings, YO!Village, the EYE Welcome Centre, at the Friday concert and Saturday party. If any serious problem occurs you can always count on them. We also recommend informing your national EYE contact point about any emergency situation. The phone number of your national coordinator will be provided to you two weeks before the event. Before coming to Strasbourg, you will also be asked to provide your phone number in case of immediate need of communication.

### Medical assistance

Before coming to Strasbourg, if you are a citizen of one of the EU countries or Iceland, Liechtenstein, Norway and Switzerland, it is recommended to get the **European Health Insurance Card (EHIC)** which is issued free of charge and allows you to receive medical treatment in France for free, if treatment becomes necessary during your visit. The card will not help you with rescue and repatriation free transport back home if you fall seriously ill, so you **still need a valid private travel insurance**.

If you are not a citizen of one of the countries above, we strongly advise you to get travel insurance.

Inside the EP building you can count on the permanent presence of a doctor and nurses, in case of need. In the YO!Village, you will find first-aiders.

Non-respect of this Code of Conduct may result in delayed access to Parliament, exclusion from EYE activities and/or your removal from Parliament's buildings

## Contact and help desk before and during the event

#### EYE Volunteers

Easily identifiable thanks to their turquoise blue T-shirts with the EYE -logo, the EYE volunteers will welcome you at the airport, railway station and Welcome Centre. They will also be present everywhere an EYE activity will take place. Each volunteer speaks at least two languages and is ready to provide you help in case of questions, troubles or doubts.

#### European Parliament Staff

The Parliament staff will be able to help you inside. They will be easy to identify thanks to a turquoise blue badge with the inscription "EP Staff" on it.

#### Where to get help?

- EYE welcome points and EYE volunteers at the Strasbourg Station and the Strasbourg airport
- Welcome Centre located in Boulevard de Dresde, 67000 Strasbourg, about 200 m from the EP premises and about 150 m from the tram stop "Parliament Européen" (see map). The Welcome Centre will also include:
  - Accreditation points
  - A helpdesk
  - A transport coordination centre –for shuttle buses and transportation
  - A luggage deposit space
- Helpdesks inside the Parliament, ran by the EYE volunteers and EP Staff

#### EYE news

Each day during the event we will publish announcements with current news concerning the EYE. You will be able to find them at the info points in the EYE welcome centre as well as at the helpdesks inside the EP building.

The City of Strasbourg encourages you, as well as every resident and visitor, to use public transportation instead of a car. Trams and buses in Strasbourg are very efficient, frequent and comfortable. Therefore choosing the public transportation to get around the city will be the most suitable option for you.

### Tickets:

#### • 24h Trio

In order to enable you to get around the city easily and in the cheapest way, the ticket 24h Trio is the best solution. It gives you access to all buses and trams during 24h after the 1st validation for 3 people (for unlimited rides), meaning that you need to buy only one ticket for 3 people (but that works also for 2 people). This ticket cost 6 € and you can purchase it at every ticket machine (which you can find at each tram stations). If you buy 3 tickets, you can then use one per day of the event for 3 people. It would then cost totally 6 Euros per person.

#### • 24h ALSA + CUS

This ticket is valid for one person during 24h for unlimited rides during 24h after the 1st validation on all bus-tram-coach lines and the TER train and also on bus line 21 in direction of Kehl (Germany). It costs 4,10 € and you can purchase it at every ticket machine (which you can find at each tram station).

Please note that this pass is not valid for the journey from and to the airport.

**If you don't want to purchase the tickets for unlimited rides, you can choose regular tickets:**

#### • Single ride

Ticket valid for a single ride with or without connection. It costs 1,60 €.

#### • Roundtrip

Ticket valid for 2 rides within the same day, with or without connection. It costs 3,10 €.

#### • 10 trips

10 tickets valid for 10 single ride with or without connection. It costs 13,10 €.

**You can buy tickets also from the ticket machines at each tram stations. Payment by credit card (no minimum) or in cash (maximum €26.50). You have the choice between 5 languages at the machine (French, English, German, Italian and Spanish).**

**Single (1,60 €) and roundbound tickets (3,10 €) are also directly available from the bus drivers. Your ticket is valid for an hour and allows connections. The last validation within a connection has to be made before the end of the hour.**

**Please note that you must validate your tickets at the station before entering in the trams for each ride, even if you have a ticket for unlimited rides.**

### Shuttle buses

For the groups having their accommodation outside Strasbourg and having no own mean of transport (bus/car), shuttle buses will be organised. We provide transportation on Thursday to your accommodation (if no public transport is available), on Friday and Saturday to the EP / Strasbourg in the morning and back to your accommodation in the evening, on Sunday to the EP premises in the morning. This option is offered to those who had informed either the national contact points of their need for transportation or who have specified it when answering our logistics surveys.

The transport information centre will be located at the EYE Welcome centre, near the EP premises (see map). There, you will be able to get information about shuttle buses and local transport on real time. This area will be:

- arrival point for all buses;
- departure point for shuttle bus after the activities in the EP, after the Friday street festival and after the Saturday party;
- parking zone for your own buses (if you arrive from your country by bus).

### Parking for buses

For the groups having their own means of transport (bus/car), there will be a possibility to park their bus/car at the EYE parking area located near the EYE Welcome centre.

### Public transport in Strasbourg

You can plan your journeys in Strasbourg using the website of the local public transport company. There you will find timetables, maps and info in French, English and German.

[www.cts-strasbourg.eu/en/](http://www.cts-strasbourg.eu/en/)

### How to get from the Strasbourg airport to the city center?

The easiest way is to take a train and get off at Gare de Strasbourg. The travel time is 9 minutes and the frequency is about 15 minutes.

You can buy a ticket valid for 90 minutes on the CTS bus and tram and on the SNCF TER line to the Entzheim airport. The ticket is available at the shops and the machines in the arrivals hall. It costs 4€.

Wi-fi will be available for free in the EP building as well as outside, in the YO!Village. You will receive login instructions on the spot, in Strasbourg.

### EYE mobile app

Download the European Youth Event 2014 mobile app from the AppStore or the Google Play market! Through the app, you will have access to all the relevant information about the EYE2014, including geolocalised maps and personalised alerts for the activity you are booked in!

Scan this code with your smartphone to download the EYE2014 mobile app:

### How to call from France

Before coming to Strasbourg check with your mobile operator that your phone will work in France and that your mobile plan has the appropriate features for international roaming. Contacting your service provider or researching their roaming policies online is essential because fees and policies vary by operator, although maximum fees are set at the level of the European Union. If you want to be able to make and receive phone calls, but don't need data services during your trip, consider turning off "data roaming" and "data synchronization" on your device in order to pay less.

### Inside the European Parliament

If you have an activity inside the Parliament, the easiest way to eat, is at the EP restaurants. However, this is only possible for groups that have booked and paid for their meals in advance. Your group leader was already informed about this possibility and you may have a booking for one or both days.

### Outside the EP

Outside the Parliament, the YO!Bistro will offer food and drinks non-stop during the whole event.

For breakfast/morning snack you will have the choice between hot drinks, locally produced juices and freshly baked pastries.

For lunch and dinner you will have the choice between traditional and fresh menus prepared by the Jeunes Agriculteurs du Bas-Rhin (including one menu suitable for vegetarians, vegans, gluten and lactose intolerants). The menu priced 6-8€ will include a main meal, a dessert and a drink. A different main meal will be proposed each day.

The YO!Bistro will be open at the following times:

- Friday between 8:30 and 19:30
- Saturday between 8:30 and 21:00
- Sunday between 9:30 and 13:00

### In the city

#### University restaurant La Gallia

The restaurant La Gallia has a capacity of 600 people at the same time. As it is a self-service university restaurant, it is not expensive. La Gallia is not far away from the EP. If you choose this option, just take the **tram E** (direction **Baggersee**) at the tram stop "**Parlement Européen**". Then get off about 9 minutes later at the tram stop "**Gallia**". The restaurant is just 100 metres from there (see map). It will be opened on Friday for lunch and dinner and on Saturday for lunch. A menu priced at 6€ will be proposed (starter, main meal, dessert) with water on the tables. For organisational reason, booking is obligatory. You can book your meal at La Gallia restaurant by filling in the form that you can find at this address: [www.afges.org/fr/13968111044923-European%20Youth%20Event%20%7C%20Book%20a%20meal.html](http://www.afges.org/fr/13968111044923-European%20Youth%20Event%20%7C%20Book%20a%20meal.html) In case of questions, you can contact Ms Nathalie Schulz on her email: [nathalies@afges.org](mailto:nathalies@afges.org)

#### Other restaurants

At your arrival in Strasbourg, together with your welcome pack, you will receive the list of restaurants in Strasbourg where you can benefit from discounted prices to taste local specialities. However please note that the prices in the restaurants will be higher than in the EP restaurant or in the La Gallia.

### Friday evening

The City of Strasbourg is welcoming you on Friday evening (9 May) with a special activity in the centre (from 17.00 to 20.00) - see the programme for details. Therefore we advise you to eat before going to the centre.

The Jeunes Agriculteurs du Bas-Rhin, present in the YO!Village will sell lunchboxes for 3-4 Euro, for those of you who would like to eat on the go

## Money exchange, shopping

### Money exchange

The easiest way to pay in France is to use an international credit card or debit card. You can of course get money from cash-dispensers (ATMs). Be aware however of possible commission charged when you withdraw cash abroad. Cash machines can be easily found in the city centre, inside shopping centres and near the railway station.

You can also exchange foreign cash in an exchange office or in a bank. Note that in both cases a commission will be charged.

Here are some addresses where you can exchange money:

- **Moneyglobe Transfert d'Argent - Gare Strasbourg**  
20 Place de la Gare, Strasbourg
- **Société Générale**  
48 Rue du Vieux Marché aux Vins, Strasbourg
- **Banque de France**  
3 Place Broglie, Strasbourg

There are two cash machines in the EP buildings. Please note that there are no cash machines near the YO!Village and Welcome centre.

The bars open in the EP buildings accept **cash only**.

### Shopping

Please note that in France shops are closed on Thursday, 8 May (public holiday) and on Sunday.

THE EUROPEAN  
YOUTH EVENT

# EYE Partners

### European Youth Forum

The European Youth Forum is the platform of youth organisations in Europe, representing 99 National Youth Councils and International Youth Organisations. The Forum works to empower young people to participate actively in society to improve their own lives, by representing and advocating their needs and interests.

The European Youth Forum supports the EP EYE 2014 team in preparing the event, outreaching to young people and youth organizations across Europe as well as contributing with several activities to the overall programme of the event. In addition, the European Youth Event is organizing the 5th edition of the YO!Fest, its annual political youth festival, in the context of the EYE.

### City of Strasbourg

Strasbourg, seat of the European Parliament, but also of the Council of Europe and of the European Court for Human Rights, has a privileged place at the heart of Europe.

On the occasion of the European Youth Event, the City of Strasbourg offers fun digital animations to the EYE participants, helping them to discover in a playful way the historical heritage of the City; organises an open air concert in partnership with the European Youth Forum; and supports the entire Event.

### European Youth Press

The European Youth Press (EYP) is an umbrella organisation of young journalists in Europe to which more than 60.000 journalists under the age of 30 are affiliated. The aim of the EYP and its member organisations is to inspire young people to become involved in the media and play an active part in civil society by fostering objective and independent journalism.

During the European Youth Media Days, 120 young journalists from across the EU Member States will be in charge of the daily multi-media coverage of the EYE 2014. The EYP's final report comprising the ideas for a better Europe will be handed over to the newly elected Members of the European Parliament in July for the legislative period 2014-2019.

### The European Young Innovators Forum

The European Young Innovators Forum (EYIF), is an independent, non-profit, pan-European, bottom-up association dedicated to promoting youth innovation. EYIF has rapidly become the leading foundation for youth innovation in Europe reaching in excess of 400,000 participants across all EU member states, giving voice to a community of young innovators and experts who believe in taking risks, changing mindsets for innovation and the value of shared ideas and professional mentorship.

As a partner of the event, EYIF organises 5 main thematic workshops on Digital Revolution with 16 high-level speakers from the EU and US.

### European Commission

The European Commission is the EU's executive body and represents the interests of Europe as a whole (as opposed to the interests of individual countries).

The Commission – namely the Directorate-General for Education and Culture and the Directorate-General for Industry and Enterprise - will contribute with a number of panel activities and workshops to the programme of the event.

### Council of Europe

The Council of Europe is an international organisation promoting co-operation between all countries of Europe in the areas of legal standards, human rights, democratic development, the rule of law and cultural co-operation.

The Council of Europe will contribute to the programme of the EYE with activities organised by its Youth Centre and provide some of its space capacities – such as its hemicycle and rooms – to be used for activities during the EYE.

### ARTE

ARTE (Association Relative à la Télévision Européenne) is a Franco-German TV network, a European channel that promotes programming in the areas of culture and the arts. As an international joint venture (an EEIG), its programs cater technically to audiences from both France and Germany.

ARTE will be the EP's audio-visual media partner which will be involved in various programme elements and contribute to the media coverage of the event.

### ENA

The “École nationale d'administration” (ENA) is in charge of the selection and initial and continuous training of French and international public servants, facilitating its students the access to important jobs in the French public administration.

The École Nationale de l'Administration in Strasbourg will contribute to the activity programme of the EYE 2014 and provide logistic support to the realisation of the whole event.

### Institute of Political Sciences (IEP) of Strasbourg

Created in 1945, the Institute of Political Sciences (IEP) of Strasbourg “Science po Strasbourg” is a renowned public university which is part of the network of nine institutes of Political Sciences in France. The IEP selects graduates and students and leads them into civil servant and private sphere careers.

The IEP Strasbourg has mobilised its students to become volunteers to support the smooth flow of the EYE. It also organises a debate as part of the EYE panels.

## Official EYE Partners

### Jeunes Agriculteurs du Bas-Rhin

Jeunes Agriculteurs (JA) is an agricultural professional union, composed of young farmers of less than 35 years of age. Founded in 1957, Jeunes Agriculteurs had in 2012 more than 50.000 members out of a total of 100.000 farmers under 35 years. The official mission of JA is to ensure the renewal of generations in agriculture and therefore to represent and defend the interests of young farmers, especially as regards installation, meaning the access to this profession and the long-term perspectives.

The Jeunes Agriculteurs will be the outside caterer of the event, selling regional food to the EYE participants.

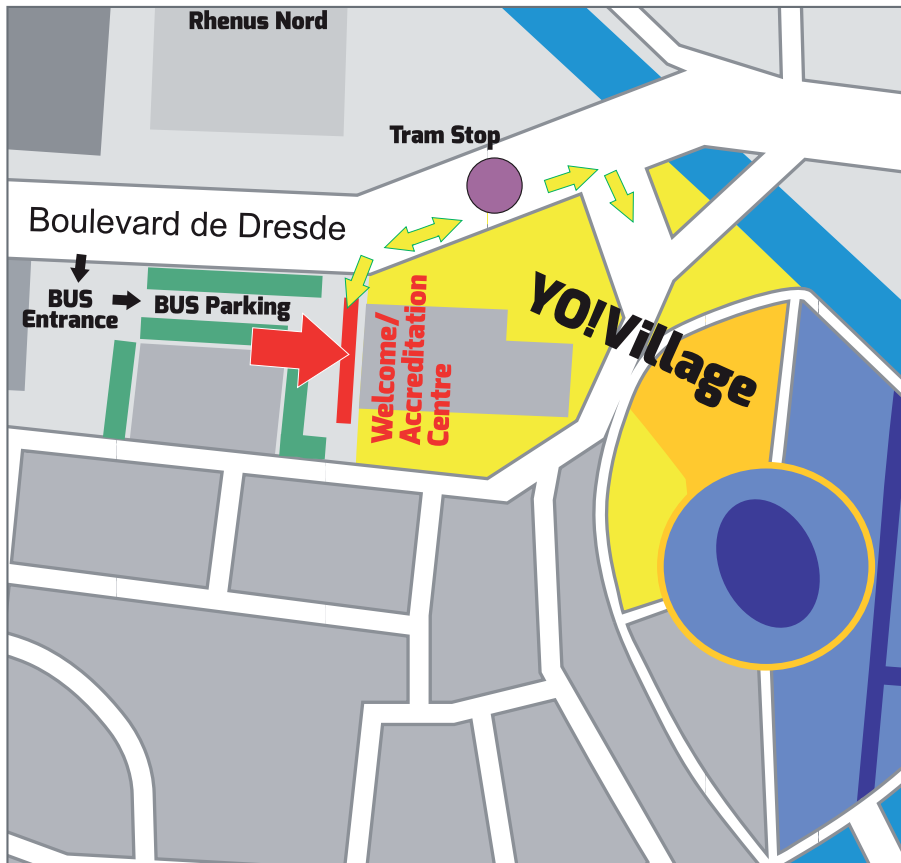

### Foundation of the International Charlemagne Prize of Aachen/ European Charlemagne Youth Prize

Alongside with the "Charlemagne Prize Discussion" and "Charlemagne Prize Forum on Europe", the Foundation of the International Charlemagne Prize of Aachen organises the "The European Charlemagne Youth Prize". The prize aims to encourage the development of European consciousness among young people, as well as their participation in European integration projects. It is awarded to projects undertaken by young people which foster understanding, promote the development of a shared sense of European identity, and offer practical examples of Europeans living together as one community. "The European Charlemagne Youth Prize" is awarded jointly and annually by the European Parliament and the Foundation of the International Charlemagne Prize of Aachen.
