

Illinois Barber, Esthetician and Teacher Examinations: PSI Computerized Testing Procedure Guide

The following information is intended to help you prepare for the computer-administered Illinois Barber, Esthetician and Teacher Examinations from the National Interstate Council for State Boards of Cosmetology (NIC). These tests are being administered in the same network of PSI test centers that give CTS exams for cosmetology and nail technicians.

Part I General Information

APPLY ONLINE Complete the application online at www.continentaltesting.net and submit all required transcripts and related documents. An application is not complete until it includes a valid email address and all fees have been paid. Credit card payment is available as part of the online application. Each approved candidate receives an email from PSI that provides instructions to schedule a testing appointment.

Go to www.nictesting.org for the most current candidate information bulletin for NIC examinations. Part III includes information about testing procedures on the day of your examination.

TIME LIMIT Each candidate schedules a PSI appointment to allow time to verify IDs and complete other check-in procedures. The time limit for each of these examinations is 90 minutes.

SPECIAL ACCOMMODATION REQUESTS

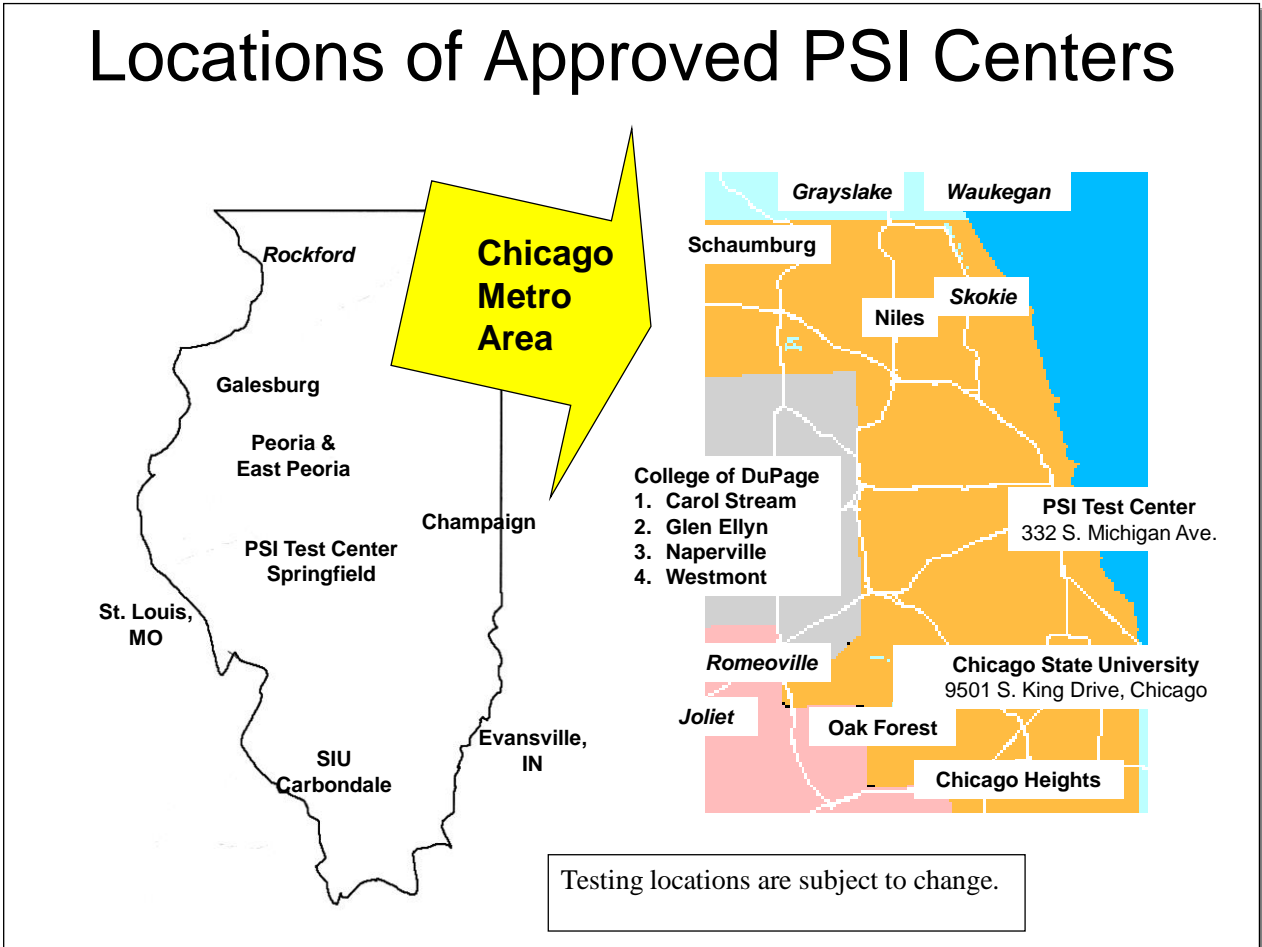

An application for special accommodations with appropriate documentation is required before any special arrangements can be completed. If approved, the candidate will receive an email from PSI with instructions to schedule a test date in a test center that has appropriate facilities. Candidates who are approved for special accommodations must schedule using the PSI Call Center. Testing appointments with special accommodations must be made at least two weeks prior to the desired test date.

PSI Test Centers in Carbondale, Champaign, downtown Chicago, East Peoria and Peoria, Galesburg, Glen Ellyn, Carol Stream, Naperville, Springfield, Westmont and Evansville, IN, are proctored by onsite personnel. Other locations use remotely proctored testing stations that monitor candidates with three digital cameras, an on-screen chat window and a sensitive built-in microphone. Proctors in these locations communicate with candidates on-screen during the test and pause the exam whenever unauthorized persons or activity appear on video monitors or in audio recordings. The proctor will pause the exam whenever a candidate leaves the testing station or an interruption occurs. The proctor may end the test if an interruption is not corrected appropriately. Each remotely proctored test station also is equipped with noise-cancelling headphones to help candidates screen out distractions if they wish to use them. All other rules are the same for examinations in on-site proctored and remotely proctored locations.

Directions and other information about each test location follow and are available on the PSI website. Testing locations are subject to change. Candidates should verify the location of each test center in their admission notice after they schedule an examination.
