4th - 10th Grades

Session 1 - June 10-20

Session 2 - July 8-18

# College for Kids

## 4th - 10th Grades

Dear College for Kids Families,

Welcome to ICC's College for Kids 2013! We are excited to offer another summer of fun and educational opportunities for students entering grades 4 through 10. At College for Kids, your child will explore areas of interest, learn new things, make new friends, and spend time on a college campus. From cake decorating to robot building there is always something for everyone.

All classes are held at the ICC East Peoria campus and are led by highly qualified and state certified teachers. Students may enroll in one, two, or three classes per session. Classes meet for 2 hours daily Monday through Thursday for 2 weeks. Club CFK is also available for those wishing to extend their stay at College for Kids. On Fridays, we offer optional day-long field trips.

In an effort to ensure a positive experience for students and maintain high standards for safety, a mandatory orientation is held on the first day of College for Kids. A parent or authorized adult must attend one orientation with their student. Please bring your child's completed Emergency Medical and Assumption of Risk and Release form to orientation. These can be printed from our CFK website, or completed upon registrations that are done in person at the ICC North Hickory Hall location.

Remember to choose a lunch option when registering your child for College for Kids.

For additional information and details, please refer to the CFK website at [www.icc.edu/cfk](http://www.icc.edu/cfk) or give us a call at (309) 690-6900.

Thank you for sharing your children with us! We look forward to seeing you this summer!

Best Wishes,  
*The College for Kids Staff*

**Register early! Class sizes are limited.**

## General Information

### Cost

**\$75 per class** unless otherwise noted

**Club CFK – \$65** per session

**Friday Fun Trips – cost varies**

Refer to Friday Fun pages 10-11

Visa, MasterCard, Discover, personal check and cash are accepted. Payment is expected at the time of registration. Enrollment is not guaranteed without full payment.

### Scholarships

Limited scholarships are provided by the ICC Educational Foundation. The scholarship amount is \$50 per class with a maximum of two scholarships per child, not to exceed \$100 total. Limit of four scholarships awarded per family, not to exceed \$200 total. Additional classes will be charged at full price.

Scholarships are awarded on a first-come, first-served basis and are subject to availability of funds and verification of financial need. Club CFK and Friday Fun trips do not qualify for scholarships.

Scholarship application is available online at [www.icc.edu/cfk](http://www.icc.edu/cfk) or call (309) 690-6914 for additional information. Do not register online if you are requesting a scholarship.

### Registration

Online at [www.icc.edu/cfk](http://www.icc.edu/cfk)

By phone at (309) 690-6900

In person at **ICC North Hickory Hall**, 5407 N. University, Peoria. Office hours are Monday through Friday, 8:00 a.m. to 4:30 p.m.

Full payment is expected at the time of registration. Class enrollment cannot be confirmed without full payment.

Registration deadline is one week prior to the first day of each session.

### Cancellations and Class Changes

You may cancel or change your registration up to 5 working days prior to the first day of a session and receive a full refund.

**NO REFUNDS OR CLASS CHANGES WILL BE GIVEN AFTER THAT TIME.**

College for Kids reserves the right to cancel any class due to low enrollment. A full refund will be given for classes cancelled by College for Kids if an alternate class is not available.

### Discipline Policy

Students are expected to maintain proper behavior while attending CFK. Parents will be contacted if a child displays disruptive, disrespectful, or inappropriate behavior. If the behavior continues, the student will be dismissed from class with no refund given. Students are expected to abide by the rules and regulations of ICC in that no weapons (i.e. knives, guns of any kind, etc.) are allowed on campus. This is a zero tolerance policy, any student choosing not to abide by the rules and regulations of ICC will not be allowed to return to College for Kids. These policies help ensure the safety of our students and staff.

**Need more College for Kids?  
Want to extend your fun?**

**Come join us at Club CFK** with games, art activities, computers, crafts, snacks, and more! On Tuesdays and Thursdays, Club CFK will take the ICC Cougar bus to the new CougarPlex Fitness Center. Students will have an opportunity to play on the basketball courts, participate in group exercise, and learn about health and nutrition. Club CFK is led and supervised by certified teachers. Enrollment is limited, so sign up early. Dress for exercise, tennis shoes preferred.

**3:15-5:00 pm Session 1**

**3:15-5:00 pm Session 2**

**\$65**  
per session

A parent or other authorized adult **MUST** come to Homeroom 303A to sign out their student. Students may be picked up at any time during Club CFK. A late fee will be assessed for students picked up later than 5 p.m.

## Lunch at College for Kids

12:30-1:05 pm • Monday-Thursday • Tranquility Room (located next to the Cafeteria)

**There are 4 options for lunch . . .**

- 1** Bring a sack lunch. You are responsible for keeping track of your lunch. We do not have lunch collection bins or access to a refrigerator.
- 2** Bring cash and purchase your lunch. May be used in vending machines and the cafeteria.
- 3** Lunch Punch card – cost is \$55 per session and has a fixed daily menu for 8 days (see website). Meals include an entrée, side dish, beverage and dessert. Students are served lunch in the Tranquility Room. May not be used for vending machines or other cafeteria items.

Two ways to purchase Lunch Punch cards:

- Online when you register with a credit card
- Orientation day at the Lunch Punch card table. Look for the sign and we will issue you a Lunch Punch card. Cash, check, and credit cards are accepted for payment.

No refunds are given for Lunch Punch Cards for any reason, including unused punches and absences.

- 4** Pre-paid CaféCash gift card – cost: You choose the amount to put onto the pre-paid card. Students use the card to buy their own choice of lunch from the cafeteria and take their lunch to the Tranquility Room. Prepaid CaféCash gift cards must be purchased in the cafeteria. This may be done prior to the start of College for Kids or on orientation day. CaféCash gift cards cannot be purchased online. Cash, check, and debit/credit cards are accepted.

## Adventures and More

### Fashion Design

**Grades 4-6 Session 1 1:10** **NEW!**  
**Grades 4-6 Session 2 1:10**

Do you like to draw and design fashions? Learn to draw and design just like the pros. Experiment with different fabrics, trims and accessories as you design your own fashion line and create garments using 1/4-size dress forms. Take a look at the current fashion trends and learn about the fashion industry. If you are ready to design and create fashions, this class is for you!

### Crazy about Candy?

**Grades 4-6 Session 1 1:10**  
**Grades 4-6 Session 2 1:10**

Who doesn't like CANDY? Have you ever wondered what you can create with candy? Join in on the fun to create a candy bouquet, candy airplanes, candy kiss flowers, and much more! Create your own candy recipe book to share with family and friends! We will also make some of our own candy and learn how candy is made.

### Wild About Disney **NEW!**

**Grades 4-6 Session 1 8:15**

From Mickey Mouse to Cinderella, you will be entering the world of Disney! Learn about the history of Disney, play games, create Disney art and more! If you love all things Disney, this is the class for you.

### Move It! **NEW!**

**Grades 4-6 Session 1 10:30**  
**Grades 4-6 Session 2 10:30**

Don't just sit there – get up and move! Exercise your body and mind while learning how a healthy lifestyle can help you make the most of your summer. This fun and interactive class will explore many different aspects of fitness, health and nutrition through classroom activities, games and more. Please dress for exercise – you won't be sitting for long!

### LEGOS®, LEGOS, LEGOS

**Grades 4-6 Session 1 10:30**

Do you love LEGOS and enjoy building with them? Did you know that children around the world spend 5 billion hours a year playing with LEGO bricks? The tallest LEGO tower is a 94.3 ft-high pirate ship mast made with 465,000 bricks! In this class you will learn the history of LEGOS and have fun building awesome new LEGO creations!

### Summer Fun 101

**Grades 4-6 Session 1 8:15 or 10:30**

Come join Summer Fun 101 and make the best of your summer! From competing in our very own Summer Olympics to cooling down

with homemade yummy summer recipes, you'll become a summer specialist. This cure-your-summer-blues-class will find you far from the couch. Enjoy tie-dying, bubble art, a make-and-take yard game, summer fruit smoothies, water games, and more.

### Fun with Arts and Crafts

**Grades 4-7 Session 1 10:30**  
**Grades 4-7 Session 2 10:30**

Bring your creative side and learn to make a variety of arts and crafts. Some of the projects include making a memory board, finger knitting, making stained glass pictures and a waterproof beach bag! These projects make great gifts – or keep them for yourself!

### Feelin' Crafty

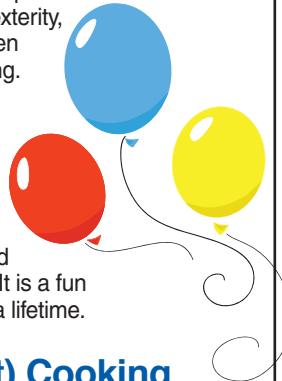

**Grades 4-8 Session 1 8:15 or 10:30**  
**Grades 4-8 Session 2 8:15 or 10:30**

Are you feeling crafty? Want to create some fun things to hang around your house? Learn how to create pop-books, puppets, stepping stones, birdhouses, and more! Students will complete one project a day. Students will need to provide a t-shirt for tie dying.

### Fun with Balloons

**Grades 4-8 Session 1 8:15**  
**Grades 4-8 Session 2 8:15**

Join the "pop" culture by exploring the fun of balloon twisting and balloon sculpture. Balloon twisting and sculpture is a fun activity which also helps children with manual dexterity, self-esteem, and even structural engineering. Learn the secrets of balloon art as a professional balloon artist shows you the basics of twisting balloons into simple objects, animals, and complex structures. It is a fun hobby that can last a lifetime.

### What's (Not) Cooking **NEW!**

**Grades 4-8 Session 1 1:10** **NEW!**  
**Grades 4-8 Session 2 1:10**

Get ready to cook – without an oven. Learn to make toaster oven treats, no-bake cookies, smoothies, deserts and more. You will learn about kitchen safety, measurement, healthy food choices and make your own recipe card file. Join us as we learn to cook and create delicious foods that you can make for yourself or share with your family!

*CAUTION: We will be cooking with chocolate, nuts, peanut butter, milk, eggs, etc. This is not the class for you if you have a food allergy.*

### Cheer Up!

**Grades 4-8 Session 1 8:15**  
**Grades 4-8 Session 2 8:15**

Hey girls! Want to learn how to bring it on just like the cheerleaders in the movies? Learn how to do jumps and basic cheer movements, as well as numerous chants and a full cheer to take back to your school – or share with friends! A hip-hop dance routine will help you kick up your dance moves and boost your confidence. There will be a performance for friends and family so you can show off your new moves! Perfect for those who want to explore cheerleading or just improve their skills.

### Digital Scrapbooking

**Grades 4-8 Session 1 8:15**  
**Grades 4-8 Session 2 8:15**

We have taken scrapbooking to a whole new level! Digital scrapbooking has become very popular over the past couple of years; it's fun, exciting, and easy to learn. We will create memories from pictures that you have saved to a flash drive. We can even scan your pictures during class and upload them into your digital scrapbooking pages. It's that easy! Have your photos saved or have photos ready to scan when you come to class on the first day. Let's get started creating memories that will last a lifetime.

### Minute to Win It

**Grades 5-8 Session 1 1:10**  
**Grades 5-8 Session 2 1:10**

Do you think you have what it takes to compete on the show *Minute to Win It*? In this class, students will explore some of the challenges that contestants must face and create some of their very own with everyday objects. Students will create blueprint designs and challenges for one another that they can share with friends and family at home.

### Cake Decorating

**Grades 5-8 Session 1 1:10** **NEW!**  
**Grades 5-8 Session 2 1:10**

Learn the fundamentals of cake decorating. Learn how to use a piping bag and beginner tools for cake decoration. You will learn a variety of decorating tips to make stars, roses, borders, flowers, and pipe messages. You may just be the next great Cake Boss! Students will be icing styrofoam and prebaked cakes.

### Strategy Survival

**Grades 6-8 Session 2 1:10**

Will your colony survive on the newly discovered continent? Would you survive on a deserted island? Would you be able to form kinships and exploit resources? Put your geographic, economic and survival skills to the test with exciting competitions. The fun never stops as we create new twists and turns and challenge each other.

## A Wedding Story

Grades 6-8 Session 1 10:30  
Grades 6-8 Session 2 10:30

Planning a wedding is a lot of fun, and a lot of work! In *A Wedding Story*, you will plan your dream wedding. From invitations to a reception hall – you choose everything, and unlike a real wedding, you don't have to worry about a budget! Create a dream wedding book to showcase your ideas and learn how to make some fun wedding crafts!

## Film Festival 2013

Grades 6-9 Session 1 10:30  
Grades 6-9 Session 2 10:30

Do you love movies? Learn about creating storyboards, casting actors, and producing films. Find out what goes into making movies and create a director's notebook or a film poster for a movie of your own! Look out Hollywood – here comes the next great director!

## What Not to Wear

Grades 6-9 Session 1 1:10

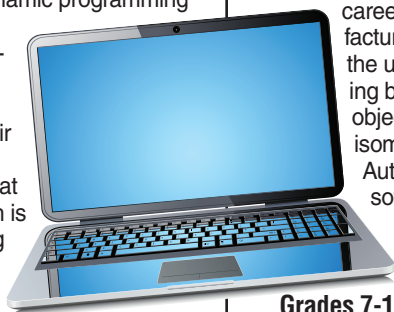

Need help pulling your clothes together? Applying make up? This is the class for you! Just like TLC's, *What Not to Wear*, learn how to dress your body type, appropriately apply make up to enhance your features, accessorize, and learn what colors work together. Have fun while learning to be the best you can be!

## Computers and Technology

### Start from SCRATCH

Grades 4-6 Session 1 8:15 or 10:30  
Grades 4-6 Session 2 8:15 or 10:30

Programming made easy is what Scratch is all about. Scratch is a dynamic programming language that allows students to create animations, games, interactive stories, music, and art. Students will unleash their creative potential utilizing the programming tools that Scratch provides. Scratch is developed by the Lifelong Kindergarten Group at the MIT Media Lab.

## Robot Revolution

Grades 4-6 Session 1 10:30  
Grades 4-6 Session 2 10:30  
Grades 6-8 Session 1 8:15  
Grades 6-8 Session 2 8:15

**Materials Fee: \$15**

We are experiencing an explosive growth of robotics both at home and at work. Join us to experience this robot revolution in action. We will explore three old friends: Spider III, Hyper Line Tracker, and the Robotic Arm Trainer. These favorites will be joined by five new robots to explore: Rockit Robot, Jungle Robot, Wall Hugging Mouse, Soccer Pro Robot and Sound Activated Walking Robot. Students will learn robot history and do hands-on exploration activities to discover real-world uses for robots in this exciting age of robotics.

## Game Maker I

Grades 4-7 Session 1 8:15 or 1:10  
Grades 4-7 Session 2 8:15 or 1:10

Have you always wanted to design computer games, but you don't want to spend a lot of time learning how to become a programmer? Then you've come to the right place. Game Maker is a program that allows you to make exciting computer games without the need to write a single line of code. You can make games with backgrounds, animated graphics, music, and sound effects. Once you get more experienced, there is a built-in programming language that gives you full flexibility. Game Maker can be used free of charge, and you can use the games you produce in any way you like – you can even sell them!

## Computer Aided Design CAD

Grades 6-8 Session 1 10:30  
Grades 6-8 Session 2 10:30  
Grades 8-10 Session 1 1:10  
Grades 8-10 Session 2 1:10

Students will enjoy activities which include creating mechanical images that are used in careers like engineering and manufacturing. You will be introduced to the units of CAD navigation, drawing basic objects, modifying those objects, orthographic projections, isometrics, and dimensioning. AutoCAD will be the principle software used.

## Web Design

Grades 7-10 Session 1 8:15  
Grades 7-10 Session 2 8:15

Give your "techy side" a boost by creating your own eye-catching website, while learning basic HTML coding. Students will markup text, add images, incorporate sound files and animated pictures, and link those elements together to form a website that is truly fun and unique.

## Computer Programming with Etoys

Grades 7-10 Session 1 10:30 or 1:10  
Grades 7-10 Session 2 10:30 or 1:10

Are you a right brain and left brain person? Do you have a need to create and use your powers of logical thinking? Then this course is for you! Here you will learn the basic skills of computer programming. You will sketch your own worlds and elements. Then learn how to program their movements and actions just like the pros. You can also create animated storybooks. If you wish, your finished projects will be submitted to Etoys Illinois, a collaboration with the University of Illinois and Google, to be posted on the World Wide Web for all to view. An awesome experience awaits you!

## Robot Revolution Building

Grades 8-10 Session 1 1:10  
Grades 8-10 Session 2 1:10

**Materials Fee: \$70**

Want to build your own robot? Build your own Hyper Line Tracker robot in June and your own Spider III robot in July. The Hyper Line robot will be able to follow a pathway of your own design. The Spider III robot uses its infrared sensor and sees objects to avoid, changes direction, and finds a new path. Take your robot home with you.

## Advanced Game Maker

Grades 8-10 Session 1 10:30  
Grades 8-10 Session 2 10:30

Prerequisite: *Game Maker I* (or instructor's permission). Advanced Game Maker shows you how to create several exciting games using new graphics while advancing the skills you learned from *Game Maker I*. This class covers a range of genres, including action, adventure, and puzzle games, complete with professional quality sound effects and visuals. It discusses game design theory and features practical examples of how this can be applied to making games that are more fun to play. Game Maker allows games to be created using a simple drag-and-drop interface, so you don't need to have any prior coding experience. It includes an optional programming language for adding advance features to your games when you feel ready to do so.

ALL CLASSES MEET  
AT THE ICC  
EAST PEORIA CAMPUS

## Foreign Language

### American Sign Language I

Grades 4-8 Session 1 8:15  
Grades 4-8 Session 2 8:15

This class teaches the basics of ASL. Students will learn the manual alphabet, numbers, and common phrases. Students will learn ASL vocabulary through games and other hands-on activities. Students will learn about the deaf community and how to sign The Pledge of Allegiance and some songs.

### American Sign Language II

Grades 4-8 Session 1 1:10 **NEW!**  
Grades 4-8 Session 2 1:10

This class will continue where ASL for Beginners finished. We will review the alphabet and common phrases. The class will use games and role playing activities to help students understand old and new concepts. Students will also learn a new song and present it at the end of the session. We will also watch a movie in American Sign Language.

### German for Fun

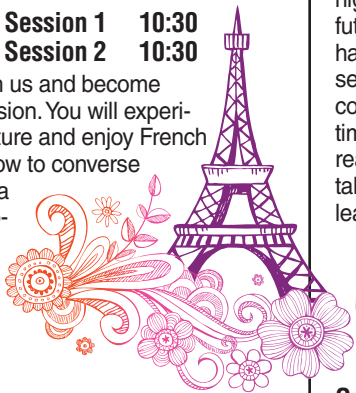

Grades 4-8 Session 1 10:30  
Grades 4-8 Session 2 10:30

Speaking German is fun! Conversations will be a big part of this class with enhanced vocabulary including numbers, time, colors, food, days, month, seasons, school objects, and weather expressions. Listening and speaking skills are practiced through role-playing, games, songs, and poetry. There will be awards and prizes for all!

### French for Fun

Grades 4-7 Session 1 10:30  
Grades 4-7 Session 2 10:30

Come along with us and become French for a session. You will experience French culture and enjoy French cuisine. Learn how to converse in French about a variety of fun topics. Play games in French with colors, numbers, the alphabet, and more!

### French with Flair

Grades 8-10 Session 1 8:15  
Grades 8-10 Session 2 8:15

In this session you will experience French culture and enjoy French cuisine. Greet and converse in French about where you live, the date, weather, school, things you like (and don't!), and foods. Learn French vocabulary through many games. We will also learn about Paris and what makes it the "City of Lights." Come explore with us for a session!

## Interpersonal and Study Skills

### Life Skills for Middle School

Grades 4-6 Session 2 10:30

Learn important skills necessary for success in middle school. We will role play tricky situations requiring anger management and coping with bullying. We'll talk about making and keeping friends and dealing with everyday annoying situations. We will also practice organizational skills which will help get you and your homework to the right place at the same time. We will discuss how to earn more freedom by taking more responsibility, learn about internet safety, and make a plan for involvement in school activities and seeking a leadership role in your school. This class is led by a current middle school counselor.

### Leadership Training

Grades 6-8 Session 2 1:10

Are you a "take charge" person? Do you enjoy helping others to experience success? Learn how to use your talents and personality to become a better leader at your school and in your community. Learn about setting goals and taking steps to reach them. This course is based on the book, *The Seven Habits of Highly Effective Teens* by Sean Covey.

### Work Smarter

Grades 6-8 Session 1 8:15  
Grades 6-8 Session 2 8:15  
Grades 9-10 Session 1 10:30  
Grades 9-10 Session 2 10:30

This course is designed for junior high and high school students in anticipation of the future. You will learn study skills, strategies, habits, attitudes, and self-awareness that will serve you through your high school and college careers. We'll practice goal-setting, time management, organization, memory, reading strategies, note taking skills, test taking skills, researching and writing, and learn to reduce test anxiety.

## Language Arts

### Not Just for Poets

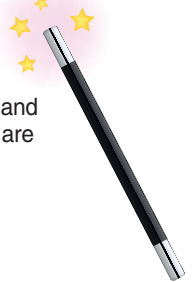

Grades 4-6 Session 1 1:10 **NEW!**  
Grades 4-6 Session 2 1:10

Poetry is more than just rhyming words. Learn how to express yourself through different forms of poetry. You will finish several pieces of writing and create some artwork to go with it. Become a better writer and discover your inner poet! In an effort to improve your student's skills, lessons for this class are designed to meet the Illinois Common Core Standards for Language Arts.

## Harry Potter Unveiled

Grades 6-10 Session 1 10:30  
Grades 6-10 Session 2 10:30

Expelliarmus! Come arm yourself against the dark arts in a course that explores the world of Harry Potter with a critical eye. Take this opportunity to examine everyone's favorite series and see what makes this story a timeless epic. You'll get to join the house that fits your personality, play games against your rivals, and conjure up spells that bring your magical fantasies to life. We will focus on "Harry Potter and the Goblet of Fire," but wizards and witches of all experience levels are encouraged to join.

### Starving for the Hunger Games

Grades 7-10 Session 1 10:30 or 1:10  
Grades 7-10 Session 2 10:30 or 1:10

Prepare for the journey into Panem! If you enjoyed the *Hunger Games* series, this class is for you. We'll look at some of the inspirations Suzanne Collins used in writing the books, take a look at some examples of dictatorships throughout history, and build some of the things used in The Arena. Come prepared to dive further into the book than you imagined and be prepared for the odds to ALWAYS be in your favor!

### Edgar Allan Poe

Grades 8-10 Session 1 8:15 **NEW!**  
Grades 8-10 Session 2 8:15

"Once upon a midnight dreary, while I pondered weak and weary" – Join us as we study Edgar Allan Poe, one of the great writers of our time. Explore his writings and discover the secrets behind the darkness of his tales. Become a better writer and complete your own original pieces of work. Lessons for this class are designed to meet the Illinois Common Core Standards for Language Arts.

### Hip-Hop Poetry

Grades 8-10 Session 1 8:15  
Grades 8-10 Session 2 8:15

What do Tupac Shakur and Robert Frost have in common? They were both poets!! Do you enjoy hip-hop music and poetry? Did you know that the two are closely related? Join us as we analyze how hip-hop music and poetry compare in motifs, themes and poetic devices. Examine "classical" poems that are traditionally studied and uncover how these are related to hip-hop music. You will create a portfolio of your own original hip-hop poetry and maybe uncover a hidden talent for music and writing.

## Mathematics

### Math Trick or Treat

Grades 4-6 Session 1 10:30  
Grades 4-6 Session 2 10:30

Let's use math tricks in the kitchen to create some treats. We will review fractions, conversions, multiplication, division, and learn to read amazing math "recipes" (story problems). To finish off this class we will eat and make our math worries disappear.

### Math Scene Investigation

Grades 4-6 Session 1 10:30  
Grades 4-6 Session 2 10:30  
Grades 7-9 Session 1 8:15  
Grades 7-9 Session 2 8:15

Do you like to investigate things? Use your math and forensic skill to solve a mystery. Begin each day with a Brain Teaser, then get ready to sharpen your math skills! From problem solving, applying basic math operations, fractions and basic algebra skills you will be on your way to solving mysteries and improving your math skills.

### Junior Achievement More Than \$\$

Grades 4-6 Session 1 10:30  
Grades 4-6 Session 2 10:30

*JA More than Money* teaches students about earning, spending, sharing, and saving money. Through a series of fun, hands-on activities and games, students will learn to manage a bank account and identify personal skills and interests. This class will also connect students with possible business opportunities, help them learn about market research, identify the basic steps for starting and operating a small business, practice making smart consumer decisions, and learn to recognize deceptive advertising and the importance of ethical business practices.

### Sportistics

Grades 4-8 Session 1 1:10  
Grades 4-8 Session 2 1:10

In this course, students will compute statistics for their favorite sports and learn how to evaluate some of their favorite athletes from a mathematical perspective. With a focus on baseball, students will create a fantasy team and compute daily scores and statistics based on their team's performance. Students will also spend time exploring statistical information for basketball and football, and will have the opportunity to earn prizes based on their team's performance.

## Math Magic

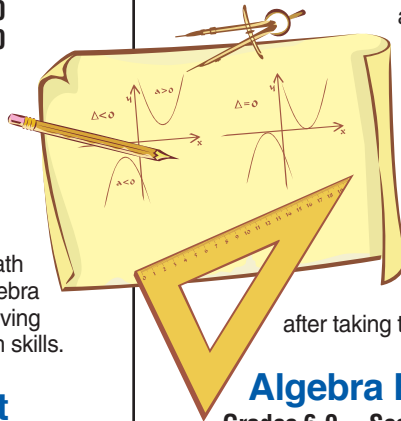

Grades 4-7 Session 1 1:10  
Grades 4-7 Session 2 1:10 **NEW!**

Brush up on the basics – facts, fractions, decimals, and more... Experiment with hands-on algebra and geometry. Make a math model or craft and sample a tasty math-made treat each day. See how "magical" and fun math can be!

## Geometry All Around Us

Grades 6-9 Session 1 8:15  
Grades 6-9 Session 2 8:15

Students will explore basic geometry concepts and discover how geometry is all around us! We will use hands-on activities and real life examples to improve our basic geometric thinking skills. Students will have a firm grasp of geometry and will feel more confident in the classroom after taking this class.

## Algebra Basics

Grades 6-9 Session 1 10:30  
Grades 6-9 Session 2 10:30

Students will be introduced to and explore algebra concepts using hands-on learning activities as well as real life examples to gain comfort with algebra skills. We will first explore pre-algebra skills and then introduce the basics of algebra. Students will enter their algebra classes with confidence and enthusiasm and parents can be assured that their students will have a good grasp on algebra skills after taking this class.

## Risky Business

Grades 5-8 Session 1 10:30  
Grades 5-8 Session 2 10:30

Buy low, sell high! Meet the Bear and the Bull. Wipe those Wall Street blues away as you learn about business and economics and invest in your future! Create your own companies and participate in a simulation stock market game. Earn play money and then spend it during a live auction the last day of class.

## Performing Arts

### Broadway Bound

Grades 4-6 Session 1 8:15  
Grades 4-6 Session 2 8:15  
Grades 7-10 Session 1 10:30  
Grades 7-10 Session 2 10:30

Join us for a "Gleefully" fun time in the footlights as we explore the world of theater. If you love the show "Glee" and are interested in dancing, singing, acting and performing, this class is for you! You'll love experiencing theater with fun and games including the spontaneity of improvisation, the body movements of pantomime, basic musical theater stage movements, as well as learning proper vocals while learning performance-based musical numbers. No experience necessary, just the desire to have fun. Who knows, you may someday be...Broadway Bound!

### Let's Sing

Grades 4-6 Session 1 10:30  
Grades 4-6 Session 2 10:30  
Grades 7-10 Session 1 1:10  
Grades 7-10 Session 2 1:10

Join us for two weeks of singing! This will be an exciting opportunity to sing a variety of music, learn healthy vocal production, and improve your own singing voice. This summer's session features some Broadway and popular favorites! You will get to keep some of the pieces that we sing. We will also have a final day performance to showcase all we have learned!

### Stage Struck

Grades 4-8 Session 1 1:10  
Grades 4-8 Session 2 1:10

Are you struck by the desire to perform? Get in touch with your inner star by joining us for this beginning acting class and prepare yourself for drama and the speech team. You'll love focusing on the acting aspect of theater through skits, duets, monologues and improv based on the television show *Whose Line is it Anyway?* No experience is necessary.

### So You Think You Can Dance?

Grades 6-9 Session 1 10:30  
Grades 6-9 Session 2 10:30

Become well rounded in a variety of dance genres. We will dance our way through jazz, hip-hop, line dance, and salsa! This class will focus on turns, leaps, basic positions as well as a history of each type and the famous dancers behind those dances. Perfect for girls and boys to expand their dance talent!

## Acting for Beginners

Grades 7-10 Session 1 8:15  
Grades 7-10 Session 2 8:15

Do you love to perform? Do you know how to tell a story that makes people interested? If you want to get on stage and make people laugh, cry, or gasp in surprise, this is the class for you! We will learn basic stage movement, pick small scenes and monologues to deliver, and learn the basic building blocks of acting. You don't need to have acted before, you don't need to know how to sing or dance (we will be performing non-musical pieces); you just need to be ready to act now!

## Science and Social Sciences

### Science Explorations

Grades 4-6 Session 1 8:15 **NEW!**  
Grades 4-6 Session 2 8:15

Come and enjoy the exciting world of science. Watch chemical changes take place before your very eyes and see if you can explain the magic. Discover the scientific mysteries of many common household items and learn how fun science can be! Lessons for this class are developed to meet the Illinois Common Core Standards for Science.

### Irresponsible Science

Grades 4-6  
Session 2  
8:15

Cola Geyser. Homemade Lightning. Static Electricity Slime. Frankenstein's Hand. If these science experiments sound intriguing, this is the class for you. Based on *The Book of Totally Irresponsible Science* this course will introduce young scientists to basic physics and chemistry in a way that they will never forget. Have fun with these eye-opening lessons and see where they will take you.

### Junk Battles

Grades 4-6 Session 1 10:30  
Grades 4-6 Session 2 10:30

"To invent, you need a good pile of junk." – Thomas Edison. In this class, you will be challenged to create devices that will accomplish a task using only the "junk" provided. Using your science and engineering skills, you will be a contender in the Bridge Challenge, Battle of the Boats, Marvelous Marble Maze, Drop Zone, and many more battles. We're looking forward to building with you!

## Learning About Learning

Grades 6-8 Session 1 8:15 or 1:10  
Grades 6-8 Session 2 8:15 or 1:10

How do humans learn? What hinders and helps our learning? Do animals learn in a similar way? Does the structure of our brains change as we learn? Investigate the process of how we acquire, assess, and retain information. In this interdisciplinary hands-on unit, students delve into the human organism and nervous system, animal behavior, health and safety issues, product testing, and the ethics of experimentation. In the process, they learn a great deal about what scientists actually do.

*This GEMS (Great Explorations in Math and Science) unit was developed at the University of California, Berkeley, California. All lessons are designed to meet the Illinois Common Core Standards for Math and Science.*

### Totally Gross Anatomy

Grades 6-9 Session 1 1:10  
Grades 6-9 Session 2 1:10

Why do we have boogers and ear wax? Why do we "pass gas"? You'll find the answers to these questions and many more. Come participate in a brief study of the human body and how it works. You will learn about organ systems, various bones, blood cells and blood types, and the brain. We will even make snot and dissect a real heart! This is not a class for people that are easily "grossed out"! Come play lots of games and watch unique demonstrations that offer a clue to what is really going on inside our bodies.

### Black Dirt, Bones and Burns

Grades 6-8 Session 2 1:10

Do you have the skills to solve a crime? During our classess, we will analyze soil samples, develop observation skills, examine a crime scene, work as an arson investigator, and much, much more! If forensic science interests you, then this class is a must! Join us for hands-on learning, investigating, and forensic sleuthing!

## Medieval Times

Grades 4-8 Session 1 1:10  
Grades 4-8 Session 2 1:10

Join us as we step back in time to the days of imposing castles, knights in armor defending the kingdom, and noblemen ruling over serfs. Embark on an exciting adventure which will lead to a wealth of knowledge of the time in history we call the "Middle Ages." Discover medieval art, culture, wars, religions, daily life, and more! Creative projects and activities will help us explore this exciting time in history.

### CSI: Dallas

Grades 6-10 Session 2 10:30

Where were you on November 23, 1963? Who killed John F. Kennedy? Investigators have asked this question numerous times. Become a crime scene investigator and join us as we review the evidence in a murder case that has left historians without a verdict. Maybe you will be the one to solve this 50 year old case!

### Great Debates

Grades 6-10 Session 2 8:15

"All you like to do is argue!" "You just won't stop until you have the last word!" If you hear these phrases frequently, this class will put your confrontational skills to good use! *Great Debates* informs students about topics that relate to social studies and then lets them verbally duke it out. Students will debate on a range of topics that date from Christopher Columbus to modern politics. This class will not follow strict school debate rules, but will instead encourage students to speak their mind, create arguments based on fact, and think about topics from multiple perspectives.

ENROLLMENT  
IS LIMITED,  
SO SIGN UP EARLY!

## The U.S. Justice System

**Grades 7-10 Session 1 10:30**

**Grades 7-10 Session 2 10:30**

Analyze the U.S. Justice System and the rights we have as citizens such as the right to a fair and speedy trial and a jury of peers. Students will learn about the Judicial Branch as a whole, as well as what happens in a courtroom.

Students will take part in a mock trial and have specific roles, from attorneys to judges, witnesses, jurors, and other members of the court. This class is a great way to explore your interest in our legal system.

## Modern America

**Grades 7-10 Session 1 8:15**

**Grades 7-10 Session 2 8:15**

This class will cover material that many junior high and high school history courses don't offer: Modern America. Students will evaluate the causes and effects of the major modern wars and conflicts (the Cold War, Vietnam, Korea, the Gulf War, Afghanistan, and Iraq). It will also cover political and social changes that have taken place since the 1940s and how these social changes came about (the counterculture of the 60s, the invention of the teenager, the space race, the digital age, etc.) Activities will include mini research projects, role playing, and hands-on projects.

## Psychology

**Grades 8-10 Session 1 10:30**

**Grades 8-10 Session 2 10:30**

Why do people behave the way they do? Why do people pick the careers that they do? Is it possible to "train" your brain? Psychology is the study of the human mind and behavior. In this class, you will study the things inside and outside the brain that make people behave the way they do. You will even do some of your own research to discover the patterns of human behavior. Lessons for this class are designed to meet the Illinois Common Core Standards for Science.

## Visual Arts

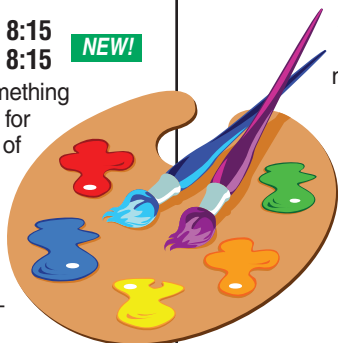

### Art & Artists

**Grades 4-6 Session 1 8:15**

**Grades 4-6 Session 2 8:15**

**NEW!**

If your creative side needs something to do this summer then join us for *Art & Artists!* Study the history of art and explore the artistic styles of several famous artists. You will use a variety of media to create your own portfolio of masterpieces. Get your palette and brush ready – the artist within you awaits!

## Origami Basics

**Grades 4-6 Session 2 1:10**

**Grades 7-10 Session 2 10:30**

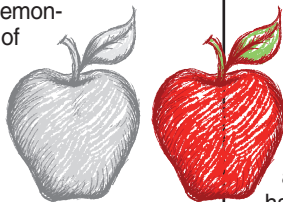

Have you tried to do origami and ended up with a wad of paper? Origami is the Japanese word for paper folding. Learn the basics of origami and how to read an origami diagram – even if it is in Japanese! You will be folding paper into recognizable shapes in no time! Many types of origami will be folded, including creating with plastic pieces. Bring a shoe box or other similar sized container with a lid to store your origami creations.

## Intro to Drawing

**Grades 4-7 Session 1 10:30**

**Grades 4-7 Session 2 10:30**

This class is for elementary students looking to expand their drawing ability. A variety of different subjects will be covered. Students will learn by teacher led demonstrations and have plenty of time for practice. We will cover the basics of how to draw from life, copy from pictures, and follow teacher led and printed step-by-step directions. Students will have a partially filled sketchbook and several finished pictures by the end of the class.

## Photomania

**Grades 4-7 Session 1 8:15**

**Grades 8-10 Session 1 10:30**

Students will learn the basics of photo composition, what makes a good photograph, and tips and techniques on how to take great pictures. We will focus on the process of actually taking photographs and we will also work with editing and post production ideas for photography. Students must have a digital camera to use for class.

## Painting

**Grades 6-9 Session 1 1:10**

**Grades 6-9 Session 2 1:10**

Get your canvas ready as you discover the artist within! Learn how to paint using different techniques in watercolor and acrylic. Explore different artists and have some adventures painting. You will create several pieces of original art to showcase your talent!

## Jewelry Making

**Grades 4-6 Session 1 1:10**

**Grades 4-6 Session 2 1:10**

**Grades 7-9 Session 1 8:15**

**Grades 7-9 Session 2 8:15**

Students will be introduced to the art of jewelry making in this class. Children are encouraged to explore their creativity and are introduced to interesting color and texture while improving hand-eye coordination, small muscle development and pattern making skills in a relaxed, fun environment! We will create beautiful jewelry to take home during each class. Students will be introduced to a range of age-appropriate jewelry making techniques using lots of tools.

## Discover Drawing

**Grades 8-10 Session 1 8:15**

**Grades 8-10 Session 2 8:15**

This class will focus on the fundamentals of drawing and will enhance students' observational techniques. A variety of drawing materials will be used to explore the elements of design and composition. Learn how to easily add shading, detail, and texture. By the end of class, you will have a partially filled sketchbook along with a collection of completed drawings.

## Exploring Clay

**Grades 8-10 Session 1 1:10**

**Grades 8-10 Session 2 1:10**

Have you ever wanted to learn how to create ceramic objects? This class is designed to give students a chance to experience the potter's wheel and introduces hand-building techniques such as pinch, coil, and slab. This class will also cover basic glazing as well as painting on the ceramic surface.

If you are looking for something fun to do on Fridays when College for Kids is not in session

# Friday Fun

All students who register for Friday Fun trips MUST ride the ICC Cougar Bus from the East Peoria campus to the Friday Fun location and then return to the East Peoria campus. This is necessary for the safety of our students. The bus departs from the East Peoria campus at 8:15 a.m. and will return by 4:30 p.m. For certain trips, students will arrive back at the East Peoria campus before 4:30 p.m. In these instances, ICC staff will engage students in activities on campus until 4:30 p.m. Students will be supervised at all times and will be walked back out to the pick-up/drop-off tent by ICC staff. Parents must be able to pick up their children from the East Peoria campus by 4:30 p.m.

***Space is limited for all Friday Fun trips,  
so make sure to register early.***

## Planetarium/Gallery/Theatre

**Date:** Friday, June 14

**Time:** 8:15 a.m. - 4:30 p.m.

**Location:** Peoria Riverfront Museum  
and Caterpillar Visitors Center

**Cost:** \$50

**Grades:** 4-10

Join us as we explore the new Peoria Riverfront Museum and Caterpillar Visitors Center. Our day will begin with an educational movie on the giant screen, followed by a workshop on Extreme Planets. We will visit the Planetarium for The Leo Mystery Hour, and take some time to check out the galleries and exhibits. We will eat lunch at the museum then finish our day at the Caterpillar Visitors Center. There we will learn about the history of Caterpillar and see how the “big trucks” operate!

Students will need to bring a sack lunch and a drink. There will be an opportunity to visit the Museum Store.

## Geocaching

**Date:** Friday, July 12

**Time:** 8:15 a.m. - 4:30 p.m.

**Location:** Wildlife Prairie State Park

**Cost:** \$50

**Grades:** 4-10

Join us as we explore the world of Geocaching. Geocaching is a fun and exciting activity where you use a GPS (global positioning system) unit to locate cache boxes or what some call treasure boxes. During this trip, we will teach you how to use the units, insert data, and use the units to locate a variety of cache boxes throughout the park. Most of the day will be spent outdoors so dress for the weather, wear comfortable closed toed shoes, and be sure to bring water. All supplies for this class, including GPS units, will be provided. Lunch will also be provided.

## Bowling/Museum

**Date:** Friday, June 21

**Time:** 8:15 a.m. - 4:30 p.m.

**Location:** Mt. Hawley Bowl and  
Wheels O’Time Museum

**Cost:** \$50

**Grades:** 4-10

Spend the morning bowling at Mt. Hawley Bowl and the afternoon going back in time at the Wheels O’ Time Museum in Dunlap. At the museum you will see everything from antique clocks and cars to airplanes and musical devices. The antique car collection includes a Ford Model T, Packard’s, an Austin Healey, and an Indy race car. You can enjoy the sound of a player piano and put your coins into a juke box! This step back in time takes you back to a place before the age of computers, iPads and iPhones! See what life was like in the Peoria area 50 to 100 years ago!

There is a museum store, selling T-shirts, postcards, models, key rings, books and much more. Please send cash with your child if they would like to purchase a souvenir. Students will need to bring a sack lunch and a drink.

## Horseback Riding

**Date:** Friday, July 19

**Time:** 8:15 a.m. - 4:30 p.m.

(Students will return to ICC at 2:00 p.m. and spend the afternoon engaged in activities with ICC staff. Parents can pick up their children at the CFK pick-up/drop off tent at 4:30 p.m.)

**Location:** Rockin’ P Ranch, Pekin

**Cost:** \$50

**Grades:** 4-10

Come join us at Rockin’ P Ranch in Pekin for some horseback riding. You will learn about horseback riding safety, ride a horse along a trail, and create a craft during your time at the ranch. All riders must be age 8 or older. Helmets are mandatory for children who ride. The ranch can provide helmets at no charge or riders can bring their own. Liability waivers must be completed and signed by parents/guardians for all children before the trip. It is recommended that riders wear long pants and a heeled shoe or boot. Absolutely NO flip-flops are allowed on rides. Also, please make sure to bring water for breaks and please bring a sack lunch from home for this trip. Don’t miss this opportunity to experience the great outdoors on horseback!

## First Day of Session 1 • Monday, June 10

AND

## First Day of Session 2 • Monday, July 8

Students and Parents meet in the ICC Performing Arts Center

Orientation/Class 1 – 7:45 a.m.

Orientation/Class 2 – 10:00 a.m.

Lunch – 12:00-12:30 p.m.

Orientation/Class 3 – 12:40 p.m.

Club CFK – 3:15-5:00 p.m.

Refer to the CFK website at  
[www.icc.edu/cfk](http://www.icc.edu/cfk) for additional information.

### DAILY SCHEDULE

Class 1 – 8:15-10:15 a.m.

Class 2 – 10:30-12:30 p.m.

Lunch – 12:30-1:05 p.m.

Students will eat in the Tranquility Room (next to the Cafeteria)

Class 3 – 1:10-3:10 p.m.

Club CFK – 3:15-5:00 p.m.

Optional Friday Fun trips are offered at an additional fee.  
Refer to Friday Fun pages for additional information.

All CFK classes are held at the ICC East Peoria Campus.

Drop-off is 30 minutes prior to the start of the first class. CFK Staff and a Campus Security Officer will supervise arriving students at the CFK Tent. If you are late, you must park your vehicle and escort your student to the Homeroom in 303A to check in. Do not send late students to class alone. For their safety we need to have accurate attendance.

Pick-up at the CFK Tent is no later than 15 minutes after the student's last class of the day. CFK Staff and a Campus Security Officer will supervise departing students at the CFK Tent. Students not picked up on time will be taken to the CFK Homeroom in 303A. You will be required to come to the CFK Homeroom to sign out your student.

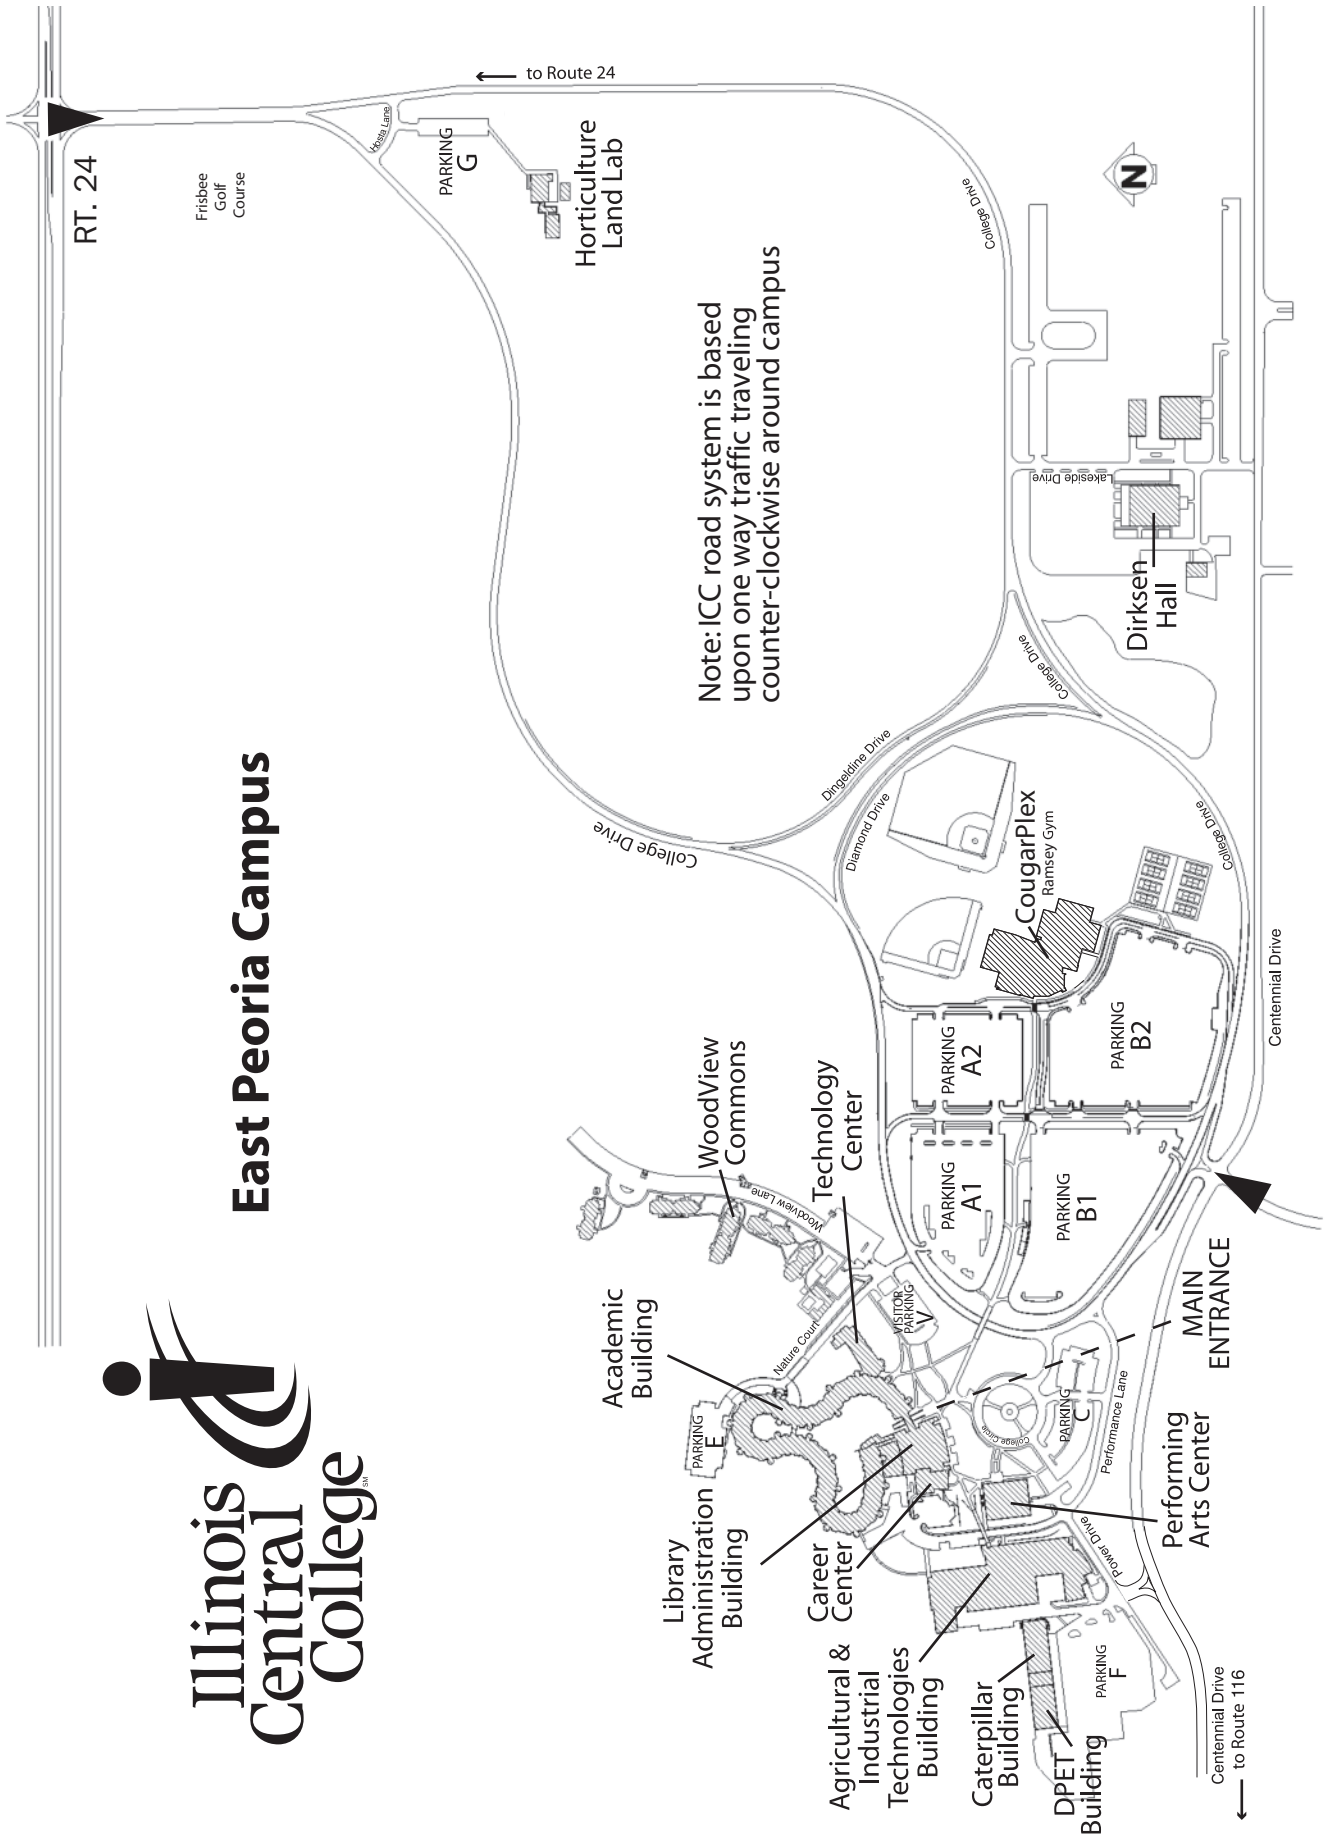

Club CFK requires all students to be signed out by a parent or authorized adult in Homeroom 303A.

*Please note that these procedures are for the safety of our students.*

**To report a tardy or absence call the CFK Homeroom at (309) 694-8880.**
