PeopleCert ON BEHALF OF AXELOS

PRINCE2® Training Programmes

PRINCE2 is a process-based method for effective project management, and this qualification will equip you with the fundamental skills needed to be a successful project manager. The PRINCE2 framework is used all over the world, and can be tailored to suit any project you are managing.

As of 1st January 2020, AXELOS (the PRINCE2 accrediting body) has officially changed the name of 'PRINCE2 2017' to **PRINCE2 6th edition**. This is to ensure that the PRINCE2 language is aligned with that used by other frameworks in the project management industry. The new naming also reflects the legacy, heritage and authority of PRINCE2 best practice.

MSP® Training Programmes

Managing Successful Programmes (MSP®) is a methodology that comprises a set of principles and processes for use when managing a programme. A programme is made up of a specific set of projects identified by an organisation that together will deliver some defined objective, or set of objectives, for the organisation. The objectives, or goals, of the programme are typically at a strategic level so that the organisation can achieve benefits and improvements in its business operation.

Take advantage of the latest accredited Managing Successful Programmes courses on offer from ILX Group.

If you require training for more than one person, please contact a training consultant directly using the number at the top of this page or email contactus@ilxgroup.com.

PRINCE2 Agile® Training Programmes

PRINCE2 is a standard method for effective project management that is used all over the world and can be tailored to suit any project that you manage. PRINCE2 Agile combines the flexibility and responsiveness of agile with the clearly defined framework of PRINCE2 and provides guidance on how to practically apply both, PRINCE2 and agile, reduce conflict and implement it effectively, so you benefit from the best of both worlds.

These globally recognised qualifications will give you the fundamental skills needed to be a successful project manager, improve your ability to tailor the PRINCE2 method to agile projects, and most importantly, also improve your employment prospects. They also give you flexibility as you're not tied to a single industry as the framework can be applied in any organisation in any project of any scale.

Classroom Courses, Cancellation and Transfer

Classroom courses and their respective exams must be attended within 12 months of the date on which they are purchased by the Customer.

The venue and date of the course will be as advised to the Customer at the time of booking. ILX reserves the right to change the location of the course and will advise the customer as soon as this change is known. ILX reserves the right to cancel or reschedule any course and will advise the customer as soon as this change is known. ILX will use all reasonable endeavours to avoid changes of this nature.

When this is unavoidable ILX will refund, in full, all monies paid by the customer, or at the customer's option apply all monies to a rescheduled or alternative course.

Customer Cancellations and transfers will only be accepted if made in writing and received at least four weeks before the start of a classroom course. Where the notice to cancel and or transfer is given is less than four weeks but more than two weeks, cancellations or transfers will incur a charge equivalent to 50% of the course fee. Where cancellations or transfers are made less than two weeks to the start of a course, a charge equivalent to 100% of the course fee will still be payable by the Customer. The Customer accepts that cancellations and transfers made with four weeks or less notice means that ILX will have difficulty in finding a new customer to take the customers place and that the above fees represent a real and fair pre-estimate of the costs and loss of profits ILX could have made had the customer not cancelled or requested to transfer.

Transfers beyond this point can be arranged but the Customer will be liable to pay a fee.

In respect of Blended Learning courses containing an e-learning and workshop or exam element, the Customer must attend the workshop and or exam element(s) within the Licence Period. Should the Customer fail to attend within this period then ILX reserves the right to charge the Customer another fee to book the workshop and or exam element, which will be charged at the market rate (in current).
