

Speaker Box D12

User Manual

WARNING: TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK OR PRODUCT DAMAGE, DO NOT EXPOSE THIS APPARATUS TO RAIN, MOISTURE, DRIPPING OR SPLASHING AND THAT NO OBJECTS FILLED WITH LIQUIDS, SUCH AS VASES, SHALL BE PLACED ON THE APPARATUS.

IMPORTANT SAFETY INSTRUCTIONS

When using this electronic device, basic precautions should always be taken, including the following:

- 1. Read all instructions before using the product.
- 2. Do not use this product near water (e.g., near a bathtub, washbowl, kitchen sink, in a wet basement or near a swimming pool etc).
- 3. Use this device when you are sure that the loudspeaker has a stable base and it is fixed securely.
- **4.** This product may be capable of producing sound levels that could cause permanent hearing loss. Do not operate for a long period of time at a high volume level or at a level that is uncomfortable. If you experience any hearing loss or ringing in the ears, you should consult with otorhinolaryngologists. The product should be positioned so that proper ventilation is maintained.
- 5. The product should be located away from heat sources such as radiators, heat vents, or other devices (including amplifiers) that produce heat.
- 6. The product should be connected to a power amplifier that is described in the operating instructions or are marked on the product.
- 7. The speaker cable should be undamaged.
- 8. Care should be taken so that objects do not fall into, and liquids would not be spilled through, the enclosure's openings.
- 9. The product should be serviced by qualified service personnel if:
 - The speakon cord or the plug has been damaged.
 - Objects have fallen into or liquid has been spilled on the product.
 - The product has been exposed to rain.
 - The product has been dropped or the enclosure damaged.

All the other servicing should be referred to qualified service personnel too.
